NORTH CLIFT HAS BIG STRIKE

Over Eighteen Inches of Galena It Makes Its Appearance in Body of Carbonate Ore.

A strike was made in the North Clift company's property at Tintic Friday night that promises to prove of the greatest importance to that promising youngster in the producing class. In the body of carbonate ore that is being followed south on the 150-foot level of the mine...

Lower Mammoth ought to strengthen up a little in the market now. The immediate cause for the weakness of the stock has probably been in the whispered declaration that the directors were going to smash the stock to smithereens with a proposition to increase the capital stock by 50,000 shares.

The shares of the Mason Valley Mines company were listed on the local exchange yesterday and the stock will be formally called for the first time this morning.

SILVER KING CONSOLIDATED

Says Coalition is Behind Brandt's Effort to See Company Books.

Charging that the Silver King Coalition Mining company is back of the effort made by Joseph Brandt to secure an order from the court to investigate the books of the Silver King Consolidated Mining company, that concern has filed an answer to the action for a writ of mandamus brought by Brandt.

The Silver King Consolidated company also asserts that for many years the Coalition company has been hostile to it, and has endeavored to alienate its stockholders. It is claimed that the object of this action is to secure the names of the principal stockholders in order that they may be induced to dispose of their holdings or give up the suit brought against the Coalition company for the value of the one-half of the stock that traverses the ground and ore running as high as 500 ounces silver, \$12 gold and well up in lead has been located at the mine.

IMPERIALES CIGARETTES

If you have never smoked an Imperiales you should ask for a package the next time you want a delicious smoke.

You will at once appreciate what it means to find a cigarette in which you taste just tobacco—not paper—and which smokes delightfully through to a mouth piece put there to make a cool, clean smoke.

Only thin, pure mair paper is used in Imperiales—and it is crimped, not pasted.

Smoke them all day long if you want to—no after effects.
