

SHEEPMEN CALL MASS MEETING

Arranging Determined Protest Against Proposed Reduction of the Tariff on Wool.

ANNIHILATION IS FEARED THEY CAN'T COMPETE WITH FOREIGN WOOL GROWERS.

The sheepmen of Utah have been asked to meet in the Commercial club at 2 o'clock Thursday afternoon to utter their protest in a big mass meeting against the proposed reduction of the tariff on wool and formulate plans to wage a campaign to prevent any reduction whatever.

The appeal of the Utah sheepmen for the maintenance of the present wool tariff and their united protest against any reduction will be sent to the ways and means committee of congress, which will take up the question of revising the wool tariff in Washington on Dec. 2 and 3. The sheepmen will also select a representative to go to Washington and fight the case for them there.

Indignation and wrath fairly radiates from the sheepmen over the proposed reduction in the wool tariff. They maintain that such a move would mean the utter abrogation of the industry, for the western sheepmen cannot compete with the wool growers of Australia and South America.

The mass meeting for Thursday is the direct result of a conference held yesterday between E. H. Callister, president, and C. B. Stewart, secretary, of the Utah Wool Growers, and Congressman Howell. They met in Mr. Callister's office in the federal building and concluded that prompt action was necessary to save the sheepmen and their trade from annihilation by foreign competition.

Howell at the Bridge. Congressman Howell has promised to hurry on to Washington to be there for the wool tariff hearings. He will be equipped with data and information which will show how the wool industry has grown by tremendous leaps under the protective tariff, and will illustrate how the lowering of that tariff would be a vital blow to such an important and steadily growing industry.

Congressman Howell has assured the Utah Wool Growers' association that he will use all possible influence, and will fight to the last ditch against the lowering of the wool tariff. He will act in conjunction with the representative selected by the Utah sheepmen in their mass meeting on Thursday to go to Washington.

Secretary Stewart said to a Herald representative yesterday: "The fate of the wool industry, not alone in Utah, but in all the Rocky mountain states, is hanging in the balance. If the ways and means committee decided to lower the wool tariff, it would be a terrible blow to a business which has long assumed huge proportions. It will put hundreds of sheepmen out of business, and will simply kill a home industry in order that a foreign industry may profit."

"We will make plans on Thursday to fight this reduction to the limit, for every sheepman in Utah is aroused over the idea. We would be very well satisfied if they leave the present tariff alone. If they make any change, we want them to raise the tariff on certain grades of wool."

Get Busy, Says Walker. Secretary Stewart has received the following telegram from G. S. Walker of Cheyenne, secretary of the National Wool Growers' association:

"Ways and means committee hearing arguments on proposed tariff revision. Please have Utah wool growers petition the committee for maintenance of present schedules. Bring all possible pressure to bear at once to prevent committee from recommending a lower tariff."

The ways and means committee will be shown by the Utah representative that the sheepmen have to put up with many burdens that were not in force when the present tariff schedule was made up. One is that the sheepmen could have their flocks graze on unrestricted ranges, and now they have to pay for range leasing. Then again, the fates of sheepherders have risen from \$30 to \$35 per month to \$45 to \$75 per month now. In the face of such additional expenses and many others of lesser importance, it will be contended that any reduction would ruin the industry.

J. E. Austin, who has charge of the plans to sell stock in Utah in the proposed National Wool Warehouse & Storage company of Chicago, has made the announcement that stock will be

UPWARD START

After Changing From Coffee to Postum.

Many a talented person is kept back because of the interference of coffee with the nourishment of the body.

This is especially so with those whose nerves are very sensitive, as is often the case with talented persons. There is a simple, easy way to get rid of coffee evils and a Tenn. lady's experience along these lines is worth considering. She says:

"Almost from the beginning of the use of coffee it hurt my stomach. By the time I was 15 I was almost a nervous wreck, nerves all unstrung, no strength to endure the most trivial thing, either work or fun.

"There was scarcely anything I could eat that would agree with me. The little I did eat seemed to give me more trouble than it was worth. I finally quit coffee and drank hot water, but there was so little food I could digest. I was literally starving; was so weak I could not sit up long at a time.

"It was then a friend brought me a hot cup of Postum. I drank part of it and after an hour I felt as though I had had something to eat—felt strengthened. That was about five years ago, and after continuing Postum in place of coffee and gradually getting stronger, today I can eat and digest anything I want, walk as much as I want. My nerves are steady.

"I believe the first thing that did me any good and gave me an upward start was Postum, and I use it altogether now instead of coffee." There's a Reason.

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Most Treatments for Rheumatism Are Experimental

It is unnecessary to tell the sufferer from inflammatory rheumatism that the ordinary treatments for this disease are unsatisfactory.

Physicians are not of one mind on the subject but the highest authorities hold that rheumatism is a disease of the blood. All admit that in attacks of rheumatism there is a marked and rapid thinning of the blood. This is a condition that a treatment with Dr. Williams' Pink Pills at once arrests and corrects. The thin blood is enriched, the strengthened organs of the body throw off the poisonous impurities and the patient gets well.

With the fact in mind that the rheumatism is in the blood, it will readily be seen how useless it is to try to cure it by rubbing liniments on the skin. External applications may give temporary relief from pain but to cure rheumatism you must treat it through the blood. Dr. Williams' Pink Pills have cured hundreds of cases of rheumatism and no sufferer should allow any prejudice to stand in the way of giving these pills a thorough trial.

Dr. Williams' Pink Pills are sold by all druggists, or will be mailed, postpaid, on receipt of price, 50c. per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

solid hereafter through the directors of the Utah Wool Growers' association. Directors, armed with literature containing information about the proposition, will go among the sheepmen in the various counties soon and explain the advantages of all interesting themselves.

The capital stock of the Chicago company will be \$25,000,000, of which \$3,000,000 has been set aside as Utah's share. If fully subscribed, the stock will allow Utah sheepmen to store all their wool in the Chicago warehouse to await a favorable market.

Winter blasts, causing pneumonia, pleurisy and consumption will soon be here. Cure your cough now, and strengthen your lungs with Foley's Honey and Tar. Do not risk starting the winter with weak lungs, when Foley's Honey and Tar will cure the most obstinate coughs and colds, and prevent serious results. F. J. Hill Drug Co.

LEAVE FOR LEAVENWORTH.

Shepard and Olmstead to Serve Thirteen Months Each.

United States Marshal Smyth left last evening for Leavenworth, Kan., having in charge R. B. Shepard and Percy Olmstead, each under sentence of thirteen months at the federal prison. Shepard was convicted of using the mails to disclose the whereabouts of obscene literature. Olmstead, alias Lack, was sentenced by Judge Marshall last week to thirteen months on the charge of impersonating an United States naval officer for the intent to defraud. Olmstead formerly lived in Ogden.

PAY YOUR TAXES TODAY AND AVOID PENALTY

Yesterday was the last day for paying taxes, according to law, without the addition of penalty. Treasurer Grosbeck, however, will not add the penalty until after today, giving the people a day of grace. About \$200,000 was taken in by the county treasurer yesterday.

HIGH SCHOOL CELEBRATES.

A most enthusiastic crowd gathered yesterday in the gymnasium assembly at the local high school to honor the football team which won the championship last Friday by defeating the Granite State high school.

REXBURG, IDA., NOTES.

Rexburg, Ida., Nov. 15.—The remains of William Milton Bell were shipped from Rexburg on Saturday to Newton, Cache valley, for interment. The deceased was 75 years of age and was one of the early settlers in Utah. He pioneered in Cache valley and later in the Snake river valley. In the days of the Indian wars of Utah he took an active part, against the hostile red men. He was well known in northern Utah and southern Idaho. He leaves a number of grown up sons and daughters, some of whom reside in this section, and others in Cache valley. The last few years of his life he has been a sufferer from the effects of pioneer hardships. The immediate cause of death was gangrene of the feet. The funeral will take place today (Sunday) in Newton.

Founders' day was observed at the Ricks academy on Friday afternoon. An excellent program was rendered. The music for the occasion was furnished by the academy orchestra and choir. President Neph L. Morris of the Salt Lake stake gave the oration.

The Woodmen of the World will give a grand log rolling next Thursday in Rexburg. The program will be given in the forenoon and new members initiated. The afternoon will be devoted to sports, and in the evening a grand ball will be given. H. Flamin & Co. has presented the junior basketball league of the academy with a beautiful silver set as a prize for the best boys' team in the school.

There's scarcely an empty residence or business house in Rexburg. Two new stores opened up recently. Several of the stores are having their annual fall clearance sales. Business in all lines is active.

ANOTHER CRASH AT BAD CROSSING

Wagon Containing Three Men Struck by Rio Grande Train in Murray.

In a collision between a northbound Rio Grande Western freight train and a wagon, containing three men, at the Seventeenth South street crossing, in Murray, yesterday afternoon, two of the men, Asa and Frank Butterfield, were hurled a distance of twenty-five feet and severely bruised and injured, and the driver, James Brown, was badly shaken up.

The accident occurred at what has always been considered a dangerous crossing. Brown was driving his team, with the Butterfield brothers seated in the rear of the wagon, and was on the track before he discovered the approach of the rapidly moving train. Although he whipped up the horses, before he could cross the rails the engine struck the rear of the wagon. The Butterfield boys were hurled some distance, and when Harry Wade, an expert driver, saw the accident, reached them they were unconscious. Brown, the driver, escaped more fortunately, while the wagon was completely demolished.

Dr. A. A. Berg was quickly summoned, and examination showed that the injuries to the men were not of a serious nature. Asa Butterfield sustained a gash on the forehead, the wound extending four inches and cutting the flesh to the bone. Frank Butterfield was found to have a dislocated shoulder, and in addition both men had minor bruises. The men were removed to Dr. Berg's office, where their injuries were dressed.

This accident has served to arouse to greater extent the condemnation of the citizens of Murray toward the railroad. Accidents at the Seventeenth South street crossing have been frequent of late, due, it is alleged, to the fast running of the trains. Last Saturday night Arthur Tripp was run down at the same point, and it is said that as a result of the accident he may have to undergo the amputation of both legs. The Murray city council has had under consideration the matter of forcing the railroad to use greater caution at this dangerous crossing, and this latest accident is apt to move that body to renewed activity along that line.

It is alleged by eye witnesses of the accident of yesterday that even after the wagon had been struck the train kept on its way, without any stop being made to ascertain the extent of the damage done.

EARTHQUAKE RELIC

Of San Francisco Art Gallery now on exhibition at the George E. Blinn market, to be given away. The Flags of All Nations, in Japanese silk and colors, 120 W. First Street, Ind. phone 158. Special Saturday prices. Goods delivered.

"Get the Habit." Visit the Empire theatre. Special "living pictures" this week. "Indian Artist," "Out of Tune" and "Birth of Flag."

STANDARD OIL CASE.

Prosecution Will Ask Supreme Court for Writ of Certiorari.

Chicago, Nov. 16.—District Attorney Sims today served notice on counsel for the Standard Oil company of Indiana, that on November 30 the government will apply to the supreme court for a writ of certiorari bringing the record in the famous rebating case before that tribunal.

This is the case in which the court of appeals reversed Judge Landis, who had recorded a fine of \$2,240.00 against the corporation. The notice of the Standard Oil attorneys was signed by Solicitor General Hoyt and was brought to Chicago today by Mr. Sims, who returned from a conference with Attorney General Bonaparte at Washington.
