

IF IT HAPPENS IT'S HERE

POCATELLO FANS SEE THOMPSON

Cyclone Says That He Knows Sullivan Is Better Than Last June.

(Special to The Herald.) Pocatello, Ida., Jan. 13.—"Cyclone" Johnny Thompson, who will meet Pete Sullivan of Salt Lake here Friday night, went through his first workout stunts here today, indulging in several fast rounds with his trainer, Forrest Geiger, and came out of the training as fresh as if he had only been holding down a toy balloon.

PETE QUILTS TRAINING.

Leaves Today for Pocatello to Meet Cyclone.

Pete Sullivan finished his training yesterday and will leave today for Pocatello, where he will prepare himself for his fight tomorrow night. Pete put in a strenuous day yesterday and was unfortunately enough to open the old cut above his eye, which bothered him in his last fight with Thompson.

A larger crowd than ever was on hand yesterday to see Pete in his last efforts, and many of them are now looking to get bet down on him. Thompson money has been scarce in Salt Lake ever since the bout was arranged, and as the local fans saw Sullivan in his two former fights with Thompson, it goes to show that in spite of a knockout against him Pete is the favorite.

FIRST OGDEN GAME.

(Special to The Herald.)

Ogden, Utah, Jan. 13.—The first of the season's league basketball games between the teams representing the state school for the deaf and blind and the Brigham City high school will be played next Friday evening.

MARQUETTES MAY COME.

(Special to The Herald.)

Milwaukee, Wis., Jan. 13.—The Marquette football team is planning a trip through the west for next season to play a series of games with the Colorado and Utah teams.

PARK PLEASED WITH BOUT

Jack Crowley, the Winner, Is Now Anxious to Meet Any Man in State.

The fight fans of Park City are highly elated over the fight on Tuesday night, according to word received from the Park yesterday. It is believed the fight between Crowley and Tippetts put the game on its feet again and that from now on the Park will be a good fight town, or until somebody unloads a lemon and spoils it.

Today's Los Angeles Entries.

First race, seven-eighths of a mile, selling—Joe Galtens, 114; Guy Fisher, 111; Alice Collins, 109; Ottilo, 105; Provodora, 107; Guise, 107; Sius, 107; Maid of Gotham, 102; Allen Lee, 104; Watere, 104; Azo, 104; Jane Laurel, 102.

SPORTSMEN MEET TONIGHT

Will Further Discuss Need of Legislation for Better Fish and Game Laws.

A meeting of the sportsmen is scheduled for the Commercial club this evening. The meeting is a postponed one from a week ago, at which time a committee was appointed to go over the new bill framed by State Warden Cromar with a view to having it conform to the views of the sportsmen.

The meeting was called by President John F. Cowan of the Salt Lake Gun Club, the local trapshooting organization, and is not a meeting of the duck clubs in any way as has been reported. Duck clubs as well as other sporting organizations are requested to have delegates present, as it is the intention to get the views of all of the sportsmen on the needs of the state for better protection of fish and game.

MADE ATHLETE.

Ray Ewry Was a Paralytic When Young Boy.

Ray Ewry, the man who holds more Olympic records than any man living, has always won the standing high and standing broad jump, at both of which he has established world's records. Ewry has told several of his friends that he will very likely come west for the national championships at the A. Y. P. exposition next spring.

When Ewry was 15 years younger he was a paralytic and could barely lift one foot off the ground. By dint of great training and arduous practice he gradually worked away the stiffness in his joints, until he entered Perdue university. The big gymnasium there gave him a splendid chance to develop his body and before he left Perdue he held the same world's records he now has.

DANGEROUS FOR RECTOR TO RACE WITH WALKER

Charlotte, Va., Jan. 12.—Although President Roosevelt has written a personal letter to Jimmy Rector, urging him on to another race with Walker, the man from South Africa, Rector cannot take part in such a contest without endangering his life.

Rector, who is taking a law course here, and has come here to bring the University of Virginia into popular notice, has been warned that he cannot live two years if he continues in training.

Walker beat Rector in England, but Rector has been keeping himself fit, hoping for a second try at the world's championship.

The announcement that he must give up running if he cares to live and practice law as a lawyer, has not been decided whether he will meet Walker, as Mr. Roosevelt has requested, and die, or win a great name as a lawyer.

LOS ANGELES TEAM WANTS MATCH GAME

Word was received in the city yesterday that the Los Angeles Athletic club basketball team would shortly make a trip of the northwest and return via Salt Lake. They are scheduled to play at Spokane, Cheney, Wash., and Butte, and are after games with Utah teams. As yet none of the local teams has signed up games with the Los Angeles squad.

SENIORS DEFEAT SOPHS FOR CLASS TROPHY

The Seniors of the L. D. S. university yesterday defeated the Sophomores in the final game of basketball for the handsome trophy given by the faculty to the winning team. The final game was witnessed by a crowd of students, who were very noisy with their class yells. While both teams played a good game, the work of the Seniors was far above that of their opponents.

BOULDER LANDS TRACK WONDER

Purity Campaign by Colorado "U" Results in an Imported Star.

Boulder, Colo., Jan. 13.—Holder of interscholastic records at Yale, Princeton, Cornell and Pennsylvania and with the distinction of having made the longest in-ground hop, stepping and jump on record, Floyd P. Risley of New York City arrived in Boulder today to enter the University of Colorado. His addition to the varsity track team should result in several new state records, as Risley's marks in the high and broad jump far exceed the present Colorado state record by 3 1/2 inches.

In the broad jump Risley claims 22 feet 5 inches, or 17 inches ahead of the state record, made by Hartman of the School of Mines, whose hop, step and jump record measures 47 feet and 9 1/2 inches.

Risley has competed against the greatest athletes in the country, such as Porter of Cornell, who was an official in the Denver-Carlisle football game; Hall of Oregon, Dan Kelly, the famous Portland athlete; Moffat of Pennsylvania and Marshall of Yale. He holds the interscholastic state record in the high and broad jumps at Pennsylvania and Cornell and the broad jump at Yale and Princeton.

Risley has been attending Colgate university here with him. Last February Risley severely injured his knee at an indoor meet at Boston and was on crutches for months, compelling him to leave college. His knee still bothers him at times, but he does not believe his injury will interfere with his work to any great extent.

"Coach Castleman used to coach me when I was attending the academy," said Risley tonight. "When he came to Colorado I promised to follow in a few years, and I am. The injury to my knee compels me to stop training, but I hope to get back in shape and do my best. The finest part of this country is that the trackmen work outdoors the largest part of the winter and indoor track is really not necessary. Neither did I expect to find athletics in Colorado so far advanced."

SMITH ISSUES CHALLENGE

White Sox Pitcher Thinks He Can Defeat Champion Jack Johnson.

Chicago, Jan. 12.—Big Frank Smith, former pitcher for the White Sox, objects to a colored champion. Therefore, he has decided to challenge Jack Johnson to a fish fight. Smith is backed by Secretary Fredericks of the White Sox, who, after a conference with Smith, has announced that he will post an offer of \$10,000 for the fight, and that it is now ready for Johnson's acceptance.

Stanley Ketchel has declined an offer of \$10,000 to go into ring work. When Jeffries was at the height of his glory in the ring, Smith challenged him, but the challenge was never accepted.

ENTRIES CLOSE TOMORROW.

The Y. M. C. A. handball tournaments are expected to get under way. The combined Senior and Business Men's tournament will close entries tomorrow night, the drawings to be made at once. The tournament which the association is conducting open to high school boys will begin next Monday, the entries closing on Saturday night. It is planned to swing a big handball tournament open to any amateur in the state immediately following the association open tournament, at which time the winner of the tournament will be declared the state champion.

BASKETBALL TONIGHT.

The first and second team of the Twentieth ward and Eleventh ward meet at 8 o'clock in the evening in two games in the Ensign league series.

LONDON AFTER MATCH.

Promoter Offers Langford a Fight With Johnson.

San Francisco, Jan. 13.—Joe Woodman, manager for Sam Langford, the heavyweight fighter, received a message today from Manager Bettinson of the London Athletic club offering to match Langford with Jack Johnson, the fight to take place in London this evening. Woodman answered that his man was willing to meet Johnson but demanded a guarantee from the club before he would consider terms.

MURPHY PRAISES MANAGER CHANCE

In answer to the statements of Manager Frank L. Chance that the question of his return to lead the world's champion Cubs for 1909 was "up to President Murphy," who understood the only conditions under which he (Chance) would return, Mr. Murphy yesterday made the following reply:

"Chance is the champion manager, and I allowed him to make his own contract last September. He fixed his own salary and the contract was made for many years to come, but he has not been able to do it. He has accomplished more than any manager ever did in a similar period and his financial earnings during that time have been probably twice that of any other playing manager in the country. Chance can have no possible controversy with the west-side club, and I hope he will battle for many years to come for the baseball honor and glory of Chicago."

THE SWIFT SPECIFIC CO., ATLANTA, GA.

IF IT'S HERE IT'S RIGHT

SPORTSMEN BUSY IN WASHINGTON

Favor Bill to Prevent Sale of Fish and Game Killed in the State.

Spokane, Jan. 14.—If the Spokane Rod and Gun club is able to carry out its plans there will be some important changes in the game laws of this state before another session is here. One of the things being worked for is to have a game warden in the state separate from the fish commission.

The idea is to have the office either elective or appointive and give the warden the power to appoint deputies in each county with enough compensation to attract to the office to justify their giving their entire time to the duties of the office. The other changes asked for are: Absolutely prohibit the sale of game fish at any season of the year, making it a misdemeanor for the party selling as well as the party buying.

A law providing that the open season for bass shall be from April 1 to Dec. 1, thus making the open season for bass and trout longer.

Make the open season for the upland birds from Sept. 15 to Nov. 15, instead of Aug. 1 to Nov. 15, as the law now is. Make the open season for quail from Oct. 15 to Nov. 15 and limit the number of birds to ten per day instead of fifteen.

It is expected that at least some of the important changes can be brought about.

LITTLE BITS OF SPORTING NEWS

Charley Comiskey has written to members of the White Sox, who played against the Logan Squares last fall, telling them to make their peace with the national commission at once. These players will make just \$12 as the result of the games they played. Each man's receipts were \$2 and the national commission is imposing a \$9 fine.

Cal Ewing of the Pacific coast league says that in California outlaw league is already on its last legs. He says that Hugh McCrean is trying to get a bunch of professionals together at Hot Springs to play Sunday games.

Fat Powers has told Cincinnati scribes that he will pull off a Marathon race at the Red's park in the spring with shrub, Longboat, Dorando, Hayes and Corey as competitors.

"Doc" White and Charley Hickman will coach the Washington Central high baseball team.

Central leaguers say they intend to live up to the \$1,500 salary limit this year. Larry Doyle, the second sacker of the Giants, is the star in a "Woman's Honor" being produced around the gaslight circuit in Illinois.

Chappelle of the Boston Nationals is the first baseball player to start for Hot Springs.

Mattie McIntire operated on for appendicitis in Memphis. John Ganzel has secured training quarters at Lexington Ky. He was turned down by Memphis.

Danny Shay, representing a Stockton syndicate, has offered Frank Chance \$25,000 to manage the Stockton club, the money to be placed in the bank with Chance signs. On hearing this Charley Murphy said that Chance could not afford to accept any such offer, as he made more than that in Chicago the last two years.

Umpire Owens may be placed on the black list for signing with the A. A. after accepting Harry Pulliam's terms.

Stanley Ketchel has discussed his former manager, Joe O'Connor, and signed up with Willis Britt.

Pitcher Claude Elliott may be released by Indianapolis to Newark (O.), and as manager of the state league club.

Prisco promoters are trying to get Langford and Marvin Hart together.

WELL INTENDED.

"The Human Monstrosity" said a young lady attending a fair with her fiancé. "Thompson? Wouldn't you like to have a look at that, Herbert?" "No, dear," answered Herbert, anxious to leave a neat compliment, "I am quite content to look at you."

C.S.S. NATURE'S CURE FOR RHEUMATISM

The conditions and causes which produce Rheumatism all suggest a healthful vegetable remedy as the surest and safest cure. The disease is brought about by the accumulation of uric acid, an irritating, pain-producing property in the blood. This causes a weakening and souring of the circulation which then becomes unfit for nourishing the body, while the deposits of uric acid in the nerves, muscles, joints and bones produce the pain and agony of Rheumatism. To treat the trouble with medicines containing potash or other strong minerals, is simply adding another poison to the already weak, diseased blood, sapping it of its remaining vitality, and perhaps in the end making a physical wreck of the sufferer. The one safe and only cure for Rheumatism is S. S. S. It is nature's remedy for this disease, made entirely from healthful vegetable ingredients extracted from the roots, herbs and barks of the forest and fields. S. S. S. goes down into the blood and removes every trace of the cause of Rheumatism, cleanses and purifies the circulation, and restores health and comfort to those who are suffering from this painful disease. There is but one way to be sure you are not dosing your system with mineral medicines, and that is to take S. S. S. Book on Rheumatism and any medical advice free.

THE WIDOW TALKS.

(New York Globe.) "It's funny," I remarked, "that we never hear of women swearing off anything on the New Year." "There's nothing funny in it at all," replied the widow scornfully. "What does a woman do that she should feel compelled to forego? Absolutely nothing. Men have all the vices. Man is the slave to habit. Even his New Year resolutions are nothing more than annual habits. "But woman is not a slave to habit. Woman has no habits. She would get rid of them. She wants a change; that is why millinery and dressmaking calls are so large." "Well, then," I said triumphantly, "you admit that you are slaves to fashion." "Not at all," replied the widow. "We are slaves to nothing, even though Mrs. Gilman says that we are owned by man. But, of course, that isn't true. Ask my husband."

SYMPHONY ORCHESTRA
