USUAL NUMBER OF LIVES LOST ON THE FOURTH

Accidents of Various Kinds From the Atlantic to the Pacific.

HOSPITALS FILLED WITH BADLY INJURED

RECORD OF THE FIRST DAYS CELEBRATION AS COMPILED BY THE CHICAGO TRIBUNE.

Chicago, July 5.—The Record—A summary of the three days country wide Fourth of July celebration from reports received up to midnight:

Dead	46
Injured	1,575
Deaths due to	1,575
Fire loss	\$46,500

New York, July 5.—Four deaths, three of them children, three hundred and thirty-two persons injured, nine of them dangerously, and so seriously that death seems certain, was the Fourth of July record in New York and Brooklyn up to midnight.

Three of the deaths occurred last night. The only one added to the list today was that of Dorothy Di Martini, a child of the upper east side, who succumbed to the effects of burns received yesterday.

Gutseppe Paganò, 46 years old, was killed by a random bullet supposedly fired by a celebrator, though relatives maintain that he was murdered.

The hospitals tonight are swamped with patients, most of them suffering from minor burns. Patients are being added at the larger institutions at the rate of ten an hour.

Fires in the city and suburbs are numbered by the score. Most of them were started by the careless handling of fireworks. The most serious fire occurred at Ossining on the Hudson, where the principal business block was destroyed with a loss of \$75,000.

PROGRESSIVE SOCIETY AT CEREMONY

Unity of Purpose Expressed at Laying of Commercial Club Corner Stone.

EVENT MARKS EPOCH IN CITY'S PROGRESS

ADDRESSES BY GOVERNOR, MAYOR, PRESIDENT HALLORAN AND JUDGE POWERS.

A tremendous stride forward in the commercial importance of Salt Lake was made yesterday when the corner stone of the new building of the Commercial club was laid. The exercises incident to the ceremony were fitting. The governor of the state, the mayor of the city, the president of the club and Judge O. W. Powers delivered addresses. The crowd which attended the ceremony was large and it was enthusiastic. It was generous in its manifestation of approval of the sentiments expressed by the speakers, and exchanges of felicitation were heard on every side.

At 10 o'clock a parade was formed on West Temple street, in front of the present Commercial club building. The number in line was more than 200. At the head was Held's band. The procession moved north to Second South, thence west to Main and south on Main to Exchange place, where the big structure is in course of erection.

The ceremony was begun with a patriotic air by the band. The Rev. P. A. Simpson, of the First Congregational church delivered the invocation. This was followed by addresses in the order named: William J. Halloran, president of the club; William Spry, governor of the state; A. S. Egan, mayor of Salt Lake City, and Judge O. W. Powers. Included in Judge Powers' address was a comprehensive discussion of the club's purposes and a reference to its achievements in the past by Fisher Harris, the secretary of the club. Owing to the fact that Mr. Harris' voice has not yet regained its strength, he was unable to deliver a speech himself.

Following the addresses there was the presentation of the engrossed resolutions of thanks to Samuel Newhouse adopted by the board of directors, which had the contract for the building. The exercises closed with selections by the band. The entire program consumed about an hour and a half of time.

The new building is to cost \$250,000 and will be ready for occupancy by New Year's day of 1910. The building would have been completed in December, according to the original contract, had not the strike of iron workers occurred, causing an unfortunate delay.

Row.

PLUNGES KNIFE INTO HEART

One Dead and Another Dangerously Wounded in Cutting Affray.

(Special to The Herald.)
Silver City, July 5.—Two Croatians employed as miners at the Iron mine, Stevan Jovan and John Adranovich, quarreled this morning in a shack in what is known as Gallagherville here, and as a result of the quarrel Jovan is now lying dead in Wallace's undertaking rooms in Eureka. He was stabbed through the heart, it seems that the two men were engaged in a game of cards, and had been drinking quite heavily. They were cursing and abusing each other when Jovan, who is a spinster, grabbed Adranovich by the back of the head, and pulling him over the table, plunged a four and a half inch blade of his jackknife into his back. The blade entered into the lung at the lower end of the right shoulder blade, close to the spinal column. Adranovich immediately drew his knife and drove it with fierce force into Jovan's heart, to whom death came almost instantly. Judge Max Thornberg was immediately notified, and he lost no time in summoning a coroner's jury. The jurors are McDonald, Andrew Maxson and Luke Hickman. After they viewed the remains, Jovan's body was sent to Eureka, and Adranovich was put under guard at Gallagherville.

RUN OVER BY AUTOMOBILE

Judge Everton J. Conger, Well Known in Montana, Fatally Injured in Billings.

Dillon, Mont., July 5.—Judge Everton J. Conger, one of the best known men of this part of the state, and famous as the man who led the bunch of soldiers during the civil war who captured John Wilkes Booth after the assassination of President Lincoln, was probably fatally injured this afternoon at the fair grounds by being run over by an automobile driven by Sheriff Gosman. Judge Conger had accompanied his daughter, Mrs. J. B. Poindester, to the fair grounds to witness the horse races and ball game. Leaving Mrs. Poindester in the grandstand, he crossed the track to a position near the baseball diamond to get a better view of the game. A shower of rain began, and he started back across the track to the grandstand for shelter. When about half way across, Sheriff Gosman's automobile struck him, knocking him down, rolling him over several times and finally the back wheel passed over his shoulder and head. Sheriff Gosman, who was driving the car, stopped as quickly as possible, and the injured man was placed in the car and driven to the home of his daughter, where several doctors immediately attended him.

HOPE FOR EARLY RECOVERY

E. E. Calvin Resting Easily After Having Been Operated Upon for Appendicitis.

San Francisco, July 5.—E. E. Calvin, vice president of the Southern Pacific company, rested easily today following the operation for appendicitis which was performed at the company's hospital yesterday.

Dr. F. W. Ainsworth, chief surgeon of the company, stated today that there was every reason to hope for an early and complete recovery, although the condition revealed was serious.

Mr. Calvin was first attacked eleven years ago and has suffered from intermittent returns ever since. His general physical condition is excellent, however, and he recovered rapidly from the shock of the operation and the effects of the anesthetic.

MADE RECORD FLIGHT

London, July 5.—According to the Daily News the airship seen flying about various parts of Great Britain last May was a craft 150 feet long, of 300 horsepower, and was piloted by a man named G. A. R. Encampment, who claims that in his experimental flights he crossed the Irish channel at a speed of thirty-two general manager of the company, stated today that there was every reason to hope for an early and complete recovery, although the condition revealed was serious.

STRUCK BY LIGHTNING

Helena, Mont., July 5.—Three of the four horses attached to a bus full of people were killed by lightning tonight, just as the party of picnickers reached the Northern Pacific railroad yards here. The party was composed of fifteen people who had spent the day celebrating at Canyon ferry. When nearing the city a sudden thunderstorm arose. The bolt which killed the horses did no injury to any of the occupants of the carryall.

HERBERT REEDER OF OGDEN DROWNS AT LAGOON AND MARIAN SAVILLE DIES OF BURNS.

Two Little Girls Probably Fatally Injured by Sparklers—Five Other Persons Severely Injured.

Fourth of July Casualties.

THE DEAD.
+ Herbert Reeder, 19 years old; drowned at Lagoon.
+ Marian E. Saville, 5 years old, 240 C street; died as result of burns received through match thrown by careless celebrator.
FATALLY INJURED.
+ Loretto Gillespie, 86 Spruce avenue, 16 years old; seriously burned by supposedly harmless "sparkler."
+ Five-year-old daughter of Peter Frost, 43 West Fourth North; terribly burned by the same sort of a "sparkler."
SERIOUSLY INJURED.
+ J. Maurice Saville, 340 C street; hands and arms seriously burned while trying to save the life of his brother.
+ Charles E. Street, 1388 South Ninth; East; hands and arms burned while extinguishing flames on Loretto Gillespie.
+ George Vincent, 10 years old; fingers blown off.
+ Frank Maughan, 12 years old, 217 I street; face seriously burned.
+ James Twaddle, 200 Millard court; lost one finger and suffered several cuts and bruises.

CANNON CRACKERS WORK HAVOC AMONG BOYS

A brief resume of the accidents is given below:
John Hodgson, aged 7 years, was seriously burned about the face and hands by a cannon firecracker. Wounds are painful, but will not result seriously. The lad was holding a big firecracker in his hands to light it when it exploded. His injuries were dressed by Dr. Ross Anderson.
Frank Maughan, 12 years old, living at 217 I street, was severely burned on his face and hands by a premature explosion of a giant firecracker. His hair was singed, he was burned off and his eyelashes burned. Dr. Ross Anderson attended the injuries.
George Vincent, aged 10 years, met with an accident at the circus grounds which will probably result in the loss of several fingers. He was loading a toy pistol when one of the caps exploded, inflicting a serious burn on his hand. His fingers were badly burned with powder and will probably have to be amputated.
A lad appeared at the Keogh Hammond hospital yesterday morning with a severely torn and burned hand, caused by a premature explosion of a firecracker. His thumb and two fingers on the hand were cut in many places and the thumb will have to be amputated. It is also likely that the two fingers will have to be removed.
Louis Robinson, 5 years old, son of Dr. J. Robinson, received a severe cut on the chin, caused by a firecracker exploding while the child was bending over it to see if the fuse was lit. It required four stitches to close the wound.
An unexpected explosion of a giant firecracker inflicted rather serious injury on Clyde Worthing, living at 28 East Ninth South street, yesterday afternoon. Worthing's face and hands were badly cut and burned and he was taken to St. Mark's hospital, where his injuries were dressed.

FRENCH TARIFF REVISION.

Important Speech Made by the Minister of Commerce.

Paris, July 5.—M. Cruppi, minister of commerce, as the government's spokesman, defined the government's position toward the proposed tariff revision of the important staples of raw materials and depositories today.

The minister contended that a customs policy was not an essential part of economic development of nations, citing the success of Great Britain and Germany under opposite systems, but, above all, continued the minister, talk of reprisals should be avoided because they often result upon the authors.

M. Cruppi spoke in particularly sympathetic terms of the United States.

BROKE UP IN A ROW.

East Indians in London Attempt to Hold Indignation Meeting.

London, July 5.—An indignation meeting held by the Indian residents to protest against the murder of Lieutenant Colonel Sir William Hutt Curzon Wylie by an Indian student, Maharaj Dhangra, broke up in a serious disturbance. When a resolution was offered expressing sorrow at the crime, an Indian student objected. Immediately there was an uproar. Chairs were thrown and sticks were used freely. The dissembling student was severely beaten and was rescued by the police with the greatest difficulty. The disturbance continued for a considerable time and when quiet was restored the resolution was adopted.

Dhangra's younger brother made a statement repudiating his brother and expressing horror at the murder.

SAVE CELEBRATION.

San Francisco, July 5.—The Fourth of July celebration in this city was of the "safe" and noiseless variety today, the ordinance prohibiting the sale or discharge of firecrackers and fireworks being rigidly enforced by the police. Since the disaster of 1908 no pyrotechnical celebrations have been allowed in the city, but this is the first year of the prohibition by municipal enactment.

FLOOD IN IOWA.

Council Bluffs, Ia., July 5.—The worst flood in local history occurred tonight, when several inches of water fell within a few hours. The entire city was under from two to four feet of water at midnight.

STRIKE SANCTIONED.

Denver, July 5.—At a meeting of the executive committee of the Western Federation of Miners held here today, action was taken sanctioning a strike of 600 miners in the Deserter mine at Ely, Nev. Wage demand is the basis of the strike.

REVENUE TAX ON TOBACCO

Washington, July 5.—Cigar manufacturers who were given a hearing today by the sub-committee on finance succeeded in defeating the proposed increase from \$3 to \$3.50 a thousand in the internal revenue tax on cigars. The sub-committee, however, voted to recommend increases on practically all other forms of manufactured tobacco.

When the full committee meets tomorrow, it will consider the recommendations of the sub-committee, which are as follows:

Snuff, 8 cents a pound, instead of the existing rate of 6 cents, and 12 cents as proposed by the Beveridge amendment.

Cheering and smoking tobacco, 8 cents a pound, instead of the existing rate of 6 cents, and 9 cents, as proposed by the Beveridge amendment.

Cigars weighing more than three pounds per thousand, \$3 per thousand, which is the existing rate.

Cigars weighing less than three pounds per thousand, commonly called "little cigars," \$1 per thousand, the same as adopted by the house and recommended by the Beveridge amendment.

Cigarettes, a flat rate of \$1.50 per thousand, instead of the existing rate of 54 cents.

The sub-committee will also recommend the adoption of the anti-coupon provision of the Beveridge amendment.

TAFT THE CENTRAL FIGURE

Norwich, Conn., July 5.—President Taft was the chief figure today in the celebration of the two hundred and fiftieth anniversary of this historic old New England town. In an address to the people, after a fine military parade and civic display, the president, finding a theme in the church influence in the foundation of Norwich, expressed his views on the liberty of religious belief.

He pleaded, that ever, man should be allowed to worship God in his own way. The president declared amid laughter that the American forefathers came to this country ostensibly to escape religious intolerance, but as a matter of fact in order that they might follow out their own religious ideas in their own way, and with a large degree of intolerance toward any other form of belief.

"We have passed beyond that now," said the president, "and are coming more and more to realize the right of the individual to worship God as he may choose."

The pageant was held on a grassy plot, surrounded by giant trees. Several hundred persons took part in the tableaux, the Indian dances, the battle between the tribes, and the portrayal of the march of historic events.

The president lunched with W. Tracy Williams of Yantic. Later he reviewed a parade, addressed the people from the reviewing stand, held a reception in the Buckingham Memorial and witnessed tonight a brilliant display of fireworks. He left late tonight for Albany, N. Y., en route to the celebration at Lake Champlain.
