STRIKERS IN A DEFIANT MOOD

More Arrests of Japanese in Hawaii—International Complications Improbable.

Honolulu, July 5.—Considerable excitement was created today by the arrest of two more of the leaders of the Japanese plantation laborers who were on strike for the alleged false imprisonment of T. Sunoda, a Japanese employed on the Wai-pahu plantation on a profit sharing basis. Following the arrests an investigation was held in the morning which disclosed the fact that the 2,500 Japanese still on strike have picketed the portion of the city about the harbor and prevented any person not connected or in sympathy with the movement from entering the camp of the strikers. The charge on which the arrests were made was that strikebreakers had been kidnaped.

Rescued by Police.

Sunoda was seized yesterday in the vicinity of the strikers' camp and alleged that his captors took him to a room in a Japanese hotel, where he was kept by force while his case was put on trial before certain officials of the Wai-pahu branch of the Japanese Higher Wage association. At the time of his capture Sunoda declares that he was seeking to secure the services of several Japanese laborers to help him in carrying out the contract he has on a section of the Wai-pahu plantation. He said the police that he believed his life would have been in danger if the police had not interrupted the trial, thus strongly encouraging his fellow countrymen were conducting. The attitude taken by the Japanese consul and Admiral Ichiji of the Japanese training squadron, now in the harbor, in regard to this new development is believed here to eliminate any possibility of international complications.

TAKAHIRA THE CHIEF ORATOR

Philadelphia Audience Is Addressed by Japanese Ambassador on Fourth.

Philadelphia, July 5.—Baron Kogoro Takahira, Japanese ambassador to the United States, was the orator of the day at the Fourth of July exercises at historic Independence hall here today. Speaking of the great powers of the world and their responsibilities, the Japanese ambassador said:

"As for Japan, she was not only introduced into the community of nations through the agency of American diplomacy, but has been always encouraged by it in various ways as she advanced in her progressive move, as her intentions were to apply the principle of equality to the same to nations as to individuals, even when we were still in a less modest position. The United States strongly encourages Japan's tariff autonomy before any other power in 1878, and was only second to Great Britain, our honored ally, in taking the initiative in 1904, to abolish her extra territoriality jurisdiction in Japan, which might be called our international emancipation. Thus, strongly encouraged by the friendly action and attitude of the United States, Japan has been continually endeavoring to improve herself in politics and social conditions so as to make herself worthy of her position as a member of the community of civilized nations.

"We are using every effort in our power, however limited it may be, to help our neighboring countries to improve themselves and to enjoy the benefits of modern civilization. We shall therefore be happy to see the United States act toward them as she acted toward us."

MIDVALE CELEBRATES THE GLORIOUS FOURTH

Midvale yesterday celebrated Independence day in fitting style. There was a profusion of colors in evidence all over the city, and many of the business houses were gorgeously decorated. In the residence district also elaborate decorations were displayed.

Promptly at sunrise fifteen salutes were fired from the cannon in the ward park. The parade, the big feature of the day, formed on Main street, and there were about twenty floats in which the marching citizens, lodges and fire department. After the parade the people from surrounding towns, numbering over 1,500, assembled in the ward park, where patriotic exercises were rendered.

H. P. Johnson, former mayor of Sandy, delivered the oration of the day, and took as his theme "Independence and Midvale." C. I. Goff read the Declaration of Independence. The Murray quartette followed with a patriotic selection. The remainder of the program was composed of music and songs, and was greatly enjoyed.

In the afternoon various contests were held and prizes were given. In the evening a display of fireworks was the big feature. The day closed with a dance in Goff's hall.

DIES IN CHICAGO.

News of Death of L. D. Vose Received Here Yesterday.

Mrs. T. R. Black has received news of the death of L. D. Vose in Chicago yesterday. Mr. Vose and Mrs. Black were friends in the east, and Mrs. O. C. Nelson of 105 South Fifth East, a sister of Mrs. Vose, is now in Chicago. Further than that the burial will be in Fremont, Neb., nothing is known here of the funeral plans.

Mr. Vose, who was a member of the book firm of D. C. Heath & Co. in Chicago, was taken ill about six months ago and he and his wife went to Los Angeles, hoping the change would be beneficial. He grew worse and a month ago returned home. Since then he became gradually worse, until the end came.

FLOODS IN MEXICO.

Heavy Loss of Life and Property in Mountain Districts.

El Paso, Tex., July 5.—The flood situation in Mexico is growing more serious hourly. Every main railroad line leading into the Mexican capital is reported to be washed out by the big rains. Communication with the outside world. The rains still continue and repair work is almost impossible. As a result of the almost complete destruction of the town of LaPaz in San Luis Potosi, where several lives were lost, other towns have suffered, and news comes from the mountain districts that the loss of life and property will be heavy in the mining camps.

A private safe may be rented in the fire and burglar proof vault of the Salt Lake Security & Trust Co., 22 up Main street, \$2.00 per year and upwards.

Cobs is a new cigar, made in a new way, made of old Havana tobacco. The cigar is rough but its taste is smooth. If the same quality of leaf were rolled into a fancy shape, you'd have to pay 10 cents for one cigar as good as any one of the nine Cobs for which you only pay 15c.

Cobs aren't for the man who can't afford better—they're for the man who can afford the best, but can't afford to waste money. A mild, fragrant and luscious smoke without the bitterness or the tastelessness of a domestic leaf. Try Cobs and you'll buy Cobs. Smoke them, not because they're economical, but because they're best. The more you know of tobacco, the more you'll like Cobs. The harder you are to please, the more pleased you'll be with Cobs. Don't sniff at the price, but sniff the flavor.

More Red Streaks

Last week a gentleman who had been indebted for fifteen or twenty years sent word that he wanted to settle up all his claims. We found some of them had been owing for twenty-five years. He paid us \$200 and a piece of real estate and obtained receipts in full on every claim we had against him. We are demonstrating every day that Red Streaks of Honesty Exist in Everybody. The fact that claims are turned to us for collection does not mean that our clients have less confidence in their debtors, but it means that our clients need the money. If you need any money, turn in your claims. The science of finance is in obtaining the money that's coming to you. We are scientific collectors of the money.

WE WANT EVERY GRAND ARMY MAN

To Drink

American Beauty Beer

During his stay in Salt Lake this summer. We want him to do it for his own sake, because no beer excels it in purity, quality and general excellence. We particularly invite the comrades from Milwaukee and St. Louis to compare the relative merits of American Beauty Beer with that they get at home.

The greatest attention has been given to the hygienic cleanliness of bottles and to the scientific sterilization of the beer, and all this same methodical care being used in every process of manufacture has made the American Beauty Beer the favorite throughout the west.

The fact that the bottling house is equipped with the finest and most up-to-date machinery can be demonstrated on inspection, and a cordial invitation is extended to all to come and see our up-to-date plant
