

PRICES ON STOCK MARKET

Decline in Some Instances Is Greatest of the Last Month.

New York, Aug. 28.—Lowest prices of the week, and in some instances for a month or more, were made in today's stock market.

Union Pacific sold off to 194 1/2, which represents a decline of over 23 points from a fortnight ago. Southern Pacific and other Harriman stocks also suffered severely.

Undoubtedly a large part of the selling today came from the bear party. That faction, flushed with recent success, offered stocks for sale in large volume at the opening, simply following the weak London market, where our securities were generally below par.

In the final hour, however, authoritative denial was made of the report that Mr. Harriman had prepared to submit to a surgical operation, and the market rallied, with complete recoveries in United States Steel, Reading, St. Paul, Atchison, Amalgamated Copper and Great Northern.

Union Pacific regained over 3 points of its fall decline and the closing was spirited, with the rally under way. The business of the two hours was over 475,000 shares, of which more than two-thirds was in the hands of investors.

Bonds were irregular. Total sales amounted to \$1,802,000, par value. In United States government bonds, the 3 1/2 cent and the registered 4 1/2 cent per cent for the week.
