Ira D. Wines and Mrs. Elizabeth Elchorn were married last night at the home of Mrs. Elchorn, 280 H street, by the Rev. Francis Burgette Short. They left immediately for California, where state they will tour by automobile for about two months, leaving then for Honolulu for about two months, returning to Salt Lake about March 1. They will make their future home here.

Mrs. Elchorn is well known in Salt Lake and in many parts of Utah. She was the widow of Dennis C. Elchorn, who died several years ago. The marriage is the culmination of a happy little romance which started last winter during the session of the legislature.

Mrs. Elchorn, who held a responsible position in the senate, met Mr. Wines, whose home is in Lehi. Close friends soon became aware of the mutual interest which increased and ended in the happy union last night.

Mr. Wines is president of the Utah Banking company, which has banks in Lehi, American Fork, Park City and several other Utah cities. The policy of the company will be directed from Salt Lake in the future, and Mr. Wines will take up the work here upon his

Following this a large reception to about 150 guests was held. A color scheme of yellow was carried out in the decorations, quantities of yellow blossoms being used throughout the rooms.

The bright tinted autumn leaves were also used with pretty effect. Miss Violet Felt presided at the reception, and those assisting in the dining room were the Misses Gwen and Genevieve Knowlton, Mrs. D. C. Coulam, Mrs. P. C. Edmonds and Miss Minnie Brown.

Music was rendered throughout the evening by the Hawaiian Troubadours. A charming gown of white chiffon over taffeta was worn by the bride. The gown was trimmed in silk bands and pearls was worn. The bride's bouquet was of white bride roses in shower effect. After a wedding trip of two weeks Mr. and Mrs. Felt will be at home in the Cummings apartments.

A wedding of yesterday was that of Miss Estelle Margetta and T. H. Burt, the ceremony being performed at high noon in the temple. A reception to about 100 guests was given in the evening at the home of the bride's aunt, Mrs. John H. Evans, in Fifth street. The parlor was beautifully decorated in pink cosmos and dahlias, combined with ferns, while a color scheme of red was carried out in the dining room with red dahlias used in profusion. White cosmos and chrysanthemums were used throughout the parlors. Mrs. Evans was assisted in receiving by Mr. and Mrs. P. C. Edmonds and Mrs. T. H. Burt. The bride wore a beautiful gown of white silk and carried a shower bouquet of white roses. After a wedding trip of two weeks in Portland, Mr. and Mrs. Burt will make their home in Salt Lake.

A home wedding of Wednesday was that of Miss Gertrude Kelly and William H. White, which took place at the home of the bride's parents, Mr. and Mrs. A. H. Kelly, in First West street. The ceremony was performed at 8 o'clock by Bishop Charles Margat, in the presence of about seventy-five guests. A reception followed the ceremony. The house was beautifully decorated throughout with a profusion of flowers, carnations and cosmos being charmingly combined with palms and ferns in the decorations.

In the dining room a bowl of pink and white carnations graced the table centerpiece, and pink tulips extended from the table to the four corners of the table, where it was caught in huge butterfly bows. The bride couple stood in the parlor under a canopy of asparagus plumosus ferns, thickly studded with pink and white cosmos. Quantities of palms and cut flowers were placed about the rooms. During the evening a delightful musical literature, Professor Reynolds will be assisted by Professors Arnoldson, A. B. Roberts and L. L. Butler.

An increase of six inches is not unusual after a month's treatment. Go to any drug store and get separately two ounces of glycerine, three ounces of rosewater, one ounce of tincture of cadomene (one pound (not cardomene) and five cents' worth of borax. Mix the glycerine and tincture of cadomene and shake and let stand two hours. Then add rosewater and a teaspoonful of borax. **How to Make Better Cough Syrup Than You Can Buy**  
A full pint of cough syrup—enough to last a family a long time—made by the receipt given below in five minutes, for only 8 cents. Simple as it is, there is nothing better at any price. It usually stops a cough in twenty-four hours, and is a splendid household remedy for whooping cough, colds, hoarseness, bronchitis, etc.

Take a pint of granulated sugar, add ½ pint warm water and stir about 3 minutes. Put 2½ oz. Pinex in a pint bottle and fill up with syrup. Take a teaspoonful every one, two or three hours. It keeps perfectly and the taste is pleasing. The chemical elements of pine which are very healing to membranes, are obtained in high proportion in Pinex, the most valuable concentrated compound of Norway White Pine Extract. None of the weaker pine preparations will work with this recipe. Your druggist has Pinex or can easily get it for you.

Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.

Alexander McMaster, judge of the juvenile court, takes exception to the statement made in the newspapers recently by Game Warden Chambers, concerning the comparative value and expense of the juvenile court and the state game and fish commission. Judge McMaster said:

"While I am not desiring to enter into any controversy with the fish and game warden respecting the appropriations for fish and game, I would like to reply briefly to his statement made to a newspaper last evening that I had my 'wires crossed' when I stated that nearly three times as much was appropriated for fish and game as for children. For the benefit of Mr. Chambers and all others, if there be any others, who think the state has made no appropriation recently for the protection of fish and game, I cite them to chapter 114, section 1, page 244 of the session laws of 1909, which state in so many figures that \$62,000 was appropriated for that purpose by the last legislature."

"Mr. Chambers seems to have the impression that I was criticising the legislature for making so large an appropriation for fish and game, whereas, as a matter of fact, I think the amount stated none too large and the cause a most commendable one. What was said was not because I love fish and game, but because I love children more."

"It is gratifying to know that the branch of the state government over which Mr. Chambers so ably presides is self-supporting. And yet, in my judgment, if the juvenile court has turned one boy from evil to good ways and made a useful citizen of what might without it have become a criminal, it is done more for the state than fish and game will ever do, though the income in dollars and cents from that source exceeds the appropriation a hundred fold."

## TEN YEARS OF SCALP ERUPTION

Tiny Pinhead Pimples Filled and Hurt Tremendously—Tried Everything in Vain—His Daughter's Scalp was Crusted—Both Found

SIMPLY SURPRISING CURE IN CUTICURA

"It is a great pleasure for me and I consider it a duty to inform you that Cuticura has done for me. About twelve years ago I contracted an eruption of the scalp consisting of small pimples, about the size of a pinhead, which filled after a few days with pus and which hurt tremendously. I tried everything, but in vain. Finally, I washed my head with sulphur and applied a carbolic ointment. After a few days the pimples disappeared, only to come back again in a week. This I suffered for ten years and then I saw an advertisement in the paper of the wonderful cures by Cuticura. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Pills and after three weeks I had used only half the Soap and Ointment and my head was as clean as ever before. After the first application it was simply surprising how it improved."

"My daughter used Cuticura Soap and Ointment for scales on the scalp and after having used them three times her head was clear and the hair became as soft and fine as silk. Since then she uses nothing but Cuticura Soap for shampooing."

"In consequence of my having used Cuticura Soap for shampooing, I noticed that my hands which almost always were cracked from handling undressed wood, lime and stone, became white and velvety. Formerly I used glycerine, but one night's treatment with Cuticura Soap and Ointment does more for my hands than a week's treatment with glycerine. I hope all suffering people will at least try the Cuticura Remedies. Herman Becker, Field, Wis., November 9, 1908."

Millions of women throughout the world use Cuticura Soap and Ointment for eczemas, rashes, itchings, irritations, inflammations, chaffings, pimples, blackheads, dandruff, dry, thin and falling hair, sanative, antiseptic cleansing
