

## PURE FOOD LAWS TO BE UNIFORM

Business Men Start Campaign  
to Make Statutes of State  
Agree.

Manufacturers and jobbers prominent in the business affairs of the city were present Tuesday at a meeting held in the Commercial Club building, when the proposition to secure uniform pure food laws in Utah and several of the adjoining states came up for discussion, as well as the proposed meeting of this week, which will be attended by the food commissioners of two or three states. Willard Hansen, state dairy and food commissioner, and Herman Harms, state chemist, were at the meeting.

It was decided to have a meeting at the Commercial club Friday night, when it is likely that a permanent organization, embracing Utah, Wyoming and Idaho, will be formed, while other states may come in later. Among those who are expected to make addresses at the meeting Friday night are E. W. Burke, state food commissioner of Wyoming; J. H. Wallis, food and dairy commissioner of Idaho; Henry G. Knight, state chemist of Wyoming, and Commissioner Hansen of this state, with Chemist Harms.

It was decided to name a committee to look after the entertainment of the visitors at the meeting, and this committee includes Charles W. Mount, J. G. McDonald, W. E. Bailey, A. H. Woolley, Arthur Sweet and W. H. Rowe. Charles W. Mount was named as chairman of the finance committee of the local organization.

Commissioner Hansen said Tuesday that it is proposed to enlist the manufacturers and jobbers of Utah and neighboring states in the organization to be formed and to hold meetings from time to time in the various states, the first to be held here this week, and subsequent meetings in Wyoming and Idaho. Regulations will be discussed, making the pure food laws of these states more uniform and bills aimed at securing this uniformity will be prepared, for presentation to the legislatures of the several states.

Chemist Harms and Deputy Heber C. Smith of the pure food bureau, spent some time at the food exhibit of the bureau at the food show Tuesday, and the composition of many of the coloring substances, substitutes and adulterants, used in the preparation of foods, was explained to many visitors at the stand. Deputy Smith will be at the stand most of the time while the exhibit is at the show and the bureau's exhibit will be placed later in Commissioner Hansen's office.

## NEWSBOYS BROUGHT BACK.

Alleged Assaults of Frederick Foulger Will Be Tried.

Frank Smith and Simon Levin, two youthful bond jumpers, charged with assaulting Frederick Foulger on the night of November 2, will have a trial before Judge J. M. Bowman December 6. Smith was arrested and brought back from Ogden after it was discovered the three young men intended getting out of the state, and Levin was captured at Caliente, N. M., yesterday. Mike Shoemaker, who faces a similar charge, has not been caught.

Foulger was able to appear in police court yesterday afternoon, with his jaws in casts and bandages. While able to move about, Foulger's condition is serious, owing to the fact that both jaws are rigidly set, following the operations performed to reduce fractures on both sides of the face. He is compelled to take his food in the form of liquid nourishment through a glass tube.

## Stability!

Waltham Watches are as perfect in material and construction as anything can be—yet a perfect watch may leave the factory and be damaged in transportation.

## WALTHAM WATCHES

A jeweler will recognize and repair any such damage before he sells the watch. The moral is—Never buy a watch from anyone but a regular jeweler.

N. B.—When buying a Waltham Watch always ask your jeweler for one adjusted to temperature and position.

## MERCHANTS BANK TAKES IN SIX NEW DIRECTORS

Articles of Incorporation Amended  
Increasing Board Membership  
From Eleven to Fifteen.

Six new directors have been added to the board of the Merchants Bank of Salt Lake by the election of Lester D. Freed, vice president of the Freed Furniture company; C. N. Strevel of the Strevel-Patterson company and president of the Independent Coal and Coke company; S. W. Morrison, wholesale lumber dealer; James H. Patterson, president of the Strevel-Patterson company, and Joseph E. Caine of the firm of Caine & Hooper and secretary of the Commercial club.

These directors were added following the amendment of the articles of incorporation of the bank increasing the number of directors from seven to fifteen. The other directors are Governor William Spry, W. J. Halloran, president of the Commercial club; John J. Daly, H. C. Edwards, vice president of the Continental Life; C. P. Overfield, manager of the American Sto'er company; A. Fred Wey, proprietor of the Wilson hotel, and H. P. Clark.

Two vacancies yet remain in the board and these will be filled in the near future.

## SWITCHMAN CRUSHED TO DEATH BETWEEN CARS

Charles McGregor, Son of Widow,  
Killed Instantly in Railroad  
Yards.

Caught between two freight cars while in the act of making a coupling, Charles McGregor, a switchman aged 24 years, was instantly killed in the Denver & Rio Grande yards at 11:30 o'clock yesterday morning. McGregor's body was terribly crushed and he was dead when picked up by his fellow employees a few moments after the accident.

McGregor lived with his widowed mother, Mrs. John Port, at No. 46 South Fifth street. He had been in Salt Lake about four years, coming to this city from Pittsburgh. The young man has been employed by the Denver & Rio Grande railroad in the Salt Lake yards ever since coming here, and was highly regarded by his fellow workmen. He was a member of the Brotherhood of Railway Clerks, Brotherhood of Railway Trainmen, Odd Fellows and the Elks.

The body was taken to the E. G. O'Donnell undertaking establishment to be prepared for burial.

## TWO BIG REALTY DEALS

Tuttle Brothers Company Sell State  
Street Property and Ware-  
house Site.

Negotiations for the purchase of business property in State street, near Third South street, were begun yesterday and the Tuttle Brothers Real Estate company received two large checks as first payment on the property, which will be formally transferred for a consideration of \$50,000 or more within the next few weeks.

Details of the transaction will not be available until the deal is completed, and it is probable that at that time the plans for extensive improvements will also be announced. In addition to this deal, Tuttle Brothers yesterday practically completed negotiations for the sale of a large warehouse site just north of the new Denver & Rio Grande-Western Pacific passenger station.

## WIFE LOCKS HIM OUT.

Cop Unsympathetic and Street Car  
Bumps Carlson on Head.

Alfred Carlson of No. 179 O street landed in the L. D. S. hospital at about 8 o'clock yesterday morning after having been locked out of his home by his wife and having fallen from a Third avenue car near First South and Main streets. Carlson was painfully cut about the head, but his injuries are not thought to be serious.

It is stated that the man had been drinking and that he had created a disturbance in the vicinity of his home. Carlson appealed to Patrolman J. A. Conyers earlier in the morning to accompany him to his home, saying that he had been locked out without good reason.

Mrs. Carlson informed the officer that her husband had been drinking for several days and she was afraid to admit him. Mrs. D. K. Peterson, owner of the house in which the Carlsons live, told the same story, and Patrolman Conyers refused to interfere.

## DENIES THAT ELKS ARE WHOLLY CHARITABLE

Claiming that the Salt Lake lodge No. 85, E. P. O. E., is not wholly a charitable institution, John A. Groesbeck, county treasurer, filed an answer to the suit of the Elks yesterday in the district court. The Elks lodge paid the taxes of \$621.59 this year under protest and then started suit. It was the first time an assessment has been levied against the Elks. The answer of Groesbeck is a general denial of the claims of the Elks lodge, particularly with relation to the claim that the property on State street is wholly used for charitable purposes.

## ANGELLS DISAGREE AND WIFE WANTS DIVORCE

Another chapter in the Angell divorce was started yesterday when Mrs. Mary E. Angell filed a reply to her husband's answer in which she repeats her charges against Albert E. Angell that he has been cruel. They were married here on July 16, 1887. The wife wants the household furniture, valued at about \$600 and \$420 alimony, to be paid at the rate of \$35 monthly, and \$75 for her attorney. The husband said she deserted him.

## TRUST COMPANY SUES BRAMWELLS ON NOTE

Walter Bramwell and George W. Bramwell are defendants in a suit filed in the district court yesterday by the Utah Savings and Trust company on a note for \$450, dated October 8, 1908, and due in one year. Only the interest has been paid, it is claimed. The note is secured by stock in the Morgan opera house, fifty shares of stock in the Bramwell Grocery company and stock of the Crystal Springs Trout company. The trust company asks that the security be sold.

## RAILROAD RATES BLAMED

High Price of Flour Attributed to Discriminating Tariff.

Commission men and grain handlers have had a long time for discussion the question of the high cost of wheat and flour, and cost of living in general here, as compared with other centers. High freight rates are blamed and the asso-

ciation proposes to bring the matter before the traffic bureau of the Commercial club to see if another complaint cannot be placed before the interstate commerce commission. It is said that the railroads in the fall give fair rates on wheat for shipment into Colorado and Texas. When the market becomes short, in the spring, the railroads are said to charge a higher price for shipment from Missouri river points to
