

## SAYS SOCIAL PACE SAPS PACE IN CITY

Housewife More a Victim of Conditions Than Smart Set Leader, Is Claim.

### FAIR SEX LACKS VERVE

STATEMENT ABOUT WOMEN OF TODAY AND OF THE PAST.

Novel theories about modern social conditions and the cause for them were advanced yesterday by the Cooper "stomach man," who is making his headquarters at Smith's "Busy Corner" drug store, Main and Second South streets. Cooper is the young man who has aroused such a storm of comment in Salt Lake City by his extraordinary ideas about disease and its causes. He claims that 90 per cent of all ill health is caused by stomach trouble, and nothing else, and has undoubtedly converted thousands of people to his beliefs during the time that he has been here. He said: "Modern social life is a tremendous tax on the vitality of the nation. The woman of that splendid physique of our pioneer days, who was the mother of the west, is fast disappearing from our recollection. The woman of today is an anemic, sickly, always tired and exhausted type. She lacks in life, verve and healthy ambition. The reason for all this is very simple. The call of social duty has imposed on the woman of today responsibilities that take too much of her time and sap her vitality. Now, it is a very common thing to point to the 'society woman' as a dreadful example of what our modern times have led us into, but this is not what I mean at all.

"I claim that the woman of moderate means—the wife of the business man, artisan, clerk or working man—has just as many social responsibilities of the kind that tell on her health as the pampered woman of fashion. The fact that she has household and other domestic duties to perform tends to make her life harder.

"Women come to me every day who are suffering from all kinds of diseases, they think, but in reality they don't know what is the matter. They have headaches, scores of them have nervous prostration, they suffer from gas on the stomach, foul breath, constipation, kidney and liver trouble, anemia and hundreds of other complaints. In nearly every case their stomachs are impoverished as a result of their mode of life. They eat too much, too irregularly, and do not take healthful outdoor exercise as nature demands. The digestive organs are stuffed up, clogged and can't work. The food lies heavy on the stomach, aches, sours, and—it's hard to say, but it's true—it literally rots. Gasca form and poison is pumped into their blood. All kinds of diseases, of course, are bound to follow.

"My medicine is nothing but a stomach remedy, but it will tone up the digestive organs, cause proper assimilation of food, and in nine cases out of ten restore a woman to her normal state of person to the full bloom of health in four to eight weeks. I am ready to meet the people of this city face to face and prove my theories to them. Hundreds here have already said that they have found my ideas worked out successfully for their cure."

Among Cooper's callers yesterday was Matthew Woodcock of Murray, receiving his mail on rural free delivery route No. 4. He said:

"My wife suffered from catarrh of the stomach with all symptoms for ten or twelve years. She had a most stubborn case of constipation, which caused her great agony and wrecked her entire nervous system. I tried many remedies for her without relief until I secured a full course of the Cooper treatment for her. Now she has recovered her health, her constipation has been entirely eradicated, and what I would hardly have believed possible has taken place—she is cured."

## Cure Yourself With 2c Turkish Bath

Remarkable Results of Robinson "Thermal" for Rheumatism, Nervous Breakdown, Kidney Trouble, Skin and Other Diseases.

Does What No Drug on Earth Can Do.

The results produced by a Robinson "Thermal" Bath inside of 30 minutes are almost beyond belief. Physicians everywhere are changing from drugs to thermal baths in the treatment of many diseases.

It has been found, for instance, in the case of rheumatism, that uric acid in the blood can be extracted from the system completely in a few days' time. Eczema can be completely cured within a week.

After one or two thermal baths, nervous wrecks find the change to strength and vigor hard to realize. Similar results are obtained in cases of kidney trouble, neuralgia, pimples, all skin diseases, throat and lung trouble, insomnia, constipation, a lumbago and bad colds. It is now possible for any man or woman to have Robinson Thermal baths at home with hardly any trouble at all, and at a cost of only a few cents. Whatever your disease or ailment, get a Robinson Thermal Bath Cabinet, and you will not only cure yourself quickly, but realize as you never did before, what real vigor and health are.

The Robinson Thermal Bath Cabinets are on exhibition and for sale in Salt Lake City at Smith Drug Co., Z. C. M. I. Drug Co., Schram & Johnson Drug Co. Go and examine them. Ask the dealer also for the book of the century, "The Philosophy of Health and Beauty," price \$2, but given away free for a limited time. If you cannot go and see these wonderful cabinets and your name and address to the Robinson Mfg. Co., Suite 12, Snowflake Bldg., Toledo, Ohio, for full illustrated information, free.

## ASSAULT CASE UP IN POLICE COURT

Newsboy Answers to Charge of Breaking Foulger's Jawbone.

Mike Schumacker, the newsboy, who is charged with being implicated in the assault upon F. J. Foulger near the Portland coffee house on Second South Street, between Main and State streets, November 1, was arraigned before Judge J. M. Bowman in police court yesterday afternoon. Opening at 3 o'clock, the hearing continued before a jury until supper time.

When particulars of the assault had been read at the police headquarters, Schumacker, Frank Smith and Simon Levin were placed under arrest; released, however, upon bonds furnished by the New York Surety company. Smith and Levin have disappeared and yesterday Judge Bowman ordered a forfeiture of their bonds.

F. J. Foulger was first asked to tell his story of the assault. Practically alone, he was accompanied by another who landed on the point of the jaw, and the most beautiful array of large and small stars.

H. Steuback, a newsboy, who has charge of the street circulation for one of the local papers, told that Schumacker had boasted striking the blow that broke Foulger's jawbone. Schumacker sought to furnish evidence that he was not in the neighborhood when the fight took place. Charles McGillis, who is said to have been connected with the newsboy feud in Denver, coming to this city about a year ago, gave his views of those responsible for the assault upon Foulger, evoking laughter which even affected the grave face of Judge Bowman.

With only the evidence presented the case was adjourned at 6 o'clock last night until 9 o'clock this morning, when the attorneys for the defense and prosecution will present their arguments.

## WRONG MEN ARRESTED

Establish Good Character After Being Landed by Officer at Provo.

The arrest of Samuel Duvany and J. W. Bradshaw at the Denver & Rio Grande station in Provo Saturday morning, under charges of the marshal of that city, promises to lead to legal complications in which it is said that the marshal of Provo may be involved in a suit for damages.

Duvany and Bradshaw are members of respectable families and it is said that the charges are unfounded. The effect that the young men were armed with revolvers is false. Detective George Sheen was informed that the young men probably were burglars who had escaped apprehension at Salt Lake City. He immediately made investigations. He discovered that Duvany and Bradshaw were not criminals, but young men of good character.

A watch carried by Bradshaw bore the inscription, "Blanche Hoagland, Dec. 1, 1909." Bradshaw's suspicion. This developed to be Bradshaw's sister-in-law, which she had loaned him as a keepsake.

The "pure food law" is designed by the government to protect the public from injurious ingredients in foods and drugs. It is beneficial to the public and to the conscientious manufacturer. Ely's Cream Balm, a successful remedy for cold in the head and nasal catarrh, meets fully the requirements of the new law, and that fact is shown on every package. It contains none of the injurious drugs required by the law to be mentioned on the label. Price 50 cts.

If you prefer to use an atomizer, ask for Liquid Cream Balm. It has all the good qualities of the solid form of this remedy and will rid you of catarrh or hay fever. No cocaine to breed a dread habit. No mercury to dry out the secretion. Price 75c, with spraying tube. All druggists, or mailed by Ely Bros., 56 Warren street, New York.

## LAUNCHING DATE SET

Battleship Utah to Be Christened Two Days Before Christmas.

In a telegram received by Governor William Spry yesterday, Thursday, December 23, was definitely fixed as the day for the launching of the battleship Utah from the New York Shipbuilding company's yards at Camden, N. J.

A special invitation was also received yesterday by Miss Mary Alice Spry, daughter of the governor, from the president of the shipbuilding company, asking her, on behalf of the company, to attend the ceremonies and act as sponsor for the Utah.

Governor Spry and his official party will leave Salt Lake December 18 or 19 to attend the launching of the new battleship which will bear the name of Utah. The official party of Governor Spry will be made up of his military staff, all of the elective officers of the state, the three supreme justices, the president of the senate and the speaker of the house in the last legislature. In addition to these it is expected that several other Utahans will be on hand when the new ship is released and slips into the water for its christening.

## GET QUICK SETTLEMENT

Judgment by Agreement in Damage Suit Against Local Telephone Company.

Judgment by agreement for \$399.50 was entered by Judge C. W. Morse of the district court yesterday within an hour after the filing of a suit of Harold Cannon, by Angus M. Cannon, Jr., his father, against the Rocky Mountain Bell Telephone company. Cannon, a splice's helper in the employ of the telephone company, was hurt on August 23 last, when ascending a pole in Fifth East street, between Tenth South and Eleventh South streets, when he came into contact with a high power wire of the Utah Light & Railway company.

## COLDS OFTEN LEAD TO SERIOUS TROUBLE

It is a well-known fact that pulmonary tuberculosis is so insidious in its workings that its victims seldom realize their danger until after the disease has taken a strong hold. Incident cases are frequently discovered in apparently insignificant colds.

Colds, if neglected, often lead to serious consequences. To break up a cold quickly there is nothing so effective as the simple mixture of two ounces of Glycerine and a half ounce of Virgin Oil of Pine compound pure with eight ounces of pure whiskey. You can buy these in any good drug store, and easily mix them together in a large bottle. Shake well and take a teaspoonful every four hours. It soothes and heals the irritation in the throat and bronchial organs, relieves hoarseness, and will cure any cough that is curable.

Because of its purity this mixture is far preferable to ordinary patent medicines being from fruit chloform or any other harmful or habit-forming drug. The genuine Virgin Oil of Pine compound pure is a combination of the active principles of pine and eucalyptus prepared in the laboratories of the Leach Chemical Co., of Cincinnati, O., who recommend it highly for any case of throat or bronchial trouble.

## SANTA CLAUS APPEARS

Cardinal Coal, White Trimmings and Chimney Are Reminders for Charitable.

With the reappearance of Santa Claus on downtown street corners, the number of matrons who take little boys and girls shopping was increased yesterday, and the first real peep at Santa this season furnished more than ordinary amusement.

Santa Claus, as he appears in all the traditional regalia, is stationed at various points, in similar disguise, to remind the public that the Christmas season is once more here, and that a free dinner will be given for the poor by the Volunteers of America. Wherefore, Santa Claus, with his cardinal coat and white trimmings, asks donations to make the annual dinner as sumptuous as ever.

Yesterday the small boy found him a curiosity, indeed, and paid his respects to the pseudo-saint in pure boyish fashion. He was attracted not alone by the presence of Santa Claus, but by the inevitable chimney as well. Tradition tells the small boy that what he finds in his stocking Christmas morning is brought down the chimney by Santa Claus. The chimney that accompanied Santa Claus in downtown streets are used for another purpose. They are a receptacle for the contributions for the coming Christmas dinner.

## THIRD WARD AWAKENED

Fight Against Disease to Include Series of Lectures on Sanitation.

Disease is to be combatted in the Third ward by teaching the parents of the ward the best methods of dealing with all its various forms. Starting next Sunday morning, Dr. A. N. Hanson will deliver a series of six addresses on "The Prevention of Disease." These addresses will be given under the auspices of the Third ward parents' class at the Third ward chapel each Sunday morning until the series is completed.

Members of the Third ward parents' class say they have recently noted an alarming increase of illness in their ward and that this seems to be general all over the city. They are convinced that with a better understanding of sanitation, much disease can be prevented.

## MORE SNOW IS DUE SAYS WEATHER MAN

Forecast Contains Discouraging News for Railroads and Telegraph Companies.

The report of the weather forecaster of "snow tonight and Wednesday," taken from observations made at 8 a. m. yesterday, coming as it did just as they had begun to resume operations after having repaired the damage to wires and the railroads had begun to operate on schedule time again. All of the railroads entering Salt Lake reported last night that little trouble had been experienced yesterday, and although nearly all trains had been delayed on Monday, they had been able to overcome the effects of the storm, and were running on schedule yesterday.

The Denver & Rio Grande system was the most seriously affected road, finding it necessary to annul two trains from Colorado Monday. All trains on this road were running on time last night, however, but what will happen to all roads throughout the region included in the storm, if it snows today, is a matter of apprehension on the part of the officials.

According to the weather man, a low pressure area is appearing on the north Pacific coast, which is expected to move inland and cause snow and rain in this vicinity today. A. W. Long, manager of the Western Union Telegraph company, said last night that all local troubles had been repaired, and that the service between here and Denver, Chicago, Omaha and St. Paul, which was slightly damaged and out of working order Monday, had again been resumed. Mr. Long also said severe storms were being experienced in Kansas.

According to the weather map, the precipitation record for the month to date is gradually approaching normal, the record to date being 31 of an inch, and the normal being 1.32. The mercury got down to 19 degrees above zero on Monday night, but to the north of this locality much colder weather than this was felt. At Calgary the thermometer showed 22 degrees below zero Monday, and at Rapid City, N. D., it was 16 degrees below. Following is the temperature record for December to date: Highest last year, 40; lowest last year, 4. Normal for yesterday, 34; highest since 1874, 61 in 1874 and 1909; lowest since 1874, 10 in 1879, and mean for yesterday, 25.

## To Suffer is Folly

When Relief Is at Hand.

The folly of continued suffering might be made the subject of a talk right here that would be full of interest and that would present facts and figures that would make some sufferers ashamed of their own negligence. More than half the suffering in the world today is unnecessary. Many dozens of the so-called incurable cases of female trouble, kidney, stomach and liver trouble, nerve disorders, etc., right here in Salt Lake could easily be cured if Mrs. Pickard were given an opportunity of treating the sufferers with Chiropathic treatment.

Mrs. Pickard has been established in Salt Lake more than a year, and the long list of cured and satisfied patients should be evidence enough of her skill and ability to cure by the aid of this wonderful science. Women in all stages of discouragement, men with stomach trouble and rheumatism have been cured permanently by Mrs. Pickard. Now the proposition is presented to you, be you male or female. Go to Mrs. Pickard and ask for an examination and consultation, both of which are free and do not place you under any obligation whatever. If your case is curable, Mrs. Pickard will tell you so, and there will be no charge whatever. Now that is a perfectly fair proposition. It puts the matter right up to you to decide whether to go on suffering pain and torment or to go to Mrs. Pickard and be cured.

MRS. G. B. H. PICKARD, 217-218 Herald Building. St. Mark's Cathedral Christmas Bazaar. Will open Thursday evening. Turkey dinner served from 5:30 to 8, accompanied by music from Hawaiian Troubadours. Bazaar continued during Friday, with merchants' lunch Friday noon. Fancy table with dolls, domestic table, country store, fortune telling, delicious confectionery and calendars.

F. C. Schramm Sells a Remedy for Catarrh on That Liberal Basis.

Breathe Hyomei over the germ-riden membrane, and it will kill the germs, and cure catarrh. There is no other way—you must get where the germs are before you can destroy them. And when catarrh germs have disappeared, other things will happen; there will be no more hawking, not even in the morning; that offensive breath will disappear; there will be no more obstinate mucus, or coughing, or sneezing, or huskiness of voice, or difficulty in breathing. All these disagreeable accessories of the demon catarrh will disappear, and as they go the glow of health will return, and all the strength and energy that was formerly used in combating the inroads of catarrh, will bring back your vitality and ambition, will make a new, healthy, happy being of you in a few weeks.

F. C. Schramm will sell you a complete Hyomei outfit for \$1.00. This includes a fine inhaler, a bottle of Hyomei (pronounced High-o-mie), and instructions for use. Sold by leading druggists everywhere. Extra bottles 50 cents. And bear in mind, money back if Hyomei doesn't cure.
