Friends of the blind in Utah who are interested in devising ways and means for the education and entertainment of sightless persons will be shown some remarkable evidence of the ability of some of their blind friends at a reception to be given at the Kenyon hotel next Friday. In planning the dress, Miss Hansen selected the colors to harmonize with the hair and eyes of the doll, and the result has been such that many who have inspected the work have been slow to believe that the dainty needlework could have been done by a sightless person. done by a sightless person.
