DEPOSED PRIEST TOO WILL BE ARRAIGNED

Wife Fears He Will Kill Her and Gets Plain Clothes Policemen to Shadow Him.

(Special to The Herald-Republican.) Ogden, May 17.—Confined to his room with violent hemorrhages, James Ambrose Ryan, the unfrocked priest, charged with disturbing the peace of his father-in-law, Patrick Moran, was unable to appear in court this morning when his case was called and the trial was continued until Ryan is able to appear.

Upon learning that her husband was to be released on bail, Mrs. Ryan, formerly Miss Sadie Moran, declared that she was in danger of her life with the deposed priest at liberty and that her husband had been in danger of his life when he left the police station last night. He wandered about the city for several hours, but made no attempt to return to the home of the woman for whom he renounced his vows of celibacy in Denver a year ago.

"Twelve months on the rock pile," is the way Ryan describes the period of penance which he intends to suffer in order to regain his standing in the church. This was Ryan's statement last night.

According to the girl's family, this is the second time the former priest has been involved in matrimonial tangles, but he says now that he realizes the error of his ways and will return to the faith. His attorneys, however, intend to defend him on the charge of peace disturbance entered against his name on the local police blotter and his wife and members of the family will be present to tell their story.

WOUNDED BY HEROINE

Actor Severely Injured When Woman Fires Paper Wad, Which Hits Him Just Above Eye.

(Special to The Herald-Republican.) Ogden, May 17.—Because of a too realistic scene in the stock presentation of the "Spoilers" at the Orpheum theatre last night, Elmer Booth, playing the part of Gilbert Struve, the villainous attorney, is confined to his room today with a nasty wound over his right eye which may cause the loss of that optic. The heavy wad from a blank cartridge, fired at close range by the heroine of the play, struck Booth just over the eye, and he dropped to the stage floor with a real cry of agony and with several shrieks of pain from the wound. The curtain dropped, and Booth was carried to his room and given medical attention. It is thought the eye can be saved.

SUES INSURANCE COMPANY.

(Special to The Herald-Republican.) Ogden, May 17.—The London and Lancashire Insurance company was made defendant today in a suit to recover on a \$1,000 insurance policy held by P. Demichele, keeper of small fruit and candy stand at 151 Twenty-fourth street. The complaint, filed in the district court, alleges that Demichele carried \$600 insurance on his fixtures and \$400 insurance on his stock and that these were destroyed by fire January 4, 1910. The company refused to pay, according to Demichele.

WANTS PAY FOR HORSES.

(Special to The Herald-Republican.) Ogden, May 17.—Charging negligence on the part of the Denver & Rio Grande Railroad company in not properly fencing its right of way, J. M. Brown of Roy brought suit in the district court today to recover \$800 damages for the death of three horses. The horses broke out of a pasture near the railroad and were killed by an east-bound passenger train several months ago.

POISONED BY PRICKING PIMPLE

With a Pin—Inflammation Set In and Itching, Pain and Swelling Followed—Unable to Rest Day or Night—Suffered Six Months—Relieved in a Day and Wholly

CURED BY CUTICURA ON SISTER'S ADVICE

"Several years ago I had a little pimple come between my ankle and knee. I opened it with a pin which caused it to inflame. In a short time my limb was so poisoned and swollen I could scarcely use it. I suffered intense pain, being unable to rest day or night. I tried every remedy recommended, consulted several specialists but grew worse all the time, finding no relief in anything. My sister recommended the Cuticura Remedies. I began using the Cuticura Remedies according to directions and I was so much relieved that I slept some the first night. The itching, burning and swelling in my limb gradually decreased and the sore began to heal. After six months' suffering such as I had endured, the relief was wonderful. I continued the treatment several weeks and a permanent recovery was the result. I shall ever recommend the Cuticura Remedies to any one suffering from blood and skin diseases. Mrs. D. M. May, R. F. D. 5, Goldsboro, N. C., Oct. 25, '09."

PEDDLER MAY SUE CITY

Municipality Grants License and Then Ousts Him From Location in Front of Drug Store.

(Special to The Herald-Republican.) Ogden, May 17.—The question as to whether a licensed peddler has a right to set up his stand on the street in front of a tax-paying business establishment and dispense merchandise in front connection with the inside business may have to be taken to the courts for adjustment. At last night's meeting of the council of the Utahna Drug store, on Twenty-fifth street and Washington avenue, presented a petition protesting against Walter Douglas, a street vendor, carrying on his business in front of the drug store. A wordy war followed, the word pointing out by City Clerk Carl Allison that the peddler had paid his license, while the drug store had not. After considerable discussion, the petition was granted on a close vote, and the matter referred to the chief of police.

Today, Douglas, the ousted peddler, threatened to carry the case into court. He has paid his license, allowing him the right to carry on the business of peddler, but the council has denied him the right to locate on the street in front of the drug store.

(Special to The Herald-Republican.) Ogden, May 17.—With the adoption of a recommendation by Mayor Glasman to purchase a carload of crude oil for sprinkling on the city streets, it is thought that much of the present road troubles will be eliminated. It is planned to put several coatings of the oil on the principal streets so as to saturate the earth for a depth of several inches. By this system it is said the roads not only hardened and preserved from the wear and tear of traffic, but the sprinkling of the oil will be ordered at once.

CLAUDE H. CLIVE TELLS HIS STORY

Claude H. Clive at Last Talks in Own Defense, Asking Bail.

WOMAN CAUSE OF TRAGEDY

SLAIN MAN SAID TO HAVE INSULTED MRS. CLIVE.

(Special to The Herald-Republican.) Provo, May 17.—Application for bail in the case of the State vs. Claude H. Clive, who killed W. O. Wilcox at Mill Fork on the night of May 7, came up before Judge J. E. Booth today in the Fourth district court, J. W. N. Whitcomb appearing for defendant, and District Attorney Harvey Cluff and County Attorney Jacob Evans for the state, resisting the application.

Clive from Salt Lake was a police officer in Salt Lake about five years ago, during Mayor Ezra Thompson's administration, serving for about twenty-six months as patrolman. On the night of May 7 Clive killed W. O. Wilcox in a D. & R. G. work car at Mill Fork in Spanish Fork canyon. Wilcox was foreman of a bridge construction crew in which Clive was one of the workmen. Mrs. Clive was cooking for the crew. Clive is now in jail here, charged with murder in the first degree. The state's attorneys say they have evidence that will show the killing was premeditated murder.

Clive Tells His Story. In his testimony today gave his version of the killing and the causes leading up to it. He testified that he had left the work train at Mill Fork on May 5 to go to Salt Lake to look for another situation. This was because he had seen Mrs. Clive kiss Mrs. Clive and bring her flowers. This had caused Clive to upbraid both Mr. Wilcox and Mrs. Clive, however, had made light of it and told Clive that his affection for Mrs. Clive was only of a fatherly nature. Clive, however, decided to leave, and he wanted Mrs. Clive to go with him; she had objected to this and he secured a hotel room. Clive went to Salt Lake and from there to Bingham, where he secured work. Clive returned to Salt Lake after Mrs. Clive and went to Salt Lake on May 7, on his way to Mill Fork. In Salt Lake he went to the Western Arms company and bought for Wilcox a gun, which Wilcox had previously examined and which he knew Wilcox wanted.

He took the No. 8 D. & R. G. train from Mill Fork on the evening of May 7 and arrived at the 9:35 p. m. He went to the car where Mrs. Clive and Mr. Wilcox slept. At the door of Mrs. Clive's room he saw Mrs. Clive and said: "My God! What are you trying to do? Have you no respect for your family or for me?" Wilcox replied with an expression of love. Clive, on hearing this, loaded the gun he had brought for Wilcox and went into the room. As he did so, he saw Wilcox get out of Mrs. Clive's bed. Clive called to Wilcox: "Stop, Wilcox! Throw up your hands!" Wilcox ran into the middle room of the car, which was used as an office by Wilcox and separated Wilcox's room from Mrs. Clive's room. Clive followed Wilcox and heard Wilcox go toward a gun rack in the office. Then Clive fired two shots toward Wilcox. Wilcox went into his bedroom and Clive followed him. In Wilcox's room Wilcox jumped on to Clive, and the two men struggled and Clive fired a shot. As he fired the last shot from his gun, Wilcox cried out: "My God! You have got me! I am dying!" Clive called to his wife, who came into the room, as did also her brother, Ralph Olson, who lives in an adjoining car. Clive asked some one to send for an officer, which was done, and he remained in the car till the officers arrived.

Woman Corroborates Husband. This ended Clive's story of why he killed Wilcox. It was brought out that Mr. and Mrs. Clive had left the bridge building crew of Wilcox some months before this on account of affectionate demonstrations by Wilcox toward Mrs. Clive. They went to Denver, but Clive did not succeed in getting a job. Mrs. Clive had come into her room and entered her bed, and that she had remonstrated with him.

For the state, County Physician Pyn testified as to the nature of the fatal wounds on Wilcox. Three bullets had entered Wilcox's body. Two lodged in the right breast. One of these passed through the heart and was the bullet that caused death. Another entered in the fleshy part of the right thigh. Deputy Sheriff Alma L. Hales testified to the condition of the car which he visited on May 8. The bedding of Wilcox was introduced, with what appeared to be bullet holes in it, the intention being apparently to show that Wilcox was killed while in his own bed. Mr. Hales also testified that the bed of Mrs. Clive did not appear to have had two people sleeping in it. He was corroborated by Sheriff George T. Judd.

The application for bail was taken under advisement until tomorrow.

Provo Court Notes

(Special to The Herald-Republican.) Provo, May 17.—In the case of Elizabeth Kelly vs. S. P. L. A. & S. L. Railway company, in which plaintiff was awarded \$1,225 for personal injuries, the defendant was given thirty days additional time in which to serve notice of intention to move for a new trial.

In the burglary case of Zeph Pace, the court instructed the jury that the evidence would justify a verdict for no greater offense than petit larceny, and the jurors evidently considered it wouldn't justify that, as they brought in a verdict of acquittal. The case of Spanish Fork City vs. William M. Thomas is being heard in the Fourth district court for the second time, the jury in the first trial failing to agree. Defendant appealed from Justice William B. Frost's court on conviction of using abusive language to Police Officer Coltrin.

A complaint has been filed in Justice Noon's court charging Frank Kelly with obtaining goods worth \$12 under false pretense from the Wood-Clifton Mercantile company on a spurious order purporting to be from Mary F. Henry. The cases of the state vs. L. Harrison and Walter Graham, charged with unlawful fishing, have been set for May 20.

Valuable Laxative Free

Next to food itself there is nothing of greater importance to the human system than to make that food do its duty. By duty is meant to furnish health, strength and rich blood. It is necessary first of all to chew food thoroughly. Next the stomach must be in condition to digest it, and the bowels to churn it ready for removal. And right here so many find their greatest relief. For the stomach and bowels stay in the stomach and bowels, impairing the nerves and blood, giving rise to salivary complexion, headache, sour stomach, bad breath and often serious afflictions like skin diseases. All this is due to impaired digestion and to a refusal of the bowels to do their work. The best way yet found to strengthen the stomach and tone the bowels so that they will do their work is by the use of such a grand laxative tonic as Dr. Caldwell's Syrup Pepsin, now for nearly a quarter of a century the most important household remedy. It is a remedy and sure relief that all the family can use for the cure of constipation, indigestion, liver troubles and all ailments of the stomach, liver and bowels. Thousands of American families use it regularly for these troubles, for it can be given with safety to the smallest child. In the home of Mary Belford, Louisville, Ky., as well as that of John Smith, Moorhead, Miss., they would as soon think of being without the actual necessities as without Dr. Caldwell's Syrup Pepsin. But realizing how skeptical many people are about a laxative, owing to the difficulty of finding one that is genuinely good, Dr. Caldwell will send a free sample of his remedy to anyone desiring it. He will cheerfully do this, so do not hesitate to make the request. The remedy can be bought of any druggist at only fifty cents and one dollar a bottle, the large bottle being for family use. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and we will reply to you in detail. For the free sample simply send your name and address on a postal card or card to Dr. Caldwell, P. O. Box 2033, address is Dr. W. B. Caldwell, R. 513 Caldwell building, Monticello, Ill.
