An evidence of the good work being accomplished by the Religion classes, coupled with proper home training, was manifest in Sunday School last Sunday, when Master Donald Kirkham, age 8 years, was called upon to pronounce the benediction. He came forward like a returned missionary and offered a prayer equal to that of a Chaplain or a Bishop.

Chief Engineer J. C. Wheelon of The Utah Sugar Co. went up to the Bear River Dam yesterday to test the new Steel Collapsible dam just completed. It is one of his own original design and is something entirely new in this line. The dam is designed to prevent the high flood waters from backing up and injuring head gates and overflowing the country above the dam as in the past. A force of hands have been engaged in putting it in for the past 90 days. A detailed description of the dam will appear in this paper in the near future.

Reprint, News-Herald: "There is at least one effectual, safe and reliable Cough Cure—Dr. Shoop's—that we regard as suitable, even for the youngest child. For years, Dr. Shoop bitterly opposed the use of opiates or narcotics in medicine, offering \$10 per drop to any one finding Opium, Chloroform, or any other poisonous or narcotic ingredient in Dr. Shoop's Cough Cure. And the challenge is as yet unanswered. Here is one manufacturing physician, who welcomed with satisfaction, the new Government Pure Food and Drug Law. The public can now protect itself at all times, by insisting on having Dr. Shoop's, when a cough remedy is needed." Sold by all dealers. J 19

MARKET REPORT.

Special to the Garland Globe:—
Kansas City Stock Yards, Dec. 10, 1906.—A good supply of Colorado and other western cattle have been coming for the last two weeks, and the supply has been running more to stockers and feeders than any time before this season, practically no beef steers from the range were included last week, but there were some very good cows and the quality of the stockers and feeders from the West was best of the season and prices the highest. The market has been firm since the middle of last week, with a tendency toward higher prices, and today there is a positive advance of 10 to 15 cents on stockers and feeders, beef grades, both cows and steers are strong to 10 higher. Late last week the season's record prices for feeders was paid, at \$4.35 to \$4.50 for 350 to 950 pound Colorados, while the bulk of the stockers and feeders sold at \$3.75 to \$4.25, a few low grade stockers at \$3.00 to \$3.50. Colorado cows sold at \$3.00 to \$3.50 mainly, with quite a number of sales at \$3.50 to \$3.75, canners \$2.25 to \$2.60. Panhandle cows sold mostly at \$2.35 to \$2.80, the best cows selling at \$2.75 to \$3.15, some New Mexico stockers at \$3.35 to \$4.00, range bulls \$2.25 to \$3.00. Several lots of Christmas cattle are here today, full loads selling at \$6.65 and odd head up to \$7.00.

Sheep and lamb offerings are practically all fair to good fed stuff, very few lots of good to choice stuff included. The market is stronger than a week ago, run 5000 today, market strong. Buyers take the desirable stuff readily at strong prices, without regard to outside influences. There is nothing above medium grade here today, but lambs are quotable at \$6.75 to \$7.50, wethers \$5.00 to \$5.75, ewes \$4.50 to \$5.35. Not much stock or feeding stuff is available, but such as arrives finds ready sale.
