## Taking Lydia E. Pinkham's Vegetable Compound

Sabbatus, Maine.—"You told me to take Lydia E. Pinkham's Vegetable Compound and Liver Pills before child-birth, and we are all surprised to see how much good it did. My physician said 'Without doubt it was the Compound that helped you.' I thank you for your kindness in advising me and give you full permission to use my name in your testimonials."—Mrs. H. W. MITCHELL, Box 3, Sabbatus, Me.

**Another Woman Helped.**  
Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter."—Mrs. CHARLES BARCLAY, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

### A LITTLE TOO PRIMITIVE

Shower Bath Arrangement Something of a Shock to the Participant.

August Belmont, at a dinner in Saratoga, praised the seaside towns of New England.

"But some of them," he added, "are a little too primitive. I remember a story about the primitive town of Rockford. Rockford had a rough bathing establishment, with a shower bath. You stood in your bathhouse and pulled a rope and a deluge of cool water descended from the ceiling.

"Well, a lady visitor stood one day in her bathhouse, ready for the shower. She pulled the rope and braced herself, but no shower followed. She gave the rope another tug, when the gruff voice of the sailor proprietor of the establishment sounded from aloft. "Stand a pint more to nor-east, mum," it said, "if ye want to get the full force."

"And the horrified lady, looking up, saw the old sailor frowning impatiently through a hole in the ceiling and tilting a barrel of sea water for the shower."

### A Good Job.

Jacob H. Schiff, at a dinner on the yacht Ramona, condemned a concern that had gone up.

"Straight business methods are the only ones," he said. "There is a moral in the receiver story.

"A man, you know, said one day to a little boy:

"Well, Tommy, what are you going to be when you grow up?"

"A receiver, sir," Tommy answered promptly. "Ever since pa's been a receiver we've had champagne for dinner and two automobiles."

## FOREIGNERS FORCED TO FLEE

English and American Residents of Honduran City Subjected to Outrages at Hand of Commandant.

Guatemala City, Guatemala.—Foreign residents of Amapala, Honduras, have fled from that city to escape outrage at the hands of the commandant, who has given orders that all Americans and English in the place are to be jailed and their property confiscated. The order of imprisonment was equivalent to execution.

The greater part of the American property has been seized by the commandant. The British consul at Amapala has escaped to San Salvador. Immediately upon his arrival he cabled his government for a cruiser to protect British property. When the Amapala commandant heard of this he declared he would burn the town the moment a British vessel armed with guns appeared on the horizon.

Before their flight, several of the English and American families were subjected to cruelty at the hands of petty officials. The escape of the English consul was effected under a storm of bullets fired by a squad of soldiers, who went to arrest him on a charge of fomenting revolution.

### MANY MINERS ENTOMBED.

Workings Filled With Deadly Gas Following Terrific Explosion, the Men Being Caught in Trap.

Trinidad, Colo.—Fifty-one miners were entombed in the Starkville mine, eight miles from here, the results of an explosion which occurred about 10:30 o'clock Saturday night. The explosion practically destroyed the old slope of the mine, and the new slope is so thoroughly filled with gas and black damp that entrance of rescue parties by this route was impossible. It is feared that none of the men will be rescued alive.

The Starkville mine has not been working a night shift until recently, when the demand for its output became so heavy that the day shift could not meet it. Then a night shift, which usually consisted of about 100 men, was put to work.

While practically all the miners working in the Starkville mine are of foreign birth, many have been in this county for twenty to twenty-five years, and a large portion of them have been working in the Starkville mine ever since it began operations in 1892.

The mine is the property of the Santa Fe railroad, but is operated by the Colorado Fuel & Iron company.

### Steamer on the Rocks.

San Francisco.—Caught in the turn of the tide to ebb and enveloped in a bank of fog that clouded the entrance to the harbor, the British steamer Damara, outbound for England with a cargo of barley, was swept across the channel near the Golden Gate on Saturday and sent hard and fast upon the rocks about 200 yards below Fort Point.

### Will Fight Tariff Board.

Washington.—The tariff commission, which was instructed to gather data which would permit of a scientific revision of the tariff, is going to have a fight for existence when congress meets. An organized effort is to be made to eliminate the board as a factor in the consideration of data bearing on the tariff revision.

### Falls One Hundred Feet.

St. Joseph, Mo.—While making an ascent in a balloon at Easton, Mo., John Richland of Elwood, Kan., fell 100 feet when the rope holding his parachute to the balloon broke. A telephone wire broke his fall but the lower part of his body was completely paralyzed, and he was internally hurt.

### Sheriff and Missionary Locked in Jail.

Santa Ana, Cal.—Taken unawares at the close of religious services in the jail here Sunday, Sheriff Lacey and Miss Christian Kerl, a missionary, were thrown into a cell by prisoners, an alleged murderer and a forger, and held for nearly an hour, while their captors escaped. The fugitives, Rosario Sianz and Alejo Nairas, are being pursued by several posses. Both are armed with rifles taken from the sheriff's office, and a battle is expected before they are recaptured. Sianz is said to have a record of five men killed.

### Cholera in New York Port.

New York.—A case of cholera developed on Sunday in the steerage of the Hamburg-American liner Moltke which has been detained at quarantine as a possible cholera carrier since October 3 last. Dr. A. H. Doty, health officer of the port, reported the case, with the additional information that another cholera patient from the Moltke is under treatment at Swinburne islands. This makes three cases of cholera that have actually reached this port.

## Temporary Heat Quickly

Did you ever stop to think of the many ways in which a perfect oil heater is of value? If you want to sleep with your window open in winter, you can get sufficient heat from an oil heater while you undress at night, and then turn it off. Apply a match

in the morning, when you get out of bed, and you have heat while you dress.

Those who have to eat an early breakfast before the stove is radiating heat can get immediate warmth from an oil heater, and then turn it off.

The girl who practices on the piano in a cold room in the morning can have warmth from an oil heater while she plays, and then turn it off.

The member of the family who has to walk the floor on a cold winter's night with a restless baby can get temporary heat with an oil heater, and then turn it off. The
