THE PEOPLE'S ADVERTISER.

DEVOTED TO THE INTERESTS OF SUMMIT COUNTY.

JOB WORK NEATLY EXECUTED

Vol. XIII.

COALVILLE, SUMMIT COUNTY, UTAH, SEPTEMBER 7, 1905.

No. 35.

## THE SUMMIT COLONY IN FAR NORTH

Raymond, Canada Aug. 23.—The colonists from Summit Co. were made to rejoice on Thursday, August 17th, when the trains arrived from Salt Lake City and Pres. T. G. Allen appeared on the scene.

To say we rejoiced quite mildly, naturally his presence carried us back to the home-stake and made us feel that we were once more near by.

He has rounded up the Summit Colony here and on the whole has from the happiness, peace, health and prosperity attending us, and rejoices in our good future.

We hope that more of our friends will pay us an occasional visit and see for themselves the advantages Canada offers the

time during the dry spell. The grain already thrashed, being Kansas Turkey Red, has averaged 25 bushel and has sold for one to \$30 per bushel, for seed grain.

The best crop is looking fine and will certainly be the remaining feature of our country.

The grain and vegetables exhibited at our district fair, held in Raymond Aug. 17 and 18, could not be surpassed by those grown any where on earth for size and quality.

Gooseberries that were as large in circumference as a twenty-five cent piece. Our spots were first class and up to date. The visitors from the home stake acknowledging that we were ahead with the times.

### BIG TIME HAD BY OLD VETS.

Our old war veterans Gen. Wm. H. Knibbell, Wm. H. Branch and Edward Eldredge have nothing but words of praise for the town of Provo and its people. Every available building was turned over to the Indian veterans and they say they had the time of their lives. Mr. Branch, while at the reunion, was authorized to corral all of the veterans of the Indian war of this and Morgan Counties, when preliminaries are all arranged Commander Westwood and Harris will come to this county and organize three posts with headquarters in this city. Posts are to be established in Kansas, Coalville and Morgan. Mr. Branch was empowered to call on anyone he sees fit to aid him in enrolling and establishing these posts. On account of the lateness of the crops maturing in this and several parts of the state it was suggested that the date of commencement be held later in the season so as to give all a chance to attend. The matter will be taken up later.

selection of the State Board of Education on the selection of their principal he said he brought the best wishes and respect of the institution with which he was connected, and urged the young people to take hold of the new academy and acquire an education that would mean much to them in the years to come—especially so in the competition they would be forced to meet in this day and age; he was also proud of the splendid school system of this state but thought the church schools ought to strive in that it prepares them for a better understanding in the study of geometry, science, mathematics, etc., as by getting the church views in all of these—gives them the true philosophy of all.

Violin solo "Jerusalem" was next rendered by Ralph Booth.

Pres. Taylor said as president of the state and president of the state board of education that he heartily endorsed all that had been said. Was pleased that they had secured the service of such a man as Prof. Jensen. Advised the parents to see to it

that the children get all the schooling they possibly can and prepare themselves for the high school. Was very pleased with the outlook of the academy.

Violin solo Frank Booth

Benefaction by Pres. G. W. Young

### PEACH DAY.

The Peach Day excursion to Brigham City on Sept. 7, seems to be an assured fact. Mr. Norman Lee of Brigham City was here Wednesday arranging with the band to take up the matter and see how many would go. The railroad must have a guarantee and if a sufficient number signify their willingness to go a rate of \$1.75 will obtain from Coalville. A big time will be given the people—concerts with an open to everybody—and lots of them. There will be concerts, dances, ball games, hand concert and a general good time. Don't miss this the opportunity of a life time. A successful excursion this year means another next. The band boys are out working the excursion up and are confident enough will go to have a special train.

### COUNCIL MEETING.

A special meeting of the city council was held last Monday, May 1st in the court.

The special order of business was to consider the proposals on boiler, heater and pumps for the electric light plant. The proposals opened at the last meeting were held open, pending the investigation of machinery by Engineer Kelsey.

Mr. Gates, representing the Mining, Smelting and Supply Co., was here to explain the working and quality of their machinery, as their bid was the lowest.

Letter from Engineer Kelsey was read and after a discussion, the Council, by motion accepted the bid of the Mine Smelter & Supply Co., of Salt Lake City included boiler, Cochran feed water heater, Locomotive engine, feed water pump, total \$21,405.00

A resolution awarding the above contract was drawn up and passed by the council. Specifications of the poles were also received from engineer Kelsey and taken up by the council.

## PEACH DAY!!

—AT—

### Brigham City, Sept. 7th.

Take a day off and go to Brigham City and get your fill of luscious peaches free of charge. If required number can be secured a special train will be run from Park City, leaving Coalville about 7:30 a. m. at a fare of \$1.75 from here, and \$2.25 from Park City.

honest industrious man from Summit.

People in some parts have cried drought and hail storms. We have experienced both but they have been educational in their nature and most of us look at them as blessings in disguise.

Our experiences in the cold climate of Summit Co. have fit and qualified us to battle with the obstacles encountered here and without former training we would not have been so successful now. Thanks to our education in the mountain valleys of Summit. There will be a larger crop harvested this fall than many anticipated for some

Our new fair building was completed in time for the exhibition, being constructed by your former townman, Ed. Allen.

NEW SCHOOL HOUSE.

We raised in two meetings of our late quarterly conference \$18,310.00 toward a Church School to be completed by Jan. 1907, ready for business.

Come and see us in Canada and it will make your hearts rejoice to behold our colony prospering and above all, alive to the responsibility of their calling.

Yours Respectfully  
Geo. H. Burns.

## MIDSUMMER SHOES

The kind you need for this hot weather.

HIGH CUTS

## COALVILLE CO-OP

Get Off Cheap.

He may well think he has got off cheap, who, after having consumed medicine in large quantities, is still unable to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, positive, and certain cure for indigestion, constipation, etc. 25c at Jew. Beider's & Sons drug store, guaranteed.

### SUNDAY NIGHT'S MEETING

The Educational Meeting called for last Sunday night in the Stake Tabernacle was indeed a forerunner of coming events. That the people of this city and vicinity are ready and willing to aid and assist the members of the board is making the Summit Stake Academy a success, was evidenced by the large gathering at the meeting Sunday night.

Meeting was called to order by Bishop Croft.

Choir sang "Ye chosen Twelve."

Opening prayer by Bishop Sargent, of Hoytsville.

Miss Lizzie Robinson of Salt Lake favored the audience with a solo.

Bishop Croft then introduced Prof. C. J. Jensen principal of the Summit Stake Academy. He said in substance: "I look upon the re-opening of the Summit Stake Academy as an auspicious event, one that should be looked forward to with utmost joy and satisfaction by the parents and all interested in education. It means that to make it a success, all must work and pull together. No school can be made a success without the co-operation of all. That the church had given it liberal support and should and will not doubt meet with success. Pres. Taylor, Young and myself visited the building and grounds this afternoon and was pleasantly surprised—the building was more than I expected and the grounds could be made one of the finest campus in the state—but would require a good deal of exertion."

Ralph Booth, of the B. of Provo, rendered the solo entitled "The Valley of Peace and"

Prof. Jensen, of Provo, was the next speaker. After praising the
