Notice to Advertisers—Changes of ads, must be in not later than Wednesday mornings of each week. Change your ads, often, but get them in early.

Howard, the 8-year-old son of G. Y. Bullock underwent an operation Tuesday, having his tonsils and adenoids taken out. He is said to be getting along nicely.

P. H. Nesley's children have been quite seriously ill the past two weeks. Two of his little girls developed a case of pneumonia and the oldest boy a severe attack of tonsillitis. All are restored out of danger.

Alex Wright is still confined to his bed. The doctor pronounces his ailment cyclic rheumatism and lumbago. It is to be hoped that he will be able to get out again soon.

It is said that dancing makes girls' feet large. It is also said that ice cream makes freckles. Doctors are of the opinion that hanging on the front gate produces rheumatism. A few more opinions like these and the girls won't have any fun left them.

The train service recently has been erratic. Two days last week no mail was brought to this city except a few parcels accumulated at Echo over night. The carrying of the mail on the branch doesn't worry the railroad officials half as much as the freight business.

Next week is "Orange week." With each twelve "Bunkie" wrappers, either oranges or lemons, and six 2-cent stamps sent to California Growers' Exchange, 34 Clark street, Chicago, you will receive a "Bunkie" Orange grown here. For sale by Summit Fur and Merc. Co., Summit Meat company, E. Swanson, Jr.

"What constitutes a day's work?" We figure it out that it depends altogether on your occupation. If you lay brick, eight hours; if you keep house, sixteen hours; if you preach the gospel, two hours; if you are a porter in a sleeping car, twenty hours; if you serve the government, one hour; and if you are a newspaper man, twenty-four hours.

The state district school fund, total \$220,231.65 was, last Friday, distributed to the various districts by A. C. Nelson, state superintendent of public instruction. On the basis of 104,876 school population in the state, the per capita distribution was \$205, making by far the largest distribution at the first of the year in the history of the state. Summit county's share was \$5,167.90. Our school population is 2,878.

The happiest man in the land today is the successful farmer. He sits under his own vine and fig tree, undisturbed by the maddening noise of the great city. Banks fail, railroads go into the hands of receivers, housing towns collapse, all business stagnates. But the wise farmer can snap his finger at these things. He is the monarch of all he surveys on his broad acres. And the loyalty of his boys and the purity of his girls is guarded against temptations, and in them he is giving the country its best manhood and womanhood. The farmer is to be envied, and, if he is not contented with his lot, he is lacking in wisdom.

The minstrel show Monday night was a grand success financially, the house being crowded to its utmost. As to the show itself it was pretty good, the solos by Mr. J. M. Thomas, Mr. W. H. Manning and Charles Stone being exceptionally rendered. Tom Thomas and Sam Thomas, Mr. Carnie and the remainder of the show did very good stunts and the whole was good. Mr. Harry Barlow certainly had the boys

doing fine. The play may be repeated at Kansas in the next future.

The Otterbein Male Quartet is the next attraction of the Summit Stake Academy Lecture Course. They will appear at the Stake House next Friday night. Don't fail to hear them. This is what a Florida paper says of them: The Otterbeins were favored after dark tonight. They sang "Po' Little Lamb," and won highest applause by their mimicry of the "Ole Mammy." "Jesus, Lover of My Soul," closed on the bells with a humming accompaniment, with the magnificent quartet, "Sunset," by Van DeWater. Enlisted an evening of unexpressed pleasure and triumph for the boys of the Otterbeins. Mr. they come again, sure of their good wins, for they certainly made good—Evening Independent.

INDIAN WAR RECORDS.

Commissioner is to Begin Work at Farmington Next Week.

The commissioners of Indian war records held sessions at Beaver, Beaver county, on Jan. 6 and 7, when they finished all of the state of Utah south of and including Salt Lake City. The commissioners will visit northern Utah commencing at Farmington on or about Jan. 11. After having visited all the state the commissioners will hold sessions at Salt Lake City, which will be thoroughly advertised in the leading papers of the state and will give all one last chance to appear and make record of service in the Indian wars of Utah. The law requires the applicant to appear before the commissioners with two witnesses who shall testify to the facts and rank.

SCHOOL WORK.

Success Club of the city school elected the following officers for the ensuing semester: President, Mrs. Pettit; vice president, Frank Rees; secretary and treasurer, Opal Farnsworth; program committee, Knud Ruff, Bayard Taylor and Ann Robinson.

The school is now receiving daily reports from the United States Weather Bureau of Salt Lake. The bureau has kindly furnished a neat frame in which to display the reports.

Among the business transacted was a motion to buy works of art to decorate the school building. This is very creditable and should be encouraged in every possible way.

CHARACTER OF MODERN THEATRICAL MANAGEMENT.

Every honest man who questions his own mind is well aware that no person ought to possess control of our theater who are not of unimpeachable character and of competent equipment—as worthy of respect and confidence as are the worshipful leaders of our church, our bench, our bar, and our university—men like Edmund Simpson and Thomas Barry, Edwin Booth and Lawrence Barrett, John E. Owens and John T. Ford. The present has seen some like them. But how many such men can there be found in theatrical management today?—William Winter in the January Pacific Monthly.

TOO MUCH FACE.

You feel as if you had one face too many when you have Neuralgia. Don't you? Save the face; you may need it! but get rid of the Neuralgia by applying Ballard's Know Lintiment. Finest thing in the world for rheumatism, neuralgia, lumbago, cuts, scalds, lame back and all pains. Sold by John Hayden & Son.

One of Two Things.
