Citizens' Mass Meeting.

A meeting of the citizens of Coalville is called to meet at the Opera House, Thursday, Oct. 12, at 8 p.m. for the purpose of nominating a Citizens' Ticket to be voted upon at the coming City Election.

Our principles are: First, Officers who will enforce the Liquor Law and all other Laws; Secondly, a Mayor and City Council who will work for one dollar per year for each man.

All citizens of Coalville who believe in these principles are invited to attend.

W. E. TERRELL,
C. A. WATSON,
RAY T. CARROLL.

NOTICE

All poll tax was delinquent on the second Monday in April. If not paid immediately to the county treasurer, the same will be collected according to law. W. R. SMITH, Road Commissioner.

NOTICE

On and after this date, I will not be responsible for any debts contracted by my wife, Mrs. Elsie Wilson. JOHN B. WILSON, Wardslip, Oct. 8, 1911.

FOR SALE—No. 10 South Premier typewriter at a bargain. Call at Times office.

Rich Coal Seam Found in England. The discovery of a seam of good quality coal, which far exceeds in importance anything that has yet been found in the Kent coal area, was placed on May 17 in a concession being north of Dover, the seam proving to be no less than twelve feet ten inches thick. The seam was struck seventy feet below one nearly five feet thick, and is believed to be second only to the great seam of South Staffordshire.—London Mail

A Utah Woman's Testimony

Laboratory tests which we have made for 25 years proved it. The majority of so-called Dyspepsia Cures on the market are simply Dyspepsia Tablets which digest only Albuminous Foods. When you begin taking Chamber's Dyspepsia Tablets we don't want you to deny yourself a thing. Eat everything your stomach craves. Read the following testimony from a Utah woman.

"I suffered untold agony from acute indigestion. I tried physicians and numerous patent medicines, but none of them did me any good. During one attack a friend recommended your Dyspepsia Tablets. With absolute no confidence in them, I began taking Chamber's Tablets. After using three boxes I was completely cured. That was over a year ago and I have never had a return of the trouble since. I weigh 15 pounds more than I did a year ago and can eat anything. My stomach never troubles me and I want to give full praise to Chamber's Dyspepsia Tablets."

"Chamber's Medicine Co. will be glad to furnish the name of this lady upon application."

When purchasing Chamber's Dyspepsia Tablets do so with the understanding that if you are not benefited the dealer from whom you purchased them will gladly refund your money, its loss nothing. We stand the loss. All we ask is that you be fair with us and we know you will be.

HENEFER NEWS.

HENEFER, Oct. 8.—Heavy rains and some snow prevail here at present and traveling is delayed.

The school number will attend the usual district conference at Salt Lake. Henefer always has a good representation.

Mr. and Mrs. William T. Stephens gave a family wedding supper and dance for all on Tuesday evening, Oct. 3, in honor of the marriage of their son, William G. Stephens, to Miss Myrtle Harris, daughter of the bishop.

Work is progressing nicely on the new school house. Mr. Frank Rippen has a good force of bricklayers at work and every moment between storms the work is rushed.

County Surveyor R. A. Jones has been quite ill during the week.

Lame back is one of the most common forms of muscular rheumatism. A few applications of Chamberlain's Liniment will give relief. For sale by John Hayden & Son.

Compare the Times with any of the other county papers and see if we do not print more county news than the other papers combined. Of course we do. If you are not already a subscriber, this is an invitation to become one. Take the Times and get all the commissioner's proceedings, court proceedings, doings at the court house, Coalville and Summit county news.

FOR SALE—Cheap, first-class piano, folding bed, chairs, sideboard, etc. Call at Times office for particulars.

The eighty-first semi-annual general conference of the Church of Jesus Christ of Latter-day Saints will convene in the tabernacle at Salt Lake City on Friday, October 6, 1911, at 10 o'clock. A general priesthood meeting will be held in Assembly Hall on Saturday, October 7, commencing at 7 o'clock in the evening.

Have you any news, tell the editor and he will serve it in a la mode. In case you do not happen to meet him, use the telephone for the mail. We will be helping to make your town a place of greater interest and thereby serve the general community. What ever news may interest you, but rarely interest many others.

The best plaster. A piece of flannel suspended with Chamberlain's Liniment and bound on over the affected parts is superior to a plaster and costs only one tenth as much. For sale by John Hayden & Son.

TOLEDO, OHIO

The Best Known Newspaper in the United States.

Popular in Every State.

No Weekly Advertising.

The Weekly Blade is distinctly a family newspaper. The one object of its publishers has always been to make it fit for the American home, for the friends, and of interest to every member of the family. To fulfill this purpose it is kept clean and wholesome. The news of the world is told in a comprehensive manner, and the volume departments of the Blade are edited with painstaking care. The household page is a delight to the women and children; current affairs are treated editorially without prejudice; the social stories are selected with the idea of pleasing the greatest number of families; the Quarterly Review is a scrapbook of information; the Pastoral columns are conducted with the purpose of giving the pastor a medium for the exchange of ideas and information on farm topics. No department is neglected, but every feature is taken care of with the idea of making the Blade worth more to the price of subscription—some dollars a year.

Sample copies mailed free. Address: TOLEDO, OHIO.

See Toledo with a good article for readers here and across. It may be that in your school. There is nothing more than Chamberlain's Liniment for aches and pains in all cases. It is guaranteed. For sale by John Hayden & Son.

GOING BACK TO Paganism

Orthodox Priests Claim That in Some Parts of Russia Churches Are Empty.

According to official statistics published by the ministry of the interior, large numbers of the peasantry in the governments of Perm, Ufa and Viatka have fallen into a state of paganism, worshipping the ancient gods, Flor and Lays. There are now 30,000 idolaters in Viatka, 4,000 in Perm and 11,000 in Ufa.

Local officials say that the worship of Flor and Lays had never totally disappeared from these districts, but assumed alarming proportions after the bad harvests of the past three years. The pagan priests who still lingered in remote districts carried on active propaganda among the peasants, telling them that Flor and Lays sent bad harvests as a sign of anger.

The consequence was that many thousands of peasants ceased to attend the churches, took to sacrificing and avoided services in forest groves consecrated to these gods. The police are trying to put a stop to the movement, but without avail, as the large forest shelter the idolaters.

The ministry has sent out Dr. Kuznetsov of the Moscow Archaeological Institute to study the movement. The orthodox priests complain that many of their churches are standing quite empty, while in some cases the peasants force them to hang in their churches the hides of cattle which have been sacrificed to Flor and Lays.

Unfounded Charge.

A leading officer in one of the courts was charged with never going to bed sober. Of course he indignantly denied the soft impeachment, and he gave the particulars of a particular night in proof. We quote his own words: "Pretty soon after I got into bed, my wife said: 'Why, husband, what is the matter with you? You act so strangely.' 'There is nothing the matter with me,' said I, 'nothing at all.' 'I'm sure there is,' she said; 'you don't act natural at all. Shall I get up and get something for you?' 'And she got up, lighted a candle, and came to the bedside to look at me, shading the light with her hand. 'I knew there was something strange about you,' she said. 'Why, you are sober!'"

"Now, this is a fact, and my wife will swear to it. So don't you slander me any more by saying I haven't been to bed sober in six months, 'cause I have."

Such a testimony was considered reliable, and the man now enjoys his new-found reputation.—Boston Herald.

Antelope Increasing in Idaho.

T. P. Palmer, assistant chief of the United States biological survey, has written to State Game Warden Ben Gray asking for estimates as to the amount of antelope and moose in this state. The antelope are on the increase, according to information which has been received at the office of the game warden, particularly in the Mackay district, where they have recently been seen in large numbers. Despite the protection, or, more likely, they are extremely scarce in this state and are to be found only in the few isolated valleys of Idaho which have not been taken up by ranchmen and where they are being protected by the farmers in the hills near by. The antelope are increasing fast in the state under the protection which is afforded, and it is said they have fared extremely well for the last few years with the wolves and other beasts of prey.—Idaho Statesman.

Tariff Tax Paid Monarch.

In the days of James I. Sir Almonst Wright's indictment of washing would have been considered a serious offense. That monarch, although not conspicuously clean himself, was anxious that his subjects should wash themselves frequently, as he received a payment of £20 a ton on all soap produced in England, in return for a monopoly granted to the Westminster Company of Soapmakers. King James did his best to push the business of the company by issuing a royal proclamation as to the virtues of its soap, which was declared to be "good, sweet and serviceable for our people." He forbade the importation of soap, and appointed officers to put down illicit soap boiling. His efforts were rewarded by payments from the company averaging about £150,000 a year.

FIND DEPOSIT OF PERIODOTS

Egyptian Lark Stone Discovered in Large Quantities Near Where Cleopatra's Needle Stood.

A deposit of peridot has recently been discovered in Alexandria within a stone's throw of where the Cleopatra's needle, now in Central park, New York, once stood.

These stones, which are amber in color, for many years have been found in large quantities in Upper Egypt, but never before in this section of the country. The finder has secured a concession to work the ground, and has uncovered several thousand of these stones, at a depth not greater than ten feet. It is believed that the peridot was buried in the foundations of houses of the ancient Egyptians and in tombs as an amulet of luck.

The stones now found are estimated to have been buried for over 1,500 years. Their value is not great the price of the stone of the average weight of three carats being one dollar.

The discoverer of the Alexandria deposit has also secured a concession to work ground on the islands of Bahamah and Kad-Ali near Assah in Red sea territory belonging to Italy. Some peridot has recently been found there and it is believed the deposit is a large one never before mined.—Consular Reports.

Billions are due to a disordered condition of the stomach. Chamberlain's Tablets are essentially a stomach medicine, intended especially to act on that organ; to cleanse it, strengthen it, tone and invigorate it; to regulate the liver and to banish biliousness positively and effectually. NO BOTTOM TO THIS SPRING

Jagged Hole in Center of Florida Pool So Deep No Sounding Finds Bottom.

The great body of water which gave the name to Tarpon Springs, Fla., is classed by all of the old fishermen as bottomless.

The center appears to be a hole curved with jagged rocks. Sometimes the weight has lodged and then dropped on to the extent of the sounding line afterward. Many fishermen say that they know the depth to be in excess of 200, 300 and 500 feet.

Once, when a depth of 200 feet was reached, an obstruction was encountered, then it was dislodged, dropped on further and the line broke.

A very heavy weight has to be used on account of the depth, and when divers are sent down in the strings, as they have been recently, they report the same great jagged hole, which, so far as they can find out, is without bottom.

The spring is supposed to be the principal outlet of that beautiful lake Otter which lies a mile east of the town. Tidewater comes up into the spring and it has acquired the name because it was the playground of the silvered king of fish, the tarpon.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold, as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence, as it contains no harmful drug. Sold by John Hayden & Son.

Pain in Heart

For two years I had pain in my heart, back and left side. Could not draw a deep breath or lie on left side, and any little exertion would cause palpitation. Under advice I took Dr. Miles' Heart Remedy and Nervine. I took about thirteen bottles, am in better health than I ever was, and have gained 14 pounds.

MRS. LILLIE THOMAS, Upper Sandusky, Ohio.

For many years Dr. Miles' Heart Remedy has been very successful in the treatment of heart troubles, because of its tonic effect upon the heart nerves and muscles. Even in severe cases of long standing it has frequently prolonged life for many years after doctors had given up all hope, as proven by thousands of letters we have received from grateful people.

Dr. Miles' Heart Remedy is sold by all druggists. If the heart fails to improve, your druggist will return your money.
