HE FACED DEATH A DAY AND NIGHT

Miner Caught in Cave of Butte Mine and Entombed One Thousand Feet Deep.

Sleeps to Preserve His Strength While in Imminent Danger and Emerges From His Narrow Prison With a Smile on His Face.

Butte, Mont.—After facing death for twenty-four hours, Con Sullivan, a Utah miner, was rescued on Monday by a force of about fifty miners, who for the past day had been working in gangs of three and four with feverish haste.

Sullivan was on his first shift, having come here from Eureka, Utah, to bury his brother, who was killed by a mine cave-in about three weeks ago. He was working on the 100-foot level of a section of the Mountain Consolidated mine when a cave of many tons of rock, covering a distance of over thirty feet, entombed him, narrowly escaping crushing him to death.

Rocks kept dropping, but by crouching close to the end of the drift he was able to keep out of their way. He had barely enough room to stretch himself out and with rare presence of mind, though death hovered over him, through many hours of his imprisonment he slept, believing he could thus preserve his strength, as the air was rapidly growing bad, and he feared suffocation.

By tapping on the walls Sullivan was able to communicate to his fellow-miners that he was still alive. When the rescuers reached him the man emerged from his narrow prison with a smile on his countenance and, unassisted, climbed the ladder to the top.

MURDERED FOR MONEY, BODIES THEN BURNED.

Saloonkeeper and Wife of Kerrystown, Wash., Suffer Horrible Death.

Seattle.—Murdered for their money and cremated in the building where they lived, to hide the evidence of the crime, was the fate of Phillip H. Ross and his wife, a young couple who had been living near Kerrystown, a small town on the Northern Pacific railway, near Kanasket, in this county, on Sunday night.

Abducted by Bold Bandit.

Oakland.—Her hands tightly bound together with a rope, Mrs. Lena Moniz, a pretty young woman, was compelled early Monday morning by an unknown ruffian to accompany him ten blocks. Arriving at Eighteenth and Grove streets, her desperate struggles and her cries for help frightened him and he ran away in the darkness, taking with him her purse, containing \$3 and leaving her prostrated on the sidewalk. There is no clue to the identity of the man.

TWENTY GO DOWN IN STORM.

Only Two of Steamer's Crew Saved From a Watery Grave.
Fernandia, Fla.—Twenty men, constituting all but two of the officers and crew of the American steamship Peconic, Captain Jones, bound from Philadelphia to New Orleans with coal, were drowned by the sinking of that vessel off the coast of Florida Monday.

VETERAN MINER LOST IN NEVADA'S DEATH VALLEY

It is Feared That Aged Prospector Has Met With Horrible Death in Desert Which Has Claimed So Many Victims.

Bullfrog, Nev.—Judge L. Bethune, brother of Harry Bethune of Butte, Mont., a well known mining expert and promoter, is supposed to be dead in Death valley. Mr. Bethune, who was well advanced in years, while here a month ago declared his intention of going to Randsburg, by way of Death valley. James C. Weller, father of Earl C. Weller of Telluride, Colo., who was searching for the body of his son, claims to have found a black mule straying around a water hole about a half mile north of Surveyors' Wells. A pack outfit which gave evidence of having fallen off the animal, was lying a short distance away, and a bible and some letters marked with Bethune's name were found among the effects. No trace of Bethune's presence were discernible and it is feared that the aged man is dead. The animal is supposed to have headed for water after its owner lost control of it.

ASLEEP FOUR MONTHS.

Remarkable Case of an Eight-Year-Old Boy in New York.

New York.—Medical scientists throughout the country have had their attention directed to a remarkable case of catalepsy in Yonkers, where Charles Canepi, 8 years old, have been in an unbroken trance-like sleep for more than four months, and it is probable a consultation of specialists in nervous diseases from this city will be called to investigate the case. On April 6 last, while whirling around a lamp post, he became dizzy, fell to the ground and struck on the back of his head. Two days later he complained of pains in the head, and within a few minutes lapsed into a state of unconsciousness, from which he has not awakened.

Fate Was Against Them.

Paris.—The attempted suicide of a poor dressmaker, who threw herself into the Seine, has led to a curious sequel. A workman who jumped into the water to save her was suddenly afflicted with cramp and both were on the point of drowning when they were arrested by a policeman in a boat. The exhausted couple were placed in a cab, and were being driven to a hospital when the cab was run into by a tram car, and the legs of the two occupants were so badly crushed that neither the man nor the woman is expected to live.

Steam Kills Two.

Danville, Ill.—Two men are dead and three more in a dying condition as a result of the bursting of a sixteen-inch steam pipe in the Danville electric light plant Monday afternoon. John Richards, Georgetown, and William Thornton, Danville, died Monday night. The other injured are Ed Caldwell, Georgetown, A. A. Tuttle and Samuel Niccum, Danville. The men were stokers and cinder-pit workers and were repairing the pipe when the nipple blew off. All the men were married.

Fool Killer is Needed Here.

Berkely, Ill.—Blindness is threatening beautiful Rose Terry because of the prank of a nine-year-old boy, Rudolph Windham. Last Wednesday was Miss Terry's birthday. In the afternoon she was watering the lawn and playfully turned the hose toward Windham. He carried an air-gun, incensed and aiming the gun at her, he said: "I'll give you something for your birthday that you will remember," and fired, the shot taking effect in the left eye.

Mountain Climbers Meet Death.

Innsbruck, Austrian Tyrol.—No less than five Alpine fatalities were recorded Monday. Two tourists from Meran while hunting for edelweiss were killed on the Peuegal, in the Zillertal Alps. While climbing the Hofrats group, a Bavarian lawyer fell and was killed. Four students from Dresden, who were ascending the Hohergoell fell down a precipice. One was killed and the others were fatally injured. Another youth of sixteen was killed on Mount Mythenstock.

Wanted to be Real Dead.

London.—The will of John Nash Peake of Bellevue, Congleton, a justice of the peace for Staffordshire, contains the following curious passage: "And lastly, I make it a strict and solemn charge to my executors that before my body is placed in my coffin they shall engage my own family doctor or some other medical man, at a fee of ten guineas, to perform on my body the operation, to thoroughly and completely sever the main arteries of the head, so as to render my revival in the grave absolutely impossible."

MEN, WOMEN AND CHILDREN DYING

Horrifying Reports Continue to Come From Famine Stricken Districts of Spain.

In Many Localities the Suffering is Intense, Many of the Working Class Attempting to Sustain Life by Eating Roots.

Seville, Spain.—Heart-rending reports continue to reach the provincial authorities from the outlying famine-stricken districts. The latest reports received are from Osuna and Almonjara, the respective mayors of which notify the authorities that their resources are exhausted and that they are unable to further assist the famished laborers and the women and children, as the distress is too acute.

At Acija the population has looted the bakers' stores. The mortality among infants and aged persons is attaining terrifying proportions, and in many localities the working people are living on roots. The government has organized public works on a small scale, employing about 600 men, but this is a mere drop in the bucket of misery, as a moderate calculation shows that 200,000 are out of employment.

Cardinal Sancha, having exhausted the available charitable funds, is going from house to house in Seville, begging for contributions, while the employes of several banks and commercial houses have decided to devote a portion of their wages toward the relief of the destitute.

Count Romanones, minister of agriculture, has just concluded an exhaustive personal inquiry in the distressed districts, following on the relief fund of \$800,000 voted by the government. His report creates the impression that heroic measures for relief are essential. The count journeyed from end to end of Andalusia, and everywhere in the four provinces comprised therein he was confronted with pictures of desolation.

RUSSIA'S ULTIMATUM.

Will Never Make a Financial Contribution to Japan.

St. Petersburg.—The curtain has been rung down on the St. Petersburg stage, but the center of interest in the peace negotiations between Russia and Japan has been transferred to Portsmouth. Emperor Nicholas, after carefully weighing the consequences of his act, has said his last word. Russia will make no financial contribution to Japan in any form whatsoever, and unless Japan accedes to President Roosevelt's efforts to effect a compromise between Russia and Japan, his efforts will have proved unavailing.

Mr. Meyer, the American ambassador, has informed President Roosevelt of Russia's ultimatum. She agrees to cede half of the island of Sakhalin and to pay Japan for the maintenance of prisoners of war, but nothing more. Russia declares that she has met Japan more than half way and has proved to the world the sincerity of her desire for peace, but that she had rather fight than pay an indemnity. On this point Russia has not changed her opinion one hair's-breadth.

Smoker Caused Tragedy.

Erie, Pa.—Captain Patrick MacMahon of the yacht Mystic, was burned to death and eighteen persons were almost suffocated in a fire in the Charos Heck black. The monetary loss was not heavy. When the firemen arrived they found eighteen occupants asleep, and almost dead from suffocation. With difficulty they were finally gotten out of danger. The fire started in MacMahon's room and probably was caused by his having thrown a lighted cigar on the floor.

Family Swept Away by Flood.

Charleston, W. Va.—The vicinity of Big Otter creek in Clay county, was visited by a cloudburst Sunday, in which five lives were lost and much damage was done to property. The home of John Pickering was surrounded by water before the occupants were aware of their danger. The family, consisting of father, mother and four children, the eldest a daughter 17 years of age, were swept away by the flood, the mother being the only one saved, she having clung to some floating debris.
