Alleging that her husband had threatened her life, Mrs. Millie Jones, wife of Abe Jones, a machinist 40 years of age, swore out a warrant for the man's arrest Tuesday afternoon in Justice of the Peace Smith's court. Jones was found in a Commercial street saloon and taken to the county jail by Deputy Sheriff Joe Sharp.—S. L. Herald.

Our Schools.

County Supt. Eggertson visited the graduating class on Thursday last. He gave the students examinations in Spelling and Arithmetic. Dr. Byron W. King accompanied the Superintendent to the Central school during the afternoon of the same day. He delighted the children with selections and imitations, and they came in contact with his great mind—a fact that is an inspiration to anyone.

Recently the Juvenile Court officers came to the schools of this city and talked to the children. They gave much good counsel and advice, and told the children what they must do with regard to truancy, swearing, lying and the using of tobacco in any form. In all, the company of officers consisted of Judge Noon, Officer Roper, Marshal Dart, Justice Dahle and Chairman Larsen of the school board.

Supervisor Ed. M. Rowe gave a lecture before the Sabbath school workers of the Nebo stake, in the tabernacle at Payson on Sunday last. His subject was "The Library of the Sabbath School Workers."

NOTES.

It is a pleasing fact that Miss Minnie Berry recently received word from the State Board to the effect that she had been granted a life grammar grade diploma. This lady is now the highest certificated lady teacher in the Spanish Fork school district.

Mrs. Shepard, the lady who lectured on temperance the other evening in the city pavilion, paid the public schools of our city a visit on the day before her lecture. She congratulated the teachers on their work and said she had taught school in Salt Lake City and the east for years but had never seen better discipline in any schools than in ours. In her lecture she said that the schools of our city are in a splendid condition.

Ed. M. Rowe and L. W. Nielsen will attend summer school this summer at the University of Utah or the University of California. Other teachers have expressed their intention of going away to school this summer.

During this week and next examinations in all the grades will be conducted by Principal Rowe. These examinations are final as schools will close on Friday, May 1st. All children must be in school until the last bell is rung. Promotion means much to every pupil. In order to complete the High School Mr. Nielsen has begun his work at 8:30 in the morning.

The school meeting the other evening proved a sad disappointment to teachers and pupils. They expected to see erected this year to the honor to the tax-payers and trustees, a splendid school building. The disappointment is great for the reason that the overcrowded condition of our schools has occasioned the pupils no little inconvenience. Anyone who knows the least about schools, knows that our rooms have been overcrowded this year. This cannot be gainsaid, though some who have never visited the schools speak to the contrary.

There is not a school district in the county so poorly equipped with school buildings as Spanish Fork. Springfield at the present time has four splendid brick buildings and notices are out announcing an election to decide whether or not the people will erect a four year high school building the ensuing year. Look at Lehi's splendid structures. Notice the Petetneet at Payson as it looks complacently upon the city. Mark the pressed brick structure at Salem, erected at a cost of \$20,000. Why then stand we idle? Our children clamour for room; our teachers reiterate their murmurings and they do not do so to deceive.

It is not a wise idea to scatter our children over town in isolated buildings and rooms. Already we have had to do this and we notice its ill effects. Children in isolated rooms cannot receive the full general discipline that children assembled in well equipped modern buildings can receive. The very fact of central school houses being erected as they are corroborates this statement.

Now from various sources comes the cry "Let us reconsider." Does it not appear that we have been too hasty. That school proposition was voted against before it was fully understood. The trustees were not given an opportunity to fully lay their plans before the people, the persons who let location come before school building prevented. What did the people learn about obtaining the money with which to build? The trustees had data to present but it was not listened to. Why put a damper upon education?

"O, woe to those who trample on the mind! They know not what they do or what they deal with!" Let us reconsider.

Good For the Macabees!

The writer of this was shown a communication which had been sent to Mr. E. H. Johnson, the recording secretary of Tent No. 4 of the Macabees of this city. The citizens of Spanish Fork well remember the decease of Joaz Anderson who died at the Holy Cross hospital on March 28 and was buried in the Spanish Fork cemetery, March 30, in accordance with the rites and ceremonies of that order.

Mr. Anderson carried a life insurance policy for \$1000. The communication referred to above was in part as follows: E. H. Johnson, R. K., Spanish Fork, Utah.

Sir Knight:— We herewith enclose life benefit warrant No. 21280 for \$1000 drawn in favor of Bjornlang Anderson, beneficiary of Boaz Anderson of Tent No. 4, State of Utah.

As soon as Mr. Anderson was buried the chief tent of the Macabees was notified and on April 14 the check was drawn and duly forwarded to his widow without any bother, and she has had it a number of days at this writing. G. H.

A sick person's life depends on two men—The doctor and the druggist. When sickness comes you send for a physician—the very best you can find. He writes a prescription. Your recovery depends on that—and something else. That something else is the druggist. A good druggist uses good, pure fresh drugs. He is an experienced man who makes no mistakes. He fills prescriptions just like the doctor wants them filled. No druggists are more careful or competent than we are. If you bring the prescriptions to be filled, we will give them the most careful attention. We will fill them right. Our prices are moderate. The best service cost no more at the World Drug Co. than the next best elsewhere.

Very respectfully,
A. F. Bungegr Mgr. World Drug Co. M

J. S. Gay and D. F. Bowes were arrested and locked up in the city jail on Wednesday for canvassing without a license. These young men represent a Chicago picture house and intend to test the case in court, and have secured the services of Provo legal lights to handle their case, E. E. Corfman being over today looking into the matter. The matter was fixed up this afternoon and the men were allowed to proceed taking orders.

Mrs. E. E. Shepard, who delivered a temperance lecture at the city pavilion last Friday night organized a branch of the W. C. T. U. in this city. The names of the officers follow: President Mrs. Lydia Stahmann; vice president in the First ward Mrs. Grace Matley, in the Second ward, Mrs. Lizzie Tuttle; Third ward, Mrs. Annie Beck; Fourth ward Mrs. Maggie Swensen; Secretary, Mrs. Clara Robertson; Mrs. Mamie Markham has charge of all debates, contests, etc. for prizes.

Whereas, The Great and Supreme Ruler of the Universe has in His infinite wisdom removed from among us one of our worthy and esteemed Sir Knights, Boaz Anderson; and

Whereas, The long and intimate relation held with him in the faithful discharge of his duties in this order makes it eminently fitting that we record our appreciation of him. Therefore be it

Resolved, That the wisdom and ability which he has exercised in the aid of the organization by service, contributions and counsel, will be held in grateful remembrance.

Resolved, That the sudden removal of such a life from our midst leaves a vacancy and a shadow that will be deeply realized by all the members of Spanish Fork Tent No. 4.

Resolved, That with deep sympathy with the bereaved wife and children of the deceased we express our hope that even so great a loss to us, all may be over-ruled for good by Him who doeth all things well.

Resolved, That a copy of these resolutions be spread upon the records of this order, a copy printed in The Spanish Fork Press, and a copy be presented to the bereaved family.

You cannot make the common people of Spanish Fork believe that it pays "BETTER" to trade with drug store up at Bingham Junction than—well, I was just about to say something else, but will close by saying: "IT PAYS TO TRADE WITH THE WORLD DRUG COMPANY." This latter is the original unadulterated phrase instituted by the World Drug Company twenty-four months ago. Once in a while some fellow comes along and tries to imitate the original article. Folks of this sort are sometimes called substitutes. Ask the doctor.
