Milner's Insurance Paid.

On the 10th of the present month young John B. Milner had W. C. Jensen, representative of the Beneficial Life Insurance Co. of Salt Lake, write him up for \$1000, having first been examined by Dr. Hagan, and pronounced sound and healthy.

On the 13th inst. he took sick, a physician was called who, after diagnosing case, decided that he was suffering with pneumonia.

On the 17th inst. young Milner died, as announced in last week's Press, and was buried Thursday of last week.

Tuesday evening of this week, Lorenzo N. Stohl, general manager of the Beneficial Life Insurance Co. came down from Salt Lake to consult with Dr. Hagan, and to see Mr. and Mrs. Frank Milner, and on Wednesday Nov. 25th, they received \$1000, the insurance contracted for.

Since Milner's death there has been much guessing as to whether the insurance would ever be paid, knowing that his application had not yet been acted upon by the examining board at Salt Lake. But greatly to the credit of the Beneficial Life, the insurance was paid very promptly. It was certainly a peculiar case, the like of which we'll probably never hear again.

The Tribune Leads.

The Salt Lake Tribune is the acknowledged leader in the newspaper field in the interior West. As a newspaper, and in standing and popularity, it has no equal between Denver and the Pacific coast. It gives all the news all the time, in clean readable type, and without fear or favor.

To keep in close touch with the progress of the West, and at the same time fully informed as to the news of the country and the world, you will find it important that you read the Tribune. The price of the daily, including Sunday, is \$1 per month, of the Sunday only, \$2 per year and the semi-weekly, \$1.50 per year.

Sample copies free. Address THE TRIBUNE, Salt Lake City, Utah.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots and while potent to cure are perfectly harmless even to the most delicate woman and children. Not a drop of alcohol enters into their composition. A much better reason is used both for recommending and prescribing them. The principles used in them, viz., pure vegetable glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, grating feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal Passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

Honors for a Home Boy.

The Journal of the American Medical Association of Nov. 14, reports the Utah State Medical examination held July 6 and 7, in which it gives Dr. E. G. Hughes the highest percent. Some of the doctors who took the examination were prize winners at their respective colleges; for instance, the graduate from the College of Physicians and Surgeons, Baltimore, took first prize there this year; the 1908 graduate from the Jefferson Medical College, Philadelphia, got honorable mention in a number of subjects there. The Medico-Chi man shared prize honors also. Dr. Hughes is the 1907 graduate of the Jefferson Medical College. G. A. H.

Accident at Idaho Gem Mine.

Accident B. F. Woodward of the Idaho Gem Mine, while loading buckets at the bottom of the shaft last Wednesday, the 18th, he was struck on the head with the bucket and knocked insensible. His head was quite badly cut but on closer examination it was found to be only a scalp wound. The accident was caused by Mr. Woodward's son, Sanford, who was running the whim, missing the mark on the cable and letting the bucket down too far.

We have been informed that it would take money to put in cement sidewalks and electric lights. Well, strange, isn't it? Who in the Sam Hill would expect these improvements for nothing? Just show us a fellow who wants improvements for nothing and we'll show you a fellow with enough moss on his back to fill a bed tick large enough for four to sleep on.

Earl Snell, the son of Mr. and Mrs. Francis M. Snell of this city, who was operated on at the L. D. S. Hospital at Salt Lake some time ago, was feeling first-rate last Sunday, but in getting out too soon, was taken ill Monday with typhoid fever, and is now under physician's care at the hospital. It was found necessary to re-open the wound of the operation. Mr. and Mrs. Snell left Monday for the city to be with the boy.

You Procrastinator

Put it off -- dilly-dally -- fool around,
Wonder if you'll get a full-weight pound.
Hang around the stores in town,
Go a-shopping up and down.
Squeeze that dollar in your hand,
Jew the dealer to beat the band,
Then go home and go to bed,
Toss and fume and scratch your head.
Go along from day to day,
Grouchy, doubtful, same old way.
You will never make a mark
While you're groping in the dark.
And while you procrastinate
John and Jim are up to date.
They have bought GOODFELLOW clothes,
Dressed in style from neck to toes.
