This country produced 303,830 tons of copper during 1902.

James H. Hess bishop of Fielding was in Logan on Monday.

Andrew Robson in Richard Carvel at the Thatcher Opera House Wednesday night.

A big line of sample shoes for men at 25 per cent. off, at Dunbar, Robinson & Co.'s

Jos. Kimball came up from Salt Lake yesterday and will spend a few days with friends in Cache.

James Olsen of Brigham City formerly of College is over visiting his sons and relatives in this county.

The Pacific Cable has reached Honolulu and that city is now in communication with the outside world.

Lost:—Red cow, U R (combined) White faced calf by side. Reward for information. Bell Bros. 20-14

Henry Griffith and wife of Benson were the recipients of a fine equipped range given by their children on New Year's day.

Herman Johnson, the well known restaurant man, has started a lunch wagon, at the present time standing by the Z. C. M. I. corner. Mr. Johnson is doing a good business. No comment is needed upon his ability as a caterer.

In observation of the week of prayer there will be services at the Presbyterian church every night this week except Saturday night. Whether or not the meetings will be continued next week depends upon the interest manifested.

Ira K. Hillman of Swan Lake, Idaho, was in Logan on Monday. Mr. Hillman is feeding 1000 head of cattle, which are doing well, the weather having been very favorable for stock feeding. Mr. Hillman reports the health of the people generally good in Swan Lake, but there are two cases of small pox in Oxford.

A niece of James Mack came down from the Teton Basin to spend the holidays with relatives in Smithfield. A day or two after her arrival she was taken down with appendicitis. Mr. Mack took her to the hospital at Salt Lake to be operated upon, but we understand that it is now thought that she will recover without going under an operation.

A petition is now before the board of county commissioners of Weber county asking for a franchise to build an electric road through the Ogden canon to Huntsville and Eden. We hope this franchise will be granted and the road be built. It is our opinion that when another road is built into this valley it will be by the way of the Ogden canon.

A Benson ward boy caught a Blue Heron the other day and tied a Deseret News to its tail and started it for San Francisco, at a two mile a minute rate, to announce the coming of the Salt Lake Choir. When last seen the Heron was straining every nerve to get there on time and the Deseret News was getting a move on it that would have done any one good to see.

George A. Lowe died at his home in Salt Lake Sunday morning of heart failure. Mr. Lowe is well known in Logan where he has had a business house most of the time for over thirty years. He was always regarded as an upright honest man and was beloved by all who came in close relation with him. The sympathy of the community and entire state will go out to the family in the loss they have sustained.

The funeral of Mrs. Mary Fry Naef was held at Providence Sunday. The speakers were Theurer, Orson Smith, John Theurer, P. W. Maughan, Lorenzo E. Tibbitts, and Godfrey Fuhri-man. The deceased was an old resident of Providence and esteemed by every one who knew her. She leaves a husband, five sons and four daughters to mourn her loss. Mrs. P. W. Maughan of this city is one of the daughters.

There was a genuine old time house warming at Andrew Munk's in Benson last Saturday. About sixty people were present, most of them relatives of the family. The evening was spent in singing, feasting, reciting and playing games. Everyone present had a most enjoyable time. The Munks have one of the finest and best furnished residences in the county for which they are to be congratulated.

Bishop John Larsen is down from

Cove.
Best goods for least money at Dunbar, Robinson & Co.'s

W. H. Homer of Oxford is spending a few days in Logan visiting his children who are here attending school.

We are sorry to state that Mrs. Henry Porter in the Sixth ward of this city is seriously ill with typhoid fever.

J. W. Crawford spent all of last week in Salt Lake as a jurymen in Judge Marshall's court. He expects to be retained in the Government service for another week or ten days. He has our sympathy.

Bishop Nebeker of Laketown came from Bear Lake on Saturday last through Blacksmith's Fork Canyon with sleds. The Bishop states there is no trouble in going through the mountains.

Elias Nielsen has gone east to purchase machinery for the new Knitting factory. Mr. Nielsen expects to be gone two or three weeks. It is expected that the factory will be in shape to do business in about three months.

George Squires is figuring on leaving Logan and commencing business for himself at Lewiston. Lewiston is a growing town and we believe George could not have made choice of a better location in the county. We are sorry to have him leave us but hope he will meet with every possible success in his new field.

E. L. Taylor left yesterday to fill a mission in the northern States. The people of Benson gave him a royal reception on New Year's day at which almost every member of the ward was present. Dancing and feasting were indulged in by all to their hearts content. A purse of \$28.00 was presented to Mr. Taylor on his departure.

President W. C. Lewis of the Benson Stake was in town Saturday. He reports work on the tabernacle at Smithfield drawing close to the finishing point. Other improvements in the shape of tithing offices, relief society halls, etc., are being made. Mr. Lewis is to be commended for the energy he is manifesting in his new office.

Richard Carvel will be presented at the Thatcher Opera House Wednesday night by Andrew Robson and his company. The play is the dramatization of Winston Churchill's famous novel of that name, and has met with marked success through the east and south. Mr. Robson will doubtless be greeted by a crowded house here Wednesday evening.

The variegated cloud that overspread the sky Monday evening caused a good deal of comment. All along the entire western horizon the clouds were of brilliant hues, which seemed to illuminate the entire heavens, reflecting their golden light upon the snow capped peaks of the eastern mountains. A great many expressed the opinion that it presages a heavy wind storm. Whether this is correct or not it was certainly a very beautiful sight.

The friendly suit brought by Sam Riter to settle the question of the legal rights of the city to issue bonds in excess of \$28,000, for the purpose of installing an electric light plant should have been heard by the Supreme Court today but was postponed for a month to allow Judge McCarty time to look into the case. It is now confidently hoped by those interested that a favorable decision will be made by Feb. 1st.

Mr. John C. Brechley and Miss Cassie Hall of Wellsville were married in the temple today. The groom is a son of Richard Brechley and is one of Wellsville's most popular young men. He recently returned from a mission to the northern states where he labored faithfully for over two years. The bride is a daughter of Mr. Hyrum Hall and is a most estimable young lady. The young people are beginning life under the most promising conditions and we join their many friends in offering our congratulations and wishing them every success in their voyage through life.

"Richard Carvel" has achieved a degree of success as high as that accorded to any other literary dramatic composition of our time. While other dramatizations of popular novels have been received with approval, few, if any, have been so successful in retaining the beauty of the literary work in the dramatic production. Some have made the author's ideas subordinate to the scenic artist's effects; others have entirely obliterated the beauty of the intellectual work to permit of the introduction of a sensation; while still others have absolutely thwarted the author's purpose in order to comply with the mannerisms or individuality of the actor or actress who essays the stellar role. But in "Richard Carvel" the literary atmosphere, the living reality and distinct personality that Winston Churchill gave his theme and each of his characters are faithfully reproduced and presented in the dramatization. This successful play will be presented in a sumptuous manner by the capital actor, Andrew Robson, supported by a splendid company, at the Thatcher Opera House Wednesday night.

Bargains.
Jasper Lemon of Mendon was in town yesterday.

John W. Reese and John Mathews were callers at our office on Monday.

Thomas Lowe of Franklin, State Sheep inspector for Idaho, is visiting friends in Logan.

The easiest fitting, most comfortable shoe for ladies is the "Julia Marlowe, Dunbar, Robinson & Co.'s

The wife of John Hansen of the West Field, gave birth to a fine baby boy, Sunday morning. All doing well.

Tom Muir came over from Mendon yesterday to see the new commissioners installed. Tom is of the opinion that the Larson case should be carried to the Supreme court.

All of the old students and a good many new ones are with us again. We are glad to see them and hope they have had an enjoyable time during the holidays. We wish them a Happy New Year.

A petition is about ready to present to Postoffice department asking that the mail route be changed in Benson so as to distribute the mail down at the west side of the ward. The health of the people is generally good.

B. F. Fleming, assistant instructor in engineering in the University of Wyoming, returned to his work there last Saturday, after a ten days' visit with his parents, Mr. and Mrs. A. M. Fleming, and other Logan friends.

J. E. Fletcher son of Mark Fletcher of this city was wedded to Miss Myrtle Miller of Pocatello on New Year's day. The young couple are here in Logan spending a few days with relatives and friends. We wish them a happy and prosperous voyage together through life.

Alma Johnson and Miss Leon Parkinson of the 6th Ward were married in the Temple today. The young people are quite prominent in church circles in the Ward and have a host of friends who wish them every joy in their new departure.

Frank Allen of Paradise was a caller yesterday. Mr. Allen is now engaged in feeding sheep at Penrose, Box Elder Co. He speaks very highly of the country around Penrose and thinks when the sugar factory is built at Garland that section will build up faster than any other part of the State.

As indicated in our last issue the result of the recount showed that Allen did not make the gains he had hoped for and the case so far as he was concerned was dismissed by Judge Hart. When it came to calling in witnesses for Larsen's defense it was found that several of them had returned to their homes in other states, where they should have been on election day and it became apparent that not enough illegal votes could be produced to overcome the gains Farrell had made in the recount. The Judge therefore issued an order annulling the certificate given Larsen and allowing Farrell to retain possession of the office. The case will likely be appealed to the Supreme Court of the state.

Promptly at 12 o'clock yesterday the new county officers took possession of their new offices. The commissioners organized with B. H. Hendricks as chairman. An application was received from John Dahle to rent the county farm, and Clerk Farrell's bonds were approved. Treasurer Parkinson and Assessor Richardson were on hand but neither of them had any deputies in tow. Recorder Eames retains Miss Telford and Mrs. Bowen and appoints Mrs. Morehead, Miss Ricks and Miss Eames as clerks. Surveyor Schaub roamed around like a lost sheep. So far no office has been provided for him and for the present he will remain at his present quarters over Campbell & Morrell's store. Ex-Commissioner Allen departed looking like he was glad the uncertainty of the contest was over. He and Will Edwards paused at the gate and took a last long look at the scene of their past labors, shook hands, and wended their respective ways homeward in silence.
