ELECTRIC PLANTS AT BLACKSMITH FORK AND CUB RIVER ARE SOLD

Utah Power And Light Company Has Purchased the Eccles Electrical Interests in Cache Valley. Will Take Over Plants at Hyrum and Franklin. Valuable Consideration For Property

The negotiations for the purchase of the Blacksmith Fork Light and Power company and the High Creek Electric Light and Power company properties, which have been on for some time between the representatives of the above concerns and the Utah Power and Light company, has culminated in the sale of the above property. The deal was closed several days ago, but the property has not as yet been transferred. This will be done, however, as soon as the plant at Blacksmith Fork canyon has been fully tested and accepted from the contractors by the Eccles interests. Water was turned into the pipes on Wednesday and the wheels of the gigantic machinery started for an initial test. The machinery is said to have worked very smoothly. Some leaks developed in the pipes

which will necessarily have to be plugged. For the benefit of the stockholders in the Logan Rapid Transit company it can be said on good authority that a satisfactory contract was entered into with the Utah Power and Light company for supplying power to run the company's electric line. The consideration for the above properties has not been given out. It can be said with considerable certainty, however, that several hundred thousand dollars were involved as the deal was entirely satisfactory to the Eccles interests.

Wellsville, Feb. 18.—Funeral services over the remains of Gottlieb L. Fensky, who died February 13, were held in the tabernacle, yesterday at 1 o'clock p. m. Bishop Gunnell presiding, musical selections appropriate for the occasion were given by the choir. "Shall We Meet Beyond the River," was sweetly rendered by a quartet from members of the choir. For the last three or four years he has been a great sufferer from that dreaded disease cancer, which was the cause of his death. He was 40 years old. Interment was in the city cemetery.

ARRANGING EXPEDITION

Stefansson to Start on Second Trip To Far North May 1 on May 1

San Francisco, Feb. 19.—The completion here yesterday of arrangements for the purchase of the Karluk, a 320 ton steam whaler, disclosed plans of Vilhjelm Stefansson, discoverer of blonde Eskimos, for a second expedition to the far north. He will sail from San Francisco on May 1.

The definite objective of the expedition will be the unexplored portion of the Arctic circle north of Banks Land. Nearly a score of scientists will accompany Stefansson and the vessel will be equipped for a three years voyage. The data which will be compiled will be given to the Museum of natural history of New York and the American Geographical society.

The Karluk will proceed first to Land, and will steam thence to the boundary of Prince Patrick island. No white man ever has gone beyond latitude 75 north in this region. The McClure expedition reached Mercy Bay in 1851, while looking for the northwest passage, but the vessel was abandoned and the party returned overland. Stefansson hopes to discover a large quantity by the McClure ship investigator.

The explorer was told of the land which he hopes to discover by the blonde Eskimos, at Coronation gulf, Prince Albert Land. He will search for several islands said to have been inhabited by a strange race of natives.

BASKETBALL GAME THIS AFTERNOON

The basketball game this afternoon between the U. A. C. and B. Y. C. promises to be one of the big athletic events of the year. The rivalry is intense this year between the schools. The B. Y. C. were defeated in the last game with the Aggies but the little fellows from the B. Y. C. are determined to take the Aggies into camp this time. From all reports the men in both teams are in perfect shape for the contest. At the B. Y. C. several rallies have been held during the week to work up enthusiasm. The big Aggie boys will also be well supported. The A. C. military band will be in attendance as well as several hundred students.

The gymnasium promises to be filled to its capacity as Manager Baron of the B. Y. C. says that many seats have already been sold. The game will start at 4 p. m. The referee for the contest is Ben Harker of Salt Lake City. The game will be fast and clean as both teams play the cleanest ball in the state.

COLLAPSES WHEN LED TO HIS EXECUTION

Frank Romeo, Murderer, Makes Vain Effort to Gain Respite Before Being Shot

Salt Lake City, Feb. 21.—Frank Romeo, murderer of Albert V. Jenkins, struggled in vain yesterday morning to delay his execution. Despite his efforts he was blindfolded a few minutes before 8 o'clock, led to the chair in the penitentiary yard and shot. On the way across the yard he collapsed and would have fallen had not the deputies held him up and practically dragged him to the fatal seat.

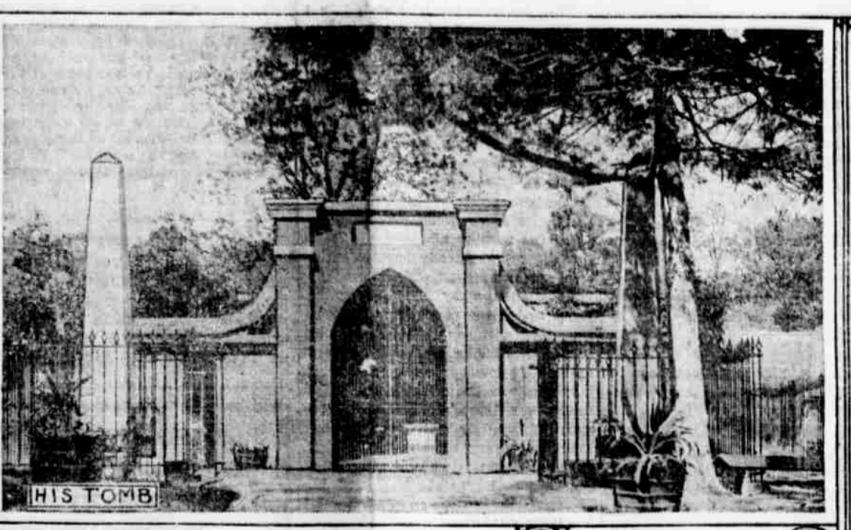

The morning was cold and those who desired to speak a kind word for the man said it might have been the nipping air that made him shiver from head to foot. He wore no coat and his shirt fluttered violently in the wind. Blindfolded, pale and unsteady, he presented a tragic figure between the deputies who held his arms, as with faltering steps he descended the stairway and approached his doom.

When the four bullets had pierced his heart as he sat, tied to the chair the Rev. Father J. Francis Vincent of All Hallows college approached and administered extreme unction. The oil of the sacrament was applied to the dying man's forehead. By that time he was wholly unconscious. A few moments later all life had fled.

Past Executions

In the last nine months five men have been shot in legal execution at the state prison. J. J. Morris, Julius Sirmay, Harry Thorn, Thomas Riley and Romeo. All Except Romeo went to their death calmly. Romeo was the only one of the five belonging to the Latin race. The others were Teutonic and Celtic.

HAMP LOSES TO PEYTON

Harlam Peyton of Ogden was in this city Wednesday evening and he had the Logan "fans" so going that the temperature dropped several degrees and has refused to get back to normal since. Mr. Peyton came to this city for a wrestling bout with Billy Hamp, an old favorite with the local boxing fans who developed a hard punch in former days which made some of the best boxers in the country sit up and take note. Since boxing has become so unpopular Mr. Hamp has had desire to try out for honors on the mat. He has had it "over" any of the Logan or Cache valley boys and wished to extend his fame beyond the limits of the valley. At the Harbertson-McLaughlin bout in Ogden some months ago he entered one of the preliminaries with Mr. Peyton, and for one hour these grapplers floundered about on the mat and at the end of that time the referee declared the bout a draw. Some of the lovers of the grappling game started an agitation for a public exhibition with Hamp and Peyton as the principals.

The bout was staged Wednesday night before a large crowd at the Princess theatre with the result that Peyton won in two straight falls. The first came in thirty three minutes and the second in eighteen minutes. It should be observed however, that the first fall was not obtained until after Mr. Hamp had the misfortune to get his leg dislocated at the knee. This was done after twenty-five minutes of time had elapsed. With this handicap, it was simply a question of how long Hamp would stay. No one doubted that Peyton would win. When Mr. Hamp hurt his leg, he gracefully gave Mr. Peyton a fall, in order to get the privilege of bandaging his injured knee. Mr. Peyton's manager said he would not under any circumstances (Continued on page four)

MISS HUNTSMAN GIVES READING

Wednesday evening at Odd Fellows Hall Miss Huntsman read Galsworthy's fine little play "The Pigeon," before the various clubs of the city and invited guests.

Miss Huntsman's interpretation of the play was masterly. Each character in the play was portrayed with great skill and charm, revealing rare versatility on the part of the reader. Miss Huntsman's art leaves nothing to be desired. It is seldom that one has the pleasure of listening to a reader so unhampered by elocutionary tricks and affectations, one so natural and unpretentious and one whose interpretations are so true and beautiful. All those who had the pleasure of hearing Miss Huntsman read are unanimous in pronouncing the evening a most delightful literary treat.
