

CAN HARVEST BEET CROPS

Providence Young Folks Enjoy Fancy Dance By Electric Light In Open Air

Providence, Oct. 16.—Our farmers are rejoicing over the change of weather. It has made it possible for them to harvest their beet crops. The Mutuals of both wards in town have commenced their winter's work. The attendance so far is very good. The dancing spirit has taken hold of the young people in town to the extent that they can even be seen standing such dances as the rag, turkey trot and others even on our streets. Last Sunday evening a dancing party was held under the electric light on the corner near the store. A great many young people were present and took part in the dancing while the music was being furnished by some of the bystanders. Those who were present have been warned against such actions, but the experiences which have taught others an expensive lesson, cannot be realized in their full worth by young folks who participate in the evil doing so prevalent in our day.

The sugar factory just west of town is running full blast. Some of our sportsmen were successful in getting for themselves a deer last week.

Mr. and Mrs. Thomas Low of Canada are visiting in Providence among their many friends. They expressed a feeling of gratitude in having the pleasure of coming back to their native home.

Mr. Joseph left last week for his farm in Pocatello valley to prepare the soil for next year's crop.

MRS. STONE DIES AT FRANKLIN

Widow of Joseph Stone and Pioneer of Franklin, Buried Last Sunday

Franklin, Oct. 16.—Mrs. Mary Stone, wife of Joseph Stone, deceased, died Friday, October 16. Mrs. Stone was born in England eighty-four years ago and came to Utah to be with the people of her faith. Later she moved to Idaho and married Joseph Stone. Funeral services were held in the Franklin meeting house Sunday, Bishop S. C. Parkinson presiding. The following speakers bore testimony to her kindly disposition: R. G. Lowe, Joshua Hawks, John A. Lowe, Cecil Woodward and Bishop S. C. Parkinson.

Mrs. Lunetta Packer, wife of Emanuel Packer was taken to the hospital at Logan, to undergo an operation for appendicitis last week.

A new cottage is being erected at the Condensed Milk factory.

Edward Baur is erecting a fine brick business block.

Mrs. W. Daines, a former employee of the Onida Mercantile Union, has moved to Black Rock, Utah, where he will take charge of a mercantile business. Mr. Jeppson of Logan is managing the Union at present.

THOMAS G. LOWE CANDIDATE FOR COMMISSIONER

(Continued from page one) methods of road building, so that Logan City shall expend less on streets and get better results than heretofore

5. I shall insist on the strict enforcement of the ordinances of Logan City, but I believe that in the enforcement thereof, on'y clean, honorable and professional methods should be adopted by its officers.

6. I believe in the principle of municipal ownership, and shall protect our city electric light plant from passing into the hands of private persons or corporations.

7. I believe that the tax levy of our city is too high and on account of the present indebtedness, I believe it necessary to cut down expenses by reducing salaries where the same, on investigation, can be done without sacrificing efficiency, and also by the grouping of offices under one head where the same is legal and practicable.

8. Realizing the important relation of plenty of good, pure water to health, and public safety, I shall endeavor to better the conditions of our water supply as soon as ways and means can be devised for the same.

9. I believe in the maintenance of the present high standard of morality in our city, and shall endeavor to maintain the same for the welfare of old and young.

Respectfully submitted, THOMAS G. LOWE.

FORTY-NINE MEN TAKEN TO JAIL

Fifteen Deputies March the Strikers To County Bastille in Trinidad

Trinidad, Colo., Oct. 16.—Forty-nine striking miners, charged with picketing, were arrested at the McLoughlin mine of the Santa Fe Coal company today and marched three miles to the county jail at Trinidad. Fifteen deputies, armed with rifles, flanked the prisoners on either side and a machine gun, mounted on an automobile, brought up the rear, but in spite of this several members of the crowd of 300 strikers that followed the party attempted to break thru the lines and liberated the prisoners. A crowd of 75 strikers gathered at the McLoughlin mine this morning when they learned that the twenty miners, whom they succeeded in preventing from entering the mine yesterday had returned to work.

The farmer still rocks the cradle of our country.

FAMOUS ATHLETE DIES OF TYPHOID

Ralph Rose, Holder of Olympic and World's Records, Fights Last Battle

San Francisco, Oct. 16.—Ralph

Rose, holder of the Olympic and world's records for shot putting, died here today of typhoid fever after a brief illness.

Rose was a big, florid, full blooded man of the type in which typhoid finds rich soil. From the first his battle against the disease was not encouraging to his physicians.

Ralph Rose was born in Healdsburg, Cal., 23 years ago, graduated from the Healdsburg High school and for a time attended the University of Michigan, but did not graduate. He returned to California, studied law, was admitted to the bar and has been a practicing attorney since.

Eight Years a Champion

For eight years Rose has been a championship figure in amateur athletics. His prowess won him a place on the first American Olympic team that went to Athens in 1906 and he was successively a member of the American teams at London in 1908 and Stockholm in 1912, always bringing home first place until last year, when he was beaten by McDonald (American) with a put 8 inches short

of Rose's own world's record of 51 feet flat for the 16 pound shot, made at Travers Island, New York in 1909.

In addition to his records with the 16 pound shot, right hand putting Rose also held all American records with the 8 pound, 15 pound, 21 pound and 28 pound, and the world's record with the 16 pound shot for right and left hand combined, made last year on the Stanford university field. In the Olympic tryouts.

Rose was a member of the San Francisco Olympic club.

If the child starts in its sleep, grinds its teeth while sleeping, picks at the nose, has bad breath, fickle appetite, pale complexion, and dark rings under the eyes; it has worms; and as long as they remain in the intestines, that child will be sickly. WHITE'S CREAM VERMIFUGE clears out the worms, strengthens the stomach and bowels and puts the little one on the road to health and cheerfulness. Price 25c per bottle. Sold by Ritter Bros.
