C. I. Stoddard, musician and prominent citizen of Richmond, was in Logan Thursday arranging for material to make up a rattling good program for the celebration at Richmond Monday. He obtained Miss Sara Huntsman of the U. A. C. faculty to give a reading and Hon. A. L. Farrell will give the oration.

Mrs. Mary Ballantyne arrived home from Provo, Salt Lake and Ogden where she has been for an outing the past few weeks, Thursday evening. The visit was made primarily for getting acquainted with the new comer at the home of her son Lando, at Provo. While in Ogden she attended the concert given by the Ogden tabernacle choir and was the guest of her nephew, Prof. Joseph Ballantyne. A move is under way to bring the choir to Logan and if satisfactory arrangements can be made, this valley will have the privilege of hearing Utah's best organized choir.

The suit of Samuel Nelson against the Ogden Logan and Idaho Railway Company, came to an end on Thursday evening when the jury returned a verdict for the plaintiff, fixing his damages at \$800. The verdict was a little disappointing to Mr. Nelson inasmuch as he had been offered that amount to settle out of court.

At this writing Mr. Heber M. Wells of Salt Lake City had not advised the Commercial Club definitely concerning the stop of the Liberty Bell at Cache Junction, July 11 but we have been advised from other sources that the bell will be unveiled by day and illuminated by night on its trip across the continent so it goes without saying that the excursion will be run to Cache Junction on July 11, and a stop of ten to fifteen minutes will be made so that those who care to go may see the bell. The bell is due in Cache Junction about 6 p. m.

H. G. Hayball, leading merchant of Logan, who was so severely burned a few weeks ago when gasoline caught fire while he was cleaning the engine of his automobile, is still suffering from the burns and it would appear at this writing that he will be confined to his bed at least another two weeks. One hand and one leg is still very sore and tender.

HAPPENING AT BENSON

Benson, July 2—Last evening Bishop and Mrs. Howard Reese entertained several of their neighbors in honor of their brother and his wife Mr. and Mrs. Robert Reese of Boise. As Robert is a fine singer and his wife a good reciter, they did much to make the time most pleasant.

We are glad to find that Mr. and Mrs. Chas. A. Reese have returned from their trip to California feeling well and full of information regarding what they have seen on their trip. Mr. and Mrs. Marsh who went with them are also feeling fine.

The well digging machinery purchased by Mr. Reese and Mr. Marsh while in California has arrived and is now ready to be put in operation.

Mr. Alex Ricks recently obtained a good flow of water for Mr. Parley Bingham at Trenton in proximity to the place where the Utah Oil and Gas Company has erected a derrick for digging purposes. The gas threw the water up out of this well the other day over twenty feet showing thereby the force of gas there is under the ground, which is also an evidence of oil.

Since our last letter George Griffiths has purchased a Ford car and so has Mr. Joseph C. Jorgensen. W. G. Reese has purchased a Case car. The sugar beet crop is fast overcoming the mad effect of the fall of a few weeks ago.

AUTOMOBILE OWNERS ATTENTION

The 1915 Session Laws of Utah require that on or before the first day of July, 1915, all owners of motor vehicles and motorcycles shall surrender their old numbers and obtain new numbers from the Secretary of State, which must be displayed in the manner required by law. All automobile and motorcycle owners will please take notice that this law must be complied with. Furthermore, the law prohibits the operation of a motor vehicle or motorcycle upon any public street or highway by any person whomsoever under sixteen years of age. JOHN H. BARKER, Sheriff of Cache County.

Celebrated His Private Fourth

How Grandfather Watts Recognized Day of Signing of Independence Declaration

Grandfather Watts used to tell us boys

That a Fourth wa'n't a Fourth without any noise. He would say, with a thump of his hickory stick,

That it made an American right down sick To see his sons on the Nation's Day. Sit 'round in a listless sort of way. With no oration and no train band, No firework show and no root beer stand,

While his grandsons, before they were out of bibs, Were ashamed—great Scott! to fire off squibs.

And so each Independence morn, Grandfather Watts took his powder horn, And the flintlock gun his father had When he fought under Schuyler, a country lad,

And Grandfather Watts would start and tramp Ten miles to the woods at Beaver Camp; For Grandfather Watts used to say— and scowl—

That a decent chipmunk, or woodchuck or owl Was better company, friendly or shy, Than folks who didn't keep Fourth of July.

And so he would pull his hat down on his brow, And march for the woods, sou' east by sou'!

But once—ah! long, long years ago, For grandfather's gone where good men go—

One hot, hot Fourth, by ways of our own, Such short cuts as boys have always known,

We hurried and followed the dear old man Beyond where the wilderness began, To the deep, black woods at the foot of the Hump,

And there was a clearing and a stump And there on the stump our grandfather stood, Talking and shouting out there in the sun,

And firing that funny old flintlock gun Once in a minute his head all bare, Having his Fourth of July out there—

The Fourth of July he used to know Back in eighteen and twenty or so.

First with his face to the heaven's blue, He read the "Declaration" through; And then with gestures to left and right,

He made an oration erudite, Full of words six syllables long; And then our grandfather broke into song,

And, scaring the squirrels in the trees Gave "Hail Columbia" to the breeze.

And I tell you the old man never heard When we joined in the chorus, word for word!

But he sang out strong to the bright blue sky; And if voices joined in his Fourth of July

He heard them as echoes of days gone by And when he had done, we all slipped back,

As still as we came, on our twisting track, While words more clear than the flint lock shots

Rang in our ears. And Grandfather Watts? He shouldered the gun his father bore

And marched off home, nor' west by nor'!

Helpful Hints for the Busy Housewife

By Ann Marie Lloyd
Gooseberry Pudding and
Cornflour Sauce

Make the crust by mixing together half a pound of flour, four ounces of finely shredded suet, one teaspoonful of baking powder, a little salt, and about a gill of water to form a paste. Turn this on to a floured board and roll it out to the size of a basin, leaving sufficient for the top. Line the basin carefully, leaving no spaces; then put in enough of the washed and prepared gooseberries to half fill the basin. Add two tablespoonfuls of brown sugar and then the remainder of the fruit. A very little water should be added. Cover the top closely with the re-

maining suet crust, pressing the edges well together, or the juice will ooze out in the cooking and spoil the appearance of the dish altogether. Tie the pudding up firmly and either boil or steam it for not less than two hours. Gooseberries, especially young ones are very sour, but a cornflour sauce will take off this sharpness and greatly improve the pudding.

Useless Hope. "Well, did you get quantum sufficit at the Smiths' luncheon?" "Certainly not. This town is local option."

Dependability versus Ingenious Claims

MORE than 75 Concerns now manufacture Tires. We believe that everyone of these makes a good Tire as he knows how, at the lowest cost his Experience, Equipment and Methods make possible. We believe that the average Tire Manufacturer is fair in his treatment of Adjustments, and that few deliberately misrepresent their product, either verbally or in print. We believe that no Tire Manufacturer can afford to make statements in print about his product, which statements cannot be borne out by the performance of his Tires, in actual use. We believe that the Tire has never been made which will not "Rim-Cut" if run "flat" for any considerable distance, and that many makers, including ourselves, have always produced Tires that would not otherwise "Rim-Cut".
