LOGAN HAS PURE BRED COLTS FOR COUNTY FAIR

H. J. DeWitt Will Exhibit Team of Mares With Colts, Among Best Ever Seen Here

When one wants to look at some fine home raised horses and colts, they need go no further than the corral of H. J. DeWitt of this city. Mr. DeWitt has a team of colts which will be with their mothers on exhibition at the county fair, that are equal of anything of the kind that can be raised in any man's country. Their mothers are pure bred mares, both imported from Europe. The colt from the Shire mare is sired by Rupert of Providence. The one from the Clydesdale is sired from the horse at Hyde Park. The Shire colt is one of the finest specimens of a horse that one could wish to see. He is built from the ground up. These colts must be seen to be appreciated. The colts with their mothers, a three year old Clyde mare and a two year old grade mare will be at fair ground next week.

MRS. SORENSON'S BIRTHDAY IS COMMEMORATED

Mendon, Sept. 17.—Last Tuesday evening at the home of Mrs. Christian Sorensen a very delightful time was spent. The event was in commemorating the 60th birthday of Mrs. Sorensen. All of her thirty-five children and grandchildren were present, some coming from Salt Lake, Clifton and Bothwell. The time was spent in playing games, partaking of refreshments, music and conversation. During the evening Mrs. Sorensen was presented with a beautiful dining room set. According to reports Mrs. Sorensen was surely made to feel that her children were remembering her. All present pronounced the occasion a very delightful one.

J. H. Watkins Sr., J. H. Watkins Jr., Mrs. Watkins, Eddie and Clifford Watkins, attended the funeral services of their nephew and cousin F. E. Wright at Brigham last Monday. Mr. Wright was quite well known throughout Mendon, having spent considerable time with the Watkins family, both in visiting and working. While Mr. Watkins was in attendance at this funeral he received word that a niece of his, Alma Whitaker, had died. He came home and returned to Brigham on Wednesday afternoon to be in attendance Thursday at her funeral. Miss Laurine Anderson of Salt Lake, came to Mendon last night. She intends making her home here with her sister this winter and to attend the B. Y. College taking the advanced Normal work at that school. Mendon now has an up to date shoe and harness shop. It is built on the corner of Main and Second North streets and is run by Mr. Johnson of St. Paul. He is now taking care of the patrons in this line. The school house is being cleaned, and made ready for school which will commence Monday, September 28. Mr. Cutler and his company of players are playing the Galley Slave, tonight at the opera house.

HENRY BIGGS INJURED AT FRANKLIN

Pitchfork Runs Through His Side as It Slips Out of Hands of Man on Wheat Stack

Henry Biggs of Franklin was painfully injured Thursday afternoon when his side was pierced by a pitchfork tine. Mr. Briggs is engineer on a thrasher at that place. He had been over to the separator to make some adjustment and was returning to his engine when a man on the wheat stack let a pitchfork slip from his hands. It hit the large driving belt and was thrown into Mr. Biggs striking him in the back, just below the shoulder blade and ran entirely through his body. He has suffered considerably since the accident. The left arm seems to be paralyzed temporarily at least.

Morris Christensen, Carrie Thomas, Carl Farnsworth and a ladies quartet from the Fifth ward will sing in tomorrow's Mutual Improvement convention at the B. Y. College.

If arrangements can be made, there will be a motorcycle race Tuesday, the first day of the fair, between Ray Peck, Jenkins, H. Cooper, and Roy Farrell. These men come from Salt Lake City and Blackfoot, and are experts. They will run a five mile race. If it is satisfactory and a good feature, a longer race will be run the second day.

The comfort station constructed by the city at the corner of Main and First North street has been completed and is now open to the free use of the public. As such places are usually subject to much misuse and abuse, it is urged that persons report any such acts of vandalism that comes within their notice to the proper officials.

"NEAL OF THE NAVY" A GREAT SERIAL PHOTO

Captain Hardin of the tramp steamer Princess, his wife, and Neal, their son, are making away from the port of St. Pierre, Martinique. Welcher, the mate and his son Joe are the only others aboard beside the crew.

In St. Pierre, Thomas Hington, an American, owner of Lost Island, enlists the services of Hernandez and Ponto, two evil adventurers, to assist him in exploiting his mine. When they learn that Hington has a map showing the whereabouts of the ore, they exchange sinister glances, but decide to do their knitting only after they know more of the mine's whereabouts.

While Hington is talking over the details of the trip, and just as Captain Hardin's tramp steamer Princess is getting out to sea, Mount Pelee starts belching forth fire and lava, and thousands of the inhabitants of Martinique rush madly to the sea.

Captain Hardin puts back to port to rescue as many people as possible.

In the hold of the Princess a cinder from the fiery volcano starts a conflagration that menaces the ship, and boats are put off. Mrs. Hardin, Neal, Annette and Joe Welcher are thrown together in one boat which is later picked up by a U. S. cruiser.

SOUTH CACHE HIGH SCHOOL TO OPEN SEPT. 20

The South Cache High School will open its doors for the second time in its history on the morning of September 20. Several important changes have been made which will render the school more efficient thereby giving greater service to the patrons of the school.

A new shop has been added in which they have every advantage to give practical instruction in carpentry.

The domestic science department has been improved by the addition of a large well lighted dining room. Another room in this building will be used for the domestic arts, thereby giving an entire building for the use of the girls in home building work.

All the buildings have been thoroughly cleaned and repaired, making them homelike and fit for school work.

Complete work in the first, second and third years will be offered. This work compares favorably with the work done in any standard high school and will be accepted by all the institutions of higher learning.

No boy or girl of high school age can afford to miss the opportunities to get an education when there are such advantages so close to their homes.

The school has a very efficient faculty consisting of H. R. Adams, principal; John E. White, H. P. Anderson, Mary Isaacson and Grace Cardon.

PEACH CROP AT POOR FARM IS A BUMPER

The peach crop at the county Poor Farm is one of the best crops of peaches ever raised in Cache Valley. The crop consists of five acres of peach trees, averaging 160 acres to the acre and with a crop of peaches of about 1000 bushels to be harvested in the next few days. These peaches are a beautiful color and of a delicious flavor.

W. S. Schow, manager of the farm has done wonders since he was placed in charge. He not only is about to harvest the large crop of peaches, but has a 16 acre field of beets, which are among some of the best beets in this vicinity. The gardens and vineyards at the Poor Farm are kept in excellent shape. The commissioners have begun to stock the place with hogs and cows. Already several pens of fine swine are being fed on the place.

STATE OFFICES WILL SOON MOVE INTO CAPITOL

Salt Lake, Sept. 16.—All the state offices not housed in the city and county building, with the exception of that of the attorney general, will move into the capitol during the last week of the present month according to the present expectations of the capital commission. C. S. Tingey secretary of commission this morning said that nothing so far as he knew would prevent those offices being established in the building by the first of October.

On account of the failure of the arrival of steel filing equipment, the governor's office as also that of the secretary of state and the state land board will not be removed to the capitol for some time preceding arrival and installation of that equipment. It will be shipped on Sept. 20 according to advices that have reached this city from the manufacturers.

Because of the necessity of almost daily meetings of the governor and the attorney general it has been deemed advisable for the attorney not to remove to the capitol until the state offices now in the city and county building may also be taken to the hill.

VAUGHAN HAWS LAID TO REST IN THIS CITY

Funeral Services Were Held in the Fifth Ward Meeting House Yesterday Afternoon

Remains of Vaughan Haws, the young man who was killed at Trenton on Monday by being crushed beneath the wheels of a wagon loaded with grain, were laid to rest in the Logan cemetery yesterday afternoon following splendid services in the Fifth ward meeting house where there was an outpouring of heartfelt sympathy for the bereaved family and friends of the young man. There were relatives and friends from all parts of this state and southern Idaho in attendance, filling the Fifth ward chapel to overflowing. Many joined in the funeral procession and the words spoken by all the speakers were of a consoling nature. Banks of flowers accompanied the bier, the contribution from the Agricultural College being especially beautiful. The singing was furnished by the Fifth ward choir and special number being a solo by Miss Myrtle Batt with a violin and piano accompaniment.

The opening song, Come, Come Ye Saints. Prayer was offered by Bishop B. M. Lewis, Singing, Press On.

The first speaker was Dr. George Thomas who stated that he had been the teacher of the young man for the past two years and said there was not a student at the college who had made a better record than Vaughan Haws and that he had been among those who were selected for graduation by the graduation committee of the school.

Bishop E. R. Owen spoke next and mentioned the close friendship that had existed between his son and the unfortunate young man. It was like losing a member of the Owen family to have this untimely death occur.

Bishop M. C. Rigby of Newton, also spoke. He said that he knew the young man on the farm, at his father's home, and had watched him as he had grown up. He also told of the very close friendship that existed between David Haws, the father, and his son Vaughan, in fact the whole family. They are a most congenial and lovable family.

Dr. F. S. Harris of the college faculty, a teacher of Mr. Haws, spoke briefly, with closing remarks by J. P. Cardon, who had charge of the services.

The choir then sang, Nearer My God to Thee. Benediction by Bishop John H. Anderson. The grave was dedicated by Hugh Adams, grandfather of the deceased.

The pallbearers were members of the Pi Zeta Pi fraternity of the U. A. C., including Cyril Owen, Amos Griffin, Parley Rigby, Earl Robinson, Victor Hendricks and Lloyd Tuttle.

Mr. Joseph Almond of the Second ward went to Ogden last Monday and was married to Miss Sarah Jensen of Millville. They returned home on Wednesday and will make their home in this city. A host of friends extend congratulations.

The street meetings may not continue after Sunday evening. The missionaries are especially anxious that all who have been present thus far will attend these meetings at about 8 p. m.

were selected and contracts for them were let at the meeting yesterday afternoon of the capitol commission. The Dinwoodey Furniture company was awarded the contract for furnishing the ground floor and the Co-op Furniture company for the second and third floors.

The contract for the big rug for the state reception room was let to the Philip Dern company. The rug will be a handsome one, with a special pattern representing the state seal and emblem in artistic design. It will be made in Scotland and will cost \$3,000. All other rugs and carpets will be made in the United States.

Following the selection of rugs and the letting of the contracts, a committee consisting of John Dern, A. H. Lund and David Mattson of the commission and Richard K. A. Kletting, architect of the building was appointed to confer with the city commission concerning the grading at the west side of the capitol.
