NECESSARIES OF LIFE NOT ENJOYED BY ALL IN THIS FAIR CITY OF OURS

Letters to Santa Claus Disclose Conditions of Hunger and Want for Clothing to Keep Out the Chilly Winds of December. Investigation Should be Made of Conditions.

Right here in Logan, where it would seem from outward appearances that everybody enjoys an abundance of the luxuries of life, there are those among us who are actually in need of food and clothing. This fact has been brought to light by Mr. S. S. Reynolds of the Utah Power & Light Company who has erected a Santa Claus post office box on the large Christmas tree in front of the Company's place of business on Main street. Daily in this box are dropped letters by youngsters of various ages, each stating to Santa the things he or she would rather have as a Christmas gift. Most of the letters have a ring of sincerity and especially so in a few instances where children tell of the conditions in their home, where food is scarce and there is not sufficient clothing to keep the little ones warm.

These conditions should be investigated. It should be taken up in a systematic way, and if there are those among us who are lacking food and clothing, these wants should be supplied at once. Here is a good work for the Extension committee of

the Relief Society. One letter that the writer has in hand which was dropped in this public Santa Claus box reads as follows:

Dear Santa Claus:

I thought I would write and tell you what I and my brother would like for Xmas. I would like a new dress, ribbon and shoes number 3 1-2 and stockings. My brother aged 12, would like a new shirt and some shoes, number 1 1-2 and stockings. My brother aged 10 would like a shirt, some shoes, number 13 1-2 and a cap. Papa is sick in bed and we haven't anything to live on only what my big brother earns and it is just enough to keep us in flour.

I tell you it is a hard world to live in without enough to keep us warm and from starving.

Yours truly,

Signed,

If any such condition as the above exists in Logan City or Cache Valley the granary of Utah, it is a downright shame. There should be an organization of Good Fellows to see that everyone in this community enjoys a happy Christmas in this year of our Lord, 1915.

L. M. HOWELL DETECTIVE IN BURNS CLASS

Traps Burglar in Home of Congressman Howell and Notifies City Policemen

Who would ever thought that Luther M. Howell, manager of the Howell Brothers Clothing Company would have turned out to be a detective of the Burns type? Well, listen to this and we are sure you will believe with us that he is in line to become one of our leading sleuths and should be considered for appointment if perchance there occur a vacancy on the Logan police force. Monday night while on his way home, Mr. Howell passed the residence of his father Congressman Joseph Howell on First North street and heard a noise as if some one were prying open a window. He at once walked to the window and seeing a man, demanded, "What are you doing there?" The reply came back, "Why this is where I live and I have a right here."

This was enough for Luther, and seeing his opportunity he called to his wife to put in a hurlyburly call for the police. Mrs. Howell had the light turned on and Job Larsen answered. He came down to the house immediately but in the meantime, Mr. Howell had kept a close lookout at all the windows. Finding he was trapped the intruder took to the attic making his way by means of a search light. Mr. Larsen did not care to enter the house alone, so Fred Blatter, policeman was called, and he led the way in the search. By this time the house was completely surrounded by spectators and there was no chance for escape.

Up into the rafters went the two policemen where they found the man just as they had been told they would by Mr. Howell. They handcuffed the stranger and took him to jail where he gave the name of Ed Ford. Early that evening he left a satchel at the Eagle Hotel which was obtained later by the police and found to contain jewelry which the chief of police thinks has been stolen elsewhere.

Mr. Ford will be held to answer to the district court on a charge of burglary and in the meantime Mr. Howell will watch developments to ascertain if there is a reward offered elsewhere for the capture of the burglar.

cal solo, "Beautiful Isle of Somewhere."

Bishop Anthon Anderson, an old acquaintance of the deceased was the next speaker and stated that he was pleased and gratified to have the privilege of speaking at the funeral of so good a sister as Mrs. Crockett had been. It's a pleasure to lay our loved ones away when they have finished such a faithful career, said the speaker and told of the early life of the family. Deceased was one who had suffered much by mobs who did not believe as she did. In the midst of sorrow they were still the happiest days.

Bishop W. R. Sloan read a poem composed by Mr. Comish and gave the closing remarks.

The choir sang, "Jesus Lover of My Soul," and the benediction was pronounced by Joseph Salsbury.

CORRESPONDENCE DEPARTMENT IS GREAT SUCCESS

Dr. J. H. Linford of the correspondence study department of the Utah Agricultural College, has just prepared his annual report for the extension division. It shows that students in Utah are taking correspondence work in every county except Grand; Salt Lake, and Cache lead with 58 and 60 respectively; Weber has 25 and Box Elder has 38. There are also representatives from surrounding states Idaho leading with 19 the correspondence roll also shows students from Wisconsin, Texas, Iowa and New York.

The favorite subjects are dry farming, farm crops, animal husbandry, sociology and economics. There are also demands for work in forestry and electrical engineering which the college cannot supply. Courses are taken mainly by teachers, farmers, and housekeepers many of whom do work of a very high grade.

A former student of English in the correspondence department won first prize in the letter writing contest recently carried on by the American Magazine.

REPORT SHOWS MANY JUVENILE COURT CASES

Clerk Olsen Makes Up Annual Statement of What the Local Juvenile Officers Have Done

C. F. Olsen, clerk of the local juvenile court has made up his report for the year commencing December 15, 1914, and ending Wednesday and it contains the following interesting facts.

During the year the court handled 88 cases in court, 86 of that number being boys. Outside of court, Probation Officer Andrew King handled 202 cases. Eighteen adults were arrested for contribution to the delinquency of minors. Of the persons tried, 41 were sent to the State Industrial School, one was sent to the county detention home, 26 were dismissed with admonitions, 12 were placed on probation and 25 are still under suspended sentences. Eighteen were either fined or sentenced to work on the county poor farm. The fines levied during the year have more than paid the expenses of the court as far as the county is concerned. There has been a gratifying decrease in the number of arrests for immorality, but two such cases having been handled during the past year. The greatest number of offenders are in the malicious mischief class, there being 84 of them. There were 66 cases of truancy and 61 of petty larceny.

TESTIMONIAL OF SUPERIOR INSTRUMENTS

We feel that the strongest testimonial to the superior class of instruments we carry and evidence of approval of our one price plan, is found in the fact that during the past week we have sold more than \$2,000 worth of pianos and \$1000 of Edison phonographs and had to wire for ten more pianos. The one price and no agent plan has certainly proved popular.
