LOGAN, CACHE COUNTY, UTAH THURSDAY, DECEMBER, 23, 1920

EIGHTEENTH YEAR

YOUNG LADY LAID TO REST TUESDAY

Funeral services were held in the tabernacle Tuesday afternoon over the remains of Hazel Casto, the fourteen year old daughter of Prof. and Mrs. George D. Casto of this city.

As two o'clock as the funeral procession reached the tabernacle Prof. Clark played the funeral march by Chopin. The services were held under the direction of the Third ward bishopric and commenced by the choir singing "Nearer My Go to Thee." The invocation was offered by Elder J. C. Larsen. The choir sang "Jesus My Saviour."

Clyde J. Daines, representing the faculty of the Logan High School said that he had come to pay his last respects to one of his students who had always been a source of comfort to him. She had always been a leader in her classes and had reached the highest scholarship possible. He said that Hazel would always be remembered by those who knew her as an ideal. She was clean, honorable and always ready to do good. She had made a noble fight and had kept the faith.

Elder L. R. Humphreys said that on such occasions as these we are confronted with the fact that life is so uncertain. He had known Brother and Sister Casto many years and had worked with Brother Casto in the Mutuals and on the school board. He spoke of Prof. Casto as a public servant and watched him on many occasions travel many miles to attend funerals where he might administer his service to friends. He also spoke of Mrs. Casto's great influence with her children, and her willingness at all times to assist those in need. A quartet consisting of James McMurrin, Delbert Egbert, Arthur Olsen and Charles O. Peterson sang "I Need Thee Every Hour."

Elder John Quayle deemed it an honor to have the privilege of saying a few words on this occasion. He had known Brother and Sister Casto a long time and had gone on many occasions with Brother Casto to administer to the sick, and had always found him humble and full of faith. Their daughter Hazel had always been a shining light to her parents, the light of existence here will always guide them. He asked the blessings of the Lord to attend Prof. Casto, his good wife and their children that they would be comforted in this sad hour.

Professor Sardonni played a violin solo with piano accompaniment by Mrs. Sardonni.

Elder Nathan D. Thatcher asked for the blessings of the Lord to direct him using the few minutes in which he stood before the relatives and friends of such an honorable death is not a punishment even though it seems hard at times for us something of comfort to her parents and brothers and sisters. He had gone to the bedside of the deceased to administer to her many times during her sickness and had always found her full of good cheer. He said she looked more like a heavenly being than a person in mortality. In Hazel, we knew a young lady who was pure and honorable and her reward is sure. We who are left behind can only bow our heads with the knowledge that she has a mission more important than this earthly mission to perform, if we follow in the footsteps of this beautiful lady we will be saved.

President Joseph E. Cardon felt highly honored in representing the presidency of the Cache stake to say

ADDITIONAL LOCAL TRAINS ON THE U. I. C. R. R.

Effective Thursday, December 23, the U. I. C. railroad will commence operation of additional local trains in Cache valley to take care of the short distant travel especially in the evenings, relieving the regular through trains. This service will continue in operation during the heavy travel period.

The additional trains will operate daily except Sundays on the following schedule.

SOUTHBOUND TO LOGAN ONLY

Leave Preston 3:30 p. m.
Arrive Logan 4:40 p. m.

NORTHBOUND TO SMITHFIELD ONLY

Leave Logan 5:05 p. m.
Arrive Smithfield 5:25 p. m.

SOUTHBOUND TO WELLSVILLE ONLY

Leave Smithfield 5:30 p. m.
Arrive Logan 5:50 p. m.

Leave Logan 5:52 p. m.
Arrive Wellsville 6:20 p. m.

NORTHBOUND TO PRESTON ONLY

Leave Wellsville 6:30 p. m.
Arrive Logan 7:00 p. m.

Leave Logan 7:05 p. m.
Arrive Preston 8:25 p. m.

In addition to the above late evening trains will be operated daily, including Sundays, same as is now being operated on Saturday and Sunday.

A few words on this sad occasion.

He said "I am sure that the sympathies of the entire community go out to Professor Casto and his family at this time. As I looked into the face of the deceased today I thought what an honor for a father and mother to have in raising such a beautiful daughter and enjoying her association for fourteen years. I am sure that Brother and Sister Casto will never forget the giver of this soul to them, their joy will be in sweet remembrance of this their beloved child, which has been a shining jewel to them. I am convinced that death is one of the greatest gifts which God has for His children. It would be impossible for Hazel to become perfect without the process which she has now gone through. She will not be neglected on the other side and her blessings are sure. Her spirit is fully developed and at some future time her father and mother will again have the privilege of meeting their daughter again. He asked that the spirit of the Lord should dwell with her parents forever.

Rachel Pederson sang a solo with piano accompaniment by Mrs. Sardonni.

Bishop Evans extended his sympathy to Brother and Sister Casto in this hour of bereavement. He said and friends of such an honorable death is not a punishment even though it seems hard at times for us something of comfort to her parents and brothers and sisters. He had gone to the bedside of the deceased to administer to her many times during her sickness and had always found her full of good cheer. He said she looked more like a heavenly being than a person in mortality. In Hazel, we knew a young lady who was pure and honorable and her reward is sure. We who are left behind can only bow our heads with the knowledge that she has a mission more important than this earthly mission to perform, if we follow in the footsteps of this beautiful lady we will be saved.

The choir sang "Rest Sweetly Rest."

The benediction was pronounced by Dr. J. S. Calderwood. A large cortege of automobiles followed the remains to the cemetery. The sympathy of friends for the bereaved was expressed by the great many beautiful floral offerings. At the cemetery Elder Christian Jacobson dedicated the grave.

ANNUAL MEETING OF LOCAL SCOUT COUNCIL

The meeting of the local Scout Council at the Chamber of Commerce Monday afternoon was an enthusiastic, optimistic gathering. After the singing of "America," and the prayer by N. W. Merkley, President Henry Peterson reported the general outlook for scouting as especially hopeful. People are warming up to the cause and more boys are enrolling in the patrols. Logan's business men are willing to employ Scouts, not as advertising media, but as real boys. Lack of uniforms has been a handicap, but it is expected that enough uniforms for all the boys will be available soon.

Commissioner Wood gave some interesting statistics of the local organization. Our national charter is dated June 23, 1920. There are at present thirty-five members on the council, one scout commissioner, four deputy commissioners, thirteen scout masters, twenty-five assistants, twenty-five troop committeemen and five examiners. There are 103 men now engaged in scouting exclusive of the Providence men who have applied for membership.

During the past six months there have been awarded to boys fifteen merit badges, 30 first class certificates, 40 second class certificates and 240 of the tenderfoot class. Twenty more boys are candidates for admission to the tenderfoot class. The number of boys in scouting is 345.

When it is remembered that on June 9, 1920, there were nine men and 75 boys engaged in scout work our growth is remarkable.

The cost of scouting for the year has been \$2200 or about \$6.35 for each boy. When we compare the average national cost per boy of \$6.10, with \$63.00 per boy in the smaller cities, our cost is unusually low, for Logan is the smallest city in district No. 12.

Compete and well arranged reports were given by the following committee chairmen: Publicity, Dr. F. L. West, Court of Honor, Henry Peterson; Education, L. H. Humphreys; Finance, Alma Sonne; Camping, Wm. Peterson; Organizations, B. L. Richards; Big Brothers, M. C. Harris.

In brief the committees are endeavoring to standardize the scout troops, to furnish literature references, projects and lectures for the purpose of aiding scoutmasters and workers.

The scout troops have been active during the summer, each troop has spent from one to fourteen days on camping trips. The special troop which visited the state fair, won distinction.

Scouts have aided in the Red Cross drive, assisted the Young Ladies in their tabernacle square program, have planted trees, glazed windows, helped widows, given programs in churches and wards and have done good turns a many.

The scout camp site has been chosen. Recently a division of the money raised by the Mutuals has been made. There is \$3200 in the bank and considerable more pledged for the Y. M. M. I. A. camp at which the scouts will be welcomed. The work of fencing etc., will be done by the Scouts.

Dr. George Hill gave a talk advocating follow up work, more publicity for boys and a different method of raising funds. Everybody should contribute, he said. The nominating committee recommended that all present officers of the council be sustained for another year. This suggestion carried unanimously. After singing the Doxology Prof. A. N. Sorenson offered the closing prayer.

U. A. C. BOARD OF TRUSTEES MEET

A regular meeting of the board of trustees of the Utah Agricultural College was held at the institution Monday. The members of the board disposed of the routine business which came before them, accepted the report made by President E. G. Peterson and conducted a thorough inspection of the college buildings and grounds.

In his report to the board President Peterson covered thoroughly the requests for maintenance which the institution will need to make from the next legislature to carry on the work of the college unhampered.

The president's report showed that despite the very great increase in maintenance costs that the institution will ask from the legislature for \$35,000 less for the coming biennium than it received during the past two years. "The college will find itself able in the coming two years to pay off the \$70,000 loan which it has contacted for maintenance costs and keep up the high standard of its work on an appropriation \$35,000 less than was received for the last two years," said President Peterson. "This is made possible because the U. A. C. earned for the state of Utah \$70,000 in its soldier training work during the war and because the war department has given to the college over \$20,000 worth of equipment, including lathes, drills, electrical equipment and tractors."

President Peterson went on to show how very modest is the Utah school's request for funds by a comparison with other agricultural colleges. The Oregon Agricultural College has received an annual increase of \$680,000, making a total annual appropriation of \$1,100,000. The Kansas A. C. is requesting an annual appropriation of \$844,500, an increase of \$281,000; Montana A. C. is asking for an increase of \$270,000 to be added to the \$127,500 now being received; Colorado A. C. now receiving \$188,367, is asking for an increase of from \$300,000 to 0500,000.

The Utah Agricultural College is asking for \$35,000 less than it received during the past two years.

"Requests for funds for extension work to be carried on in connection with the farm bureaus of the state will show an increase if the work now planned by the farm bureaus is to be carried out," said President Peterson.

The president's report showed the institution to be in an excellent condition with classes running to full capacity. An increase of 15 per cent in total enrollment was reported.

The following board members were present: President A. W. Ivins, Secretary of State Harden Bennion, John Dern, Salt Lake City, Frank B. Stephens Salt Lake City, A. G. Barber Logan, Mrs. Lois Hayball, Logan, and George W. Skidmore, Logan.

Mr. Albert Olafsen went down to Salt Lake City yesterday to attend to some business.

The nominating committee recommended that all present officers of the council be sustained for another year. This suggestion carried unanimously.

After singing the Doxology Prof. A. N. Sorenson offered the closing prayer.

LOWER FREIGHT RATES ASKED FOR CACHE COUNTY

Monday an important conference was held at Pocatello with Mr. F. W. Robinson, traffic manager of the western division of the Union Pacific. The various Chambers of Commerce and banks of Utah and Idaho were represented at the conference. The chief purpose of the conference was to show Mr. Robinson the necessity of lower freight rates on grain and grain products and potatoes in the intermountain states. These must be granted in order for the farmers to sell their products at any profit. Otherwise a great loss will be sustained.

The officers of the local Chamber of Commerce and the executive committee of the Clearing association of the Cache valley banks met on Monday and forwarded the following telegram to Mr. J. T. Young of Pocatello to hand to Mr. Robinson:

Logan, Dec. 20, 1920.

At a joint meeting of the Chamber of Commerce and the Clearing association consisting of fourteen banks of Cache valley an accumulation of statistics and information has been submitted showing conclusively that immediate relief must be granted to the producers of this intermountain country in the way of a reduction of rates on grain and grain products and potatoes from rates now prevailing to rates in effect prior to August 26, 1920, as outlined in telegram of December 15th to Mr. H. W. Prickett by Salt Lake and Idaho Chambers of Commerce. We feel it is imperative that this matter be given immediate attention and the relief asked for granted.

(Signed)

CHAMBER OF COMMERCE
L. M. Howell, President
CLEARING HOUSE ASSOCIATION
CACHE VALLEY BANKS
J. E. Shepard, President.

SCOUT OFFICIALS MAKE PLANS FOR SERVICE WORK

The scoutmasters assistants and commissioners held a meeting Monday night in the Chamber of Commerce at which plans were laid for a mammoth demonstration to be given during January. The officials expressed the belief that the people of Logan should know more about scouting than they do and it is their plan to fulfill this need by staging scouting activities in an interesting and entertaining manner. The program will include patriotism, singing, life saving, games and physical activity. In connection with the demonstration there will be a playlet in which the ideals of scouting will be illustrated.

The need has been felt in our community for a long time that there should be an efficient method of mobilizing the scouts for emergency purposes. The scout officials decided on a plan in which the fire bell can give the S. O. S. call and immediately all the scouts in the city will be on the job. Details are being worked out and will be published. Their assembly will likely be at the tabernacle.

Details of the Good Fellow movement were worked over and final plans laid for the delivering of the Xmas parcels on Christmas eve.

BROOK TROUT FOR STREAM OF CACHE COUNTY

Several days ago the fish and game committee of the Chamber of Commerce made nine or more applications to the bureau of fisheries at Washington for brook trout for the streams of Cache county. All such applications must be endorsed by a state senator or congressman. The committee applied to Senator Smoot who at once endorsed the application and sent them to the bureau of fisheries with a request that prompt action be taken.

Monday the committee received an acknowledgement from the bureau stating that the application had been accepted and would be taken care of in the order received. Shipments of brook trout are made between May and October of each year. The communications were handed to the officers of the Cache County Fish and Game Protective association. From now on this association will represent the sportsmen of the county and every sportsman should join. The securing of fish, planting of the same, protecting the game, securing game preserves, and any and everything which be for the betterment of the fish and game conditions in the county will come through the new association. Secretary Charles Jenkins reports that the applications for memberships are coming in fast.

In January a convention of the fish and game associations of the state will be held in Salt Lake City for the purpose of outlining what game laws and changes are necessary for the coming year. The conference will appoint committees on legislation to bring the necessary changes and proposed laws before the next legislature. The Cache County Fish and Game Protective association is sure to be represented at the convention.

'BLIND HUSBANDS'

A trip to the snow crowned heights of Tyrolean Alps awaits the playgoer at the Lyric theatre where the big Universal film story "Blind Husbands" opened last night.

The story deals with a famous American surgeon and his beautiful wife. Professional cares make the scientist preoccupied and apparently indifferent to his wife's heart happiness.

It is a splendid opportunity for a love bandit to get in his work, an opportunity that Lieut. von Steubes of the Austrian army could not consistently overlook.

The Hun hounder of women began his work. He nearly broke down the womanly resistance of the beautiful woman. Then occurred the strange incident that makes "Blind Husbands" supreme in heart interest.

On unsurpassed awe-inspiring scenery, vigorous dramatic action and the very uniqueness of the daring plot "Blind Husbands," makes its bid for the plaudits of the picture loving multitudes. It will continue today at the Lyric.

Dr. W. B. Jones and family have gone to Camden, Alabama, to spend the holidays and look after business interests there. They expect to return to Logan January 10th.

Mr. G. W. Bell of McLaughlin, South Dakota, is in this city visiting his wife and son Wm. Bell, who is attending the U. A. C.
