Coal Lost in Waste.

Under ordinary conditions of mining and firing, out of every 2,000 pounds of steam coal in place in the mine, only about 75 pounds are converted into mechanical energy—a most surprising fact. The other 1,924 pounds are either unavailable or are absorbed by the eight losses.

Once we realize that we are all one, working together for the good of all, we must stand together.

Jud Tunkins.

Jud Tunkins says in looking over our friends we're apt to be far-sighted for the faults and near-sighted for the virtues.

Five Chinese Virtues.

There are always five buttons on the Chinaman's coat to remind him of the five virtues recommended by Confucius: Humility, Justice, order, prudence, rectitude.

Modern Servants

Every twentieth century machine has its part in serving man in a better way than he was served before.

But if you had to do without all but one of the modern inventions, which one would you keep?

To realize the value of the telephone to all of us in our everyday business and social life, we have only to glance back a comparatively few years and recall what we did when there were no telephones.

Today the alert business man is sending his voice here, there and everywhere by Local and by Long Distance Telephone, going after business ahead of competitors who employ slower methods. The telephone is man's most useful modern servant.
