BONDS BETTER INVESTMENTS

The legal department of one of the large New York banks has rendered an opinion which, if sound, will be a tremendous factor in boosting the price of Liberty Bonds and Victory Notes.

PATERNALISM UNSOUND

British efforts to furnish employment to the idle have taken a new turn. An offer has been made by the government to guarantee the interest on newly invested capital.

AFTER THE GRAFTERS

Conspiracies against the Government are not progressing as smoothly as they used to. Attorney General Daugherty and Chairman Lasker of the Shipping Board show no disposition to trifle with Charles W. Morse.

BUSINESS BETTER

The American Steel Foundries Company, one of America's leading industries, reports that business has picked up 100 percent in the last month, and prospects for 1922 are exceedingly bright.

RETRENCHMENT THE SLOGAN

A candidate for reelection to Congress used to boast of the large appropriations he got for his district. Here is guessing that in the future a larger proportion of them will be boasting of the

appropriations they defeated. The voters are thinking more about taxes than they are about pork barrels.

HOME FACTORIES HURT

Two of the leading silk goods manufacturers report that they have been forced to curtail their operations due to the competition of cheap German imports.

AMERICA'S STRENGTH

A nation with approximately 50 per cent of its families domiciled in homes they own need have no fears for its future.

A congressional committee cut \$86,000,000 out of a deficiency bill, the other day. Another little straw lifted from the burden of the tax payer—Boston Transcript.

Just imagine Woodrow Wilson allowing a secretary of state to get away with what Mr. Hughes has been encouraged to get away with by President Harding—Fort Wayne News.

We must think that times are hard. If it was really true it don't seem that fur coats and dining room suites would be selling at 1,000 bucks a throw.

A few of the reformers who are praying and working that skirts will be made longer are hoping that their prayers won't be answered and that their labors will have been made in vain.

With Santa Claus headed this way and coming at a rapid rate, means that father will soon be reminded that it don't do any good to misplace his check book as there are a lot more where the one he lost came from.

If the silk worms had been left attached to a lot of the silk shirts that were sold about two years ago, some of the boys would have at least had bait—so they could have gone fishing.

A couple of generations ago the young men used to kid themselves into believing that two could live as cheaply as one—and the maturing generation don't seem to have learned much from the experience of their elders.

When our boys first went into the service, spiral puttees were worth as high as \$6 a pair to them. After a few months in the service they wouldn't pay 69 cents a pair. Conditions do change.

Funny how soon Jess Willard decided he'd recall that challenge to Jack Dempsey—after his almost delinquent oil well turned into a gusher.

An exchange says the powers that be have started to use a pruning hook in Washington, D. C., but they are not running any chances of hooking themselves.

THIN, FLAT HAIR GROWS LONG, THICK AND ABUNDANT "Danderine" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair.

How Not to Take Cold Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that he latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then chilled and getting the feet wet.

Good Health You would enjoy good health, your bowels regular. No one can reasonably hope to feel well when constipated. When needed, Chamberlain's Tablets. They are mild and gentle.
