

# THE IRON COUNTY RECORD.

"The Press is the Lever by which the World is Moved."

VOL. 10

CEDAR CITY, IRON COUNTY, UTAH, FRIDAY, JULY 17, 1903.

NO. 29

## IMPORTANT.

Miners trade with the CO-OP because they know their orders will be filled. And they do not have to leave their work to come to town for supplies; they send in their orders to us knowing that if what they want is in town they will be sure to get it.

If you are looking for Bargains, just read over the following list.

- Ranges \$29.00 \$35.00 and \$50.00.
- Barb Wire \$4.90 per 100 lbs. Heavy wire Fencing used instead of pickets 4 and 5 feet high, very strong and cheap. Screen Wire. Chicken Wire.
- Hay Carriers and heavy rope for Derrick Forks.
- Flour going fast at \$2.85 per 100 lbs.
- The strongest and best Cedar City, made Screen Doors. Worth half a dozen imported ones.
- Rubber Boots, \$3; save wetting your feet when watering your grain.
- Canned Fruits and Canned Meat. Bacon, Hams and Cheese.
- Fresh stock of Men's, Ladies' and babies' Shoes.

On satisfactory arrangements we carry you thirty days, and give a 5 per cent discount. Our immense trade is proof of our popularity.

BENJ. F. KNELL, Proprietor.

## A Good Line of

Men's Suspenders, Handkerchiefs,  
Dress Shirts, Work Shirts, Shoes,  
Underwear, Men's and Boys' Overalls, and most everything else you

will need in this line, at lowest possible prices at

### Page & Bracken's.

### Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate of Alexandria, Ind. "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 55 pounds." It is absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at J. H. McDonald's drug store.

John Platt and Mahoni Stapp of Kanara passed through town Wednesday enroute home from Idaho and Oregon, where they have been since last May, looking over the country, shearing sheep and otherwise employing their time. Mr. Platt reports that there is lots of land and plenty of water up in that country, but that it takes the man with a big fist or a deep pocket to get it. Kanara will probably be good enough for them for some time to come.

### Republicans Elect Trustee.

The school election held in this city last Monday was one of the most interesting contests of the kind ever witnessed in this city. A total of 293 votes were cast which is about three times the number polled last year. As announced last issue, three candidates were nominated and the vote was distributed as follows: E. J. Bryant, republican, 131; Lehl W. Jones, democrat, 81; George Urie, socialist, 13. It will be seen that the republican nominee had a walk over.

R. J. Bryant was the retiring member of the old board and succeeds himself. He apparently has the confidence and support of the majority of his constituents. This reestablishes the sentiment of the board as it previously existed on the matter of locations of schools, and it is probable that the people will be called together in mass meeting to express their preference as to the building of one large central school building or three smaller ones in various parts of the city. In this matter, no doubt, the will of the majority will govern.

### Very Remarkable Cure of Diarrhoea.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Esque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents cured me."

For sale by All Druggists.

Postmaster Thorley is having a couple more rooms added to the rear of his building on main street, to be used for domestic quarters, and will remove the partition from the main building and extend his store room several feet further back, giving more room for the accommodation of his business.

## MILFORD AND DIXIE

To be Connected by an Electric Railway.

### PROJECT PLANNED BY MR. LANE

Will Cost Three and a Half Millions, and Promoter Says the Capital is Promised for the Purpose.

(Milford Times.)

Milford and Dixie are to be connected by an electric railroad, according to the plans of George E. Lane, the Milford mining operator, who says he has secured ample capital for the enterprise and work will be commenced within sixty days. The line will be 130 miles long and will go by way of Beaver and Brown, running four miles west of Cedar, across to St. George.

Eight thousand horse power will be developed in the Beaver canyon at Parowan and at the Rio Virgin falls, and appropriators of the water are to be made at once. Sixty-horse-power motors are to be used, by the overhead trolley system, and the trip from Milford to St. George will be made in ten hours. Much of this line will be through comparatively level valleys, but in some places switch-backs will be necessary and the grades will be heavier than could be possibly handled by a steam road.

The estimated cost of the project is three and a half millions and a company will be incorporated with a capital of seven and a half millions. Mr. Lane states that one of the parties back of the enterprise assured him that he could raise \$750,000 for it within sixty days, and the syndicate has guaranteed that the entire amount will be forthcoming.

Mr. Lane recently returned from a trip through the territory to be penetrated by the new road and is very enthusiastic over the traffic possibilities. The line will reach the iron and coal fields of Iron county and open a market for some of the best coal in the west. Then there are quarries of splendid marble and building stone, a flourishing brick industry at Parowan, fine timber belt and a most promising oil field in Washington county. The road will also reach the mineral belt near St. George, where rich copper mines have been opened up and a smelter is in operation. Then there are thousands of acres of semi-tropical fruit in the Dixie country which will be landed at Salt Lake in twenty-four hours and at Denver in thirty-six after it is packed.

Mr. Lane and his associates are confident that the road will soon develop sufficient traffic to pay handsome returns upon the investment.

### Annual Mass Meeting.

A meeting of the citizens of the Cedar City school district was held at the school building last Tuesday evening, when the trustees rendered their annual report. The attendance was far above the average at such meetings, although some twenty to thirty were present.

The financial statement showed the total receipts for the year to have been \$5,286.82; disbursements, including salaries of teachers, janitor, furnishings, supplies, incidentals, etc., \$4,330.25; balance of cash on hand \$3,315.56, of which \$2,558.08 was carried over from the previous year. The showing is a very creditable one.

The trustees reported that during the year just ended they had paid themselves nothing in the way of compensation for visiting schools or other services as trustees, and on motion they were allowed \$50 each as trustees, with \$30 for the secretary and \$25 for the treasurer, additional. The meeting was quite a harmonious affair and good feeling seemed to prevail.

Our correspondents will confer a favor by sending in their communications early enough so that they will reach us on Thursday each week. If there is anything of special importance that cannot be written earlier we will try to squeeze it in Friday morning, but in order to catch the mails on Friday it is imperative that we have as little type to set on our day of issue as possible.

Attention of our readers is called to the advertisement of sale of an estray animal which appears in this issue. The sale was last week advertised for Monday, the 13th inst., but there being no buyers present the sale had to be postponed and republished. The animal to be offered is a yearling heifer and is certainly worth bidding in at some figure. The sale will now take place on the 17th.

## CORRESPONDENCE.

### PAROWAN.

July 12, 1903.

(Special Correspondence.)

A special meeting of the county commissioners was held Monday, the 12th, when some unfinished business was completed, some claims allowed and \$80 was appropriated for the county fair. Also the various fee books were audited. The work in the main was adjudged satisfactory, with the exception of a number of erroneous assessments by the assessor, which were pronounced due to the plat books, as that officer had adhered closely to the instructions therein. The clerk was instructed to notify the recorder and surveyor to make copies of the plat books, so that original ones might be retained in the recorder's office, also to report condition of plat books when coming into their official possession, so that the real cause for the above stated grievance might be discovered.

From personal knowledge we can say that for the past two and a half years the requests of the commissioners have been complied with in these offices, but for different causes there have been erroneous assessments in every county of the state. One of the main reasons for this is that property owners make one transfer after another without having their deeds recorded. As the plat books are made up from the records, what can we expect? The officials are not to blame, but in a majority of cases it is individuals who imagine themselves wronged. We would recommend that all unrecorded deeds be sent in now, while work is slack in the recorder's office, so that we may have ample time to do any necessary revising before the assessor goes around again.

Why copies of the plat books were not made prior to 1901, I cannot say; but during the past two years there has been an unusual drain on the funds of the county, and while hundreds of dollars have been expended to get the various books and records required, a book of funds has never been compiled, being done earlier, as the law required.

## SUMMIT.

July 14, 1903.

A light shower of rain fell here Wednesday.

The hay is now nearly all harvested.

Miss Mae Dalley has gone to Circleville for an outing.

The families of Wm. Smith and S. C. Hulet, Jr., have moved to their ranches on the mountains. No doubt butter will be more plentiful now.

Monday a very pleasant surprise was given Mrs. Tweedie in honor of her birthday. A score or more of her friends joined in wishing her many happy returns of the day and in furnishing a sumptuous feast.

## HARMONY.

July 14, 1903.

At the school election held on the 13th, L. A. Pace was chosen to fill the vacancy in the school board.

A meeting was held here Tuesday for the purpose of incorporating the water.

Mrs. Rees Davis presented her husband with a new girl on the 10th. Mother and child are progressing satisfactorily but no hopes are entertained for the recovery of the father.

Gottlieb Schmutz and Lorenzo Prince have gone to Panguitch for lumber.

In our local columns will be found an article taken from the Milford Times in regard to building of an electric railroad from Beaver to St. George, which project has also been commented upon by the daily press. Now upon the heels of this announcement comes the report that a Denver syndicate, under the manipulation of W. A. Morey, is projecting some form of an electric line from Paragonah to Cedar.

It seems from a communication addressed to Houchen & Arthur of this city to be the plan of this latter concern to construct the road by means of bonds placed among the people residing on the routes considered. In our opinion there is little danger of this plan succeeding. We should like to see some of the various propositions which promise a railroad for this locality water-fallize, but we think a standard gauge steam railway would about hit our condition.

## FOR PIONEER'S DAY

Will be Celebrated at the Mackelprang Park.

### GOOD PROGRAM IS PREPARED.

Procession, Headed by Brass Band and Choir to Lerve City at 5 a. m. Sports, Picnic and Dancing.

- Cannon will be fired at daybreak as a signal for the people to gather at the tabernacle corner at 6 o'clock a. m. and form a procession under the direction of the marshal of the day, Albert Nelson, which will be led by the brass band and choir which will furnish sweet music during the ride up the canyon. On arriving at the Mackelprang park the following program will be rendered, commencing at 10:30 a. m., with Joseph H. Armstrong as master of ceremonies:
1. Music by the brass band.
  2. Prayer by the chaplain, Pres. U. T. Jones.
  3. Singing by the choir.
  4. Address of welcome, John Parry.
  5. Song, Miss Mable Tait.
  6. Recitation, Mrs. Charlotte Walker.
  7. Speech "Why We Celebrate the 24th," Handie L. Jones.
  8. Music, Mandolin and Guitar Club.
  9. Dinner.
  10. Song by choir.
  11. Humorous speech, Willard Corry.
  12. Song, Miss Ada Wood.
  13. Recitation, Miss Hattie Mackelprang.
  14. Instrumental music, John Perry's string band.
  15. Song and dance, Urah Goodfellow.
  16. Regular and Volunteer toasts.
  17. Selection, brass band.
  18. Prayer by the chaplain.
- Children's dances and sports in the afternoon.
- Grand ball in the evening for all. Admission, 50c.

### COMMITTEE ON FINANCE.

Joseph S. Eife Jethro Palmer  
O. J. Bracken.

### COMMITTEE ON TRANSPORTATION.

John Tait Wm. N. Corry  
John Nelson

### COMMITTEE ON SPORTS AND DANCING.

John H. Perry Charles Corry  
David Webster Lannie Parry  
Violet Urie Caroline Haight

### COMMITTEE ON PAVILION & GROUNDS.

T. J. Jones Wm. W. Lunt  
Geo. H. Wood A. Mackelprang

### COMMITTEE ON ROADS.

David Haight George Urie  
R. H. Palmer Wm. Sawyer

### COMMITTEE ON BEEF AND MUTTON.

John G. Webster Jos. Rosenbregg

### COMMITTEE ON REFRESHMENTS.

Charlotte Haight Jane Mackelprang  
Burt Wood & wife W. Houschen & wife  
Fillie Heyborne Sarah Tait  
Fannie Walker

### GENERAL COMMITTEE.

Mr. and Mrs. Samuel T. Leigh  
Mr. and Mrs. Joseph S. Eife  
Mr. and Mrs. David Haight.

All are cordially invited to join the company and bring their picnic, tent and blankets, and return home at their pleasure.

### An Exciting Election.

Justice Will C. Reeves of Kanara was a town Wednesday. Asked if there was any excitement down his way he replied that the school election held in Kanara last Monday was about the most spirited and exciting contest that has been pulled off there in recent years. Owing to the failure of the trustee elected last year to qualify, two vacancies existed in the board. At the meeting called for the purpose Riley G. Williams was nominated for the three years term, and there being a tie vote on two candidates for the two years term, James W. Williams and George Davis were both placed on the ticket and allowed to "run for it." Joel J. Roundy was the retiring member and had been carrying the burden of erecting the new school building, and a number of the citizens being desirous of seeing him re-elected, his name was also written on the tickets.

When the votes were counted the results were as follows: For the three years term, Joel J. Roundy 50 votes, Riley G. Williams 23 votes; for the two years term, James W. Williams, 23 votes, George Davis 22. Peelleys ran high and the minority is anything but pleased with the result, states Mr. Reeves.

Slight injuries often disable a man and cause several days' loss of time and when blood poison develops, sometimes result in the loss of a hand or limb. Chamberlain's Pain Balm is an antiseptic liniment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation, and prevents any danger of blood poison.
