## THE COUNTY FAIR.

September 22, 23 and 24 are the dates which have been decided upon for the holding of the Iron county fair at Parowan this year. The various committees have been appointed and so far as we are able to learn are working industriously to make the fair this year more successful than ever before. Miss Dora Halterman is corresponding secretary and is awakening all the interest possible. Finance committees are at work and we presume sufficient means will be collected to defray the expenses, especially if augmented by gate receipts to the exhibition and tolls for the use of seats on the grand stand, which is eminently proper and in the rule in other counties.

As liberal prizes should be offered on all classes of exhibits as possible, it being borne in mind that the chief object of the fair is to stimulate the production of a better grade of home produce of all kinds.

The mineral department should receive special attention and the many varieties of ores and metals to be found within the borders of Iron county should be one of the striking features.

The Stetson Oracle is trying to throw cold water on the proposition, simply because it sees no direct return for its particular locality. The Oracle is a hide-bound, narrow contracted scraw of yellow journalism, anyhow, that always has a kick coming against any proposition that puts no coppers into its backskin sack, and we do not take it utterance for the sentiment of Stetson people, many of whom we know personally to be loyal, broadminded citizens. We trust that all petty selfish feelings will be put to one side and that we will all unite in making the fair a complete success this year.

One matter that should receive immediate attention is the publication of the premium list, which should be much longer and more liberal than ever before.

Everybody come to the Iron County Fair and bring your exhibits with you.

Mr. and Mrs. Wm. Dobson of Beaver are here visiting relatives and friends.

Stocktaking at the Cedar Sheep Association's store was completed last Wednesday.

Miss Ellen Rees of Beaver is spending a few days in Cedar City, the guest of Miss Ida Corry.

Mr. and Mrs. John Bauer are in a happy frame of mind this week over the arrival of their first baby.

Thomas Corlett started to Beaver yesterday to meet his sister, Mary Corlett, and Miss Edith Walker, who have been conducting a boarding house at Sulphurdale.

Walter H. Slack and Frank Duffin of Toquerville were in town a day or two this week purchasing supplies and transacting other business. They returned home yesterday.

A change of railroad agents at Jump is responsible for our weekly shipment of paper being delayed a couple of days this week, throwing us one day late with our issue.

If THE RECORD has a neglected appearance this week it may be attributed to the fact that the devil has become possessed of a mustang pony and has been putting in all his spare time breaking it to ride.

Get a free sample of Chamberlain's Stomach and Liver Tablets at any medicine dealer's. They are easier to take and more pleasant in effect than pills. Their use is not followed by constipation as is often the case with pills. Regular size, 25c. per box.

For sale by All Druggists.

Page & Braeken are excavating for a new cellar beneath their store on main street and every morning before breakfast Orlando Braeken discharges a faithful day's work on the end of a long handled shovel. A horse and scraper does the rest.

When you wake up with a bad taste in your mouth, go at once to any Medicine Dealer and get a free sample of Chamberlain's Stomach and Liver Tablets. One or two doses will make you sick headache and constipation.

For sale by All Druggists.

There is rejoicing in the household of J. H. McDonald this week as a result of the reception of a little girl last Monday into a family of four effervescent sons. It is understood that Dr. Middleton was given an ultimatum to either bring a girl this time or loose for ever a valuable patron. Fortunately for Dr. Middleton his reputation was saved again. Mrs. and Miss McDonald are progressing favorably.

# FROM CHAUTAUQUA.

Rass Milne Describes conditions at School.

## IS A GREAT SUMMER SCHOOL.

Mormons a Great Curiosity, and the Six Students From Utah Subjected to Many Questions.

Chautauqua, New York, July 8, 1903. Editor Iron County Record.—Just a few lines to describe an Eastern trip for a Western lad. Our route in brief to this place was via Ogden, Cheyenne, Omaha, Chicago, Detroit, across lake Erie to Cleveland, thence to Jamestown and across lake Chautauqua to the college town that bears its name.

Chautauqua is the greatest educational center for summer work in the United States. The average attendance at the college during the months of July and August is between sixteen and twenty thousand, students and teachers. The area inhabited by these twenty thousand people is perhaps three miles square.

There are six students from Utah here and it is rather amusing to see how completely dumfounded the people are when they learn where we are from. Several persons have quietly asked me if I had ever seen many Mormons in Utah. And when I have told them that I was a Mormon in belief, though sincerely worthy of being classed as such, they have been astounded and have asked me if every man in Utah did not have fifteen wives. I tell them that I hardly think the average would exceed twelve apiece. Then I tell them of the conditions as they exist in Utah.

Six Utah students are very comfortably located at Widrig Cottage and are just across the street from the large amphitheatre, where all the lectures, musicals, recitals, etc., are given, and if we choose we can remain on our porch and hear the selections rendered.

The Eastern country is really an inspiration to a Westerner. There are no barren places at all. The landscape is covered by various beautiful forest trees which are typical of the Eastern states. Lawn grass and flowers, with hundreds of fountains cover the ground. It seems a pity that nature has not been more impartial and given the Western country part of the rainfall that is so plentiful here, enabling us to substitute grasses and trees for our sage and rabbit brush which is struggling for existence.

To our right the lake front affords a beautiful scene. Steamers, sail boats, tugs, skiffs and boats of all descriptions are softly, smoothly gliding over the glassy surface of the lake, while along the shore hundreds of people are enjoying the exhilarating effects of a summer bath.

The work at school is excellent and one must work hard to be likely to expose his ignorance to his comrades. The work I am taking is the physical education training. My track work is under Dr. Clapp, Yale famous runner. I take the light gymnastics from Dr. Anderson, director of the Yale gymnasium. My anthropometry is under Dr. Searer, the medical examiner of Yale, and other work from the noted Swede, Dr. Bolin of Harvard.

All my time is taken up, as is the case with all the other students from Utah. Miss Spencer and Miss Eastwood are taking courses in outdoor sketching, painting and artistic gymnastic courses and domestic science, respectively. The other Utah students are taking a reading course.

We are watched very closely and hear on every hand whispers of "there are some real Mormons!" and then people look at us, and as there are two boys and only four girls of us here they think we are only half Mormons as we have only two wives each.

Please address my Record to Mr. Erasmus J. Milne, care of Widrig Cottage, Chautauqua, New York. You see here they will not allow a good common, every day name like "Rass," consequently for the present make it "Erasmus."

With best wishes for the good people of southern Utah, I am your friend, ERASMUS J. MILNE. (Rass)

It being found that the Corry mine is not able to produce the coal with which to burn the brick for the new Normal building as fast as it is needed, Dan Perkins and Edmund Williams were dispatched to the Wood & Taylor mine yesterday to augment the supply, and should this mine not be found in a condition to yield the needed fuel, the men will proceed to the old Jones mine, now owned by the church. Coal must be had and that quickly, or the building will be delayed.

It's no use hunting for early vegetables in Cedar. The early potato crop seems to be almost a total failure. Gardeners in every part of town report that there is some kind of a blight on the vines which causes them to grow a species of potato on the tops of the vines, and results in the tubers ceasing to develop when they reach about the size of marbles. Other garden products are just as scarce as potatoes, too, so you may save your selves the labor of a fruitless jab at your own search of vegetables, such as we took the first of the week.

Brutally Tortured. A case came to light that for persistent and unprofitable torture has perhaps never been equaled. Joe Golobick of Colusa, Calif., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried every thing known. I came across Electric Bitters and it is the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 25c. Satisfaction guaranteed by J. H. McDonald druggist.

No pity shown. For years fate was after me continually writes P. A. Gullidge, of Pikes Peak. "I had a terrible case of Piles causing 24 tumors. When all failed Bucklen's Aroclan Salve cured me. Equally good for Burns and all aches and pains. Only 25c at J. H. McDonald's drug store.

# FINANCIAL STATEMENT

Of Iron County, Utah, for the Year Ending June 30th, 1903.

PAROWAN, UTAH, JULY 13, 1903.

TO THE HON. BOARD OF COUNTY COMMISSIONERS OF IRON COUNTY, UTAH.

GENTLEMEN:—I submit herewith the financial Statement of Iron County for the year ending June 30, 1903.

Grand Total..... \$8067 38		Grand Total..... \$8067 38	

STATE OF UTAH, IRON COUNTY. I, J. H. Arthur, Treasurer of Iron County, State of Utah, hereby certify that the above and foregoing is a true and correct statement of Receipts and Disbursements of said County, from July 1, 1902 to June 30, 1903, both days inclusive. In Witness Whereof, I have hereunto set my hand this 13th day of July, A. D., 1903. J. H. ARTHUR, Treasurer of Iron County, Utah. Added July 13, 1903. W. T. MORRIS, County Auditor.

STATE OF UTAH, IRON COUNTY. I hereby certify that the foregoing is a full, true and correct copy of the original financial statement of Iron County, as approved by the Board of County Commissioners July 13, 1903, and now on file in my office. In Witness Whereof, I have hereunto set my hand this 13th day of July, A. D., 1903. W. T. MORRIS, County Clerk and ex-Officio County Auditor.

STATE LAND NOTICE. UNITED STATES LAND OFFICE. Salt Lake City, Utah, June 17th 1903.

To Whom it May Concern: Notice is hereby given that the State of Utah has filed in this office a list No. 74 of lands selected by the said State for the establishment of permanent water reservoirs under Section 12 of the Act of Congress approved July 16, 1894. The following tracts embraced in said list are in townships containing mineral claims of record, viz: Lot 1 Sec. 18, T. 36 S., R. 13 W., S. 1 E. Mer. A copy of said list, so far as it relates to said tracts, by descriptive subdivisions, has been conspicuously posted in this office for inspection by any person interested, and the public generally.

Within the next sixty days following the date of this notice, under departmental instructions of November 27, 1896, (23 L. D. 459), protests or contests against the claim of the State to any of the tracts or subdivisions hereinbefore described on the ground that the same is more valuable for agricultural purposes, will be received and noted for report to the General Land Office at Washington, D. C. Failure to protest or contest within the time specified will be considered sufficient evidence of the non-mineral character of the said tracts, and the selection thereof, being otherwise free from objection, will be recommended for approval. FRANK D. HOBBS, Register. GEO. A. SMITH, Receiver.

(First, June 26.—Last, Aug. 28.)

Let's all spend the Twenty-Fourth in the canyon.

Harry Hunter delivers nice pure ice at 5 cents per pound.

William Leigh moved his family up to their summer dory yesterday.

Attorney E. H. Ryan and family have moved into their new home.

Supervisor R. J. Palmer has had a number of men working poll tax this week.

Dixie peaches were of the local market this week and were selling at 2 cents per lb.

William Sawyer intends starting up the canyon today or tomorrow to log for the Wilkinson sawmill.

Old papers for sale at this office, 25c per 100. Cheapest form of wrapping paper; just the thing to put under carpets.

Rufus Leigh is now one of the clerks behind the counters of the Co-op. Miss Margaret Pryor and Healdman Webster have retired.

Joseph T. Wilkinson and son Ray went up the canyon to the sawmill Wednesday to make preparations for the season's cut.

George Williams of Kanarra was in town Tuesday and among other matters of business renewed his subscription to THE RECORD.

Cool drinking water during the hot months of summer is a great health promoter. Ice delivered at 1c. per lb. HARRY HUNTER.

Five cents worth of ice each morning insures good cool drinking water for the family during the hot weather. See Harry Hunter, the ice man, about it.

Cards are out announcing the wedding reception of T. Harry Bennett and Maggie Stewart Bennett at the home of Mrs. Adella Murie tomorrow evening.

J. H. McDonald intends taking a trip through the adjoining counties shortly in the interests of the Mutual Life Insurance Co. of New York, which he represents.

No pity shown. For years fate was after me continually writes P. A. Gullidge, of Pikes Peak. "I had a terrible case of Piles causing 24 tumors. When all failed Bucklen's Aroclan Salve cured me. Equally good for Burns and all aches and pains. Only 25c at J. H. McDonald's drug store.

Working Night and Day. The busiest and mightiest thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fog into mental power. They are wonderful in building up the health. Only 25c per box. Sold by J. H. McDonald.

William Lamb, Joseph Sylvester, J. A. Root, Henry Westerhold. Lund Cedar and St. George Stage Co.

Are prepared to accommodate the traveling public with the best there is on the road. Fare from Cedar to Lund \$2.50. Round trip \$4.00. Cedar to St. George \$3.00. Round trip \$5.00. EXPRESS OFFICE WITH ARTHUR & HOUGHEN.

## STATE LAND NOTICE

UNITED STATES LAND OFFICE. Salt Lake City, Utah, July 13, 1903.

To Whom it May Concern: Notice is hereby given that the State of Utah has filed in this office a list No. 52 of lands selected by the said State for the establishment and maintenance of an Insane Asylum, under section 12 of the Act of Congress approved July 16, 1894.

The following tracts embraced in said list are in townships containing mineral claims of record, viz: The S4 NW 1/4 Sec. 17, T. 37 S., R. 10 W., S. 1 E. Mer. A copy of said list, so far as it relates to said tracts, by descriptive subdivisions, has been conspicuously posted in this office for inspection by any person interested, and by the public generally.

Within the next sixty days following the date of this notice, under departmental instructions of November 27, 1896, (23 L. D. 459), protests or contests against the claim of the State to any of the tracts or subdivisions hereinbefore described on the ground that the same is more valuable for agricultural purposes, will be received and noted for report to the General Land Office at Washington, D. C. Failure to protest or contest within the time specified will be considered sufficient evidence of the non-mineral character of the said tracts, and the selection thereof, being otherwise free from objection, will be recommended for approval. FRANK D. HOBBS, Register. GEO. A. SMITH, Receiver.

(First July 17.—Last Sept. 11.)

STATE LAND NOTICE. UNITED STATES LAND OFFICE. Salt Lake City, Utah, May 4, 1903.

To Whom it May Concern: Notice is hereby given that the State of Utah has filed in this office a list No. 4 of lands selected by the said State for the establishment of permanent water reservoirs under Section 12 of the Act of Congress approved July 16, 1894. The following tracts embraced in said list are in townships containing mineral claims of record, viz: The S4 NW 1/4 Sec. 17, T. 37 S., R. 10 W., S. 1 E. Mer. A copy of said list, so far as it relates to said tracts, by descriptive subdivisions, has been conspicuously posted in this office for inspection by any person interested, and by the public generally.

Within the next sixty days following the date of this notice, under departmental instructions of November 27, 1896, (23 L. D. 459), protests or contests against the claim of the State to any of the tracts or subdivisions hereinbefore described on the ground that the same is more valuable for agricultural purposes, will be received and noted for report to the General Land Office at Washington, D. C. Failure to protest or contest within the time specified will be considered sufficient evidence of the non-mineral character of the said tracts, and the selection thereof, being otherwise free from objection, will be recommended for approval. FRANK D. HOBBS, Register. GEO. A. SMITH, Receiver.

(First May 22.—Last July 21.)

Application for Patent. UNITED STATES LAND OFFICE. Salt Lake City, Utah, May 4, 1903.

Notice is hereby given that J. H. White whose Post Office address is Salt Lake City, Utah has made application for a United States Patent for the Invention of a certain improvement in a certain article of manufacture, the nature of which is fully set forth in the accompanying specification, and the selection thereof, being otherwise free from objection, will be recommended for approval. FRANK D. HOBBS, Register. GEO. A. SMITH, Receiver.

(First May 22.—Last July 21.)

Application for Patent. UNITED STATES LAND OFFICE. Salt Lake City, Utah, June 9, 1903.

Notice is hereby given that Richard M. Ward whose Postoffice address is Denver, Colorado has made application for a United States Patent for the Invention of a certain article of manufacture, the nature of which is fully set forth in the accompanying specification, and the selection thereof, being otherwise free from objection, will be recommended for approval. FRANK D. HOBBS, Register. GEO. A. SMITH, Receiver.
