#### Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it.

In selecting your purchases deal with those merchants who benefit the town by advertising in their local paper. The better patronized and thrifter the paper the better the opinion outsiders will form of the town. A town cannot advance that is not willing to help itself, and the way to make the town thrifty is to patronize those business houses that show progressiveness themselves. The people have the whole situation in their own hands.

#### Better Than Pills.

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills. Our answer is—They are easier and more pleasant to take and their effect is so gentle and agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. 25 cents per bottle.
