

# SEVEN WAGON LOADS OF NEW GOODS

Inst in at the  
**CEDAR CITY CO-OP.**

The shipment embraces all our spring and summer lines of Ready-made Clothing, Furnishings and Underwear, Dress Goods and all kinds of Dry Goods; Men's, Youths' and Children's Hats--in Straw, Felt and Wool; Ladies' Waists, Over and Under Skirts, Sun Bonnets, Parasols, etc.; Table Linens and Table Cloths. Also a large fresh stock of Groceries, Hardware, Tinware, and in short, goods for every Department.

This is perhaps the largest shipment of goods ever imported to Cedar City by one firm during a single week, and furnishes our customers a wide assortment in all lines to choose from. In our Dry Goods Department we are especially well stocked, our collection embracing all the late and popular fabrics, not only for ladies' wear, but for shirtings, domestic purposes, etc. If you are at all particular in your tastes, the time to buy is while you have a large and unbroken line to choose from. The goods are now open and you are invited to call and inspect them. We know we can please you.

## CEDAR CITY CO-OP.

C. J. ARTHUR, Superintendent.

### State Land Notice.

United States Land Office, Salt Lake City, Utah, January 9, 1905.

To Whom it May Concern:

Notice is hereby given that the State of Utah has filed in this office lists of lands selected by the said state under section 12 of the Act of Congress approved July 16, 1894. The following tracts embraced in said lists are in townships containing mineral claims of record, viz:

Lots 24, 25 and 26, sec. 31, T. 39 S., R. 10 W., and E $\frac{1}{2}$  NE $\frac{1}{4}$  and E $\frac{1}{2}$  SE $\frac{1}{4}$  sec. 25, T. 39 S., R. 11 W., embraced in list No. 58, Irano Asylum.

E $\frac{1}{2}$  SE $\frac{1}{4}$  sec. 23; and E $\frac{1}{2}$  NE $\frac{1}{4}$  sec. 26, T. 38 S., R. 10 W., embraced in list No. 33, Miners' Hospital.

Copies of said lists so far as they relate to said tracts, by descriptive subdivisions, have been conspicuously posted in this office for inspection by any person interested, and by the public generally.

During the sixty days next following the date of this notice, under departmental instructions of November 27, 1896, (23 L. D., 459), protests or contests against the claim of the state to any of the tracts or subdivisions hereinbefore described, on the ground that the same is more valuable for mineral than for agricultural purposes, will be received and noted for report to the General Land Office, at Washington, D. C. Failure to so protest or contest within the time specified will be considered sufficient evidence of the non-mineral character of the said tracts, and the selection thereof, being otherwise free from objection, will be recommended for approval.

FRANK D. HOBBS,  
Register.  
GEO. A. SMITH,  
Receiver.

(First, Jan. 20--Last Mar. 17.)

### PROBATE AND GUARDIANSHIP NOTICES.

For Further Information Consult Court Clerk or the Respective Signers

ESTATE OF JAMES CORLETT:  
Creditors will present claims with vouchers to the undersigned at her residence at Cedar City, Iron county, State of Utah, on or before the 19th day of June, A. D., 1905.

MARY J. CORLETT,  
Administratrix.  
Edmond H. Ryan, Attorney for Administratrix, Cedar City, Utah.  
(First Feb. 17--Last Mar. 10.)

### Notice to Trespassers.

\$25.00 Reward will be paid to any one who will furnish proof that will convict any person of cutting or destroying any timber or wood upon the hundred and twelve patented iron claims or the section of patented land at and around the Davis Springs, in Iron Mountain Mining district, Iron county, Utah, belonging to the undersigned.

S. B. MILNER.

### Estray Notice.

State of Utah, County of Iron, in the Parowan precinct of said county. I have in my possession the following described estray animal:

One gray horse, about 8 years old, branded -H- on left thigh, which if not claimed and taken away will be sold at public auction to the highest cash bidder, at the estray corral, in Parowan precinct, on the 14th day of March, at 2 o'clock, p. m.

Said estray was taken up by me on the 3rd day of March, 1905.  
EDWARD BENTLEY,  
Poundkeeper for Parowan Precinct.  
Parowan, March 4, 1905.  
Advertise in The Record.

Frank M. Small, who has been spending the most of the winter taking care of sheep, was in town this week for a few days. Sheep herding seems to agree with Frank. We never saw him looking better.

Messrs Daily and Houchen have been putting in several days at the county seat taking abstracts from the records. It will be remembered that these gentlemen were awarded the contract some time ago for revising the plat books of the county, and it is their intention to secure complete abstracts of all instruments involving title to real estate in Iron county and file in their office in Cedar, so that it will not be necessary to go to Parowan to prepare abstracts of title. They report that they are doing fairly well with the work, but that they will be busy several days longer.

### Champion Liniment for Rheumatism.

Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of any one suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure.  
For sale by all Dealers.

Athletics at the Branch Normal are receiving considerable attention these days, from students of both sexes. A meet with the Woodward School of St. George has been arranged for next month, and a meet with the branch B. Y. U. at Beaver is also talked of. It was hoped by athletic enthusiasts that a three cornered meet could be arranged for between the schools, to be pulled off in Cedar some time between now and the close of school, but this has been found to be impracticable, for the reason that the St. George and Beaver schools cannot be here at the same date. The Normal has some very fair material out of which to work up a team this year, and with proper and persistent training the students will give a good account of themselves.

## TOM WATSON'S MAGAZINE

"The Magazine that has an Ideal Back of it."

Have you heard that Hon. Thos. E. Watson of Georgia has begun the publication of a magazine?

You know who Mr. Watson is? He's the man who wrote "The Story of France," "Life of Napoleon," and "The Life and Times of Thomas Jefferson." He was the People's Party candidate for president last year. First number of Tom Watson's Magazine will be published Feb. 25. For sale at all news stands--price 10c. By mail, \$1.00 per year. You will miss the most interesting 128-page magazine in America if you fail to get this number. Ask your news-dealer for Tom Watson's Magazine--or, better still, send a dollar for a year's subscription to TOM WATSON'S MAGAZINE, 121 West 42nd Street, New York City, N. Y.

### Notice of Forfeiture.

Stateline, Utah, Jan. 27, 1905.

To Henry Bowen:  
You are hereby notified that I have expended during the years of 1903 and 1904, two hundred dollars in labor and improvements upon the Mammoth lode mining claim, situated on Rice Mountain, in Stateline Mining District, Iron county, State of Utah, of which the location certificate is of record in Book "A" No. 68, page 135, in the office of the Recorder of said district, in order to hold said claim under the provisions of section 2324 of the Revised Statutes of the United States, annual labor upon mining claims, and being the amount required to hold said lode for the period ending on the 31st day of December, 1903, and the same for the year 1904.

And if within ninety days after the publication hereof you fail or refuse to contribute your proportion of such expenditures as co-owner, your interest in the property or claim will become the property of the subscriber, your co-owner, who has made the required expenditure by the terms of said section.

MRS. MARTHA TILLEY.

Old papers for sale cheap at this office.

## Cedar City and Vicinity.

Does the boy need a new suit? Better see the Co-op. about it.

The Inland Stock company will play a return date in Cedar next Monday evening, when "The Gold King" will be presented.

The local Silver Band is out serenading in honor of the old brass band which gives a free dance to the married people this evening at the hall.

If you hope to be one of the feathered songsters that catches the caterpillar you had better get your garden seed into the ground very soon now.

Black eyes are quite the fashion lately. A fad that receives the endorsement of newspaper men and college instructors cannot fail of a liberal following.

Miss Jennie Angell is still very ill at Enoch and her parents are both by her bedside. Dr. Middleton is in attendance and has made several visits during this week.

Sorry to say one or two loads of the new goods advertised elsewhere in this paper have been delayed at Lund, but they will reach us in a day or two. THE CO-OP.

A number of members of the prominent Batty family of Toquerville passed through our city this week enroute to Idaho, where they intend to make a new home or homes.

The friends and relatives of Elder Leroy S. Armstrong were pleased to welcome him home last Wednesday night from his two and a half years mission to the Southern States.

Our correspondent from Parowan tells us that Mr. Lake of Milford and Miss Sarah Jones of Enoch were married there March 7th and it is their intention to leave for Ontario.

As we go to press the pupils of the district school are locked in a desperate athletic contest. The list of events includes races of various distances, pole vault, jumps and games. The kids have caught the spirit of athletics and are having a hot time.

About a week ago the son of Rees J. Williams of Kanarra had the misfortune to run a rusty nail in his foot, and the result is a badly swollen foot and some danger from blood poisoning. Dr. Middleton has been called in to take charge of the case.

Notice the ad in this issue of the Greenwald Furniture Company of Salt Lake City. This is one of the most enterprising and go-ahead firms in the state, and they are going to extend their present patronage if judicious advertising will accomplish it.

Jesse Smith, president of the Utah Wool Growers association, is in town this week for the purpose of making some deal with wool growers, but has been unable to accomplish anything, as about all the wool grown in this neighborhood has been contracted some time since.

The wood haulers party given last Tuesday night by the ward authorities to those who have hauled wood for the poor during the winter, was a very enjoyable affair. Picnic and ice cream were served which, taken with the good music and excellent company, made the boys feel that the Lord blesses those that remember the poor.

The girls of the Branch Normal are regretting the news that a basket-ball game will not be agreed to by the girls of the Woodward school in connection with the athletic contest to take place next month between the Normal and Woodward students. The girls of the Dixie school say that they have no basket-ball apparatus and consequently no means of practicing.

Last Thursday night while ascending the steps to the porch at the residence of her son Lafayette Mrs. Eliza McConnell had the misfortune to fall and dislocate her hip. In answer to her calls for help her son and his wife came out of the house and found her lying helpless. They succeeded in carrying her home where she passed the night in great pain. In the morning Dr. Green was called in and the limb restored to its place. The lady has the sympathy of a host of friends.

R. J. Bryant has been employed in painting and decorating the new addition to Dr Middleton's residence the past few days.

Dr. Carpenter will be home from Parowan and ready for work Monday morning, the 13th inst. All people requiring dental work should have it attended to early.

Mrs. Carpenter will be at home ready to attend your eyes about the 13th. Don't neglect them longer, but go and see her. Your eyes need more care in the warm than in the cold weather.

Visitors are welcome at The Record office. There are lots of people in Cedar City, to say nothing of surrounding settlements who have not been in to see our up-to-date plant. It would pay you to call.

Sheep have wintered on the desert and other local ranges in good shape this winter, and with the advanced prices quoted for wool, the flock masters are in a complacent frame of mind.

Collections are reported very slow in Iron county by all classes of business people. There seems to be no money in the country, and no relief for the condition is expected until shearing time.

Dr. and Mrs. Carpenter are spending the week in Parowan on professional business. To people requiring dental or optical work, we can cheerfully recommend Mr. and Mrs. Carpenter. They will be found to be proficient in their profession, and besides that, mighty nice people.

Tomorrow, Saturday, the foot race between Davis of Kanarra and Fife of Cedar City, will be pulled off at Hamilton's Fort. Fife was suffering from an attack of grip the first of the week and was compelled to cease training for some days. It is feared that it will affect his form for the race.

At the county teachers' institute to be held in Parowan tomorrow, Prof. H. R. Driggs will lecture on the subject of "Good Literature." Probably no man in this state has made a more careful study of this subject, and he is recognized everywhere as an able critic of written thought. His lecture will be open to the public, and will be well worth hearing.

The weather turned quite cold again Tuesday, a breezy springing up from the north that felt like the breath from the nostrils of King Winter. There was quite a hard frost Tuesday night, but vegetation hereabouts was not far enough advanced to receive injury. If the same atmospheric conditions maintained in the Dixie country, the results may have been more serious.

Cedar City ought to have the electric light plant, and while the matter is being agitated, we trust the water power will be carefully considered. It will cost a little more to install, but there will be a great saving in the cost of operating and it can be run day and night at but little additional cost, thus providing power for any machinery that requires it. We sincerely hope that the promoter may decide in favor of water as against steam power.

## Banner Lye

is easy to use

No other lye is packed so safely and conveniently, or is so economical--not a bit wasted. No other lye or soap cleans and disinfects so easily and thoroughly as Banner Lye. It is not old-style lye. Odorless and colorless; the greatest cleanser and disinfectant the world has ever known. Use it for cleaning your kitchen, cellar, sinks, dairy, milk-pans and bottles, for softening water, and the labor of washing and cleaning will be cut in half.

### Makes pure soap

and saves money besides. A 10-cent can of Banner Lye, 5 1/2 pounds of kitchen grease, ten minutes' easy work (no boiling or large kettles), and you have 10 pounds of best hard soap or 20 gallons of soft soap.  
Banner Lye is sold by your grocer or druggist. Write to us for free booklet "Uses of Banner Lye." The Penn Chemical Works Philadelphia U.S.A.
