Elder Thornton Honored.

Pinto, Jan. 31, 1906.

A welcome-home party was given Friday evening, Jan. 26, in honor of Elder J. U. Thornton, who just returned after an absence of three years, on a mission in Switzerland. The citizens gathered at the hall at 7 o'clock, where they found a dainty and delicious supper prepared, which was served in courses.

The menu was as follows:

1. Potato soup and crackers.
2. Quail on toast, salad and coffee.
3. Pie and cheese.
4. Cake, fruit and nectar.

During the supper toasts and sentiments were interspersed, after which an appropriate program was very creditably rendered, which was as follows:

1. Welcome Address—Miss Alice Knell.
2. Response, Elder Thornton.
3. Duet, Theresa Knell and Lucille Forsyth.
4. A missionary song—by nine of the returned Elders.
5. An aerobic exercise—(My Boy-hood home) by thirteen children.
6. Male Quartet, Frank Knell and company.
7. Vocal Solo, Iva Knell (words and music composed by Mrs. Eldridge.)
8. Guitar Solo, Frank Knell.
9. The Mocking Bird, Whistled by George Judd, with guitar accompaniment.

After the program young and old participated in dancing, until a late hour, when all expressed themselves as having had a very good time.

Shem, Utah.

Shem, Feb. 6, 1906.

C. H. Doolittle was here last week inspecting the smelter and mine.

The smelter will "blow in" about Feb. 20th, and the management expects to run continuously thereafter.

Samuel L. Adams, Jr., was in Shem Saturday on business connected with the Paymaster group of copper mines.

The Utah and Eastern Copper company are wanting about twelve four-horse outfits more than they are now employing.

The steam wagon is again in motion having been idle for some time, owing to the washouts on the road, which are being fast repaired by a large force of men.

Attorney Geo. R. Lund returned from California on the 1st, and went immediately to St. George, being summoned there to the bedside of his father, who died before he reached home.

Summit, Utah.

Summit, Feb. 7th, 1906.

The many friends of Mrs. May Dalley-Simpkins, will be pleased to hear she is the happy possessor of a 10-lb. boy.

Rula Dalley has been afflicted lately with a severe scalp disease, which has caused her parents much anxiety, as there was some danger of blood poisoning, but we are glad to know Doctor McGregor seems more satisfied and we trust the trouble will soon be removed.

Some wonderful and strange sounds have come from certain houses lately, which might be alarming to those who are not initiated. The fact is, there are several new musical instruments in town and the boys are anxious to try their skill. From what we can hear, we should have a pretty good band some day.

The weather we have had for the last ten days is, we think, not very

healthy, yet we can not help admiring the beauties of it. Every tree and shrub, and even tiny sticks, are covered with a beautiful, fairy-like stary substance. The writer has never before been in a country where this hoar-frost (if that is the correct term,) has prevailed to such an extent, and being a lover of nature finds much to admire in it.

Charles R. Dalley is one of our go-ahead, up-to-date men, always on hand to help with anything of a religious, social, or improvement nature. Some time before holidays he promised the school boys a dance if they would clear the brush off the school ground. Of course this was fun for the boys and they willingly went to work. The dance was on Friday, and an enjoyable time was had, with plenty of ice cream and dainties, which the good sisters provided.

Saturday was annual day of the Relief Society, when all financial and statistical reports were read. There was a good turn-out and all were surprised at the successful reports. The R. S. goes on very quietly with its work. President Ordona Dalley is very energetic in her duties, and the Society has made rapid progress this last year. This week they collected over 1,000 lbs. of grain and put in their new granary. The sisters, we hear, have some surprises in store for us, which we shall report when they occur.

Bunkerville, Nev.

The people of Bunkerville are pleased to learn that the mail after the first day of July will run from St. George to Meapa.

The Rio Virgin Horse Breeders' association has purchased the Norman stallion "Tuffey," recently imported from France. The purchase price was \$3,500. The horse is a coal black and weighs over two thousand pounds.

Bunkerville, Nev., Jan. 20, 1906.

The Bunkerville school house is nearing completion. The carpenters have been compelled to stop work a few days on account of a lack of material. Robt. Bagshaw of Mesquite is putting on the lath, and the school trustees are expecting to get Ed. Christian of St. George to do the plastering.

Bp. E. Bonker and J. I. Earl have just returned from the Muddy valley and report conditions in the valley as very encouraging. They are going into truck gardening on a large scale, judging from their bill for garden seeds, which is about \$500. E. Bunker, Jr. is pushing the work on the raisin farm on the north side of the Virgin river. The Bp. is preparing to set out from 75,000 to 100,000 seedless grape roots this year.

Springdale, Utah.

Springdale, Feb. 4, 1906.

Mr. Aaron Flannigan is slowly mending.

The weather is beautiful at present, and it almost looks as if spring had opened.

John R. Crawford and Thornton Hepworth have just returned from Lund with freight.

F. D. Gifford met with a severe accident last week, falling and breaking one of his ribs. He is scarcely able to move, but is improving.

Littlefield, Ariz.

Littlefield, Feb. 5, 1906.

There is an epidemic of colds and coughs here at present.

We are having pleasant weather for this time of the year.

H. P. Iverson and Joseph Reber were the hosts in surprise parties

Cedar City Co-op.

C. J. ARTHUR, Superintendent.

Joel Burgess of Pine Valley passed through here the other day en route to Turley Springs.

Mrs. Alice Knight has been sick for a couple of weeks, but is able to be up and around again.

Apricots and almonds are in bloom, and H. P. Iverson found several stalks of alfalfa that measured 15 inches each the other day.

The Y. M. and Y. L. M. I. A. gave a cake party January 24, for the purpose of raising means to carry on the Mutual work. It was a great success.

Amanda Iverson has gone to work for her sister at the Bigler ranch, and Stella Iverson has accepted a position with Mr. Bowman in the Muddy Valley.

Parowan, Utah.

Parowan, Utah, Feb. 7th.

On Friday last St. E. L. Clark, an agent for Mr. B. P. Saunders, purchased \$35,000 worth of wethers of sheepmen residing in Parowan, Summit and Paragonah. The sheep are to be delivered between the 15th and 31st of May next.

The only scarlet fever flag put up since our last writing was at the home of Mr. A. Hyatt's this morning. His oldest daughter having attended school yesterday, it makes it appear rather dubious for the fourth grade students.

Wm. R. Mickleson's condition is growing more favorable the past two days, to the joy and gratitude of Parowan people whose prayers have constantly been offered in his behalf.

Mr. Phil Leigh, while chasing an unruly cow over the rough frozen ground, had the misfortune to break one of the small bones in his left foot. Though doing nicely the gentleman will be somewhat disabled for a couple of weeks.

An ice cream party for children was given at the Yardley house last evening, in honor of the birthday of master Leslie.

Articles of incorporation of the Standard Gold Mining and Milling Company, were filed in the County Clerk's office today by C. E. Peak, W. J. Dooley, Ambrose and Harvey Hedges.

The fog, so general over our state, is paying a heavy visitation to Parowan. It seems quite depressing to business as well as to spirits, everything is very quiet here.

The "married peoples party" committee cleared \$10.00 at the ball, which was presented to the Relief Society bazaar fund, a very commendable act, as the bazaar committee are working all kinds of honorable schemes to increase the treasury of

Fannie, the third daughter of George and Maria Taylor, who is married and living at Richfield is dangerously ill. Mrs. Taylor was sent for and phoned to the folks at home yesterday that the lady's condition was very serious.

Paragonah, Utah.

Paragonah, Utah Feb. 7.

J. S. P. Barton and John L. Robinson chose up sides for a rabbit hunt which came off Saturday, the 3rd. Barton's side made a tally of 592 and Robinson's side 533, making a total of 1125 less rabbits to feed. A dancing party was given by the losing side Monday night.

An annual meeting of the People's Union M. & M. Co., was held Jan. 29, for the purpose of hearing the financial report. The report shows the Company in fairly good condition. The election of a board of directors followed, which consists of James C. Robinson, E. M. Owens, Wm. Edwards, James Stones, and W. R. Anderson.

Scarlet fever has been entirely

stamped out at this place, and it is hoped that it will remain so. The weather has been quite miserable for the past week, on account of the heavy fog.

Following is the program for conjoint meeting next Sunday evening: Talk, Samuel T. Leigh; song, William Macfarlane; talk, Mrs. Nellie Pace. The public are invited to attend.

The Record will usually issue in the forenoon instead of the afternoon each Friday in the future, and those having copy for publication must have it in not later than Thursday.

Mr. Beauregard Kenner, ranger in charge of the Sevier forest reserve, is spending a few days in Cedar for the purpose of receiving applications for grazing permits on the reserve. Mr. Kenner informs us that he has secured the exclusion of all range horses and cattle, and all sheep from the Coal Creek water shed, and now if he can get some of the filthy ranch corrals cleaned up we can have a fairly decent water supply. Mr. Kenner can be found at Andrew Corry's hotel.

Mining location notices, coal entry blanks, proof of labor and other mining blanks for sale at this office.
