

Normal Notes.

Prin. Decker left Cedar Tuesday for Salt Lake City where he went on official business.

Last night the third years had a class party at Mr. and Mrs. Koell's, Miss Powell entertaining.

In students' meeting Friday morning Mark Robinson gave an instructive talk on "Ideals."

Delegates are being elected today to the conventions of the parties which meet to nominate officers for the city school government. Next week the regular rallies will be held by the opposing parties.

The attendance at the Normal increases each day, many of the former students returning to complete the work. Richard Tweedie, of last year's graduating class, is back to complete the fourth year work.

Dr. Robison conducted chapel Wednesday morning. He spoke on personal cleanliness, showing its close relation to mental and moral cleanliness. The ladies' quartet, consisting of Lillian Hibbee, Pearl Urie, Annette Webster and Isabelle Jackson sang Newman's "Lead, Kindly, Light."

The reception given last Saturday night to all students and patrons of the Normal School was thoroughly enjoyed by all who attended. Besides the usual dance, punch was served by Miss Powell of the Domestic Science department, assisted by Miss Naegle and members of the Alumni Association. A short program was carried out as follows: Saxophone solo, Mark Robinson, Piano solo, Davis Farnsworth, Address, Principal Decker.

The bishop of the East Ward had a record breaking attendance at the block teachers meeting last Saturday night. There were present the enormous number of two. It is presumed that all the others were out visiting the people on their respective beats.

When you get tired of buying cheap note paper come to us and get a bunch of 100 sheets of our French Chevoit Linen note paper. Guaranteed the best that has been in Cedar. 45 cents per packet.

THE RECORD.

If you want good quality in envelopes come to the Record Office. White Wave, xxx 5 cents a bunch. Alexandra Linen, 10 cents. Baronial White Wave, xxx 5 cents. Baronial Alexandra Linen, 10 cents. Other styles of the best quality. You can't duplicate them in town.

Now is a good time to get all the corals in town cleaned. If they are thoroughly cleaned before heavy frost sets in they will be more accessible and will be in better condition when spring comes again. Besides it will be the means of eliminating much of the sickness in the city.

The Post-Office Store is headquarters for Sporting Goods, such as guns, ammunition, athletic goods, etc. We are the exclusive agents for the famous Spaulding line in this section. If we haven't what you want in stock, we will get it for you in the shortest possible time. Let us know your wants.

If you are thinking of a new suit of clothes, and want them to fit properly, it will pay you to look over the samples at the Post-Office Store. We invite the closest comparison of our prices with those of other dealers. And when it comes to style and fit, we lead them all.

POST OFFICE STORE.

Jose Antonio Cisneros has arrived in town after having spent several months at the sheep herd on the mountain. He has been working for the Cedar Mercantile and comes into town to take a month's rest. Mr. Cisneros is a capable sheep herder and those who have had his services say he is careful and always mindful of his employer's interests.

As to Millinery.

Call at the Post-Office Store and look over the new millinery. One shipment just in and a large and exquisite line due the first of next week. Remember that we are headquarters for everything in the millinery line, whether you want trimmed hats, ready-to-wear, shapes or trimming. We carry a larger line than any other dealer in Southern Utah, buying direct from the largest manufacturers in the United States, are able to give you the very latest styles and designs, and we save you the middle men's profits. Now is the time to look up your winter hat.

THE POST OFFICE STORE.

Notice to Water Users.

State Engineer's office, Salt Lake City, Utah, Sept. 18, 1909.
Notice is hereby given that the Old Fort and Old West Field Reservoir and Irrigation Company, by its secretary, John Chatterley, whose post office address is Cedar City, Utah, has made application in accordance with the requirements of the Compiled Laws of Utah, 1907, as amended by the Session Laws of Utah, 1909, to appropriate five (5) cubic feet per second of water from Coal Creek, Iron County, Utah. Said water will be diverted at a point which lies 800 feet west of the south east corner of the north east quarter of the north east quarter of section 33, township 35 south, Range 11 west, Salt Lake base and meridian, where it will be used from September 15 of each year to March 31, inclusive of the year following, to irrigate 650 acres of land embraced in sections 21, 22 and 23 Township 25 south Range 11 West, Salt Lake base and meridian. This application is designated in the State Engineer's office as No. 2419-a.

All protests against the granting of said application, stating the reasons therefor, must be made by affidavit in duplicate and filed in this office within thirty (30) days after the completion of the publication of this notice.

CALEB TANNER, State Engineer.

Date of first publication Oct. 1, 1909, date of completion of publication Nov. 1, 1909.

Notice to Water Users.

State Engineer's office, Salt Lake City, Utah, September 18, 1909.
Notice is hereby given that Peter B. Fife, whose post office address is Cedar City, Utah, has made application in accordance with the requirements of the Compiled Laws of Utah, 1907, as amended by the Session Laws of Utah, 1909, to appropriate one-tenth (1/10) of a cubic foot per second of water from an unnamed spring in Iron County, Utah. Said spring is situated at a point which lies 1,017 feet west and 77 feet south of the east quarter corner of Section 31, Township 31 south, Range 12 west, Salt Lake base and meridian. Said water will be diverted at the place where it issues from said spring and conveyed by means of a ditch for a distance of 50 feet and the water discharged into tanks, troughs and ditches, where it will be used from January 1 to December 31, inclusive, of each year, for stock watering purposes. This application is designated in the State Engineer's office as No. 2419-b.

All protests against the granting of said application, stating the reasons therefor, must be made by affidavit in duplicate and filed in this office within thirty (30) days after the completion of the publication of this notice.

CALEB TANNER, State Engineer.

Date of first publication Oct. 1, 1909, date of completion of publication Nov. 1, 1909.

NOTICE—United States Land Office, Salt Lake City, Utah, Sept. 9, 1909. To Whom it May Concern: Notice is hereby given that the state of Utah has filed in this office lists of lands, selected by the said state, under Section 6 of the Act of Congress approved July 16, 1894, as amended, School Lands, as follows: viz: sec. 24, sec. 28, T. 33 S., R. 9 W., Serial 9415. A copy of said list, so far as it relates to said tracts by descriptive subdivisions, has been conspicuously posted in this office for inspection by any person interested, and by the public generally. During the period of publication of this notice, or any time thereafter, and before final approval and certification, under departmental regulations of April 23, 1907, protests or objections against the claim of the State to any of the tracts or subdivisions hereinbefore described on the ground that the same is more valuable for mineral than for agricultural purposes, will be received and noted for report to the General Land Office at Washington, D. C. Failure so to protest or object within the specified time, will be considered sufficient evidence of the non-mineral character of the tracts and the selection thereof being otherwise free from objection will be approved to the State. Notice to Water Users.
State Engineer's Office, Salt Lake City, Utah, August 19, 1909.
Notice is hereby given that the North Field Reservoir and Irrigation Company, by its secretary Henry Leigh, whose post office address is Cedar City, Utah, has made application in accordance with the requirements of the Compiled Laws of Utah, 1907, as amended by the Session Laws of Utah, 1909, to appropriate ten (10) cubic feet per second of water from Coal Creek, Iron County, Utah. Said water will be diverted at a point which lies 1,043 feet east and 2,052 feet south of the north west corner of section 31, Township 38 south, Range 11 West, Salt Lake base and meridian, from which point it will be conveyed for a distance of 18,400 feet to an earthen channel and there used from September 1 of each year until May 1, inclusive of the year following, to irrigate 1,419 acres of land embraced in sections 1 and 3, Township 26 South, Range 11 west and Sections 22, 23, 25, 27, 34 and 35, Township 25 South, Range 11 west, Salt Lake base and meridian. This application is designated in the State Engineer's office as No. 2403.

All protests against the granting of said application, stating the reasons therefor, must be made by affidavit in duplicate and filed in this office within thirty (30) days after the completion of the publication of this notice.
