

IRON COUNTY RECORD.

COMMENCEMENT AT NORMAL.

Exceptionally Strong Classes Graduate This Year. Red Letter Day For All Concerned.

This week has been commencement week at the Normal and altogether the exercises and events have been very interesting and instructive. A great many visitors from outside districts have been in attendance, and have enjoyed immensely the work done by the students. From reports that have come to the ears of the editor, the visiting people from various parts of southern Utah are happily surprised at the school and its splendid equipments. They feel that it is doing more than the people generally credit it with doing.

This year two classes have been graduated: one from the regular four-year high school course, and one from the three-year Normal course. The latter one of these two, from this year on, will be a four-year course instead of a three-year one. So that all students after this year will be required to attend four years before being graduated from either course offered.

As a result of this change the senior class is rather a small one. But notwithstanding its numbers it is a strong one and will reflect credit on the school. The members of this class are Vivian Decker, Lillian Higbee, Mart Robinson, Margaret Melting, and Dick Tweedie. One member, Lillian Higbee, besides completing the four-year high school course has done two years' work in music and received a certificate in music.

The regular third year class is also a strong one, in fact most of the faculty consider it to be one of the strongest classes ever going out of the institution. The members of the class consist of the following:

- Arthur Fife, Cedar City.
- John Fletcher, Cannonville.
- Gwendolyn Higbee, Cedar City.
- Myron Higbee, Cedar City.
- Parley Ipson, Panguitch.
- Jessie Jennings, Rockville.
- Irene Jones, Cedar City.
- Ruby Leigh, Cedar City.
- H. Webster Leigh, Cedar City.
- Raymond Lunt, Cedar City.
- Erastus Macfarlane, St. George.
- Gladys McConnell, Cedar City.
- Irvia McQuarrie, St. George.
- Luella Mickleton, Parowan.
- Caesar Myers, Panguitch.
- Ruby Neagle, Toquerville.
- Donald Schmutz, Harmony.
- Claude Sevy, Panguitch.
- A. Nevada Watson, Cedar City.
- Annette Webster, Cedar City.
- Janie Wilkinson, Cedar City.
- Clara Williamson, Paragonah.
- Leon Winsor, St. George.

Sunday night the regular commencement exercises began with a baccalaureate sermon delivered at the tabernacle by Dr. Wm. C. Ebaugh, of the state university. He gave a very instructive and inspiring address on "Vocation, Avocation, Recreation, Aspiration." About five hundred people were present. The graduating classes, sitting on the stand immediately in front of the speaker, the decorations, the display of flowers—all made an impressive scene, one that ought to inspire any young man and any young woman to make something out of themselves. The music was also artistic. The program follows:

- Solo, "The Shepherd King," Frank Thorley.
- Invocation, Instructor Morgan.
- Sermon, Dr. Wm. C. Ebaugh.
- Quartet, "Hops Beyond," M. J. Macfarlane, Frank Thorley, Lehi M. Jones, Lyle Corry.

Monday night Miss Lillian Higbee gave a recital in the Normal auditorium to which several hundred people listened with great pleasure. This event was Miss Higbee's "debut" into the musical world and she certainly came through with colors flying. She is especially to be congratulated on the modest graceful, unassuming way in which she played the difficult parts. Her manner was entirely free from affectation—the bane of the musical profession. Her program as played was as follows:

- Sonata, Op. 13—Bethoven.

- Nocturne, Op. 9 No. 2—Chopin.
- Sonata, No. 7 in F—Mozart.
- Berceuse, Op. 57—Chopin.
- Rondeau Brillante, Op. 62—von Weber.

Tuesday night the third year graduating class held forth in the auditorium. It was a stately affair, the program being entirely in keeping with the members of this class. After a brief address of welcome by President Arthur Fife, which was full of felicitious terms, a number of third year students were introduced, who performed various "stunts" in their characteristic way. The event of the evening was an oration by Irvin McQuarrie, who handled his subject like an old veteran of a dozen political campaigns.

Wednesday morning from 10:30 to 12:30 the faculty of the Normal entertained the graduates and their parents. After a short program, the students and their parents were treated to ice cream and strawberries and cake. Dancing was indulged in throughout the morning.

The fourth year class Wednesday afternoon gave one of the most entertaining parties of the year. After a short program which was well received, the class, providing its own orchestra, entertained all comers in a dancing party, during which punch was served by the lady members and friends. It was certainly an enjoyable affair, and reflects credit on the class.

To top off the day, the second year class held forth in the auditorium. They began with a class song and his tor, drifting from that into a farce, somewhat amusing, but smacking of no local school events. The best part of the evening's entertainment was the take off on the third years with reference to the political job this class put up on the rest of the school last fall. This stunt brought forth considerable applause.

At the annual Alumni business meeting held Thursday morning the following officers were elected:

- President, Parley Dalley.
- Vice-President, Jennie Corry.
- Secretary, Dewie Farnsworth.
- Assistant Secretary, Zina Higbee.
- Treasurer, E. B. Delley.
- Executive Committee, Frank Thorley, Lillie Jones, Kate Palmer.

At the Alumni banquet held in the gymnasium Thursday evening about a hundred members and guests were present. The Alumni ball given in the evening was a social success in every respect.

As we go to press graduation exercises are being held in the Normal auditorium. Following is the program:

- Overture, "Zamps," Orchestra.
- Invocation, Bp. H. W. Lunt.
- Address, "The Destiny of Modern Religion," Vivian B. Decker.
- Address, "What Constitutes a Patriot," A. Nevada Watson.
- Piano solo, "Berceuse," Lillian Higbee.
- Address, "Advantages of Difficulties," John Fletcher.
- Vocal solo, "Ave Maria," Mrs. Howard R. Driggs.
- Address to Graduates, Prof. Howard R. Driggs.
- Quartet, "O Restless Sea," E. M. Corry, M. J. Macfarlane, Lehi M. Jones, Frank Thorley.
- Presentation of diplomas and certificates, Prin. G. W. Decker.
- March, "Fall in Line," Orchestra.
- Benediction, Bp. H. W. Lunt.
- Tonight a grand ball finishes one of the pleasantest commencement weeks ever held at the Branch Normal.

John D. Rockefeller would go broke if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea, dysentery or bowel complaints. It is simply impossible, and so says every one that has used it. For sale by all Dealers.

Parowan Letter.

Parowan, May 25.

Parowan has been the recipient of an "intellectual shower" this week and her people, like the thirsty soil, have eagerly absorbed the life giving drops. The course of this downpour of good is our Parowan public school exercises and the Sunday School Convention.

The public school closed on the 20th. Principal F. C. Van Buren, assisted by the teachers of the various grades gave their best efforts to preparing exercises suitable to the occasion.

The "Musical," a program of which was given in the last number of the Record, was a credit to Prof. Durham and his pupils, and a grand treat to all music lovers.

Thursday evening "The School Circus," given by the principal, his wife and child, and the pupils of the sixth and eighth grades, in the Opera House, plainly manifested the power of training on the muscles and mind of man. For amateurs some very difficult feats were performed with ease and readiness.

Friday morning the school assembled in the Opera House and the following program was enjoyed by the parents and friends of the pupils:

- Selection by the orchestra.
- Prayer by David Matheson.
- Address, Prin. VanBuren.
- Motion Song by the Beginners.
- "Discontented Flowers," by first and second grades.
- Mixed Chorus, "Primrose Flower," sixth and seventh grades.
- Japanese Drill.
- Song by sixth and seventh grades.
- Song Drill by fifth and sixth grades.
- Selection by the orchestra.

Friday evening the graduating exercises were given in the Opera House. The Pres. Julius Taylor, gave an excellent speech, which was followed by two selections from the School Orchestra. Reading by Twenty Orton, "Original Reem" by Christianna Skougard, "Prognostication," by John Adams. Song by Laura Gurr and others. Speech by Grant Lowe. The program was greatly enjoyed by all present.

The graduates are: Fay Ollerton, Earl Morris, Julius Taylor, Florence Lyman, Lucille Adams, Maud Mickleton, John Adams, Grant Lowe, Albertine Meyer, Bell Mitchell, Laura Gurr, Bell Benson, Twenty Orton, Lawrence Miller, Emma Morris, Libbie Halterman, Verda Lyman, and Maggie Marsden.

At the close of the exercises Prin. Van Buren was presented with a \$9 mirror by the school. On a ribbon bow were the words: "We have learned to love you."

The closing year has been a very successful one. Not one pupil has been expelled from school and the teachers and pupils have worked unitedly and harmoniously. If this class of 18 are as well trained as we are assured they are, what a great influence for good in the world they will be.

The Sunday School convention was held here for the first time in two years. Workers from different fields in our state, eight from Salt Lake City, some from Beaver and Panguitch, all desirous of bringing perfection to their vocation, were in attendance.

A bouncing baby boy arrived at the home of Mr. and Mrs. Geo. Bettridge on the 19th.

Mrs. John Burke, of Moscow, is visiting with her parents, Mr. and Mrs. Wm. T. Morris.

(For lack of space we are compelled to omit some very interesting Parowan items this week.—ED.)

A touch of rheumatism, or a twinge of neuralgia, whatever the trouble is, Chamberlain's Liniment drives away the pain at once and cures the complaint quickly. First application gives relief. For sale by all Dealers.

FOR SALE—Second hand furniture, good as new. Includes Whitney baby carriage, cupboard and set of good chairs. For further information enquire of HAROLD WILKINSON.

JOSEPH COSSLETT MONUMENT.

To Be Placed in Position Decorations Day

Services To Be Held At Cemetery Program Will Be Rendered. AD Invited.

The following program will be given at the Cemetery, Monday, May 30th, at 5 o'clock p. m. at the setting of Brother Joseph Cosslett's Monument. All are invited to be present.

- Anthem, "Jerusalem, My Glorious Home," East and West Ward Chorus.
- Prayer, U. T. Jones.
- Quartet, "The Flower Land," M. J. Macfarlane and Company.
- Talk, William R. Palmer.
- Solo, "Face to Face," Frank Thorley.
- Reading, Evelyn Parry.
- Duet, "Mourning Land," Mr. and Mrs. Dan E. Matheson.
- Selection, "Resurrection Morn," East and West Ward Choirs.
- Prayer, John Parry.

Lund Still in Existence

Lund is still in existence, and is quite busy at present.

Last week J. D. Bagley and a party of seven men came from Beaver City and went to Indian Peak to investigate the Arrow Head group of Mining claims which Mr. Bagley and Mr. Carpenter recently secured. The company was composed of several prominent mining men who are becoming interested in this mining section, and they seem to be pleased with the showing made by the little work that has been done. The company, after returning from the claims, stopped at the Lund Hotel to refresh themselves preparatory to the return trip to Beaver.

The Burkholder Bros. have secured employment at the mining claims now being opened up by Bagley and Carpenter.

W. S. Irvin is again in Lund receiving posts for the Rocky Mountain Bell Telephone Co.

J. F. Younger has gone east with a shipment of Sheep. He expects to be gone about a month.

There has been considerable wool shipped from this place lately, which has made the town appear somewhat metropolitan so far as business is concerned. The largest shipment of wool was that of the Cedar Sheep Association, consisting of five and a half cars.

Never hesitate about giving Chamberlain's Cough Remedy to children. It contains no opium or other narcotics and can be given with implicit confidence. As a quick cure for coughs and colds to which children are susceptible, it is unsurpassed. For sale by all Dealers.

The Fly

With his multiplicity of relations will soon be here, attending to his business of carrying dirt from the back yard on to your dinner. Better be prepared for him, and order your screen doors and windows now. I am now making a specialty of them aided by my gasoline engine.

Come early and avoid the rush. ALEX MATHESON.

Readers will find an advertisement of the Consolidated Wagon and Machine Company in this issue. This company has established a branch of their business here with Willard E. Corry as Manager. A complete line of farming implements, wagons, carriages, harness and extras will be carried in stock and farmers will be able to get just what they want without the delay of having to send north for it. Mr. Corry has received the third carload of goods, which includes a large shipment of barb wire and ornamental fencing. Read the advertisement, and then go and see the immense stock of goods carried. You will find Willard located at the old Page & Page building, and he will be pleased to show you anything you may want in his line.

MAN MUST KILL FLY OR FLY WILL KILL MAN

State Health Board Issues Declaration Of War—"Clean Up," First Order.

In every town and locality in the state many people have failed to heed the numerous warnings that have been issued against flies. Attention has been called to the fact that they are one of the most dangerous menaces to life and health with which mankind has to contend, being responsible for a large portion of all cases of typhoid fever and diarrhoeal diseases. They have caused thousands of deaths in Utah and will continue their work of destruction until the public awakens to the fact and inaugurates a warfare that will result in their extermination.

This can be accomplished definitely and effectively. It requires only the removal of filth. Flies breed in filth and in filth alone. Without filth there can be no flies. More than 90 per cent of them breed in stable manure and the balance in garbage, outhouses and other forms of refuse. The fly season is approaching. Prompt action at this time may prevent many deaths during the summer and fall and a grave responsibility rests upon all health officers and other citizens. An immediate and thorough cleaning of premises should be effected and further accumulation of filth avoided. Stable manure should be kept in vaults or boxes screened or covered or frequently sprinkled with lime or kerosene and should be removed once a week. Garbage receptacles should be carefully covered and the contents sprinkled with lime or oil. Privy vaults should be made flyproof and their contents sprinkled with lime.

In addition to the measures for the prevention of the breeding of flies every effort should be made to prevent them from entering the house or having access to milk and other foods. All doors and windows especially those of the kitchen and dining room should be screened. Food exposed for sale should be screened and ordinances to this effect should be enacted and enforced. Flies should be especially kept away from the sick and if one is discovered in the sick room it should be killed. People who have cleaned their own premises should demand that their neighbors should do likewise and notify the board of health of any failures or refusals. The saving of life and suffering will amply repay for all the trouble and expense. Either man must kill the fly or the fly will kill the man.

Chamberlain's Stomach and Liver Tablets will clear the sour stomach, sweeten the breath and create a healthy appetite. They promote the flow of gastric juice, thereby inducing good digestion. For sale by all Dealers.

Eighth Grade Graduates To Have Exercises.

County Supt. of schools, Julius S. Dalley informed the Record yesterday that the Eighth Grade Graduates of Iron County will have graduation exercises in the very near future. The exact time and place will be announced later.

California.

Service Via.

SALT LAKE ROUTE

Not later than June 15th, 1910 through service will be established to all California points. For rates and illustrated booklets address J. H. Manderfield, Asst. Gen. Pass. Agent, Salt Lake City.

Remember, you can get that lime you want from John Dover. New kiln just turned. A 1 lime. You can have it either in lump or putty. One price to all, and always ready for you.

The splendid work of Chamberlain's Stomach and Liver Tablets is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. For sale by all Dealers.
