

In The Spring--

THIS YOUNG MAN'S FANCY LIGHTLY TURNS TO THOUGHTS OF SUNSHINE. AND THIS YEAR WHEN HE TAKES HIS RIDE IN THE SUN, HE WILL BE ABLE TO TRAVEL IN A

LLOYD

(LOOM WOVEN)

BABY CARRIAGE

These Lloyd carriages, as you know, are the wonder of the age. They are woven on Looms the same as a fabric and they are almost as fine as a fabric. Yet, because they are loom woven you can buy a Lloyd Carriage of the finest weave at the price you would pay for an old hand-woven carriage of the coarsest reed.

We have complete stocks on display
\$30, \$32, \$36 and \$40

Leigh Furniture & Carpet Co.

LOCAL HAPPENINGS

Mr. Bert Lamoreaux of Paragonah is noticed in town today.

Born.—To Mr. and Mrs. Ray Cosslett, a fine baby girl Saturday, April 17th. All concerned doing nicely.

Nels Madsen of Summit, a carriage and automobile painter by trade, is in Cedar City painting cars at the Kopp Garage.

The town is full of athletes and visitors for the Divisional Track and Field Meet at the B. A. C. campus, which is on today.

Shearing will commence tomorrow at the Iron Springs corrals. The work will be in charge of Bishop Charles E. Jones of Enoch.

The Misses Jennie and Vella Burke left Cedar for Minersville Monday where they will visit their sister. The young ladies have been here for the past month working.

Dr. A. N. Leonard passed through Cedar City last Tuesday morning en route to Hurricane, where he would operate with Dr. Wilkinson on Mrs. P. N. Wilkinson, who was suffering with acute appendicitis.

The Misses Ione, Vivian and Josephine Stewart who have been attending the B. A. C. the past winter, left with Mr. Ray Johnson for their home in Tropic Wednesday, to assist their family through a siege of illness.

Mr. and Mrs. Tom Wright, who have lived here the past winter, left last week for Arizona where they will locate their future home. They will locate near Mrs. Wright's parents, Mr. and Mrs. Jespersen, who were former residents of this city.

Supervisor Mace has been in the field for the past ten days and is not expected back until the end of the week. On this inspection trip he went to Central, Gunnlock, St. George and finally to Las Vegas, Nev. where he inspected the Moapa division of the Dixie Forest.

Assistant Forest Supervisor Wallace M. Riddle, after fourteen years of service on the Dixie-Sevier is being transferred to the Uinta National Forest, with headquarters at Provo. While he is reluctant at leaving here and his many friends, the transfer is agreeable since his new position will carry more responsibilities, etc. He will leave tomorrow.

H. S. Cutler of Kanab, a son of the late "Scott" Cutler well known to the older residents of southern Utah, has spent several days in Cedar City recently negotiating for a residence and other property. If successful it is Mr. Cutler's intention to make his home here. He left for Salt Lake City last Monday to continue some negotiations involving interests held there.

Mr. I. A. Gondouin of the Christensen Construction company with a full crew of workmen is back in southern Utah again, ready to resume work on the road through the Cedar Gulch, which was interrupted last fall by the snow and cold weather. Mr. Gondouin states that the work will now be in direct charge of a member of the organization, and that it will be pushed with all possible speed.

Gomer Cosslett arrived home last week Friday. He re-enlisted in the army last fall, after having received his discharge at the close of the war, and since that time has been in service down on the Mexican border. On account of receiving his discharge sooner than expected, he arrived at home last Friday. He says that he has now had enough of soldiering, and has no desire to go back to the service now.

Mr. and Mrs. Clarence Lunt were visitors here last week. The young couple went from Duncan, Ariz. to Salt Lake City the fore part of April and were married there during conference week. Since then they have been visiting relatives in Nephi, Summit and this place. Mr. Lunt is the youngest son of Mrs. Sarah Lunt who is now living at her old home in Mexico from which she and family were driven by bandits. They feel perfectly safe there now and Mr. and Mrs. Lunt will make their home there. Mr. Lunt as a good many relatives here who were glad to see him and offer congratulations on his recent marriage.

Dr. and Mrs. Leonard passed thru Cedar last Tuesday en route to Hurricane, where the Doctor has been operating in conjunction with Dr. Wilkinson of that place on a number of patients, two of which, Mrs. P. N. Wilkinson of this place and Glen Williams of Kanarra, had appendicitis. Dr. Leonard has to be in Beaver next Monday as a witness in a case on trial in the district court, after which he intends returning to Cedar City and performing a number of operations for eye, ear, nose and throat disorders. Mrs. Leonard and baby took advantage of the opportunity to visit her mother at Toquerville.

For Dental X-Ray Service see Drs. Thorley or Petty.—Adv. 1f.

FOR SALE CHEAP.—Good city lot, with full primary water right, in southern part of city.—Chas. N. Corry—Adv. to M. 14.

FOSTER FAVORS HERBERT HOOVER

Local Attorney Holds There Are No Party Issues, and Hoover Is Logical Man.

No one at the present time with the most rudimentary knowledge of national affairs can truly call himself either a Republican or a Democrat and support his faith by a substantial reason. There are no issues between the two parties at this time. We may get a lot of satisfaction out of discussing what the Democrats or the Republicans did or did not do but we will at this time find scant satisfaction in discussing what they propose to do. The Democrats, of course would support a league of nations and the majority of the Republican possibilities are shaking in their shoes for fear a majority of the voters think they will not support such a league. There are no other questions which either of the parties have discussed recently.

At the present time the whole matter simmers down to a question of candidates. McAdoo, Palmer and Hitchcock on the one hand and Lowden, Wood and Johnson on the other with Hoover between the two groups.

McAdoo is from the South with some experience in New York and a little in Washington, but so far as his training goes, he can not have the sympathy for Utah industries that we want a president to have. Palmer is in the same category as McAdoo so far as we are concerned. Hitchcock would be better, since he comes from Nebraska, a western state, but some of us are not quite sure that he is big enough for the job.

Lowden's system is most too badly saturated with Packing House fumes to be of any use to the farmers and stockmen of Utah. Wood is a better man for us than Lowden, but his training has all been along the lines we are all trying to get away from. We have already spent too much good money paying bills to the steel trusts while our roads remain impassable and our streams run to waste. Johnson, while light headed in some respects, is, I believe, the best man for the Utah people so far discussed. He is a western man in the first place; knows our needs, has sympathy with us and I believe would do all he could to better western conditions. Had he taken a reasonable stand on the League of Nations question, we couldn't have hoped for a much better candidate.

The other man is Hoover. No other man in the field more fairly represents the opinions of the best class of American citizens than does Hoover. He is not put forth by the Mexican Central Railroad Company, the Tampico Oil interests, the Railroads or the Packing houses. All of the work he has ever done is of the non partizan type. He believes we should not lose all the benefits of the war by pulling ourselves into our shell and resting smugly under the false notion that it is to our best interest to let Europe go to h— while we build more battle ships. Every thinking person knows that Europe is our market and we need their goods, but how can we trade with countries that have no stable governments, hence no credit. There is no other man on earth who knows as much about world affairs and who has the ability he has for steering the United States right in handling these matters. I don't believe there is another candidate who would be more fearless in handling domestic questions. The two domestic questions which the people of Utah are most interested in are those of marketing our products and the reclamation of our farm lands. Hoover is the best man in the bunch for working out a marketing scheme and except for Johnson is our best chance at getting through our irriga-

CITY FOLK DON OVERALLS TO BEAT H. C. L.

Back to the jeans and denim of our forefathers, now seems to be America's hunch as one way of helping beat the ever-increasing high cost of living. The "Overall Club" is a movement gaining all over the land for city folks, but it was in the south where bigger cities took to the movement first. City, county and public officials donned overalls for street, office and general wear. Here are three members of Jefferson County Board of Revenue members of the Birmingham, Ala., Overall Club—and they're wearing 'em too. They are Dr. J. R. Vines, Jire Givir and W. B. Cole.

tion schemes. We all know a good deal about Hoover; we know that on any big question, we can count on his being absolutely sound. Hoover is my man and I believe he will be the next president.

J. M. FOSTER.

Some of the delegates to the Republican State convention figure on driving by auto to Provo and there catching the early Monday morning special to the convention city.

Lafe McConnell and John P. Fuller returned the first of the week from the Mastodon mine in the Goldstrike district, and report that the property is in splendid shape. The shaft that is being sunk to cut the incline vein is now entering the ore, which looks better and carries greater values than at the surface. Charles Bechtol, who is in charge of the operations, states that another seven feet will see the bottom of the shaft all in this high grade ore, and that it will then be one of the greatest mines in the state.

CHEVORLET Motor Cars

THE most popular car in the entire West today is the CHEVROLET. Why? Because it has the strongest organization back of it; because CHEVROLET service is without equal in the entire country. Nine factories, eight assembling plants, and an agent in every county, who carries a good stock of parts.

Place an order today for one from the next carload due to arrive very soon. Price \$935.00.

Half Mile Run.—Terry, Thurston, Heaton, Dixie. 2:18.

Relay Race.—Dixie, B. A. C., Murdock. Time 1:40.

Arthur Haslam and Vernon Parry left Wednesday for Delta where they will work if they can find suitable employment. If not, they will go further north.

Keeping the wolf from your door is often taken too figuratively. But it is not an idle joke, to be ridiculed or ignored.

To keep the wolf from your door requires weapons more powerful than implements of war. It requires a defense that cannot be bought or borrowed—it is gained through practice of thrift.

To save is to insure yourself and your family protection.

Every man owes himself and his family the protection of a savings account in a good substantial bank such as this one. There are other ways in which we can help you protect your family. Investigate.
