Following is a schedule of the events and the entries:  
Five-eighths Mile Race: Maud E., chestnut sorrel owned by Haws; Bowlegs, bay gelding owned by Wallace Bracken. Purse \$125.00.  
One-fourth Mile: Piute, bay gelding owned by Haws; Golda, a chestnut sorrel mare, owned by R. Watson. Purse \$75.00.

One-fourth Mile Saddle Horse Race: Snap, bay gelding owned by Warren Bulloch; Royding, mousy brown gelding, owned by Preston Wood. Purse \$75.00.  
Nothing has been heard yet of the aeroplane since it left Richfield at 9:15 yesterday morning. If it appears, there will be an exhibition of its feats this afternoon.

Mr. and Mrs. Oliver E. Ashworth, with their children, Fern and Ross, and Miss Hattie Wornem, all of Beaver, are visiting with Mr. and Mrs. Moroni Smith. Miss Wornem is librarian at Beaver public library.

The report that the aeroplane had left Richfield at 9:15 yesterday must have been a mistake or the unfavorable weather proved too much for it, as the machine has not yet put in an appearance.

George and Nephi Hunt of Enterprise are here after lumber for the new Enterprise dam.

George Gibson and Bernard Hinton of Hurricane are taking in fair week here.

S. J. Foster, cashier of the Bank of Southern Utah, who went to Salt Lake last Saturday to meet with Senator Smoot and other leading citizens of the state with a view to interesting more outside capital in the Cedar City Hotel company, returned yesterday. Mr. Foster reports the kindest kind of feeling towards Cedar City's big enterprise, but that money there, as here, is very tight at present.

### PEOPLE OF OUR TOWN

The Liberal Adviser is dispensing Free Advice from his Windy Cave of Wisdom and Experience but it falls on Deaf Ears, for Advice is quoted at .00% These Days, with No Takers. He tells the Farmers how to Farm, the Banker how to Bank and the Editor how to Edit, hence these few Protesting Lines.

The City's sprinkling wagon has been doing good work during the Fair, laying the dust on the race track, about the fair grounds and on the approaches from town.

Mr. and Mrs. Walter Mackerell and children of Beaver, are Fair visitors, guests of Mrs. Mackerell's parents, Mr. and Mrs. Frank Adams.

The game of baseball advertised to be played yesterday afternoon between the Cedar and St. George teams was not played, because of the fact that only one outside team was here and it was found necessary to conserve the attraction for this morning.

Mrs. Jane Wilkinson and daughter Beth, who have spent the summer in Salt Lake, returned home last week. Miss Wilkinson is taking normal training at the B. A. C.

### TO MAKE US USE NEW AGGIE IDEAS

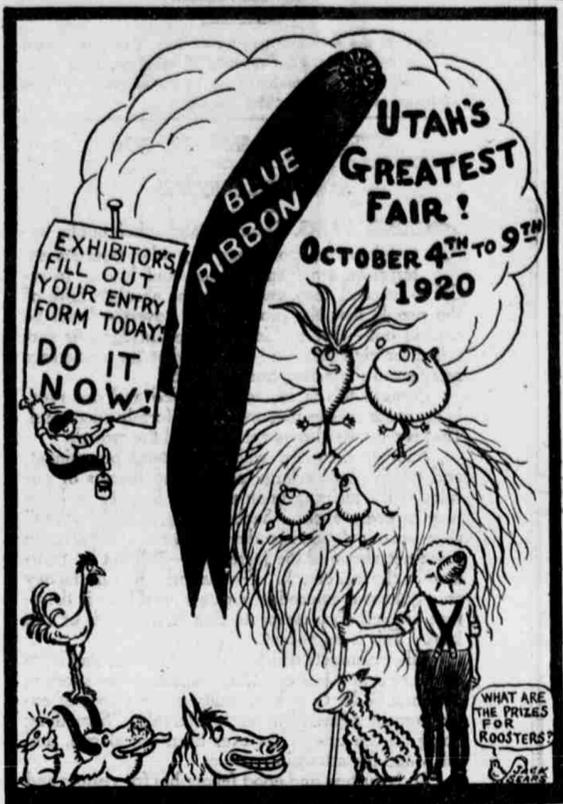

David L. Price who has recently been appointed chief of a new division in the Department of Agriculture. This division will make a business of placing new discoveries in common use that otherwise would not be heard of owing to the fact that many of them are not practical at the time they are produced.

Mr. and Mrs. Amasy Clark of Parowan were noticed yesterday among the visitors at the Fair.

Read the advertisements in this paper. You will find them informative and helpful.

Mr. and Mrs. Archie Benson of Parowan are Fair visitors. Mrs. Benson, who was formerly Miss Euphemia Nelson, will teach school in Cedar City this winter.

The weather yesterday was not exactly what would be termed "Fair" weather. It was cloudy the greater part of the day, with quite a stiff wind blowing which made it dusty, and rather cold and disagreeable. We trust that the weather man will be a little more considerate today.

### CRUZE, RED WING & ELIZABETH WIN

Crowd Gets Fooled in Piking Piute as an Easy Winner of the 3-8 Mile

In the half mile race, the first on the card, Henry Mackelprang's Cruze won over Maud E., owned by Mr. Haws. Time 53 seconds.

The three-fourths mile was taken by Red Wing, winning over Golda. Redwing belongs to Haws and Golda to Ren Watson. The time was one minute 21 seconds.

Red Wing beat Piute in the three-eighths mile, the time being 38 seconds. Piute belongs to Watson.

Arch Swapp's Elizabeth won the saddle-horse race from Warren Bulloch's Snap, the one-fourth mile being run in 25 2-5 seconds.

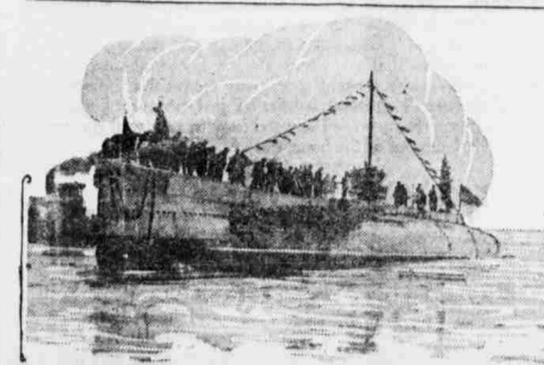

F. W. Middleton was tapper and Bert Cory and Amasa Clark acted as judges.

### SHIRT SAVES U. S. SUB FROM WATERY GRAVE

First picture of the S-5, which was sunk off the Cape of Henlopen for nearly two days, entombing 36 men and four officers. Their spectacular rescue was brought about by an ingenious member of the crew who chiseled a hole large enough to allow a long pole pushed to the surface on which was fastened a shirt. By wigwagging the shirt with an attached wire their S. O. S. was seen after 36 hours of slow suffocation. They were all rescued.

### LOGAN EXPERT TO JUDGE LIVE STOCK

Agricultural College Man Will Pass on Cattle, Horses and Other Livestock at Fair.

Judging of stock and other exhibits is the order today. Dr. Carroll of the Logan Agricultural College is here to aid in this work, and is probably the best authority in the state on that subject. The high class of the exhibits and the special excellence of the livestock show makes it certain that this feature of the fair will not be excelled outside of the State fair this year. There is keen interest in the entries, and the presence of the best stock judge in the state makes it possible to pick up a great deal of valuable and interesting information in agricultural lines. That Dr. Carroll has consented to come to Cedar City especially for the judging, is very fortunate for the agricultural section of the fair. Two other experts in their lines of livestock judging are Edwin Brickert and David Sharp of the Day Farm at Parowan. With these three men in charge, there will be no guess work in awarding of prizes.

Cedar City's excellent and imposing band is doing its full share toward the entertainment of fair patrons. Cedar City has reason to feel proud of its excellent band.

### LIST OF WINNERS IN RODEO EVENTS

les led in the Roman riding, which finished the day's program.

There will be no Rodeo events today, the next program coming tomorrow morning at ten o'clock. The order of events will be as follows: Bucking contest, steer riding, bareback broncho riding, wild horse race, roping contest, Roman riding, bulldogging steers from the running-board of a car, and trick riding. Yesterday's program was cut short, the bulldogging and trick riding being omitted.

### LAW IS LAW—AND HE WINS FOR FINLAND

H. Kolehmainen, the famous runner, was not allowed to represent the United States at the Olympic games, so he ran under Finnish colors and won the classics.

It was discovered that although he has lived in this country eight years since his great triumphs in the 5000 and 10,000-meter races and cross-country in 1912, he is not yet naturalized. He is shown here decorated at the recent Olympic games with the classic wreath of laurel leaves. The speed boy looks as though he felt about as comfortable with that wreath as Huckleberry Finn would in a deer suit.

Mr. and Mrs. Claud Haws of Escalante are here visiting relatives and attending the Fair.

Kenneth Cannon, who has been working at Navajo Lake, left for St. George, where his mother will be operated on soon.

The Committee announces that nice substantial cells have been provided for the convenience of any who may require one, but do not wish to go clear to Parowan for it. The abandoned swimming pool under the Ward Hall will be used.

Charlie Bigelow of Arrowhead Trails fame, is here boosting and working as usual to advertise this and other sections along the Trail. Just now he is promoting a moving picture portrayal of the Cedar Breaks. It was Mr. Bigelow who secured the representative of the Paramount-Pathe Companies at the dedication of the Zion Park, and he has also been instrumental in securing the visit here of Mr. Fitzgerald and the movie men who will make the animated views of the Breaks and locality.

William H. Lyman of Parowan was a conspicuous figure at the fair yesterday.

### HEAD OF ENGINEERS VISITS CEDAR BREAKS

Mr. Fitzgerald of Boston, president of the Society of Engineers, who accompanied the Mather party to Grand Canyon, returned via Panguitch and arrived here Tuesday night and left yesterday afternoon for the Cedar Breaks, via the Parowan Canyon, accompanied by a delegation of Cedar City and Parowan citizens, and by the representatives of Paramount-Pathe Film companies, who will make animated pictures of the scenery. The party will spend two days on the top of the mountain and in the Cedar and Parowan Canyons, after which Mr. Fitzgerald will leave for the East via Salt Lake City. Later he will hold conference with Mr. Mather looking toward a proper designation and exploitation of the Cedar and Parowan Canyons.

There is another dance at the Ward Hall tonight just like the highly successful and lively ball given last night. The Perry orchestra is getting very complimentary mentions and acknowledgements for their work, and of course they furnish the music throughout the week.
