OUR DRUG STORE

### MEET ME AT THE GOODIE GARDEN

Doesn't that sound appetizing even—Goodie Garden—And it is all that its name implies—The most up to date and best equipped soda fountain, dance floor and confectionary to be found in the state of Utah—We serve hot and cold drinks and sandwiches.—You are invited to make the Goodie Garden your meeting place.

FRANK H. MERRYWEATHER, MANAGER

Cedar City

Utah

### THE PETERSEN DRUG CO.

One of the recent acquisitions to the business establishments of Cedar City which has given added interest to the commercial development of this city is the Petersen Drug company, which established a neat and up-to-date drug store here in August of 1920.

The Petersen Drug store is owned by H. H. Petersen and his son H. E. Petersen. Mr. Petersen senior is in charge of the store owned by the company at Richfield and has had twenty-six years experience in the drug business. He has gained a reputation of being a successful business man and brought to Cedar City an enviable business record.

The store in Cedar City was placed under the management of the son, who has had seven years experience in the drug business and who has taken a medical course at the Leland Stanford university. He is one of the younger business men of the city imbued with the true progressive spirit characteristic of the west. He takes a great interest in conducting the affairs of the store in such a manner as to reflect credit on the city and never fails to give his assistance and co-operation to any undertaking which promises for the further development of the resources of this section.

The prescription department of any drug store is its most important department. The physician depends upon accuracy in the filling of prescriptions for success in his work. In this respect the Petersen store aims to give all the service expected of it. Nothing but pure and fresh drugs are used in

the filling of all prescriptions and the experience of Mr. Petersen makes it possible for him to fill all prescriptions.

The proprietary line of remedies handled by the store is the San-Tor Preparations. This is a nationally known line with hundreds of prescriptions compounded in the best laboratories by experts. This line is sold under the money back guarantee plan.

At the Petersen store is to be found a complete line of drug sundries which includes all of the more popular perfumes, toilet waters, cosmetics and similar merchandise. Likewise a complete line of Eastman kodaks and kodak supplies are carried. The store also handles the development work and finishing of kodak exposures sending them to an reliable finisher to complete the work.

The soda fountain is another of the attractive features. This fountain is one of the more modern, and up-to-date and all the popular soft drinks are served under the strictest of sanitary conditions and in an appetizing manner. Smokers supplies and periodicals are also carried extensively.

In sundries a complete line and an extensive one of brass novelties, cut glass and silverware and novelty dolls is carried.

The extensive buying connections maintained by the Petersen Drug company makes it possible for them to keep in close touch with diversified markets. Their line of patented remedies is also extensive and of standard makes. Taken all in all the Petersen Drug company has established a business here which has proved to be a credit and a success.
