

# SISTERS OF ST. JOSEPH

RELY ON PE-RU-NA TO FIGHT CATARRH, COUGHS, COLDS, GRIP

Peruna for coughs and colds in children.

## SISTERS OF ST. JOSEPH

Use Pe-ru-na for La Grippe and Winter Catarrh.

IN EVERY country of the civilized world, the Sisters of Charity are known. Not only do they minister to the spiritual and intellectual needs of the charges committed to their care, but they also minister to their bodily needs.

Whenever coughs or colds, la grippe or pneumonia make their appearance among the children these Sisters are not disconcerted, but know exactly the remedies to apply.

With so many children to take care of and to protect from climate and disease these wise and prudent Sisters have found Peruna a never failing safeguard.

Sisters of St. Joseph, of the Deaf Mute Institute, 1849 Cass Ave., St. Louis, Mo., writes: "We appreciate Peruna very much. It certainly does good work with catarrh and also with colds and la grippe. We have faith in Peruna and have inspired many others with the same. We do not like to be without it. It has certainly kept us from being very sick. It did a world of good last winter for our little ones. Thanking you for your kindness to us and our afflicted ones, we remain, yours gratefully, SISTERS OF ST. JOSEPH."

Dr. Hartman receives many letters from Catholic Sisters from all over the United States. A recommendation recently received from a Catholic institution in Detroit, Mich., reads as follows: "Dr. S. B. Hartman, Columbus, Ohio: Dear Sir—The young girl who used the Peruna was suffering from laryngitis, and loss of voice. The result of the treatment was most satisfactory. She found great relief, and after further use of the medicine we hope to be able to say she is entirely cured."—Sisters of Charity.

me to try Peruna. After using two bottles I found myself very much improved. The remains of my old disease being now so slight, I continued to take it for a while. I intend to continue the use of Peruna. I am now treating another patient with your medicine. She has been sick with malaria and troubled with leucorrhoea. I have no doubt that a cure will be speedily effected.

These are samples of letters received by Dr. Hartman from the various orders of Catholic Sisters throughout the United States. The names and addresses to these letters have been withheld from respect to the sisters, but will be furnished on request.

Another recommendation from a Catholic Institution of one of the Central States written by the Sister Superior reads as follows: "A number of years ago our attention was called to Dr. Hartman's Peruna, and since then we have used it with wonderful results for grip, coughs, colds and catarrhal diseases of the head and stomach. "For grip and winter catarrh especially it has been of great service to the inmates of this institution."

## SISTERS OF CHARITY

All Over the United States Use Pe-ru-na for Catarrh.

A recommendation recently received from a Catholic institution in the Southwest reads as follows: "A Prominent Mother Superior Says: "I can testify from experience to the efficiency of Peruna as one of the very best

medicines, and it gives me pleasure to add my praise to that of thousands who have used it. For years I suffered with catarrh of the stomach, all remedies proving valueless for relief. Last spring I went to Colorado, hoping to be benefited by a change of climate and while there a friend advised me to try Peruna. After using two bottles I found myself very much improved. The remains of my old disease being now so slight, I continued to take it for a while. I intend to continue the use of Peruna. I am now treating another patient with your medicine. She has been sick with malaria and troubled with leucorrhoea. I have no doubt that a cure will be speedily effected.

The visitor called the little Greek girl to his knee and in his most denoting tones asked her name. She at her finger in her mouth and said nothing.

"Tell the gentleman, father," said the fond father.

The little one, without removing the finger, said something that sounded like a quotation in Sanskrit.

"What?" ejaculated the visitor.

"She says its Mary Jane Edith Barker. Maud Jael Jackson," interpreted the father.

"Great Peter!" exclaimed the visitor. "What on earth possessed you to put all that on the child?"

"Well," said the father, "it wasn't altogether my fault, but it was the first one you know, and there was no end of fuss making it. Of course, my wife's mother wanted it named for her and I naturally didn't want to slight my own mother. And Aunt Jael Simpson took a great notion to the

## Built in Corner Stones

Very terrible in its sinister significance is the custom of putting coins under the foundation stone of a building about to be erected.

For these pieces of gold and silver and bronze are the latter day equivalents of the human beings that would once have been immolated there and there immured. They constitute the ransom for blood that by rights should be shed, but is not.

This latter terrible use was at one time well-nigh universal, and traces of it survive almost everywhere. In many parts of Europe, for instance, when the hole is dug to receive this same foundation stone the masons will entice to the spot some stranger. Then while one engages him in conversation another will creep behind and measure his shadow, the measure stick being stamped down on top of it. Or they prepare a tiny coffin, inside which is a doll, for use in the same way, or rude images of babies in swaddling clothes are similarly immured.

And in not a few out-of-the-way parts of the world, whose inhabitants stand psychically about where we did twenty centuries ago, the original custom still prevails in all its primitive hideousness. Only last year at Mosdok, in the Caucasus, three builders were arrested for kidnapping and murdering a lad, whose body they afterward built into the foundations of a tower they were erecting.

In 1865 two children, a boy and a

## THOUSANDS HAVE KIDNEY TROUBLE AND DON'T KNOW IT

## To Prove what Swamp-Root, the Great Kidney Remedy, Will Do for YOU, Every Reader of this paper May Have a Sample Bottle Sent Free by Mail.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, fatal results are sure to follow.

Your other organs may need attention—but your kidneys most, because they do most and need attention first.

If you are sick or "feel badly," begin taking Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone.

The mild and immediate effect of Dr. Kilmer's Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root will set your whole system right, and the best proof of this is a trial.

14 East 12th St., New York City.

Dear Sir:—I have been suffering severely from kidney trouble. All symptoms were on hand; my back ached, my head ached, my eyes were sore, my stomach was full, and I was unable to eat. I had been advised to try Swamp-Root, and I bought a bottle. I took it as directed, and in a few days I began to feel better. In a week I was able to eat and sleep. In a month I was completely cured. I can testify to the efficacy of Swamp-Root, and I can recommend it to all who are suffering from kidney trouble. I have since bought several more bottles, and I have given them to my family. They have all been cured. I can testify to the efficacy of Swamp-Root, and I can recommend it to all who are suffering from kidney trouble.

You may have a sample bottle of this famous kidney remedy, Swamp-Root, sent free by mail, postpaid, by which you may test its virtues for such disorders as kidney, bladder and uric acid diseases, poor digestion, being obliged to pass

EDITORIAL NOTE.—So successful is Swamp-Root in promptly curing even the most distressing cases of kidney, liver or bladder troubles, that to prove its wonderful merits, you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonial letters received from men and women cured. The value and success of Swamp-Root is so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. TO DEVELOP LEG MUSCLES.

Simple Exercise, Without Apparatus, Will Produce the Result.

It is very necessary to possess sufficient development of the muscles of the legs. One of the best exercises looking to this end is accomplished as follows: Stand erect, with the feet spread apart and arms hanging limply at the sides. Bend downward to a squatting position, allowing the hands to touch the floor if possible. The squatting position should be one in which the student as nearly as possible sits upon the heels, but head and trunk should be erect or nearly so. When this position has been taken, bring the arms up horizontally forward, clasping the hands for a moment only. Next throw the arms as far backward as possible and as near horizontal as you can, performing the last movement slowly. Now slowly resume the hand-clasp and, keeping the hands in this position, return gradually to a standing posture. These three exercises are enough for the beginner, and in Japan the veteran of jujitsu rarely performs more than ten of them.—St. Nicholas.

## Theory Regarding Electricity.

The theory is gaining ground steadily that electricity is indissolubly connected with the component parts of an atom of matter, or that atoms are composed of electricity, or are disturbances of ether corresponding to minute electric charges.

**TIMELY CALLING.**

How the Pastor Saved a Life.

A man near Fort Gay, W. Va., made an entire failure in getting strength from the kind of food he ate and not knowing that the trouble was with the food kept on losing health until the doctors gave him up to die.

It was supposed to be consumption because he was wasting away steadily and slowly dying. His minister called from time to time and one day brought along a package of Grape-Nuts, thinking from what he knew of the famous food that perhaps it might help him. The sick man took to it at once and from that day began to get well. In writing he says: "I walked to town to-day 3 miles. Have gained over 40 pounds in about 2 months and my neighbors don't know what to say. I frequently am told it was as if I am raised from the dead. Everybody here knows of my case, you can tell people to write to the Postmaster or Rev. L. D. Bryan. I will make a sworn statement that Grape-Nuts saved my life." Name given by Postum Co., Battis Creek, Mich.

This is another illustration that where all other food fails one can be brought back to health and strength on Grape-Nuts. "There's a reason."

## A City of Celibates

The "City of Celibates" is to be founded within a few miles of Provo, Utah, and the foundation will be laid within the next few days. That at least is the impression of attaches of the American house, who were on duty early this morning when a picturesque party of foreigners arrived and registered. These men, eight in number, are looked upon as the founders of this new city, which will allow no woman within its walls.

About 2 o'clock this morning a party of men, much resembling Italian brigands as portrayed in comic opera, entered the American house. They had gold rings in their ears, wore shirts of a spectacular hue, corduroy suits and wide brimmed hats. One man, who was civilized up to the chin—that is, clad in modern American fashion—appeared to be in charge. He put the following names on the register, his own being first:

John Bubalo, Peter Yovanovich, Luka Tomarschick, Luke Yovaeerik, Vaso Yovaeerik, Miter Lukschick and another that was illegible. Bubalo did not say whence the party came, but it was gleaned from his conversation that all had just come from Ellis Island under his guidance.

Bubalo was not inclined to be communicative, but he said enough to foster the impression that he headed a little colony that was going to locate near Provo. The sturdy sons of sunny Italy with him would form the bone and sinew of the colony, and there would be no women allowed within its purview. One of the Yovanovich brothers, it seems, had been deceived by a woman back in Italy, and, drawing a number of his friends and relatives about him, decided to go to the New World and found a microcosm where the feet of woman would never be allowed. Nothing was said directly about naming a city of celibates, but from the conversation of the party that was the inference.—Denver Post.

## Odd Customs of Japan

Japanese ladies have been known to do without stockings to maintain the harmony between beautiful French slippers and magnificent French evening dresses. I have been served by a Japanese hostess who did without anything but a shirt, a collar and tie, and scarfin on milk and sleep on silk.

The Japanese do not kiss—a Japanese girl knows how to kiss it shows the work of a foreign instructor; who does it as an accomplishment, but as an enjoyment.
