# RAILROADS HIRING MEN TO BREAK STRIKE

## WEBER GYMNASIUM PLANS TAKE FINAL FORM

### LATEST FRENCH NOTE TO LONDON GIVES POLICIES

British Ambassador Delivers Reply to Premier Millerand; Text Withheld

### CONFAB WITH LLOYD GEORGE IS WELCOMED

Troops to Be Withdrawn From Occupied Section When Germany Moves

LONDON, April 12.—The latest French note on the subject of the French organization move received here this morning says that the French troops in Frankfurt and other occupied cities will be withdrawn immediately upon the withdrawal of the German troops from the Ruhr region. It promises, it is stated, that no further independent action will be taken by France.

PARIS, April 12.—The Earl of Derby, British ambassador to France, delivered to Premier Millerand at 1 o'clock this afternoon the British reply to the French premier's note of last evening. M. Millerand refused to discuss the contents of the note with the newspaper correspondents.

Would Not Attend.

PARIS, April 12.—(By the Associated Press.)—It was declared today in a reliable source that if the supreme council meeting at San Remo was to discuss the misunderstanding between France and Great Britain, Premier Millerand would not attend. A personal talk on the subject with Premier Lloyd George would be welcomed by the French premier if Mr. Lloyd George could find it convenient to come to Paris, but it is considered in official circles that as the point at issue interests France and Great Britain only, it is needless to discuss it before the representatives of the other powers.

Council in Session.

PARIS, April 12.—(By the Associated Press.)—The fourth public sitting of the council of the league of nations took place this afternoon in the Luxembourg palace, Leon Bourgeois, president of the French association of the society of nations, presided.

Herbert A. L. Fisher, British minister of education, representing Great Britain, read a report on the Armenian situation, advocating the constitution of a state of Armenia on a free and independent basis.

As to what state would be willing to accept a mandate of Armenia would depend, according to the opinion of the council of the league, partly on the military measures necessary to liberate the soil from the enemy, the financial considerations and the maintenance of the state afterwards. The council did not consider that it was in its province to examine into the military situation in Armenia, the report said.

Discussion on Finance.

Concerning finances, the council declared that it was disposed to ask its members be requested to discuss means by which a guarantee could be assured for relieving the mandatory state of financial liabilities consequent on its acceptance of the mandate.

The council decided to accept a report of Earl Curzon of Kedleston, the British foreign secretary, asking the council to guard clauses in the Turkish treaty of peace, now under preparation, which would provide for the protection of the Armenians.

Baron Matsui, Japanese ambassador; M. Venizelos, Greek premier; Count Quinones de Leon, Spanish ambassador, and Dr. Gastao da Cunha, Brazilian ambassador, were present at the session.

### FOODS TAKE DROP IN OAKLAND MARKET

OAKLAND, Cal., April 12.—Passenger trains left on schedule today from the Oakland yards but practically no freight shipments were made. An immediate result of the strike was a drop in the price of foodstuffs raised in the vicinity and which cannot be shipped to any distance. Some few men have been taken by the Southern Pacific, which promises to resume freight traffic within a short time. The strikers say that they have gained recruits over Sunday.

### KANSAS MINES IDLE, OFFICIALS IN JAIL

PITTSBURG, Kan., April 12.—Ninety per cent of the coal mines of Kansas are idle today. The miners refrained from work as a demonstration of protest against the imprisonment of Alexander Howat, their president, and three other district union officials. This announcement was made at the office of the mine operators.

### HOW THE IRISH LINE UP TODAY

Sentiment in Ireland is indicated by this map based on the results of the last parliamentary elections. Sinn Fein won 75 constituencies, the Irish Nationalists, 6, and the Unionist Party 26, out of a total of 103 members of Parliament from Ireland.

### CATHOLICS OF OGDEN PLAN TO BUILD SCHOOL

Site Obtained at Lincoln Avenue and Twenty-eighth Street Here

Announcement of a voluntary movement in the parish of St. Joseph's Catholic church having for its immediate object the erection of a parochial school to take the place of the present school on Twenty-sixth street, was made yesterday by Mgr. P. M. Cushman, V. G.

A tract for building has been secured at a stated consideration of \$10,000, on which the school and ultimately another Catholic church will be erected. The site selected is at the corner of Twenty-eighth street and Lincoln avenue.

Under the plan outlined, Liberty bonds bought to assist the United States during the war, many of which are tucked away and now almost forgotten, will be used to aid the cause of education.

Committees were also appointed to take up with individual members next Sunday pledges for future payments. Anticipations are held that the tract will be paid for immediately and that a fund will be ready with which to start building work next September.

The proposal for a new school has been under consideration for several years, Monsignor Cushman said, as the present school is altogether inadequate to care for the growing attendance. The announcement was received with approval by members at all three services yesterday and support to carry through the project was promised.

### HAS SEVENTEEN WIVES; ATTEMPTS SUICIDE

LOS ANGELES, Cal., April 12.—Richard Hurl, alleged bigamist, was under guard in a private hospital today, recovering from self-inflicted wounds made while he was in San Diego Saturday and yesterday. While formal proceedings against Hurl were held in advance until he would be able to appear in court, the officers continued their search for persons having knowledge of his affairs. They said today that they had identified seventeen wives, of whom five were said to be missing, and they appealed through the papers here to any of the missing women who saw accounts of the case to come forward and lessen the labors of the search by disclosing their identity.

The police said they had learned of wives in Spokane, Seattle, Santa Monica, Ranger, Tex., Alberta and Los Angeles. Those of Spokane and Seattle were said to be included in the missing five.

### NEW REPUBLIC READY TO FIGHT FEDERAL ARMY

Bloodshed Will Follow Carranza's Attempt to Bring Rebel State to Terms

AGUA PRIETA, Sonora, April 12.—The military authorities of Sonora advised the Associated Press this morning that the several detachments of state troops, numbering in the neighborhood of 1,500 men, who had been drafted from the various garrisons throughout the state during the latter part of last month and sent to the Sonora-Sinaloa boundary line to intercept any attempt on the part of General Manuel Dieguez to invade the state with Carranza forces from the south and seize control of the De la Huerta administration, and who were ordered to disband and return to their respective garrisons, were yesterday intercepted by couriers and ordered to return to the state line stations and again take up patrol work, it being reported by the military that invasion is now feared from that direction by the federal forces.

Next Move Awaited.

NOGALLES, Sonora, April 12.—Officials of the new "republic of Sonora," which withdrew from the Mexico government Friday, today awaited the next move, which they declared must come from the Carranza administration. In the meantime they prepared for any military activity against the state.

Carranza has but one channel open for him to bring the state back into the federation of Mexican states, they said, that he will not send troops into it. He must accede and guarantee Sonora against the wishes of the state government.

Carranza Accused.

The Sonora officials accused Carranza of forcing the break in relations by ordering federal troops into the state despite the state's demand that the order be cancelled. They said Carranza planned to set up a military dictatorship and oust the present state officials as part of a scheme to defeat the presidential candidacy of General Alvaro Obregon, a citizen of Sonora.

Before the break came, open threats were made that if Carranza troops attempted to enter the state they would be met with state troops and revolution result. The same authorities now say attempt by Carranza to force the state to return to the central government will mean bloodshed. General P. Elias Calles, former governor of Sonora, and until recently a member of Carranza's cabinet, has been made military commander of the new "republic." Calles has called for volunteers to resist any attempted invasion of the state by federal troops.

# GENERAL STRIKE CALLED IN IRELAND

## PROTEST MADE ON TREATMENT OF PRISONERS

Irish Trades Union Congress and Labor Party to Take Action

## MANY ON HUNGER STRIKE IS REPORT

Crowds at Gates of Jail Recite Prayers for Dying, Message Says

DUBLIN, April 12.—The officials of the Irish Trades Union congress and the Labor party today issued a call to the workers of Ireland for a general strike throughout the country tomorrow as a protest against the treatment of political prisoners.

PARIS, April 12.—George Gavin Duffy, Sinn Fein member of parliament and envoy of the Irish republic to the peace conference, is offering to the official attention of the council the treatment of political prisoners in Dublin. His step was actuated by the following telegram which he received yesterday from Dublin:

"Over 100 prisoners incarcerated in Mount Joy prison in Dublin as common criminals, many being detained on suspicion without charge, have been on hunger strike since Sunday, April 4. They demand the observance of the agreement obtained by Bishop MacRory and the lord-mayor of Dublin whereby the English government undertook to recognize the special status of political prisoners. Several of the men in grave danger and crowds are reciting prayers for the dying at the gates of the jail."

The telegram was signed by Kathleen Clarke of the board of aldermen and Madam O'Rahilly, for the republican prisoners committee.

## Sacramento Division of S. P. Working

SACRAMENTO, Cal., April 12.—The transportation situation in the Sacramento division of the Southern Pacific railway is normal, Superintendent J. D. Brennan said today.

This division is handling all intrastate business and is able to care for all through business that comes from other divisions, Brennan said. Through freight trains are running today to Washington and Oregon and the locals out of Sacramento made their regular runs.

Switchmen at Sacramento and Roseville who were affiliated with the Brotherhood of Railroad Trainmen before their espousal of the "insurgent" yardmen's association cause have returned to work, Brennan declared, and others will be regarded as no longer in the railroad's employ.

At border points in California and Nevada trains carrying interstate freight are sidetracked awaiting resumption of traffic in other divisions.

## Exploit Uniforms to Sell Worthless Stock

Discharged soldiers, recently ordered out of San Francisco for playing on the sympathies of the public by exploiting their uniforms to sell worthless stocks and magazine subscriptions are headed eastward, according to word received here yesterday. The public is warned to investigate fully any proposition made to them by such men.

## Church Authorities to Be Here Sunday

Two representatives of the general authorities of the church will be present at the quarterly conference of the Weber stake to be held next Sunday according to information received by the stake presidency. There will be two sessions, at 10 a. m. and 2 p. m. and all members of the stake are invited to be present.

## Gymnasium's Completion By Beginning of School Year Hope of Authorities

Following a meeting of the members of the Weber stake, North Weber stake and Ogden stake presidencies, the following announcement on the Weber gymnasium was made:

"It is just a year since the authorities of the Weber, North Weber and Ogden stakes decided to provide a gymnasium for the Weber college and incidentally for Ogden city and Weber county. The time since then has been spent in securing sites for the structure, originally purchased on Twenty-fourth street but later on Twenty-fifth street, in perfecting the plan and connecting the sites with the present college property and paying for them; in the preparation of plans, altering and re-altering them until at a recent meeting of the three stake presidencies the plans were finally approved and arrangements made to begin actual construction.

"Consideration of the building problems caused a portion of the delay. The great increase in the cost of material and labor; the uncertainty of advantageously securing either, or of obtaining favorable contracts, within the limits of expenditure fixed for the structure and binding contractors to either time or expense limits—all of these, with the extremely cold weather and the backward spring caused the presidencies to hesitate and to take the necessary time for a careful weighing of the problems before them. The general sentiment, however, was that the need of the gymnasium was almost imperative and that the situation had to be met, hence the final vote to begin construction.

"The delay has been of one advantage. It has given the people a year longer in which to recover from the drives of various kinds made necessary by the war and they are now in better shape to meet the obligation incurred at the first meeting held a year ago. The drive for the funds will now begin in earnest and the various wards of the three stakes will doubtless vie with each other as to which shall be the first to lift the load so generously assumed by them.

"The people in the three stakes are to raise at least \$100,000.

What additional sum may be needed will be raised by general contributions sought by a committee appointed for that purpose, and the church will meet the local contribution, as collected, dollar for dollar. A prospectus, now in preparation, describing the "gym," giving a history of its inception, containing illustrations of the exterior of the building and parts of the interior, announcing the rates that may be adopted and the general policy for the conduct of the institution, will be used during the campaign for funds.

"Because of the building problems presented, the presidencies adopted the policy of contracting the various parts of the work through the supervising architects, Messrs. Woods, Jensen and Shreeve, instead of letting a general contractor, each portion of the structure to be contracted only as funds were provided and ready for use, and to proceed no faster with the erection than these funds would allow. They have hopes, however, that no difficulty shall be encountered in this matter and that the building will be completed in time for the next school year.

"The architects will supervise the letting of all contracts, the purchase of materials, the necessary and the construction of the building from excavation to completion, though all contracts will be passed upon by the board composed of the three stake presidencies and Chairman David O. McKay.

"The plans as now adopted provide for a building 84 by 240 feet, set back ten feet from the property line on Twenty-fifth street, built of brick and terra cotta, in pleasing semi-classical lines, with individual locker space for over two thousand can be provided with a swimming pool 25 by 60 feet, a large general gymnasium floor, a ball court 75 by 82 feet, which may also be used for a ladies' gymnasium, the necessary shower and drying rooms, offices and check rooms, a beautiful and attractive entrance and lobby, full data of which will be given in the prospectus now in preparation and which it is intended to give fairly general distribution."

## LINES DECLARE THEY SOON CAN MOVE FREIGHT

Newly Employed Switchmen Are Not Considered Strike-breakers by Brotherhood

## VERY FEW MEN GO BACK TO OLD JOBS

New York Struggles to Free Itself From Epidemic of Strikes

LOS ANGELES, Cal., April 12.—Striking switchmen from the yards of the Santa Fe, Southern Pacific and Salt Lake systems, were out here today, but the Santa Fe was preparing to move freight, and announced that it would accept shipments for points east and north as far as Bakerfield. The Santa Fe announced that three strikers had returned to work. At the Salt Lake offices, it was said one man had come back. So far as could be learned, these were the only defectors from the ranks of the strikers, and whatever work was being done by the three systems was handled by newly employed men.

All the roads announced that they were employing men and would be able to move all shipments within a very few days.

The engineers and trainmen of the various lines were working with newly employed men, and brotherhood officials said they would not consider the newcomers as strike-breakers because, they said, there was no authorized strike. All passenger traffic was moving last night and today, although some trains were delayed in making up and started behind schedule. Perishable freight and livestock on hand when the strike occurred had been cleared away by the remaining crews, supplemented in some cases by motor trucks, and the yard congestion was reported as growing slightly less.

All the roads were advertising for switchmen here today. They said strike conditions were provided, but that the strikers were "unauthorized." Guards were on duty at the various yards, but no trouble had developed at any of them. The strikers were reported to be holding further meetings today. No announcement of their probable course was made this morning.

New York Hard Hit.

NEW YORK, April 12.—New York with its back against the wall struggled desperately today to free itself from the tentacles of octopus-like epidemic of unauthorized railway strikes.

Out of the maze of conflicting reports of new strikes called and others threatened—railroad officials professed to see a ray of hope because some passenger service had been maintained and food and milk trains managed to creep into the city. It was admitted by the railroad officers, however, that the situation still was grave.

Thousands of persons were unable to reach their places of business here until hours after the usual time while other thousands gave up the attempt and returned home.

The Chicago Express on the Erie railroad which was abandoned yesterday at Port Jarvis, N. Y., while members of the crew attended a meeting of the new union, arrived in Jersey City this morning more than ten hours late. The train carried mail, and it was predicted that federal authorities might take cognizance of the delay.

Break in Strike.

CHICAGO, April 12.—The first break in the switchmen's strike in the Chicago district was recorded this morning when the Chicago, Burlington and Quincy lifted all embargo orders after announcing that sufficient men had returned to work to keep all traffic moving.

Conditions on other railroads were improved today, railroad and brotherhood officials said.

The Illinois Central during the past 24 hours handled 75 per cent of the normal movement.

CASE HALTED.

TOMBSTONE, Ariz., April 12.—The trial of Harry E. Wootton, charged with kidnaping in connection with the Bisbee deportations of July 12, 1917, was recessed this morning by Judge Samuel L. Pattee to permit a medical examination into the condition of B. K. Riggs of Dos Cabezas, one of the jurors.

## CAR PASSENGERS HURLED TO STREET AS TRAINS CRASH

NEW YORK, April 12.—Passengers on an elevated train had remarkable escapes from death today when they were catapulted to the street, a distance of 25 feet, in the midst of debris of the car.

The car was knocked off the elevated structure on the Ninth avenue line by a collision with another train and demolished. The wreckage was wedged in the side of a brick building a dozen feet away.

The fifteen passengers sifted through debris to the street and about a dozen were removed to hospitals.

The only woman in the car was seriously hurt. The motorman was missing. Shopkeepers said they saw a man in uniform running away after the car fell.

## VOTING ON MAN OR WOMAN FOR MAYOR

LOS ANGELES, Cal., April 12.—Various towns of southern California are holding elections today. Whittier, Venice, Uplands, Ontario and Watts were choosing trustees. Issues involved ranged from whether motion pictures might be shown on Sundays to whether a man or woman should be mayor. Watts having the latter question before its voters.

Palmer Returns.

WASHINGTON, April 12.—Attorney General Palmer returned to Washington today and immediately conferred with officials who have been in close touch with the railroad strike situation.

## JUROR JAILED AS ALLEGED TAKER OF BRIBES AT TRIALS

LOS ANGELES, Cal., April 12.—William Goodwin, a negro, who was serving on a jury in the criminal department of the superior court here since February 18, was arrested here last night charged with accepting a bribe in a case in which he is now serving.

According to the arresting officers, Goodwin accepted \$80 in marked money from a brother of Oliver M. Towles, now being tried for manslaughter before a jury of which the arrested man was a member. The bribe was paid over after the brother had told the district attorney that he had been approached by Goodwin, according to the statement of the district attorney.

Goodwin has served on a number of juries and it was said his arrest might cause new trials in several cases. According to the officers Goodwin told various persons that he had received about \$100 in all for favorable votes during his term of jury service.

## GUATEMALA SCENE OF NEW REVOLUTION

WASHINGTON, April 12.—The long threatened revolution in Guatemala against President Estrada Cabrera finally has broken out. Reports today to the state department said the opponents of the president had gained control of Guatemala City after some street fighting.

A marine guard from the cruiser Tacoma and submarine tender Niagara, has been landed to protect the American legation.
