

CHILDREN'S AID SOCIETY MEETS

Annual Gathering Held at Berthana Yesterday With Program Given

Ogden's Children Aid Society held their annual meeting yesterday afternoon in the Berthana hall, celebrating their tenth anniversary. More than a hundred guests were present. A program was given, including the following numbers:

Violin Solo.....Miss Mary Fisher
Address, "Value and Significance of the Child".....Rev. Godfrey Matthews
Vocal Solo.....Mrs. Warren Binford
Secretary's Report.....Mrs. Fred N. Hess
Treasurer's Report.....Mrs. William Dalrymple
Address, "The Real Solution of the Child Welfare Problem".....Judge Dan E. Sullivan
Piano Solo.....Mrs. Joseph Ferraro
Address, "Aims and Ambitions of Our Society".....Mrs. Archie Bowman
Solo, "His Lullaby".....Miss Grace Matthews

The secretary's report included the extent of work and the number of children the Aid Society have cared for, and who have been furnished with not only food, but clothing. In the treasurer's report it was shown that \$3,000 had been spent in welfare work, averaging \$250 a month.

Mayor Frank Francis gave a short and interesting address, commending the women for their past work. At the conclusion of the program, a social hour was enjoyed and refreshments were served.

Deaf Mute Killed on Crossing at Morgan

Miss Annie Voss, 55 years old, a deaf mute, was instantly killed when a special mail train passing through Morgan struck and killed her. The accident happened yesterday afternoon at 1:30 o'clock.

Miss Voss was returning from work to her home in East Morgan. The accident happened where the main road of Morgan crosses the railroad tracks. Apparently the afflicted woman had not heard the train until it was too late to escape. Her body was hurled 40 feet and was severely crushed and bruised. A section crew picked up the body and removed it to the undertaking establishment of Robert Welch.

Miss Voss is survived by her mother, Mrs. A. Bullas.

Farmers Considering Sewer Water Proposal

Following a conference between the farmers of the Warren district and the city commissioners, at which the farmers were asked to make proposals for payment for use of the water from the six-mile outfall sewer to be built by the city this year, negotiations for these rights are to be taken up early in the coming week, according to Mayor Frank Francis today.

City authorities have estimated that the water, after purification, is sufficient to irrigate 1,500 acres, and if true should have a rental value of \$45,000 yearly, drawing these figures from comparison of values on the Davis & Weber counties canal.

Property owners of Slatteryville, who are also interested in the disposal of the waste water, will meet in conference with the commissioners on Tuesday at 2 o'clock.

REPUBLICAN PRIMARIES WILL BE HELD TONIGHT; SELECT DELEGATES TO COUNTY CONVENTION MONDAY

Republicans of Weber county will hold their primaries tonight to elect delegates to the county convention, which will be held at the court house here at 8 p. m. Monday, April 26.

At the primaries tonight each election district of the county will elect three delegates to the county convention, at which time fifty-two delegates to the state convention at Price on May 3, will be selected.

At Price eight state delegates and eight alternates will be chosen to attend the Republican national convention at Chicago June 8. Four of the delegates and alternates will be from the state at large and four from the congressional districts; each congressional district being entitled to two delegates and the same number of alternates.

Plans are being made by members of the Weber county committee to charter a Pullman car from Ogden to Price to accommodate the delegates. Arrangements probably will be made for the delegates to sleep on the cars.

The voters are asked only to elect delegates from whom they believe will attend the Price convention, as delegates and not proxies are wanted, according to County Chairman Arthur Woolley.

A number of Republicans are being mentioned as candidates for delegate to the Chicago convention. Weber county doubtless will get one delegate at large and one alternate. Among those most prominently mentioned are

Mrs. Alice Collins, Mrs. Georgiana Marriott, J. U. Uidredge, Jr., Joseph Eccles, C. R. Hollingsworth.

It is not unlikely that a caucus of the delegates of Weber county will be held and endorsement given to one delegate and alternate names of which are to be placed before the Price convention.

Chairman Arthur Woolley requests that the names of the delegates elected at the primaries be sent or telephoned to him at Room 429 Eccles building. His telephone number is 372.

The primaries for those election districts within the several wards in Ogden City, except the twelfth district, will be held as follows:

First Ward—City Hall
Second Ward—Third Ward Amusement Hall
Third Ward—Seventh Ward Amusement Hall
Fourth Ward—County Court House
Fifth Ward—Fifth Ward Amusement Hall

The primary for the 12th district will be held in the Baptist Mission in West Ogden.

The members of the central committee of those districts without Ogden will arrange suitable places for the holding of said primaries in said districts and give due notice thereof.

All qualified voters believing in the principles of the Republican party are respectfully invited to attend and participate in the primaries for the above purpose.

Always pleasing to children and appealing to their parents as well, the Pantages bill opening at the Orpheum theater yesterday is headlined by Will Hill's comedy circus. Adding to the interesting feats of the dogs and ponies is "Sunny Jim," a trick mule, which defies attempts of all who try to ride him. The mule tosses attendants about the ring, much to the amusement of the audience.

An outstanding number is that of the Bullawa girls, three pretty misses who perform feats on the tight wire and who, by the way, are excellent dancers. Viola Denny and Eddie Dunigan have an act combining well prepared musical numbers and clever impersonations of a comedy nature. All in fun is the motive inspiring the offering of Jimmy Gildea and Joe Phillips, their act closing with a burlesque of the w. k. ventriloquist, Eddie and Ramsden appear as a comedy duo in "Charlie's Visit."

The Fox News and a riotous movie comedy complete the bill.

Plans were completed yesterday by the carnival committee of the Richard W. Young post No. 20 for the big military and naval parade. This parade will be a part of the Spring Frolic and Mardi Gras, and will be held next Wednesday, April 28, the day designated by the committee as "Army and Navy day," and will be reviewed by Governor Simon Bamberger and military and naval city officials.

In the queen contest the relative positions are as follows: Saide Hobbs, Miss Sylvia Kalm, Miss Irene E. Langtry, (Eureka), Mrs. Mary B. Mayo, Miss Elaine Anderson and Mrs. May Alvey.

Freezing Temperature Reported for Tonight

Clear skies and a warm sun smiled on Ogden today and brought with it the breath of spring. However, the warmth is due to disappear tonight and freezing temperatures prevail, according to the weather bureau report. Warmer weather is due tomorrow, according to the report, and again clear skies are scheduled.

The maximum temperature yesterday was 46 degrees, with a minimum of 27 degrees. The minimum this morning was 26 degrees.

Farrell Storage Co. Increases Capital

Increase of the capital stock of the H. C. Farrell Storage company from \$10,000 to \$100,000 was made at a meeting of the stockholders of the company, February 7, according to the amended articles of incorporation which were filed this morning in the county clerk's office. The stock is to be divided into 20,000 shares, with a value of \$5 a share.

Henry Garner and wife to Rufus A. Garner, part northeast 4, section 5, range 1 west, township 3, 25

Glass was used by the Romans in the time of Tiberius, and the ruins of Pompeii show windows of glass used before the year 79.

TAKE UP PAVING WITH CITIZENS

Property Owners Called to Meet With City Commission Next Monday

Property owners on Washington avenue from the Ogden river bridge to the north city limits and those on south Washington beyond Twenty-eighth street will meet with the city commissioners Monday evening at 7:30 o'clock to consider the paving to be done by the Utah Rapid Transit company along their street car lines this year.

Paving of the trackage will complete the south Washington section. It is intended to pave the tracks on north Washington avenue as the street paving is laid by the contractor. The matter of intersections will also be taken up at the meeting.

INGENUITY SHOWN BY WOMEN LOOKING FOR PLACE TO LIVE

With householders at their wits end in the frenzy of house hunting, spring coming and no place in which to move, one woman yesterday showed ingenuity in the quest worthy of a better cause. Seeking to get at the source of information, she made the rounds of the transfer companies inquiring if by any chance some Ogden resident had called for services of the moving vans that day.

At one home on Grant avenue where the furniture had been piled on the lawn for convenience in springtime housecleaning, this evidence brought untold inquiries from nearly a dozen would-be tenants during the day.

Finch Back Sunday From Road Inspection

B. J. Finch, district engineer, bureau of public roads, will return from his tour of inspection of the Austin Eureka road on Sunday morning.

M. M. Waltz, district auditor left at midnight last night for Ashton, Ida., where he will audit the accounts of the Warm River-Yellowstone grant.

At the beginning of next week, the following officials will go out on tours of inspection: M. D. Williams, highway engineer to the Montpelier-Ashton road; E. E. Kidder, highway engineer to the Sevier-Cole-Port, contract for which is now undergoing confirmation at Washington; H. R. Angus, senior highway bridge engineer to Reno, where he will go over the details of certain Nevada state bridge work; W. N. Frickstad, senior highway engineer to Carson City, Nev.

Salt Lake Veterans Will Hold Carnival

Plans were completed yesterday by the carnival committee of the Richard W. Young post No. 20 for the big military and naval parade. This parade will be a part of the Spring Frolic and Mardi Gras, and will be held next Wednesday, April 28, the day designated by the committee as "Army and Navy day," and will be reviewed by Governor Simon Bamberger and military and naval city officials.

In the queen contest the relative positions are as follows: Saide Hobbs, Miss Sylvia Kalm, Miss Irene E. Langtry, (Eureka), Mrs. Mary B. Mayo, Miss Elaine Anderson and Mrs. May Alvey.

NOTICE

There is an uncertainty in the minds of the public regarding the price of shoes for this coming fall.

SHOES WILL COST MORE THIS FALL THAN THEY ARE COSTING THIS SPRING.

Besides owning the Jones Shoe Store, I travel on the road in the western half of the United States, representing one of the largest manufacturers of good medium grade shoes in the United States. I sell thousands of pairs of shoes each month to other RETAILERS. I have just finished my trip and have sold the retailers their shoes for their next FALL business.

The RETAILERS of shoes have paid WHOLESALE from 50 cents to \$1.50 a pair more for shoes they will sell this FALL than they paid for shoes they are selling this SPRING. Consequently, but one thing can happen and that is THE RETAILER WILL HAVE TO GET MORE FOR HIS SHOES THIS FALL.

It is the importer of raw hides and the tanner who control the price of the leather that eventually makes the price of shoes higher or lower. It is NOT the MANUFACTURER of shoes nor the RETAILER.

The United States imports 60 per cent of the raw hides tanned in this country. The United States is an importer of raw hides and an exporter of finished leather.

However, we, the public, have one alternative, and that is to buy only such clothing and shoes as we need and make them last as long as possible.

We all must wear SHOES, and it is ECONOMY to buy QUALITY FOOTWEAR, which is found in our medium grade stock.

I am a retailer of shoes as well as a wholesale salesman of shoes, and I have priced shoes in my store at the closest possible margin. For instance: In my store is a girls' black calf shoe which I am selling for \$7 a pair; the actual WHOLESALE COST PRICE of this shoe today is \$7.75, but I purchased this shoe many months ago before the wholesale price advanced and I am giving my customers the benefit of my knowledge of market conditions. My factory samples and wholesale price list and copy of orders just sold to the largest retailers in the West, are at my store and open for inspection.

Rise in Cost of Living Cited to Labor Board

WASHINGTON, April 23.—Arguments on the wage increases demanded by conductors and switchmen were made before the railroad labor board today by L. E. Sheppard, president of the Brotherhood of Railway Conductors, and Samuel Heberling, president of the Switchmen's Union of North America. Both cited the rise in the cost of living during the past few years to support the plea for higher wages.

Demands of the switchmen call for pay increases of approximately 58 per cent with time and a half for overtime, Sundays and holidays. Similar overtime allowances are asked by the conductors together with wages sufficient to enable them to live on a pre-war standard. They ask in addition an allowance for expenses when kept away from home.

Final setback to the efforts of the

unauthorized strikers to get their cases before the board was given today at the White House when Secretary Taft told representatives of the yardmen's association that President Wilson would not interfere in their behalf as long as they remained away from work.

HOUSE OF COMMONS HALTS VOTING BILL

LONDON, April 23.—By a vote of 14 to 9, the committee of the house of commons today laid on the table the labor party's franchise bill, under which women would have been given the vote at the age of 21, the same as men.

ANOTHER FAILURE TO CATCH MARS SIGNAL

CEDAR CREEK, Neb., April 23.—Dr. Frederick Millener failed again last night in his efforts to catch signals from Mars at the receiving station he has constructed here. The experiments will be continued for several days.
