GREAT TUMULT MADE FOR DEBS

Lock Step Figures in Demonstration Which Takes Place as "Gene" Is Nominated

NEW YORK, May 13.—During the demonstration for Eugene V. Debs, which lasted 21 minutes, delegates were marching in prison lockstep around the hall, with a red streamer carried by the Illinois delegation well in the lead.

The galleries joined with the delegates in a continuous rhythmic shout of "Debs, Debs, we want Debs!"

The picture of Debs was brought to the front of the platform before which red roses were banked.

When the tumult had subsided, Joseph D. Cannon, of New York, went through the formality of seconding Indiana's nomination, which resulted in the acclamation.

Cannon declared that even as the cross had been glorified by the crucifixion of Christ, so would the federal penitentiary be glorified in America through the imprisonment of Debs.

Cannon characterized Debs' sentence as a national disgrace and "going to send the administration into oblivion."

He referred to the time when Henry Thoreau went to jail in Massachusetts rather than pay taxes which he knew were to pay for the conduct of civil war. He cited Thoreau's statement to Ralph Waldo Emerson, when the latter visited him—"Waldo, Waldo, why are you out of jail?"—as a proper thing for Debs to ask his fellow Socialists now.

"The question is not why is Debs in jail," he said, "but why are so many of us not in jail?"

The name of Seymour Stedman, of Chicago, general counsel for the party, was placed before the convention for the vice-presidency by Lena Morrow Lewis, of Los Angeles, and seconded by R. H. Howe of Chicago.

MARINE IS HELD; GIRL GOES HOME

Corporal Stark Arrested When Pocatello Girl Follows Him to Ogden

Accompanied by her mother, Beatrice Gordon, 18 year old Pocatello girl, left Ogden early this morning for her home. Corporal Stark, a member of the Roving Marines party, who are in Ogden today, is at the city jail in connection with the Gordon girl's departure from Pocatello and is being held until information is received from Washington as to whether Stark will be court martialed or will appear under civil charge.

Members of the party claim that Stark did not bring the girl to Ogden and had no knowledge of the girl's appearance in Ogden.

Captain Brooks, in charge of the marine detachment, said that Stark would be dealt with in a manner that be just, whether the action was military or civil.

No word has been received from Marine headquarters at Washington thus far.

UPHAM DIRECTS G. O. P. MEETING

Arrangements for Chicago Convention Give Huge Task to Volunteer

CHICAGO, May 13.—The directing genius of four Republican conventions in the past, Fred W. Upham, Republican national treasurer, this year has planned his fifth and greatest one.

Mr. Upham has been chairman of the Chicago convention committee for sixteen years and in that time probably has promoted more national political gatherings than any man living. He has organized and financed the local arrangements for the Republican gatherings since 1904.

Every four years the planning of the big gathering has become a more complex and more costly affair. In 1904, the first year the Republicans met at the Chicago coliseum, the convention arrangements cost \$70,000. In 1916 the expenses had increased to \$110,000 and this year the sum will exceed \$150,000.

Has Big Task. To raise this money, contract for building alterations, extra seats, decorations, tickets, badges and all the other myriad details of staking big quadrennial spectacle, in which more than 23,000 delegates and spectators will this year participate, is Upham's task. Cost of altering the coliseum and decorating it will alone cost more than \$50,000 this year. The task of obtaining and then safeguarding the tickets, is a problem in itself. The admission cards are printed on safety paper, in special inks, and then locked in vaults until the Thursday before the convention. None is sent by mail, all being distributed here. In spite of these precautions, many fall into the hands of speculators, who retail them at anywhere from \$50 to \$100 each; and even counterfeiting of the cards is not unknown.

Is Veteran in Game. Mr. Upham, who has been treasurer of the national committee since February, 1918, has been associated with national politics for 23 years. In 1892 he was a delegate to the national convention from the Eighth Wisconsin district. He represented a Chicago district in 1912 and 1916 and ran on Governor Frank O. Lowden's slate for election as a delegate-at-large from Illinois this year.

He was western treasurer of the national committee in the first Taft campaign in 1908 and again in the Hughes campaign of 1916. The only elective offices he has ever held were alderman in Chicago in 1896 and member of the Cooke county board of tax review for fourteen years. He is president of a large coal company.

FIVE CONVICTS IN DARING TRIAL TO GAIN LIBERTY

JOLIET, Ill., May 13.—After binding and gagging C. E. Robinson, superintendent of the prison reformatory department, five convicts late yesterday afternoon made an unsuccessful attempt to escape. One dressed in Robinson's clothes, driving Robinson's car with the other four hidden in the rear of the machine, drove to the main gate. Just as the gates were swinging open, Robinson who had worked loose his bonds, sounded the alarm.

HUN 'MONEY' PRESSES HUMMING FULL SPEED

BERLIN, May 13.—Germany's paper money now in circulation amounts to \$6,000,000,000 marks, and is increasing by 1,000,000,000 marks a week, declared August Mueller, former minister of economics.

The printing of banknotes is the only flourishing industry in Germany today, he writes in an article in the Abendblatt. He attributes this activity in printing of money to government subsidies, undertaken in a vain effort to reduce the prices of food and also to the continual increasing of salaries "to an absurdly growing officialdom, who find next day they are no better off, owing to the overnight decline of the buying power of the paper mark."

Germany's indebtedness, says Herr Mueller, is now about 230,000,000,000 marks. This, he adds, is, perhaps, redeemable at the present low rate of the mark, but never if it recover even half its former value.

Herr Mueller is unable to see a remedy except in increasing production, which, he says, seems to preoccupy the present rulers of Germany less than the anxiety to keep in office.

TRANSPORT SAILS. PHILADELPHIA, May 13.—The United States transport Henderson carrying 1500 marines, sails today from the Philadelphia navy yard for Key West. They will be held in readiness for possible activity in Mexico.

To Get Strong and Put on Flesh

People who have tried it say that one of the quickest and surest ways in which those who are weak, thin, nervous and run down can grow strong and put on pounds of solid stay-there flesh, is to take a 5-grain tablet of Blood-Iron Phosphate with each meal. This is doubtless due to the well known fact that Blood-Iron Phosphate quickly builds up depleted nervous energy and at the same time supplies the iron necessary to make rich, red strength building blood. If you are weak, thin, nervous, or are lacking in the old time vigor, endurance and optimism, go to McIntyre Drug Co., or any other good druggist and get enough Blood-Iron Phosphate to last three weeks and take as directed. If at the end of three weeks you don't feel one hundred per cent better and aren't in every way satisfied you can have your money back for the asking. Fair, isn't it? Better try it today.—Advestmesent.

CAPT. NELSON, Ky. — Captain S. S. Cole, custodian of the National Cemetery here, claims to be the oldest employe of the American government, both in age and point of service. He is 94 years old and fought in the Mexican and Civil wars. He was a personal appointee of President Lincoln to the position he now holds.

The reaping hook or sickle is the earliest tool for harvesting grain of which there is record.
