

GALA CARD AT LAGOON TRACK

Motor Races, Flying, Wrestling, and Other Events Featured on July 24 Program

The stage is set for one of the greatest celebrations ever held in Utah at the Lagoon Race track tomorrow afternoon when famous motor riders vie with Frank Clarke, aviator, and Jack Harbertson and K. O. Romonoff complete a sport card for head-line honors.

Harbertson and Romonoff will settle the differences on the mat, the two men to wrestle best two in three falls to a finish, the winner to be pitted against Ad Santel.

Warren Binford, who refereed the Harbertson-Santel contest here last winter, has been selected as the third man in the padded circle.

The motor races will see famous speed artists in harness. Al Ward, former amateur champion of the world and rated as one of the world's greatest professionals, will be one of the chief contenders for honors. Ward will ride the famous Indian racer. One of his chief opponents will be Ray Peck, recognized throughout America as a demon on the dirt track. Peck is primed for action and is out after victory. Both Ward and Peck are old-time rivals and the interest in the coming events for that reason, is at fever pitch.

The professionals will mix in three classes at three, five and ten miles. Smertz, Cooper and Jenkins of Blackfoot, Fred Whittier and others will be pitted against the two stars.

In the amateur class the fans will have the chance of witnessing some of the state's best in action. A three-mile side car event should be a thriller, more than 12 riders being entered in this event.

The opening number of the card will be a five-mile amateur bike classic.

Stunt flying by C. O. Preat will also be featured.

The battle royal will also be one of the gala features on the card. This event will see six men in action from Salt Lake and Ogden, and the speed show should be a thriller.

Arrangements have been made to park five hundred automobiles at the Lagoon track, all of which will be protected from the automobile thieves.

The first event is scheduled to start promptly at 2:30 o'clock. Special car service for the card has been obtained from Salt Lake and Ogden, cars leaving Salt Lake and Ogden every fifteen minutes after 12 o'clock noon tomorrow.

Rheumatism's Pains Are Always Treacherous

Summer An Excellent Time to Combat the Disease.

Some cases of Rheumatism give very little trouble to their victims during the summer season, and for this reason now is a most favorable time to take a course of treatment that will reach the cause of the trouble and remove it from the system.

Otherwise, with the very first cold, damp or disagreeable day, your pains will return and gradually increase in their severity, until you will soon again be in the clutches of this relentless disease.

IS SISLER THE NEW TY COBB?

Baseball World Is Swinging From Regime of Georgia Peach To New Rule of Peachy George

BROWN STAR REACHES GREATNESS

BY DEAN SNYDER.

They've called Ty Cobb the Georgia Peach for the last fifteen years, but at this point in the drama enters Peachy George.

It now remains for the world to start calling the Brown star—The Great George Sisler.

This tribute is certainly due the superb St. Louis first baseman.

Pushed by one of the hardest hitting fields in the history of the game, Sisler is climbing higher into the hall of baseball fame each week.

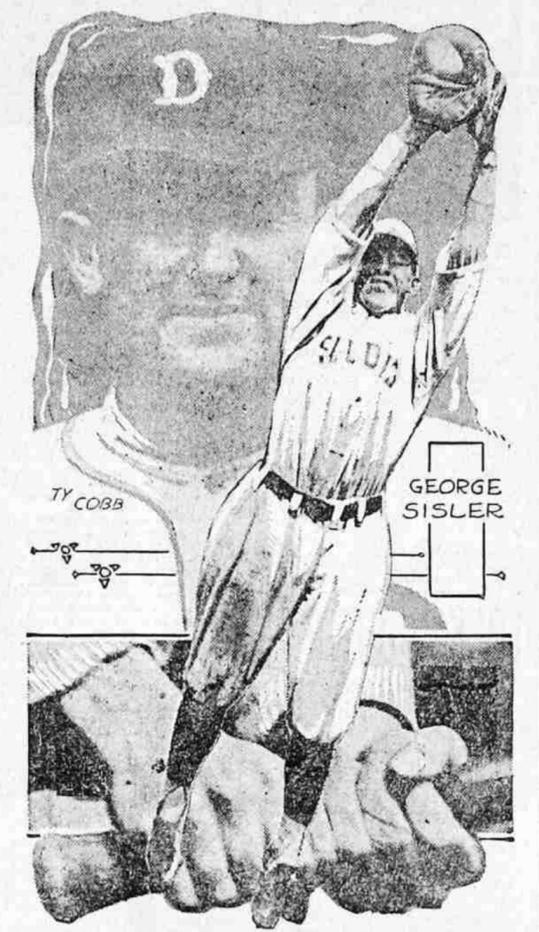

During the last four years of Ty Cobb's reign in the Johnson family of swatters, the Brown first baseman has been approaching greatness.

This year with the Georgia Peach in the background, due partly to a get-away slump and later to accident, Sisler has occupied the batting throne. His bat has clicked through the first half of the 1920 American league season at a 417 pace.

Each week he is being forced to extend his powers. For looming back of him is a wonderful trio of rivals—Joe Jackson, Trip Speaker and the rampaging Babe Ruth.

As is the general rule with all ball players, their fielding improves along with their hitting. A new confidence is born in a player when he is connecting regularly.

He takes bigger chances. The crowd psychology boosts him and the break goes with him.

TY COBB GEORGE SISLER

The boys are touching up the ball this season. With Cobb back in the game it will be interesting to see if he can overtake But Tyrus is that kind of a peach.

Like Cobb, Sisler is a fleet-foot. There aren't any faster runners in the big leagues than George. The slightest hesitation on the part of a fielder in handling a ball off Sisler's bat and that ball goes for a base hit.

His sensational fielding at first has revived the same kind of thrills that Hal Chase used to give the customers. He works over head with quite as much grace as when handling the low throws.

Sisler is a college product, having filtered through the university halls at Ann Arbor, Mich. He is just in the prime of his career, being 27 years old.

What is Ahead.
Whether he can maintain the terrific batting pace he has set during the first half of the season is an open bit of speculation with the odds in his favor.

Cobb has turned in two full seasons with averages of .420 and .410, respectively, in 1911 and 1912.

SAILING OF OLYMPIC TEAM TO BE BIG EVENT

NEW YORK, July 23.—Impressive ceremonies will mark departure of the American Olympic team from this city next Monday for the seventh Olympic at Antwerp.

Members of all American Olympic teams sailing on the American army transport Matoka will assemble at a local theater where they will be farewelled with speeches and reading of messages from the secretaries of war and navy, governors of various states and other dignitaries.

The name of each member of the teams then will be read.

After final announcement of the personnel there will be an hour allotted to farewells.

Shortly after 2 p. m. the teams, officials, members of the Olympic committee and others will parade to the North river pier and embark in navy launch for Hoboken, where the athletes immediately will board the Princess Matoka and steam away.

Salutes from river craft and harbor forts will be the final farewell.

ROUTE OF MARATHON RACE IS LAID OUT

ANTWERP, July 23.—The Olympic committee has changed the route of the marathon race. It was originally planned to start in Brussels and finish it at the stadium, but it has now been arranged to have both the start and finish at the stadium, with the turning point at Poteaudon, on the Antwerp-Brussels road. This road is a paved highway with dirt or cinder paths on either side.

ATHLETES TO SAIL

WASHINGTON, July 23.—Seventy-eight athletes of the American navy, 21 of whom have won places on the team that will represent the United States at the Olympic games, will sail from Newport, R. I., for Antwerp on the armored cruiser Frederick Monday. It was announced today at the navy department. The trip also will constitute a two months' summer training cruise for the naval reserve force, the cruiser being manned almost entirely by reservists.

Should the naval academy eight-oared crew win the race at Worcester Saturday to determine the team that will represent this country in the Olympic games it also will sail on the Frederick.

EMPIRE ONLY DRESSED UP.
HAMILTON, Ontario.—There's never any trouble on the ball farms here that might endanger the life of the umpire. In a recent game between industrial teams the umpire was the only man in uniform. In fact—the uniform was probably the only suit he wore. He was a cop, or a bobby as they call 'em here. He knew less of baseball than the players, but respect for the law put a tight crimp on the cantland who might have started ructions.

WINS DECISION.

JACK COOK

Ernie Johnson is to stay with the Salt Lake Bees the remainder of this season, regardless of rumors that the Giants have picked him off. Jack Cook, secretary of the Bees, says:

"We think we have a fine chance to win the pennant this year, and we would not be foolish enough to part with Johnson. He is our most valuable player, aside from the fact that he is making good as a manager of the club with both feet. He is worth twice as much to us as he is to New York. That's why we are going to keep him. We will consider letting him go to the Giants this fall, as we would not stand in his way if he can better himself."

BALL PLAYER CASE IS APPEALED BY LEAGUE

CINCINNATI, O., July 23.—Appeal from the order of United States Judge McCall, Memphis, directing John D. Martin, as president of the Southern Association of Baseball clubs, to approve the contract between Luther (Casey) Smith, pitcher, and the Little Rock Baseball association, has been filed in United States circuit court of appeals here.

The appeal is taken by Martin who claims he withheld his approval of the contract for the good of baseball. The records intimate that the discharge of Smith by the San Francisco club was responsible for the refusal of Martin to permit him to play in his league.
