

MAN AND BEAR LOCKED IN CAR

Perils of Express Messenger Related Before Rail Labor Board

CHICAGO, July 28.—Perils of an express messenger when locked in his car with shipments of wild animals, reptiles and machinery, were set forth before the railroad labor board in the express employees wage hearing. Addison Bollinger, grand president of the Order of Railway Expressmen, told of the plight of one express messenger who found himself locked in a car with a wild bear. The train was speeding 45 miles an hour when the bear broke out of its cage and drove the messenger to the roof rods. Finally he opened the door and the animal dived out. To have snakes loose in the car or a heavy piece of machinery start rolling down the aisle, is not unusual, Mr. Bollinger said. He pleaded for increased wages for the 75,000 express workers on the ground that not only the increased cost of living but the peril of their work entitled them to more money. The men are asking increases approximating 25 cents an hour. Similar raises are asked by the brotherhood of railway and steamship clerks, freight handlers, express and station employees. They also want a week's vacation with pay and free transportation on all roads. Other express employees in the international brotherhood of teamsters, chauffeurs, stablemen and helpers, and the brotherhood of chauffeurs, conductors and baggage agents ask flat increases of \$35 a month.

JOHNSON GOES FOR RIDE WITH SHERIFF

JOLIET, Ill., July 27.—Jack Johnson, negro, former heavyweight champion, who is being held in jail here pending action by federal authorities, remarked to Sheriff Hawkins yesterday he needed exercise and asked to be taken automobile riding. Accompanied by the sheriff and several deputies, the big pugilist toured the city, being driven to Manhattan, a suburb, where they visited a soda fountain. Johnson and his guardian took a seat at a table and ordered strawberry sodas. The drinks were on the house.

GASOLINE WELCOMED.

LOS ANGELES, July 27.—Gasoline has been so scarce here that today when a train carrying 200,000 gallons arrived from Oklahoma it was officially welcomed by Mayor M. P. Snyder and officers of the Automobile Club of Southern California. They met the train at Alhambra, near here, and rode back on it.

MONEY WIZARD PAYS ALL CLAIMS

Man Who Makes Millions in Few Months Has No Difficulties

BOSTON, July 28.—Payment in full of matured claims and investments of those who wanted their money back was made by Charles Ponzl, head of the Securities Exchange company who announced yesterday by agreement with District Attorney Pelletier suspension of public participation in his international exchange operations, which he says has netted him millions of dollars within a few months. While Ponzl, with an augmented force, was meeting the demands of several hundred creditors, the superior court refused a petition for a temporary injunction restraining him from drawing on funds he has on deposit in six local banks. The court's action came after a statement by counsel for Ponzl that he was able and willing to pay all legitimate demands. Demands for payment at the Ponzl office were numerous but not in the proportion of a run. Those who wanted their investment returned without waiting for maturity and the consequent big profit promised, found no difficulty in getting it, as speculators went along the line of claimants offering premiums for their notes.

AMERICAN BREWER IS CARRIED AWAY BY VILLA

WASHINGTON, July 27.—An official report of the occupation of Saltillo, Coahuila, Mexico, by Francisco Villa and the carrying away of Carl Haegelin, an American, president of the Saltillo brewery, was received today at the state department. No apprehension as to Haegelin's safety was felt by state department officials as Villa frequently has taken Americans captive within the last few months only to release them after having obtained such information as he could.

MEXICO HOLDS GREAT BILL AGAINST OIL COMPANIES

MEXICO CITY, July 27.—Petroleum companies owe the government 10,400,000 pesos in royalties from August 1, 1918, to December 31, 1919, on a production of 17,490,000 tons which production was worth at the wellhead 205,429,000 pesos, according to the auditing figures just issued. An additional 10,000,000 pesos is due in royalties thus far for the current year.

STRIKERS SHOOT LEADER IN NEW MINTER PLAY

"Nurse Marjorie" Has Exciting Scene in Turbulent English Shipyards Strike

One of the many interesting and thrilling scenes in "Nurse Marjorie," Mary Miles Minter's new play for the English shipyard, "Nurse Marjorie" will be shown as the principal attraction of the program which includes Parthe's Weekly and screen cartoons at the Alhambra theatre today. The picture is an adaptation of Israel Zangwill's recent play and is well adapted to the talents of the beautiful actress. William Desmond Taylor directed the production, and an excellent cast appears in support of the star.

John Danbury, a member of the English house of commons, and political leader of the masses in that country, is shot down by a man in the crowd of striking shipyard workers when he is attempting to conciliate them and force them to listen to reason.

Hearing of the attack, Nurse Marjorie, played by Miss Minter, hastens to her bedside. She is made to realize her love for the man after she has put it to numerous tests. Danbury lives her to be Nurse Marjorie but learns that she is actually Lady Marjorie. She has assumed the incognito of Nurse Marjorie to make herself useful in the world and discover real love. The story is one of the most appealing that has come from the distinguished pen of the author of "The Melting Pot."

SHIPPING BOARD WORKS ON NEW MARINE PROBLEMS

WASHINGTON, July 27.—Plans to deal with the many complicated problems put before the shipping board by the merchant marine act have been practically completed. Chairman Benson stated today, and a tentative scheme for operation and ultimate disposal of the government-owned merchant fleet will be promulgated soon. The sales plan affects the existing fleet of 1500 vessels aggregating 9,358,000 tons, and also 250 ships of about two million tons to be constructed. It is understood that the new plan includes a definite scale of prices calculated to foster absorption of the government fleet by private interests. Interlocked with the terms and method of sale is the scheme for assignment of vessels to the different trade routes considered as profitable for operation.

JOSEPH SMITH FARM IS TOPIC

Article in New York Paper De- scribes Events There for Pioneer Day

That Pioneer day is fittingly celebrated in the extreme east as well as in the intermountain country is shown in an article published in the Rochester, N. Y., Democrat and Chronicle, July 21, and sent by the Hickey-Freeman company of Rochester to H. Wright, Special Agent in Charge, Ogdens. The eastern company officials explain they have read the article with a great deal of interest and have sent it with the belief that it will be of equal interest to the people of Utah. The article outlines the plans for the Pioneer day celebration at the Joseph Smith farm at Palmyra, N. Y., known as the birthplace of the Mormon faith and shows photographs of the house of Joseph Smith and the baptismal pool of the same name. It is explained that with few minor alterations the Smith house stands today as it was when the prophet lived there, the pool was used to baptize the first converts of Smith's faith and is practically the same today as when used for this purpose, the article states.

REVIEW OF LIFE.

A review of the birth of the Mormon faith is given and the Smith farm and its surroundings are explained in detail. The article reads in part as follows: "On a certain day, a feast day of the Church of Jesus Christ of Latter-day Saints, as they are more familiarly known, will be fittingly celebrated on Saturday at the Joseph Smith farm, known as the birthplace of the Mormon faith. The farm was the home of Joseph Smith, the founder of the church, and it was here that he received the revelation which he carried to the golden plates and preached his gospel for the first time. The farm is now in charge of W. W. Benson, an elder of the Mormon church, who resides on it with his family. Pioneer day commemorates the entry of the Mormons into what is now the state of Utah in 1847.

REVELATION IN GROVE.

"The farm is located south of Palmyra, in the Stafford street road, and is owned by George Albert Smith, of the Council of the Mormon church, who resides on it with his family. Pioneer day commemorates the entry of the Mormons into what is now the state of Utah in 1847. The farm is located south of Palmyra, in the Stafford street road, and is owned by George Albert Smith, of the Council of the Mormon church, who resides on it with his family. Some More Truths.

WOULD you use a steam shovel to move a pebble? Certainly not. Implements are built according to the work they have to do.

Would you use a grown-up's remedy for your baby's ills? Certainly not. Remedies are prepared according to the work THEY have to do.

All this is preliminary to reminding you that Fletcher's Castoria was sought out, found and is prepared solely as a remedy for Infants and Children. And let this be a warning against Substitutes, Counterfeits and the Just-as-good stuff that may be all right for you in all your strength, but dangerous for the little babe.

All the mother-love that lies within your heart cries out to you: Be true to Baby. And being true to Baby you will keep in the house remedies specially prepared for babies as you would a baby's food, hairbrush, toothbrush or sponge.

Children Cry For Fletcher's CASTORIA

Are You Prepared?

A doctor in the house all the time would be a good idea. Yet you can't afford to keep a doctor in the family to keep baby well or prevent sickness. But you can do almost the same thing by having at hand a bottle of Fletcher's Castoria, because it is a wonderful remedy for indigestion, colic, feverishness, fretfulness and all the other disorders that result from common ailments that babies have. Fletcher's Castoria is perfectly safe to use. It is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. Children cry for Fletcher's Castoria, and mothers recommend it because they have found it a comfort to children and a mother's friend. If you love your baby, you know how sweet it is to be able to help baby when trouble comes. You cannot always call upon a doctor. But doctors have nothing but good to say of Fletcher's Castoria, because they know that it can only do good—that it can't do any harm—and they wouldn't want you to use for baby a remedy that you would use for yourself. MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher
THE CENTAUR COMPANY, NEW YORK CITY.

MANY U. S. DESERTERS STILL HIDE IN PARIS

PARIS, July 27.—Deserters from the American army who came to France still number 1500 in the Paris district, according to a report made by the Paris police to Captain J. A. Warden, who is supervising apprehension of the deserters in addition to investigating bids still being presented against the American expeditionary forces. As all deserters have the reputation with the French police of carrying guns and being bad men generally, the police simply notify the American authorities of their presence in some particular place, but do not attempt to arrest them.

PRISONER SLAIN.

AUBURN, N. Y., July 25.—Phillip Nisseman, 24, a convict in the state prison here, was murdered in the prison yard by fellow inmates tonight following a series of fights in which several convicts participated. Nisseman was stabbed through the heart with a knife.

WIGGINS WINS.

CINCINNATI, O., July 27.—"Chuck" Wiggins of Indianapolis, heavyweight champion of Australia, shaded Jackie Clark of Allentown, Penn., in a ten-round boxing match here last night. The fight was staged in an open air arena.

PLACES AND USUALLY THE NEXT DAY A CONVOY STARTS FOR COBLENZ WHERE COURTS MARTIAL SIT ALMOST CONTINUOUSLY.

The lairs of the deserters are mostly in Montmartre in secret underground passages which the Apaches of Paris have used. The deserters virtually are penned up in Paris, not daring to stir outside the city. If they leave Paris it means leaving an income which often comes from the illicit sale of drugs. The number of deserters in Paris is steadily decreasing. As soon as all alarms have died down the military police swoop down again on suspected

Civil Service Tests For Many Positions

Announcements of the United States civil service commission have been received to the effect that an examination will be held at the postoffice August 28 for the position of forest and field clerk. Examinations for traveling and resident auditor will be held October 1. An examination to fill positions now vacant in the bureau of public roads offices will be held August 31. A railway mail clerk examination will be held August 11, while an examination for clerk-carrier will be held at the postoffice August 31. Regarding the clerk-carrier examination, it is announced that soldiers, sailors and marines, honorably discharged, will be exempt from the age, height and weight qualifications. For others, the age limit is from 18 to 45 years and married women are not admitted to this examination. Single women and divorcees are eligible, however. Details regarding the position may be obtained at the postoffice. Announcements have also been received that an unskilled laborer, non-educational examination, will be held August 27 for the purpose of filling the vacancy as custodian.

FIVE INDICTMENTS.

PARIS, TEXAS, July 26.—The special grand jury drawn to investigate the recent burning of two negroes, held on charges of murdering a farmer and son, today reported five indictments for first degree murder, and adjourned. In its report it was stated that many of the witnesses examined could not positively identify any of the crowd at the burning as ring-leaders. The names of those indicted were not made public pending the arrests.

Save Money—Put Goodyear Tires on Your Small Car

Avoid disappointment with tires made to be sold at sensationally cheap prices by using Goodyear Tires built to deliver maximum mileage at minimum cost.

The high relative value built into Goodyear Tires of the 30 x 3, 30 x 3 1/2 and 31 x 4 inch sizes, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to these sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell or Dort, take advantage of the opportunity to enjoy true Goodyear mileage and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at our nearest Service Station.

30 x 3 1/4 Goodyear Double-Cure Fabric, All-Weather Tread, \$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread, \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30x3 1/2 size \$4.50 in waterproof bag.
