

# COUNTY ELECTS TWO TO BOARD

## Joseph Skeen and John Hooper Win in School Elections

Joseph Skeen apparently has been elected member of the county school board from district No. 4, while John D. Hooper of Hooper was elected by a small majority in district No. 3.

Word from the county school board offices indicates that little interest was shown in the election excepting in the places where the candidates resided.

Mr. Skeen, a resident of Warren, but who is also closely affiliated with Plain City, drew the Plain City vote and received a total of 15 votes as against the 6 of his opponent, A. W. Marriott.

In Warren and West Warren, Mr. Marriott was given the majority. The Farr West vote was divided evenly, each candidate getting 20 votes.

In the second district election, T. R. Jones ran a good race against his opponent, John D. Hooper, but was defeated by approximately 20 votes. Had it not been for the heavy vote of Hooper in favor of the winning candidate, Jones would have been elected. It is reported that Hooper cast 100 of 131 votes in favor of Hooper.

Jones carried Kanesville and Taylor by large majorities but the vote was not sufficient to carry in his favor.

# BOOKS LEAD ALL 'INDOOR SPORTS'

## Ancient Printer Hoped to See Chained Bible in Every Church

(N. E. A. Staff Special)

WASHINGTON, Dec. 2.—It is a far, far cry from the days an English printer hoped he'd live to see "a Bible chained in every church in England" to the American public library with its thousands of volumes.

**Two Dogs Believed Rabid May Be Killed**

Two dogs, believed to be afflicted with rabies, were captured by Patrolman James Hearn and Detective Ed Butterfield near Twenty-second street and Grant avenue this morning. The animals were removed to the police station where they are awaiting the passing of their death sentence by Dr. J. M. Elliot, city health inspector.

One of the animals is believed to have bitten a little girl. Their capture this morning was effected after the police had received numerous reports that the animals were chasing persons on the streets, attacking bicyclists, automobiles and delivery wagons. The dogs, according to the reports, acted very peculiarly.

They were captured with difficulty by the officers, who managed to lasso the animals.

Detective Ed Butterfield narrowly escaped being bitten by a dog yesterday that is alleged to have been in the last stages of rabies.

He received a report that the animal was acting peculiarly in the vicinity of Twenty-third street and Grant avenue. He reported on the scene and as he neared the animal, which was laying prone, it rose and started at him. He was carrying a short club. With this weapon he managed to keep the animal at bay until he could unbutton his overcoat and draw his revolver. The dog sprang at him as he drew his gun and fired. The bullet took effect behind the dog's left ear, killing it instantly. Police report that there are a number of dogs acting peculiarly in the city.
