HEARST IN NEW YORK.

Since the war William Randolph Hearst has not advanced politically, although he continues to be a powerful independent factor in politics.

In the Democratic state convention at Syracuse, New York, the publisher's name was hissed after an announcement had been made that Hearst had withdrawn from the race for governor.

Hearst has a circle of warm admirers and an equal group of bitter enemies. Being a man of pronounced views and daily indulging in the disagreeable task of criticism, it is to be expected he has accumulated a rich assortment of foes with butcher knives and meat axes.

TALK OF A COUNTY FAIR.

With the return of the State fair, the suggestion has been made that Weber county should have a fair, beginning next year and the further suggestion has been made that by enlarging the Lorin Farr park grounds, a site for a county fair could be made available.

There is an element of local pride in the county fair which is absent from the state fair, and a greater stimulus is offered to exhibitors.

NEW WAY TO GET RICH.

That man Hugo Stinnes is not only a financier, but a schemer and dreamer, if he is correctly understood by James A. Tillman, a promoter who is suing the German Croesus for breach of contract.

Stinnes sought money in the United States and this is how he proceeded: Stinnes was to obtain \$100,000,000 in the United States on his promissory note, unsecured. With this money, the German financier was to buy marks at the exchange rate of 100,000 marks for \$125. With the marks Stinnes was to purchase mortgages in Germany at their face or pre-war value in marks, send the mortgages to

BOOZE.

Henry Ford says he will fire any employe with liquor on his breath, on his hip or in his cellar at home.

Ford bans booze because it recently has been causing many accidents in his Detroit plant. This seems like old times. John Barleycorn was doomed first as a safety first measure. The sentence was approved by Supreme Judge Industrial Efficiency. That's the real reason liquor no longer can be sold—openly.

FIVE MEN DIE IN COAL MINE BLAST

JOHNSTON CITY, Ill., Sept. 30.—(By the Associated Press.)—Five men were killed and three injured in an explosion in the Lake Creek mine of the Consolidated Coal company Friday. Approximately 300 men were in the mine when the blast occurred. First reports stated that nine apparently had been killed, but a re-check accounted for all but five. Shortly thereafter rescue teams brought the five dead from the colliery.

SEN. BORAH THINKS BONUS WILL BE PAID

CHICAGO, Sept. 30.—Indirectly indicating that he believed the soldiers' bonus bill eventually would be enacted by congress, Senator William E. Borah of Idaho said he never knew a raid on the treasury to be defeated. The senator voted against the bill.

FORMER SAILOR REPEATS STORY

Tragic End of Romance Begun Through Agency Told in Trial.

MINEOLA, N. Y., Sept. 30.—William Cressy, former sailor from Kentucky, on trial for the murder of Miss Edith Lavoie, his school teacher sweetheart, Friday took the stand and told his version of how, at the end of a romance begun through a matrimonial agency, she met death in her boarding house home at Freeport, Long Island.

MEMORY WEAKENS. About many phases of his life in the past five years Cressy pleaded forgetfulness, under cross-examination, or was unable to recall what motives prompted him to act which he freely admitted.

He did not remember his divorced wife had ever deserted him; whether he had enlisted or been drafted in the world war, or whether he told Miss Lavoie he was single while he was courting her as his "one and only sweetheart."

His story of the fatal shooting was the same he has repeated several times since his arrest.

Asleep, he lay beside the girl on a davenport in her home, to be awakened by a shot, and then to discover himself pinned to the wall with his revolver, Cressy testified.

CARRIED PISTOL. The pistol, he asserted, was one he had carried for seven or eight years, as was the custom in his native section of Kentucky. Miss Lavoie had kept it since several months before when they had used it together at target practice.

Cressy testified that he met the school teacher through a correspondence agency which he had joined in February, 1920.

STATE ANSWERS GIRL'S APPEAL

Pastor and Singer Locked in Embrace When Shot, Wounds Indicate.

NEW BRUNSWICK, N. J., Sept. 30.—Governor Edward I. Edwards announced Friday in a letter responding to a request for aid from Charlotte Mills, 16-year-old daughter of Mrs. Eleanor Reinhardt Mills, that he had invoked the assistance of the detectives of the New Jersey state police to help solve the mystery of the murder of Mrs. Mills and the Rev. Edward W. Hall.

For the first time since the bodies of the slain choir leader and the clergyman were found under an apple tree two weeks ago, the exact character of the woman's wounds was made known following an autopsy after the exhumation of her body.

This showed in addition to three bullet wounds in her head, her throat was cut.

MAY EXHUME PASTOR. Mrs. Hall, widow of the murdered clergyman, said that she would not object to the exhumation of Mr. Hall's body. The question had been raised as to whether it would be permitted for the purpose of a thorough autopsy, such as had now been made on Mrs. Mills' body.

Referring to the latter autopsy which has established the fact of the calibre of the fatal bullets, Mrs. Hall said: "No member of either the Hall or Stevens family owns a .32-calibre revolver."

Detectives studying the results of the autopsy concluded that the fourth bullet fired at her, which barely grazed her lip, had first passed through Mr. Hall's skull. From the position of the bullet wounds, the detectives declare, they believe the couple were locked in an embrace when killed. In further support of this theory they said that one shoulder of Mrs. Mills' garment was bloodsoaked, which indicates to them that the clergyman's head was resting there when he was shot.

STATE AID PROMISED. Charlotte Mills called on Governor Edwards at his office at Jersey City. After her visit, a letter was sent to her by the governor, which says: "I have read your pathetic appeal to me with profound regret and heartfelt sympathy for you in your extremely bereaved state of mind."

"This very day I have invoked the assistance of the detective force of the New Jersey state police to rush to your aid and to assist the prosecutors and the state's Colonel H. Norman Schwarzkopf superintendent of the state police, has been notified to lend the entire personnel of his force, if necessary, to this end."

A. F. OF L. AIDS ANTI-LAW FIGHT

Kansas Unions Prepare Campaign Against Industrial Court.

TOPEKA, Kan., Sept. 30.—The American Federation of Labor has agreed to assist the Kansas State Federation of Labor in the present campaign by supplying speakers who will go into action at once against the Kansas industrial court law. This was the announcement here today of W. E. Freeman, president of the Kansas federation, just before his departure for Emporia, where a state delegate meeting of Kansas labor unions will be held tomorrow.

Three speakers furnished by the national federation are now on their way to Kansas and will meet with the delegates tomorrow. Mr. Freeman said. They are John Fitzpatrick, Chicago, of the American Federation of Labor; Edward E. McGrady, Washington, legislative supervisor of the A. F. of L.; and Miss Anna Neary, a national federation lecturer.

The principal business before the Emporia meeting, Mr. Freeman said, will be selection of a slate of candidates on state and congressional tickets. This line up, President Freeman emphasized, will be on a non-partisan basis, depending mainly on the attitude of the candidate towards the industrial court act. The main attack of the labor forces will be centered on the Kansas industrial court act with a view to its repeal, and to prevent congress from enacting any similar national legislation, according to Mr. Freeman.

LABOR SCARCE IN ZION INDUSTRIES

ZION, Ill., Sept. 30.—Garage mechanics are making candy because of a shortage of help in the Zion industries of which Wilbur Glenn Voliva is overseer. The overseer was said to be considering a plan to draft women, especially young married women without children and older women who could be spared from their homes, to work in the Zion plants.

demonstration lasted only a few seconds. Dr. Royal Samuel Copeland of New York, nominated for United States senator, is a member of the cabinet of Mayor John F. Hylan of New York, who led the Hearst forces at the convention.

"WET" PRINCIPLE APPLAUDED. The platform adopted condemns both state and national administrations of the Republican party. It calls the national administration a failure

and "bankrupt of ability or achievement." The new tariff bill, it declares, means increased living costs and higher "profits for monopoly." The federal attorney general and the department of justice are blamed for "blunders" that culminated in the Daugherty inflection.

Of the twenty-nine principles, great applause was given to that calling for a modification of the Volstead act to legalize the use of beer and light wines under state regulation.
