REQUEST FOR ADEQUATE DEFENSE

Japanese Situation Has Nothing to Do With Present Activities

Sacramento, Feb. 6.—Adjutant General Lauck was emphatic in making the statement today that the renewed activities in his department, at the request of the war department at Washington for the organization of sixteen companies of artillery for coast defense, were not the result of the passage by the assembly of the anti-Japanese school bill.

When Lauck submitted recently to State Controller Nye, his estimate of \$525,000 for the expenses of the national guard during the next two years, the controller cut it down by \$67,400, which sum the adjutant general states is included \$38,000 for the maintenance of the sixteen additional companies asked for by the national government.

Several months ago the adjutant general declined to assign the sixteen companies for the purpose of manning the guns along the coast on the ground that it would be unfair to take that number from the three regiments of state militia left after the reorganization that had just been effected.

On January 9, the war department appealed to Governor Gillett to organize the new companies, but it was not two weeks later that the chief executive and his adjutant decided to act. The governor agreed with Lauck that by securing the services of business men and men of family, who did not desire to leave the communities in which they resided in the event of hostilities, such companies might be organized with good results.

Washington, Feb. 6.—Robert Shaw Oliver, assistant secretary of war, said tonight that the war department's request of Governor Gillett to organize sixteen militia companies of artillery is merely part of the general scheme for national defense.

ATROCIOUS MURDER OF GIRL

Badly Mutilated Body Found in Lonely Spot, Skull Crushed

Des Moines, Feb. 6.—Clara Rosen, soloist in the Lutheran church at Ottumwa, was murdered in an unusually atrocious manner last night. Her badly mutilated body was found today and widespread search was made for her slayer.

Miss Rosen, who was a beautiful woman 28 years old, was to have been married next week to Sanford Carlson of Ironton, Wyo., a mine owner. The police say this love affair was the cause of her death.

When the young lady did not return home last night, searching parties were sent out. Not until today did any of the searchers approach the scene of the crime, although they passed and repassed it many times during the night.

Two suspects have been arrested. One at Ocala, Mo., gave his name as James Martin of St. Louis, who said he was a laborer. When questioned, he had blood on his clothes. He admitted he had just come from Ottumwa.

At Albia a man giving the name of William Travers was arrested on suspicion of being the slayer. Governor Carroll is considering offering a large reward for the murderer's apprehension.
