Notice to the Public
Having been asked many
times why picture houses use
the same pictures every body has
been that the Ogdem picture
houses could keep entirely apart
if the managers would so ar-
range it.
Under our management of
the Orpheum and late of the
Electric we have had exclusive-
ly use of Monday issue of Pathe
Bros. Pictures, for eight
months. The unwritten code
of business honor among film
people would give us precedent
in the use of these films. This
right we have never infringed
with other houses.
A new house recently put
on these same pictures. I spoke
to the manager of the injustice
to the public in running the
same pictures in two houses.
He replied that in order to
change his bill twice a week
he must put on pictures regard-
less of other houses.
These pictures in this other
house are not listed in the
Lobby Program but are marked
"EXTRA," thus concealing the
same till patrons are in the
house.
Now no picture can be an
"EXTRA" unless added to the
program of a full hour show,
which is not always done when
pictures are marked "EXTRA."
This explanation is due from
us as we wish the public to
know that our FULL program
is listed in our Lobby and we
have nothing to conceal. The
"butting in" is not on the part
of the Orpheum when you see
the same picture in two houses.
Yours very truly,
H. A. SIMS,
Manager Orpheum Theater.

P. Saunders, who is alleged to have

son states that it will be held in the

Defendants Make General Denial—
In the case of Emma Maud Terry
against Charles Creighton et al., to
recover \$2,500 alleged to have been de-
posited with the defendants, the de-
fendants have filed an answer making
a general denial of all the allegations
of the complaint. The defendants al-
lege that said amount of money was
not left with them for safe keeping
or at all. Mrs. Terry alleges in her
complaint that her husband deposited
the sum of money above designated
with the defendants, who, it is alleged,
are running a gambling house on the
corner of 25th street and Grant ave-
nue, and that through gambling opera-
tions he lost the money, the same be-
ing held by the defendants.

At Weber Academy—The "Dixie
Quintette" gave a very excellent and
entertaining musical performance at
the Weber State Academy auditorium
to a large and appreciative audience
last evening. While the program was
composed of some classic numbers, it
was also filled with the negro wit and
humor. It was said by those who at-
tended the performance that it was
comical and black enough for the most
fastidious mind. Numerous encores
were reported and the darkey who did
the yawning "stunt," called down the
house.

making a total of \$159 per ton. This
is in addition to the regular quartz
vein on which the tunnel is being ex-
cavated this winter, and from which
some shipments of gold bullion have
been made to a limited extent for the
past three seasons.

ten cars equipped with wireless tele-
graphy apparatus, left here for Chi-
cago, today. Wireless stations have
been erected at Cleveland, Toledo,

forts were made to keep up wireless
communication throughout the jour-
ney.
Instead of a tower, two wires are
stretched along the tops of three bag-
gage cars at a height of 18 inches, by
which arrangement it is expected that
a message can be sent about thirty
miles.

**TOMORROW
WILL MARK
CHANGES**

IN COUNTY CLERK'S AND RECORD-
ER'S OFFICE.

Reduction of Expenses the Prime
Reason for Changes—Service Ex-
pected to Be Equally Effectual.

The first of March will mark some
changes in the clerk's and recorder's
offices of the county. Mrs. Evelyn
West will retire as chief deputy of the
recorder's office and Mrs. Elda Guerin,
who has heretofore held the position
of official typewriter and stenographer
in the clerk's office will fill the place.
Miss Ray Keck will take the place for-
merly occupied by Mrs. Guerin and
Lawrence A. Van Dyke, assistant chief
auditor for the Pullman department
of the railroad, will assume the roll
of bookkeeper in the clerk's office.

The change will take place tomor-
row morning. It is said by the heads
of the two departments of the county
government that the changes made
are designed to be in the interests of
the two offices and that the action is
actuated by strict rules of economy
and efficiency. County Clerk Dye
states that in the change that is being
made he will be enabled to handle
the business of his office at less ex-
pense than heretofore. Under the
proposed plan he states that he will
have one less employe in the office
and the work will be just as effectual.
The chief deputy clerk, Mr. Bluth, will
hereafter act as cashier of the office
in connection with his other duties.

MARRIAGES

Marriage licenses were issued yes-
terday by Ray W. Steel and Otillo
Felt, both residents of Salt Lake, to
Ralph S. Corlew and Bertha L.
Price, both of Ogden.

GROWERS' ASSOCIATION.

Appointed to Carry Out Details of
Forty-sixth National Convention
to Be Held in Ogden.

The general committee having in
hand the management and arrange-
ment of preliminary affairs regard-
ing the forty-sixth national conven-
tion of the Woolgrowers' Association
of the United States, which will be
held in Ogden next year, is just now
very busy arranging for the event. It
is the purpose of the general com-
mittee to make the convention of next
year the most successful one ever
before held by the national associa-
tion.

A number of committees have been
appointed to take charge of the dif-
ferent departments of the convention
and they will meet at regular inter-
vals between this time and the hold-
ing of the national convention to dis-
cuss and decide upon a plan of ac-
tion that will warrant a successful
meeting of the National Woolgrowers'
Association. The committees ap-
pointed to these matters are as follows:

ler, Arthur Kuhn, Albert Scowcroft,

**SUITS FILED AGAINST
CUDAHY PACKING CO.**
Little Rock, Feb. 27.—Suits were
filed here today by the state against
the Cudahy Packing company, National
Packing company, Jacob Dold
Packing, the Morris Packing company,
Swift & Co., and Southern Beef &
Provision company, asking penalties
aggregating \$3,500,000 each, for al-
leged violation of the state anti-trust
laws, last week upheld by the supreme
court of the United States in the case
against the Hammond Packing com-
pany. The state charges the com-
pany with being in an unlawful con-
spiracy to control prices and with
discriminating against their com-
petitors from January 19, 1907, until
February 27, 1909.

**ADMIRAL SPERRY TO
TENDER RESIGNATION**
Washington, Feb. 27.—Rear Admiral
Sperry tonight declared that while he
had not yet made a formal request to
be relieved of the command of the bat-
tle-ship fleet, it was his purpose to do
so after consultation with Secretary
Newberry. It is understood that his
request will be prompted by the fact
that his retirement in September will
occur only a short time after the fleet
reassembles at Hampton roads. At
the navy department, the impression
prevails that either Rear Admiral
Watnright or Rear Admiral Schroeder
will succeed Admiral Sperry.

**BILL TO CURB GROWING
POWER OF RAILROADS**

Introduced in the House by Barnette of Juab County--Cannon
Presents Another Prohibition Bill in Spite of Vigorous
Protest--New Measure Embodies All Old Features
But Provides for Special Election to Be
Called Next June.

Only one bill came up for action be-
fore the lower house yesterday, name-
ly house bill 101, providing for the
payment of an annual tax by all cor-
porations within the state. The bill
came up for reconsideration, having
passed the house on Friday. Yester-
day amendment after amendment
was offered and nearly an hour and
a half of time consumed and when the
matter came to a vote the result
showed that the bill had failed to
pass.

Praxton Barnette of Juab county in-
troduced a bill yesterday, which is in-
tended to act as a curb on the grow-
ing power of the railroads through-
out the state. The measure is very
similar to the public service commis-
sion bill, introduced into the senate
about ten days ago, the only material
difference being that this bill does not
provide for a commission to look after
the enforcement of the law. A sched-
ule is attached showing the author-
ized rates railroads may charge for
carrying coal within the state, which
nearly corresponds with that included
in the former bill. The measure is
apparently carefully prepared and
should it become a law it can hardly
fail to have a good effect on the rail-
road situation in Utah.

Joseph J. Cannon introduced an-
other prohibitive measure not, how-
ever, until after Brigham Clegg had
voiced a vigorous protest against it.
Mr. Clegg took the ground that it
was merely a waste of time to again
consider a prohibition measure. Hur-
ling defiance at the senate was the way
he characterized it. The new bill em-
bodies all the old features, but pro-
vides that the matter of the bill be-
coming a law shall be put to the vote
at a special election to be called June
next. The bill was referred to the
committee on judiciary.

The senate yesterday entirely clean-
ed up its calendar. Both houses will
reconvene on Monday at 2 p. m.

**REPORTS OF
GOOD WORK
DONE**

SUPT. EGGERTSON AND SUPER-
VISOR VISIT SCHOOLS.

Excellent Progress Being Made
Throughout County--Series of
Lecture Contemplated.

During Friday and Saturday, County
Superintendent of Schools L. E. Eg-
gertson and Miss Mattilda Peterson,
supervisor of the primary work, vis-
ited the schools of Liberty, Eden and
Huntsville and they report the schools
in splendid condition. Superintend-
ent Eggertson states that the teach-
ers of the various schools of the coun-
ty are doing good work and that much
progress is being made in all the dis-
tricts.

A school reunion was held at the
Marriott school Friday evening, at
which a splendid program was carried
out. The program given consisted of
songs and recitations and a banquet
served by the good people of that dis-
trict.

Superintendent Eggertson is con-
templating a series of lectures to be
given in all the schools of the county
on questions of hygiene by members
of the medical fraternity, many of
whom have expressed their willing-
ness to talk to the school children on
that subject free of charge. The lec-
tures are to be given along the lines
of the work done in the schools on
that subject.

The county board of education met
yesterday in regular session attend-
ing principally to regular routine busi-
ness. The matter of building more
school houses was discussed in a
cursor way, which involved the ques-
tion of where new school houses were
needed, and to what expense the board
should be in erecting new buildings.
Additional school buildings are need-
ed in the county, according to advices
to the board, but it was decided that
no definite plans could be laid at this
time.

Mr. Eggertson went to Provo last
evening to spend Sunday with his
family, and before his return home
will attend to matters pertaining to
the proposed legislation regarding
the establishment of high schools in
the leading counties of the state.

ACCEPTED NEW POSITION

Robert A. Moyes, formerly assist-
ant cashier of the Ogden State bank,
has taken up his duties in a similar
capacity with the Commercial National
bank of this city. He has long been
identified with positions of financial
responsibility.

Mr. Moyes received his education in
the Ogden public schools. His first
position was that of clerk with the
Driver Drug Co., his intentions at the
time being to study medicine. Later
abandoning the idea of becoming a
medical man, he entered the lumber
business, where he was associated for
some years with his father.

He afterward entered the employ of
the First National bank as exchange
and collection teller, where he remain-
ed until 1895, when he was elected
