

Ogden Morning Examiner

And Successors to THE DAILY STATE JOURNAL

OGDEN, UTAH, SUNDAY, JUNE 6, 1909.

VOL. VI.—NO. 187.

EVERYBODY BOOST

The Examiner is an exponent of justice and clean government and will champion any issue where Utah and the West will be benefited. Utah has only begun to grow and Ogden is destined to be a big metropolis. The Examiner will help.

SUBSCRIPTION PREMIUM

Commencing tomorrow morning the Ogden Morning Examiner will offer to yearly subscribers a handsome berry set, consisting of six berry dishes and a large bowl. The dishes are the highest grade of glassware and trimmed in gold leaf.

PRICE 65 CENTS PER MONTH.

SENATE ENTERS VOTING PERIOD

Rapidly Disposes of Subject of Changing From Ad Valorem to Specific Duties

Finance Committee Sustained by Majority—Grouping of Votes Swept Work Off From Slate.

Washington, June 5.—After devoting the larger portion of the day to listening to a discussion of the cotton cloth schedule, the senate entered upon a period of voting late in the afternoon and rapidly disposed of the entire subject of changing from ad valorem to specific duties for the purpose of preventing undervaluation. On all votes taken the finance committee was sustained by a majority of ten or eleven.

Three votes were necessary to accomplish this result, and other would have been necessary but for Senator Bacon, who, seeing the futility of opposing the committee, suggested the grouping of the votes after the first two ballots had been taken. This suggestion was unanimously agreed to, with the result that so much was accomplished that a night session was not held.

Senator Dolliver occupied much of the time of the session with a speech in which he indulged in caustic criticism of the methods of the finance committee. He declared that Senators Aldrich and Smoot of that committee were at variance in their estimates of the effect of the committee's action on the cotton schedule, the former contending that there had been a change of only 10 per cent, while Mr. Smoot had placed the change at 30 per cent. Mr. Aldrich was, however, prompt in his correction of this statement, asserting that the vote standing at 10 per cent, estimate applied to cotton. Implications affected by the bill and not to changes in duties. Mr. Dolliver also gave much attention to a petition numerous signatures by leading merchants of New York for the retention of the Dingley law rates on cottons, and when Mr. Aldrich attempted to show that most of the signatures were those of importers the Iowa senator replied by reading the names of many who were not engaged in the trade.

The first vote of the day was on an amendment consolidating the paragraph relating to cheaper cloths, which was won by the usual majority, the vote standing 41 to 20. This result was so pronounced as to lead Senator Tillman to make the characteristic appeal to permit the tariff bill to come to a vote, because, as he declared, there was no doubt as to what the result would be. He incidentally asserted that the members of the finance committee were "the boldest band of buccanniers that ever got together."

The latter portion of the day's session was devoted to a discussion of the committee's changes of the cotton rates from the ad valorem to the specific basis. In this connection Senator Cummins attacked the committee's change of duty on cottons of higher duties, and when Mr. Aldrich explained that a small percentage of the importation was affected by the substitution of specific for ad valorem duties, the Iowa senator responded that however small the change it could be made along the right lines.

The votes on the change of system were then taken, after which the senate, at 5:30 p. m., adjourned until Monday.

PRESIDENT PUTS OFF HIS WESTERN TRIP

Washington, June 5.—President Taft has been forced, through the illness of Mrs. Taft, to postpone his proposed western summer trip until fall. Although he made no definite announcement heretofore, it has been the President's intention to depart in August on a ten weeks' tour of the West and Alaska.

It is said that the possibility of Mrs. Taft being able to accompany the President with safety is slight, although she is making satisfactory progress toward recovery from her recent illness. Faced with the necessity of a change of plans, Mr. Taft made up his mind to abandon the summer excursion altogether and endeavor to make a visit to the West in the early fall. If it is possible for him to go West in September, he may be able to visit the Alaska-Yukon-Pacific exposition in its closing days, but the Alaska trip hardly will be attempted.

EVERYTHING READY FOR BIG GALA WEEK

The committee in charge of the Ogden spring carnival is to be held under the auspices of the Retail Merchants' Association, states that everything is in readiness for the big gala week, commencing June 7. The event has been well advertised both in the city and surrounding country. The carnival will be held on the Tabernacle square. The W. Parker shows will furnish the attractions and judging from the favorable press reports received from P. Lello and Lohm the committee make no mistake in concluding with these people to furnish the amusements for the week.

The famous "Yellow Specter" of the Parker shows will arrive today, coming direct from Logan, where they

BUSINESS OF CITY AT A STANDSTILL

Explosion of Transformer Starts Disastrous Fire in Trinidad, Colorado

Confagration a Calamity to City and Surrounding Towns—Blow Will Be Severely Felt.

Trinidad, Colo., June 5.—Practically every branch of industry in this city and neighboring towns is at a standstill as the result of the destruction of the new power house of the Southern Colorado Power company today. An explosion in the transformer started a fire which wiped out the plant, causing a loss by reason of the destruction of the building and machinery alone of more than \$300,000. The loss due to shutting down of mines and other industrial plants is incalculable. The fire is nothing short of a calamity to Trinidad and dependent towns, as it cuts off the power which operated the local and interurban electric lines, lighting plant, newspaper plants, foundries and factories. The blow will be severely felt by the Colorado Fuel & Iron company, and the Victor Fuel company, and several smaller coal companies, all of which will have to cease operations in many localities. E. H. Rupp, the local manager of the power company, said tonight that it was impossible to say when operations could be resumed. The erection of an entirely new plant will have to be awaited.

John Kling will join the Chicago Nationals

Chicago, June 5.—President Charles W. Murphy, of the Chicago National League baseball team, upon his return here today from Cincinnati, practically admitted that Catcher John Kling will be with his team before the end of June.

Kling wired Murphy he was willing to rejoin the team before July 1, provided he got his share of the \$10,000 bonus given the players who won the world's championship in 1908. President Murphy instructed Manager Chance to hold a pro-rata share of the bonus for Kling in case he returned.

Jockey Linnell reprimanded for gross carelessness

New York, June 5.—At a meeting of the stewards of the Jockey club today, the action of the stewards of the spring meeting of the Westchester racing track here today from Belmont in having Earl Linnell \$200 and suspending his trainer's license for failure to have his horse, Black Mate, started in the sixth race of the meeting, was approved. Linnell was also reprimanded for gross carelessness.

Big shoot will be held at Montello

A number of the local gun club men were called upon and enthused with the idea of attending the tournament in a body and taking part in the festivities.

President Hemphill stated that shooters from all parts of the intermountain region were expected to be present and that an elaborate program was being prepared with a view to entertain the visitors in the Nevada town.

Following the shoot a banquet will be served in the Montello library by the ladies of the city, and the day's fun will be consummated with a grand ball in the evening.

The Montello shooters will qualify to represent that city at the big shooting tournament which is to be held in Ogden by the Nevada Gun club in August, for the regulations providing for a squad of four from that point.

Bullion output of the mills of Nevada

Manhattan, Nev., June 5.—The present bullion output of the mills of Nevada indicate an increased production over any of its previous years and an increase above the estimate of \$18,000,000 placed upon the gold and silver production for the year 1909 by the state bullion tax collector. Contributing to this increased production, the placer operations of Manhattan will play no small part.

FAST RACING ON THE SAUCER TRACK

Salt Lake, June 5.—There was some racing on the saucer track at the Salt Palace last night, and in the mile handicap professional a world's record was in danger of being smashed by a gentleman from Australia named Gordon Walker.

Following a field of mighty good sprinters this evening, the field melted and when he burned the finish line a 1:49.35. The record is just one second and a half better than the record of the late night, and in the mile handicap professional a world's record was in danger of being smashed by a gentleman from Australia named Gordon Walker.

HOUSE RANSACKED BY BURGLARS

The residence of Abraham Kuhn at 204 Madison avenue was entered by burglars yesterday afternoon during the absence of the family.

As far as could be learned nothing of value was taken, but the burglars created havoc in their search of the house. Everything was overturned, bureau drawers were pulled out and their contents dumped on the floor, indications in general showing that their search for valuables was a thorough one.

The thieves apparently opened entrance to the house through an open window. No tangible clue was left behind, but the police are working on the case and, while giving no information, seem to have a definite idea as to the identity of the miscreants.

For some time past, houses in the residence district have been entered and searched and the work in each case bears the earmarks of being that of amateur burglars. In the case of the Kuhn residence, which was at sea level, the burglars were very careful, and their search was carried on perfectly at a distance of 119 kilometers.

CUDAHAY PACKING CO. PAYS FINE

Of Eighty-Two Thousand Dollars to U. S. Government Amount Due

Indictments on Six Hundred Ninety-five Counts Now Pending Against the Corporation.

Topoka, June 5.—That the Cudahy Packing company has paid \$20,000 to the government, this being the amount due under the indictments secured against the company for alleged violation of the internal revenue laws, was announced by United States District Attorney H. J. Bone.

Indictments on 696 counts are now pending against the company. The company was charged with putting a one-fourth cent revenue stamp on oleomargarine that required a ten cent stamp. The paying of the amount due, does not end the case, however, under the law the company is subject to a fine of from \$1 to \$1,000 on each of the 696 counts.

RESULTS OF SCHOOL YEAR GRATIFYING

The results of the past year in Weber county schools has been most gratifying to the officers and board, according to President Stratford of the county board of education, who was interviewed by an Examiner reporter yesterday.

President Stratford expressed himself as feeling that the year just closed had been a banner one in educational matters of the county, and that the commencement exercises held yesterday were the best in the history of Weber county schools.

When asked whether or not the board would discontinue their meetings during the vacation, President Stratford stated that they would hold weekly meetings as usual, as there was plenty of work for them to do and they would not allow the hot weather, nor the fact that the schools were closed, to interfere with the program mapped out.

It was decided, said President Stratford, to build two new school houses during the coming summer, one at Taylor and another at Slater, each to cost from \$5,000 to \$8,000. These buildings will be strictly modern and will conform to the latest ideas in the way of making things pleasant, comfortable and convenient for the teachers and pupils.

Superintendent Egerton of the county schools is highly pleased with the past year's success, which is largely due to his untiring efforts to bring things educational in the county up to the highest possible standard. He has been assisted during the year by Miss Peterson, who in her capacity of primary supervisor has let no opportunity pass which might be utilized for the betterment of the educational system in that department.

Chief of Police Browning, accompanied by an Examiner reporter, took a little jaunt along lower Twenty-fifth street last night and looked over the crowds of laborers who come to Ogden to spend Sunday from surrounding railroad and other construction camps.

The men, while roughly dressed and hardened by toil, are of the better class of this sort of laborer, and do not give the police any trouble to speak of, except occasionally when one of their number is in the way of a thump when he is taken in tow by the police and allowed to sober up in the city jail.

The chief is well pleased with the work of his force in tiding the city of the "undesirables" and expects to continue this work until this class will find it to their advantage to pass Ogden by in their travels, even as the Overland passes a lame tramp.

CASES ENTERED IN DISTRICT COURT

The following suits were entered in Judge Howell's court yesterday: The William Ketter vs. Walter Paper company vs. T. C. Morris, in which judgment for \$400 is asked in settlement of promissory notes alleged to have been given by the defendant on August 1, 1909.

Esther May Alvord and others vs. Benjamin Gilbert, administrator for the estate of George Gilbert, deceased. An action to quiet title to real estate located in Weber county.

R. L. Polk & Co. vs. Koha Lumber company of Ogden, to recover \$5, alleged to be due on a contract for advertising in Utah State directory. This case comes from the municipal court on a change of venue, asked for by the defendants.

In the estate of Ruth Ellen Prout, deceased, Harriet A. Prout, a daughter, petitions for letters of administration. The estate consists of real estate located in Weber county.

MADE FALSE OATH TO TAX RETURNS

Names of Prominent Eastern Men Conspire to Rob State of Nevada

Salt Lake Men on the List—Caplases Mailed to Pittsburgh to Be Served on Defendants.

Goldfield, Nev., June 5.—Charging the defendants with having conspired to defraud the state by making false oaths to billion tax returns upon the output of their properties, indictments were returned by the grand jury yesterday against United States Senator George T. Oliver of Pennsylvania, William Flynn of Pittsburgh, Charles Y. Fuller and M. A. Carlton of Utica, N. Y.; J. H. Brown, Wilmington, Del.; Frank Knox of Salt Lake; John S. Weber, Ralph E. Flynn, J. G. Spaine, T. J. Crump, M. L. Effinger, F. L. Voorhees and Edwin Jusison, were read in court today.

The defendants and officers or directors of the Pittsburgh Silver Peak Mining company and the Florence Goldfield Mining company, Jusison, who is superintendent of one of the mills, was arrested today and released on bond. Caplases have been mailed to Pittsburgh to be served upon such of the defendants as live there.

OUTLINES TAFT ADMINISTRATION

Chicago, June 5.—Franklin MacVeagh, secretary of the treasury, and Jacob M. Dickenson, secretary of war, were guests of honor at the banquet of the Chicago Commercial Club last night in the city of Secretary MacVeagh outlined characteristics of the Taft administration and emphasized the fact that it would be as distinguishable from the Roosevelt administration as Roosevelt's was from McKinley's.

Secretary MacVeagh said in part: "This administration will be congratulatory if you do not ask it to give up a principle or to go back on its promise. Neither of these things will it do. It will stand by its principles and it will stand by its policies."

In the mind of Secretary MacVeagh the leading controlling note of the present administration was a marked tendency toward regular decision and of procedure. President Taft, he said, would administer offices within a constitutional framework. The effect of this, he declared, would be to keep the President the leader of the party organization. President Taft, he said, was the man of progress.

He referred to the President's diligence and respect for the formal privileges of the congress, "and what is more significant and interesting at present, is not the actual non-interference, but rather the fine disposition the President shows to respect all rights and to meet everybody half way in the hope and interest of a homogeneous party of progress—a disposition which can only be interpreted as statesmanlike conciliation and which it would be a fatal mistake to consider as a change of actual policy or purpose."

"As to the removal policies," Mr. MacVeagh said that they were as safe in the hands of the present administration as they were in the hands of the last. "We are not hearing much about them, but that is partly because the President has his own way of arriving at results and because other issues are now associated with them in the activities at Washington, issues that before left the Roosevelt policies the whole stage."

Upon the question of the tariff, Mr. MacVeagh predicted that the revision would be such that the people would accept.

POLLING PLACES

The commissioners have designated the following polling places in Ogden for the election of next Tuesday: First Ogden Election District—110 W. Thirtieth street, Mrs. Jane L. Warner.

Third Ogden Election District and Fourth Ogden Election District—2835 Lincoln avenue, Leon Browning.

Fifth Ogden Election District—228 Twenty-first street, Mrs. C. L. Lowe.

Sixth Ogden Election District and Seventh Ogden Election District—324 Twenty-fourth street, Dr. T. Parker's Store.

Eighth Ogden Election District and Ninth Ogden Election District—1261 Washington, J. Moore's Store.

Tenth Ogden Election District—Five Points, W. D. Shaw's Store.

WOULD-BE HOLDUP LANDS IN JAIL

A would-be holdup artist was handed a large and juicy lime last evening when he failed to get something for nothing, is languishing in the city jail, awaiting an audience with Judge Murphy tomorrow morning.

Fred Irvin, was the name he gave to the lime sargeant, who was escorted by Officer Marlin of the police force.

It seems that Irvin made up his mind to secure some easy money while loitering along lower Twenty-fifth street about 11 o'clock last evening and selected as his prospective victim Nels Larsen, who is employed as driver of one of the canyon wagons. Irvin followed Larsen for some time, and the latter becoming suspicious, quietly tipped it off to Officer Marlin, and a plot was hatched up to catch the would-be thief red-handed. Mr. Larsen feigned drunkenness and started down Grant avenue.

Irvin followed him to his street, where he was met by Officer Marlin, who made himself as inconspicuous as possible.

Everything seemed to be playing into Irvin's hands, for his prospective victim seemed to acquire a case of sea-sickness when he reached an alleyway and started to head for the corner between Washington and Grant, and stopped to rest. Irvin waited until Mr. Larsen was apparently asleep when he slipped up and began quietly going through his pockets. Enter the Chief.

Irvin was led away to the bastille, no doubt ruminating on the sad fact that things are not just what they seem.

CHIEF BROWNING IS WELL PLEASED

Chief of Police Browning, accompanied by an Examiner reporter, took a little jaunt along lower Twenty-fifth street last night and looked over the crowds of laborers who come to Ogden to spend Sunday from surrounding railroad and other construction camps.

The men, while roughly dressed and hardened by toil, are of the better class of this sort of laborer, and do not give the police any trouble to speak of, except occasionally when one of their number is in the way of a thump when he is taken in tow by the police and allowed to sober up in the city jail.

The chief is well pleased with the work of his force in tiding the city of the "undesirables" and expects to continue this work until this class will find it to their advantage to pass Ogden by in their travels, even as the Overland passes a lame tramp.

TRIALS OF NEW WIRELESS.

Toulon, June 5.—Trials of the wireless telephone system invented by Colonel L. A. Paul, of the French army, were made today between the armored cruiser Conde, which was at sea and stations on the shore. The conversation was carried on perfectly at a distance of 119 kilometers.

CRAZED BY ISOLATION

Wallace, Idaho, June 5.—Gus Gullickson, a prospector in the Coeur d'Alene district, became crazed by isolation from the world for twenty years and killed himself today in Wallace, by blowing the top of his head off with a rifle.

DUPAS AGAIN IN TOILS—S. P. Dupas, a Greek, who seems to have a weak mind, following above the S. P. shops, was again taken in tow by Special Officers Easton and Shumaker last night, the charge being that of trespass. Dupas was arrested tonight before he was in the same vicinity for carrying concealed weapons. He forfeited his bond in this case. A bond of \$5 was required of him last night, which was paid up.

Miss Mary Whalen of Janesville, Wisconsin, arrived in Ogden on the Overland Limited yesterday, and will remain several weeks as the guest of Mrs. T. D. Wright at 2673 Quincy avenue.
