

SCOOP'S SYSTEM ISN'T GOOD FOR HIS SYSTEM

OGDEN STANDARD SPORTING PAGE

When Eddie Foster joined the Nationals last spring he failed to set the world afire with his work at the start and Griffith was thinking of playing some one else on third. But all of a sudden Foster hit his gait and came to life, playing the best game in the American league at the third corner. He is very important as the batter in the Nationals' hit and run game and has been favorably compared to Willie Keeler as a place hitter.

OGDEN TEAM IS READY FOR OPENING

With three straight victories to their credit against the Pocatello club, the Ogden ball team returned to the Idaho town last evening.

The locals are in the pink of condition and were very much benefited by the northern trip. They are ready for the opening of the league here tomorrow afternoon with the Butte aggregation.

In the games at Pocatello Manager Knight gave all of his starters good tryouts and they accredited themselves in fine style. In Sunday's game, which the locals captured by a score of 16 to 0, Green was in the box and Moore behind the bat. Both men played a fast game and were given good support.

Manager Knight has not announced who will be the Ogden battery for the opening game.

Bakersfield, Cal., April 28.—Barney Oldfield lowered the world's record one mile dirt track automobile record yesterday at the new One Hundred Thousand race track here today. He circled the course, from a flying start, in 45 2-5 seconds.

The former record was established at Brighton Beach, September 7, 1912, when Oldfield made the mile in 47 4-5 seconds.

BLIND ATHLETES IN TRAINING

Philadelphia, April 28.—Athletes in institutions for the instruction of the blind in more than a half dozen states are in strict training for the annual track and field sports that will be held at the schools next month. The sports in which girls will compete will be held at the several institutions May 10 and those for boys will be held May 17.

The blind athletes at each institution will be distributed into four classes, according to age. The average time made by each class in the track races and the average distance made in the jumping and other field events will be mailed to a central point. The class showing the best average in time or distance will be the champion of that particular class and event.

The averages for the girls' sport will be delivered to the president of the National Association of Institutions for the instruction of the blind at Overbrook, Pa., and the averages for the boys will be sent to the secretary of the association at the school for the blind in St. Louis.

DISCLOSES SENSATION

Shooting of Idaho Fruit Man at Salmon City Arouses Town—Report Says Young Woman Was Involved in Case

Salmon City, Ida., April 28.—Sensational disclosures are expected in connection with the North Fork tragedy of last Thursday night, when Henry Brown was shot and instantly killed by Guy Buster. Neighborhood gossip has been busy about attentions paid by Guy Buster to Mrs. A. Agee, who is an attractive woman about 35 years old, divorced from her husband. She has been acting as housekeeper for Mr. Brown, while Mrs. Brown has been spending the winter in Salmon, 35 miles south of North Fork.

It is alleged that Brown objected to Buster's visits to the Brown ranch. Testimony at the inquest shows that Mrs. Agee, her son Walter, aged 15 (who has been staying at the Brown ranch), and Guy Buster were met by Mr. Brown on the road near the ranch between 11 o'clock and midnight. Mrs. Agee and Walter state that Brown ordered Buster to turn back and struck him with a walking stick, which broke. Buster then stepped back and fired four shots from an Iver Johnson 28-caliber revolver. Three shots lodged in Brown's breast, one of these penetrated the lung and the two others struck near the heart, causing instant death. Brown fell forward on his face in the road, with the broken half of walking stick in his hand. It is alleged that Buster then turned to the terrified woman and boy and said: "Go back home and tell the truth about this. I will telephone for the sheriff and coroner."

Woman Goes for Aid.
 Mrs. Agee and her son say that they then went to the Brown ranch and woke up one of the men, John Russell, and returned with him to the scene of the shooting. They covered the body of Brown with a blanket and then Russell went to North Fork, about a mile distant, and aroused four or five men there. These men then watched the body until the arrival of the sheriff, T. J. Strand, coroner Doebler and Dr. J. F. Hammer, who hastened from Salmon by automobile. On the way down the sheriff stopped at Buster's home and arrested Guy Buster and brought him to North Fork.

Buster stated to the sheriff that he shot in self-defense. He is a strong young man, aged 25. Mr. Brown was 34 years old and recently he had been carrying a cane because of rheumatism. The stick with which he is said to have struck Buster is made of diamond willow, fantastically carved. It is alleged that Mrs. Agee told Mr. Brown that Buster's attentions were unwelcome to her. Mrs. Agee and Walter say that they cannot remember any of the conversation which took place between them and Guy Buster on their walk from North Fork until they met Brown.

Henry Brown was a highly respected fruit rancher and sheepman. About 18 months ago, in connection with J. Hovey, he bought the Rose Brothers' ranch at North Fork, coming here from Buena Vista, Colo., where his partner, Hovey, still lives.

Feeling here in intense over the tragedy.

PROSPECTORS DID NOT FIND GOLD

Seattle, Wash., April 28.—Disappointed prospectors are returning to

500 troops at the capital, General Antonio Rabago, military governor, has ordered the Parral garrison to move in. This would abandon Parral, center of an American mining and smelting district, to the constitutionalists, who appear to be daily growing stronger. The insurgents are estimated to number more than 4000, so far operating mostly south of Chihuahua City.

The Parral garrison, said to number nearly 2000, will be compelled to fight its way to the capital, as constitutionalists continue to hold Santa Rosalia, located between Chihuahua City and Jimenez. Colonel Manuel Puchita, who commanded the Santa Rosalia garrison, is reported killed by the insurgents, who were led by Rosalie Hernandez.

HINDUS SLAY THE SACRED BULL

Los Angeles, April 27.—"Sanskrit," the sacred bull which figured in numerous moving picture dramas, was slain at the wild animal farm on the outskirts of Los Angeles yesterday. The "farm," which is the home of a hundred or more former denizens of the jungle now engaged in the production of "movie" thrillers, is believed to have been invaded before daybreak by fanatical Hindus, who looked upon the recent use of the sacred bull as sacrilegious. The animal was terribly mutilated with keen knives and sharpened sticks were driven into its flesh.

Not content with fatally maiming the bull, the vandals opened the cages of a number of lions, but the beasts had not awakened when attendants arrived and discovered the open cages. A large reward has been offered for the arrest of the slayers of the bull.

ATLANTA, B. C., FROM THE LAKE TESLIN DISTRICT, TO WHICH A STAMPEDE WAS STARTED TWO MONTHS AGO BY A REPORT OF A RICH GOLD STRIKE THERE, ACCORDING TO TELEGRAMS RECEIVED FROM THE NORTH TODAY.
